S.N.	Objective	Date	Signature
1.	Poster making	9/9/22	
2.	Paper weight decoration	12/9/22	
3.	Puppet making	14/9/22	
4.	Origami sheets craft	16/9/22	
5.	Teaching aids	23/9/22	
6.	Pen holder making	9/10/22	
7.	Card making activity	7/10/22	
8.	Diya Decoration	17/10/22	
9.	Rangoli making	19/10/22	

Name of activity : Poster making

Objectives : i) Poster making is to bring out the creative expression of student.

ii) To spread awareness about save environment.

Material used : A3 size paper, Sketch pen, pencil, Eraser, fabric (colour), paint Brush, water colour.

Name of participant : One

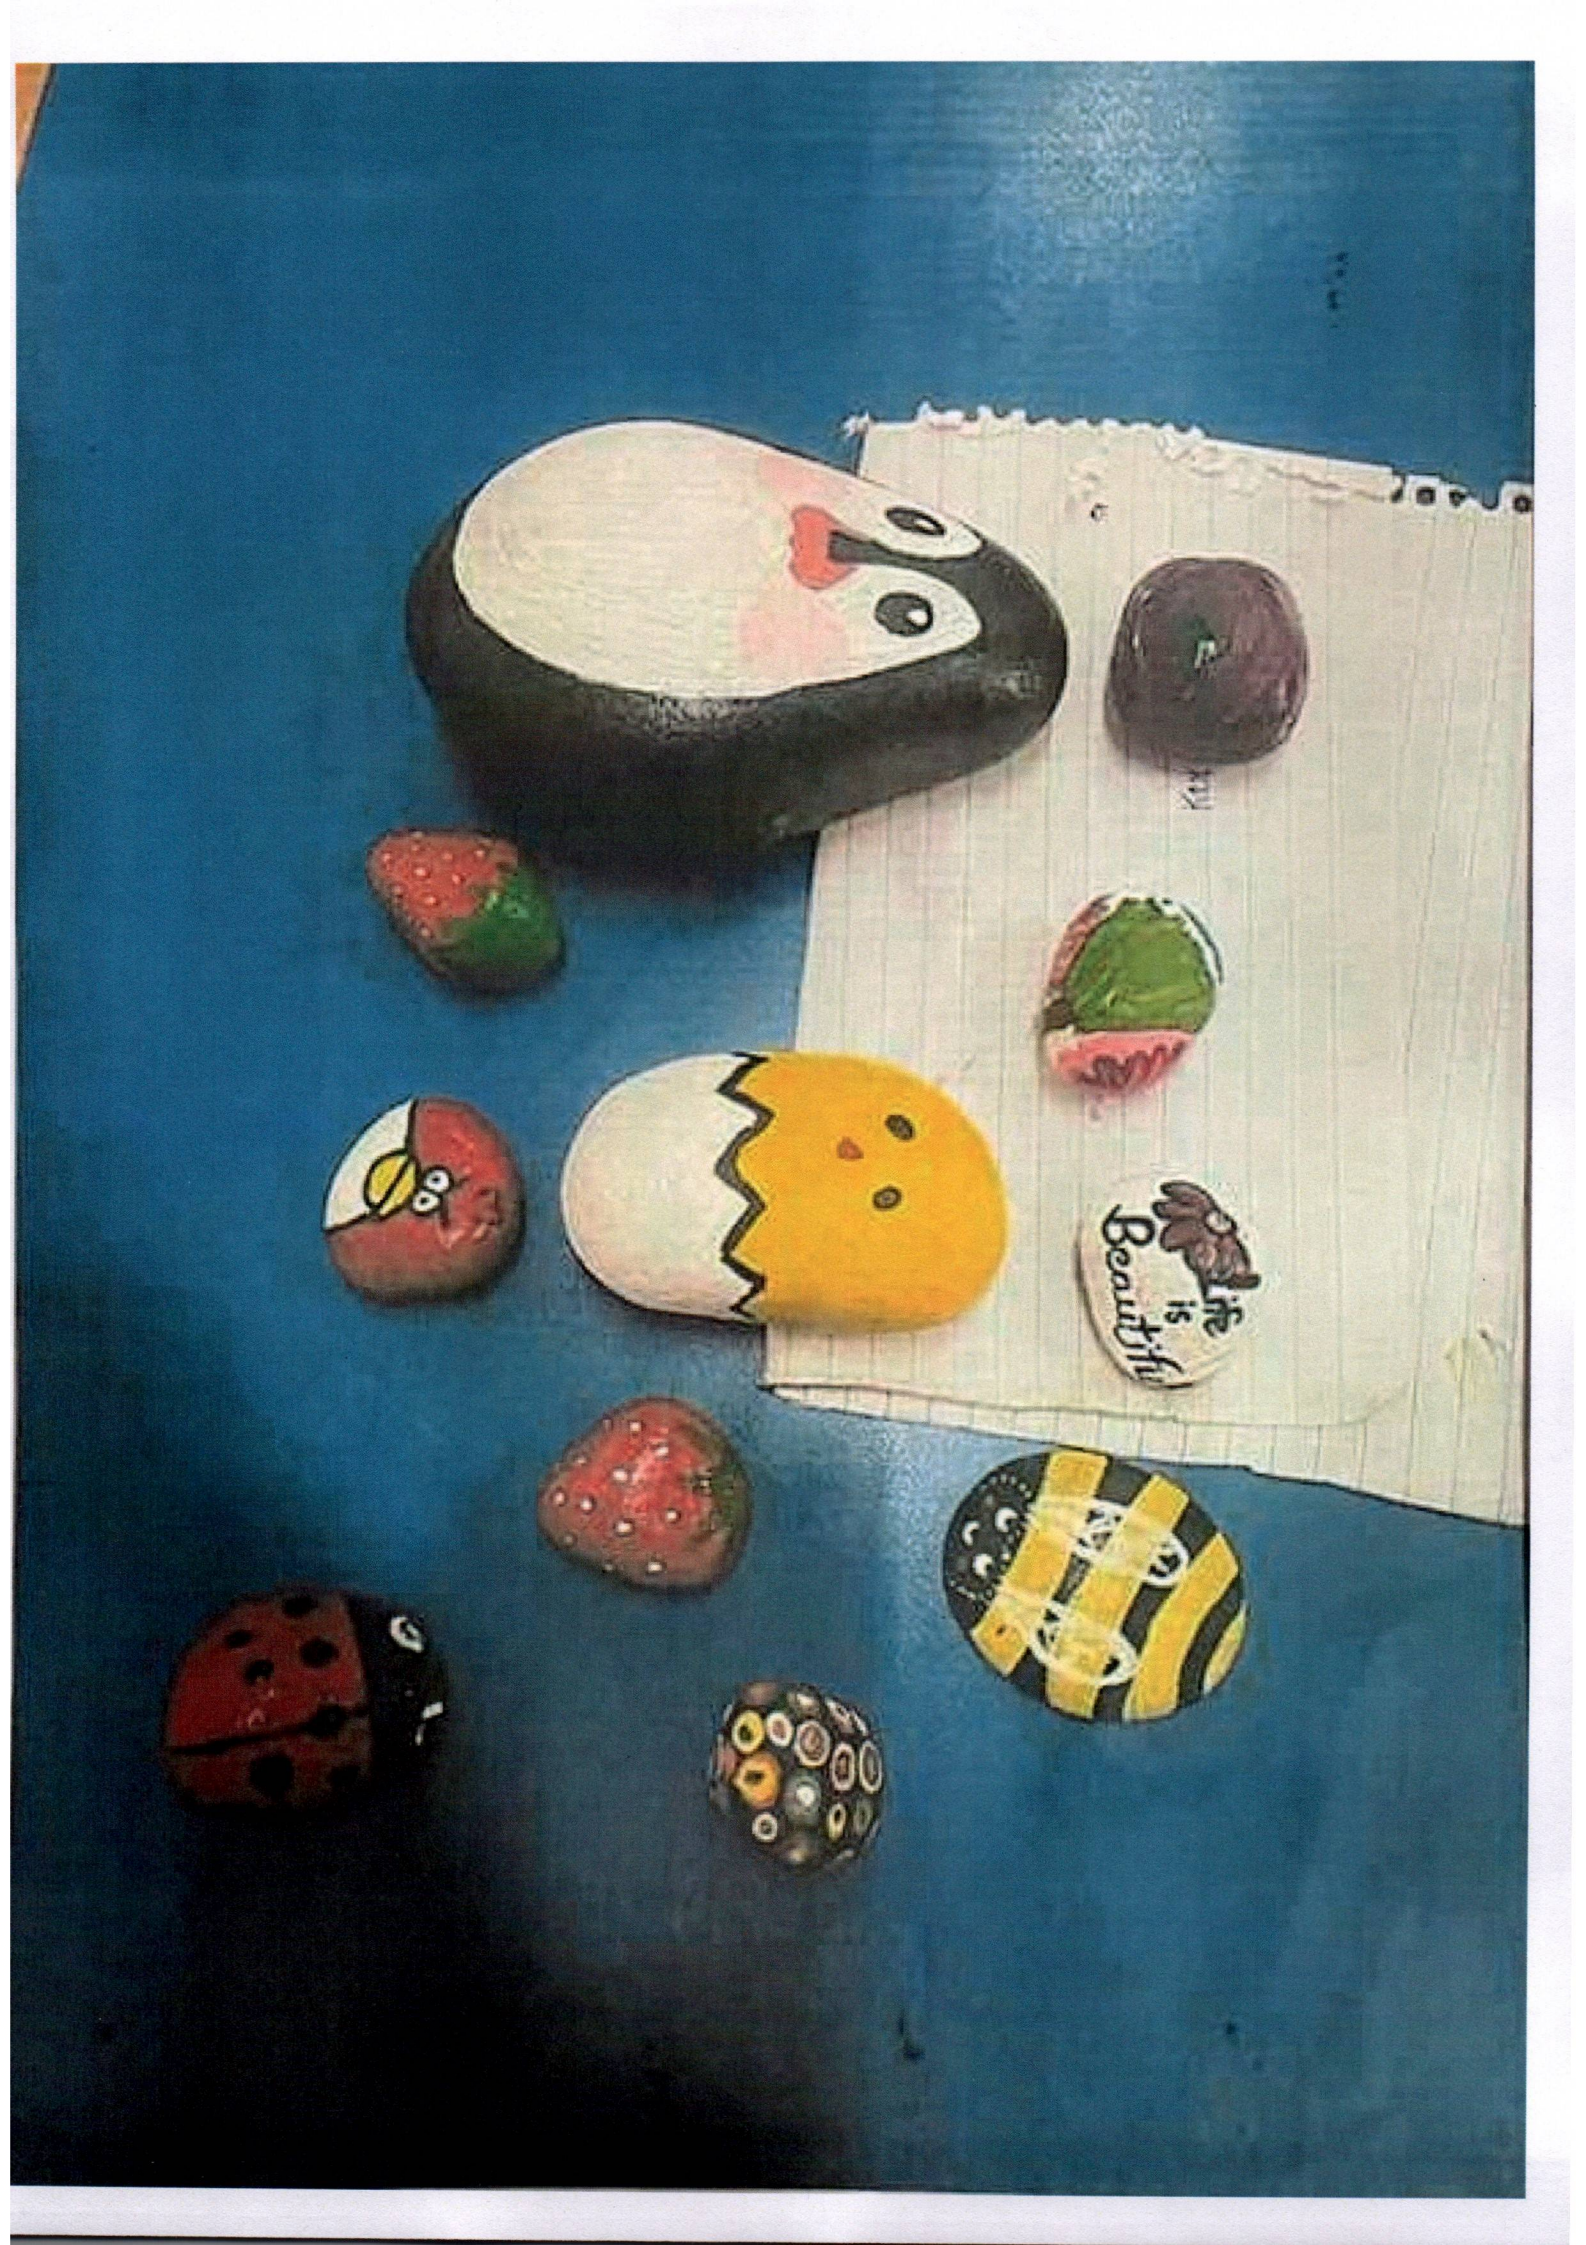

Procedure : (i) The paper was divided equally in four parts full a circle was drawn on the paper

(ii) Different colours were put on the paper figure with the help of paint Brush.

(iii) with the completing words drawn along the axis and colours the poster was done.

6 Conclusion : Environment can be saved by planting more trees.

② poster help to focus and Motivate children to learn its an effective way to awareness.

Activity NO : 2

Name of activity : Paper weight decoration.

Objectives : ① To Enhance the Creativity of Students.

② to keep them from blowing away in a breeze or from moving under the strokes of a painting brush.

Materials : Stone (Medium size) , Acrylic colour, paint brush , sketch pen.

Number of participant : one

Procedure : ① I took a medium sized stone and painted direct.

② I allowed the red painted to completely dry.

③ Next I use the Black paint to create the lady bugs face next I edit Black polka dots on its body to paint.

④ and divided the body in to two by drawing a straight line with Black paint.

- (5) I used white paint to paint its eyes and so completely clay my paper weight decoration was done.

Conclusion : I Need to keep Important papers, bills and documents neatly organized on my study or office desk. Use a paper weight to prevent them from getting scattered. A paper weight may look small, but it is heavy enough to weigh down news papers, loose sheets and even a couple of Magazines.

Activity No. 3

Name of activity: puppet making

Objectives : A puppet are made because it can change the entire classroom by creating more possibilities for creating, collaborating critical thinking and, curiosity.

Puppet can learn Children to learn rhymes and songs to imitates the puppet too.

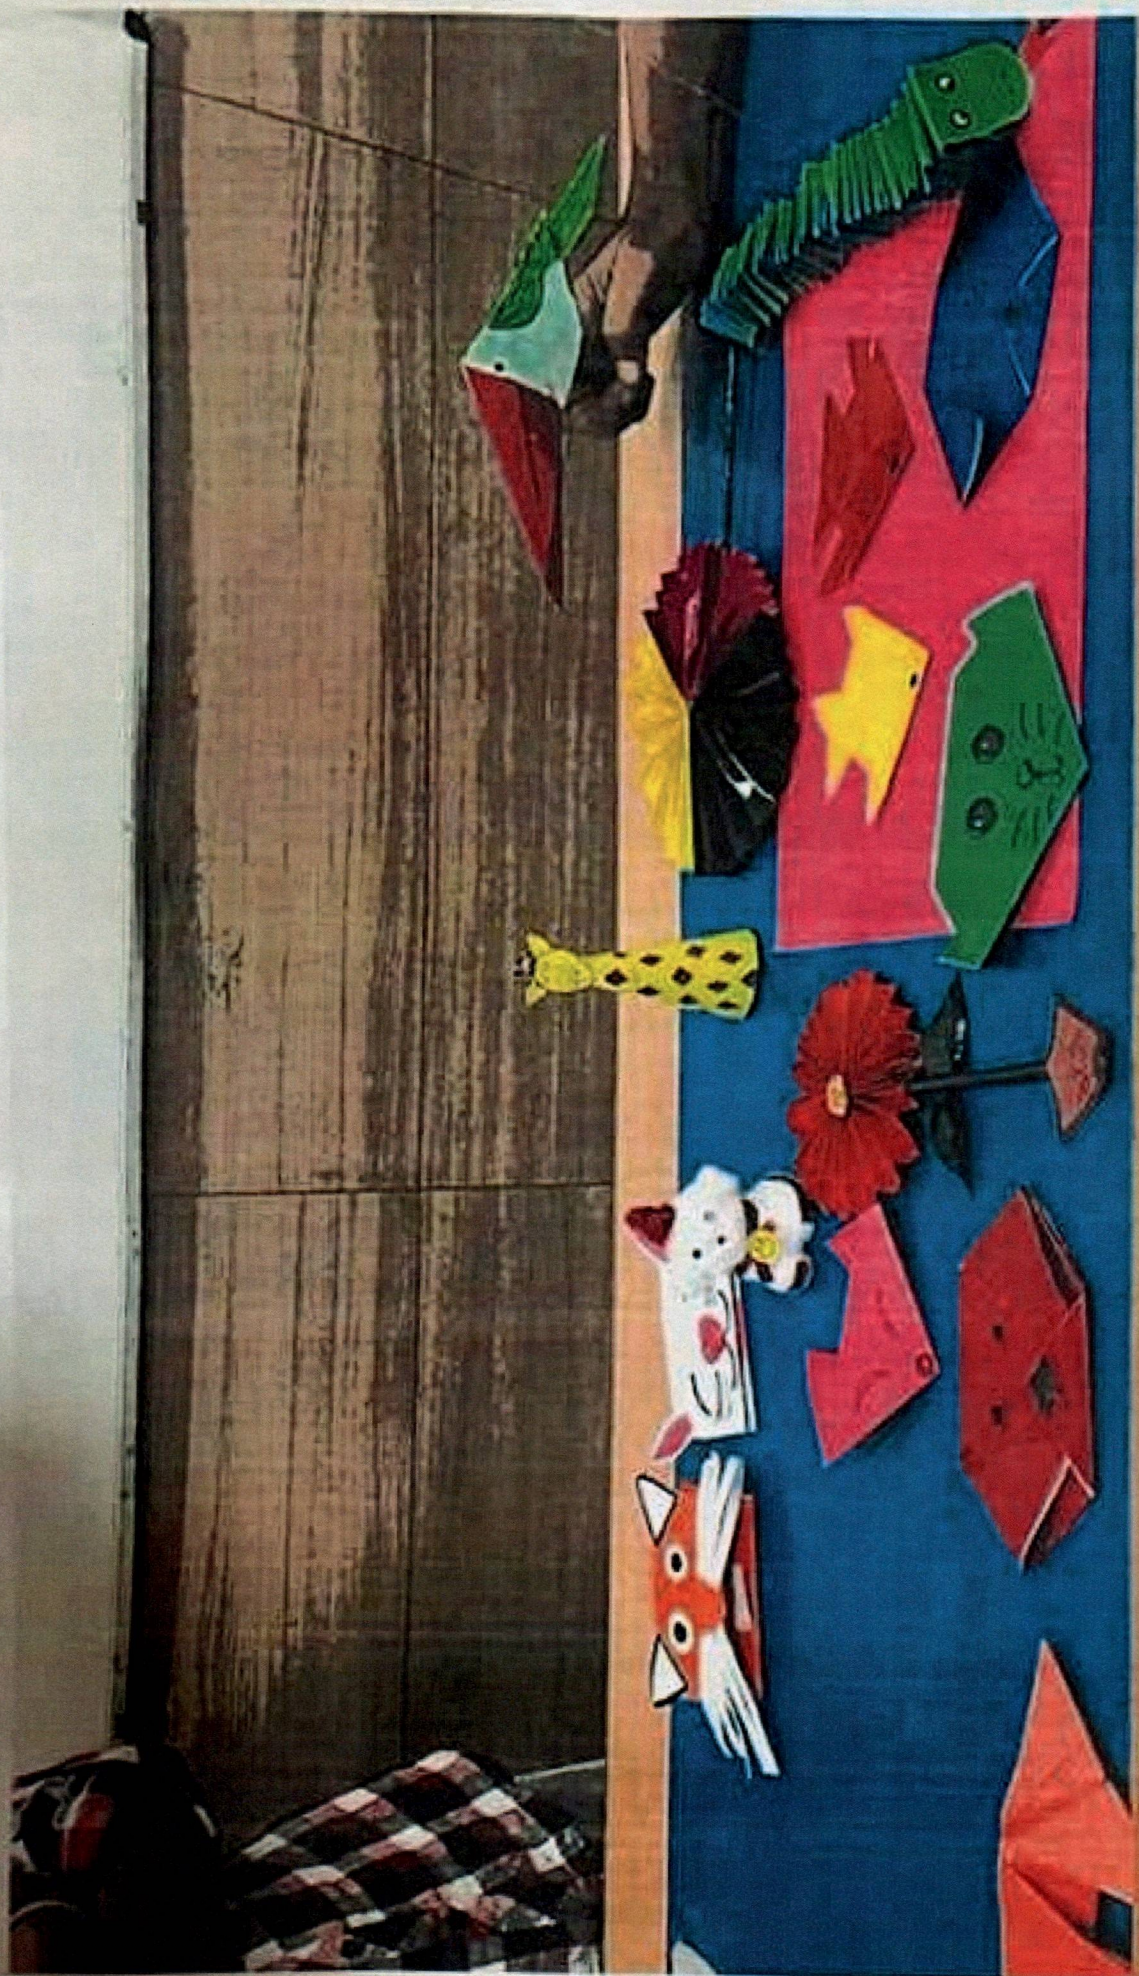

No. of participants : one

Materials : paper, Glue, Sketch pen, one coloured paper ribbon

Procedure : ① First I took paper (Normal) and then fold into 3rds lengthwise

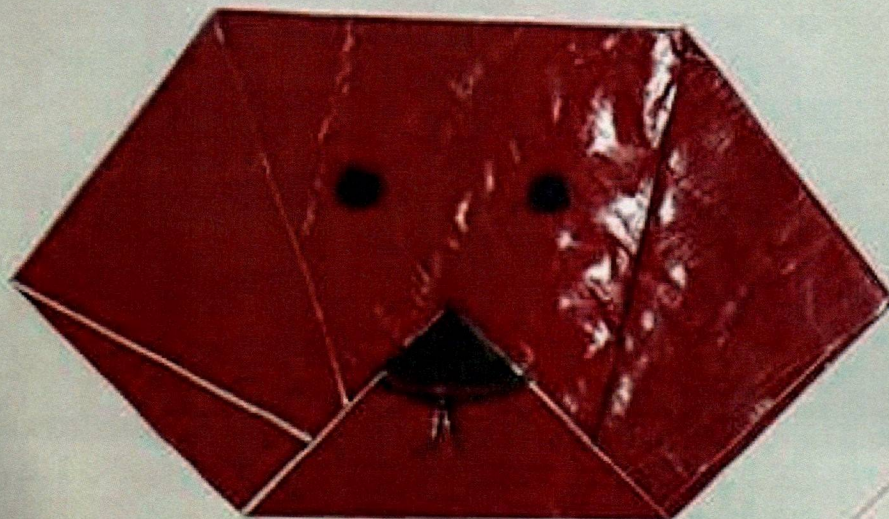

② I put a small amount of glue on the Top flap in order to hold the folds in place after folding my paper, it started showing rectangle shape

③ I ~~make~~ rotate the Rectangle to the Vertical Direction.

- ④ fold the rectangle in half bringing the 2 short edges together.
- ⑤ fold each flap down so the edge line up with the center fold.
- ⑥ Glue the 2 outside folds down.
- ⑦ Decorate the puppet like ribbon, paper or googly eyes.
- ⑧ place fingers in the openings to use paper puppet.

Conclusion : puppetry can help children by making them understand the world through stories. The use of puppet show as a means of education and communication through the indirect expression of the puppets gives the puppeteer an opportunity to spread political and religious ideas and also a critique of the same.

No of Activity : 4

Name of Activity : Origami sheep craft

Objectives : origami uses other modalities of learning
It has been shown to improve special
visualization skills using hands on learning. Such
skills

Number of participants : one

Materials used : origami sheets , fevicol , sketch pen

Procedure : ① first I took origami paper of square
shape and then I started folding it
and folded its corner in to triangle shape

② I first turned the first corner and so did the
second.

③ Fold the bottom corner up.

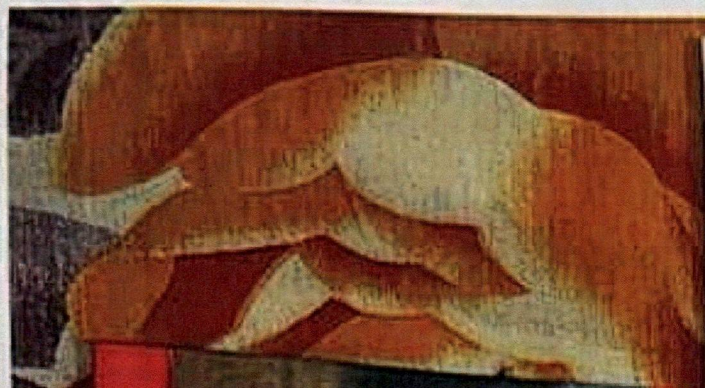

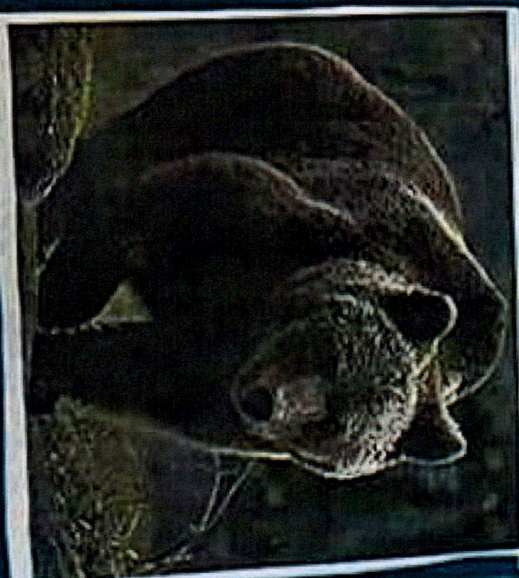

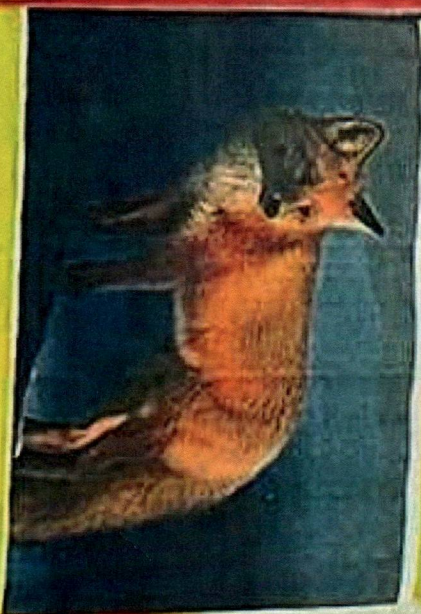

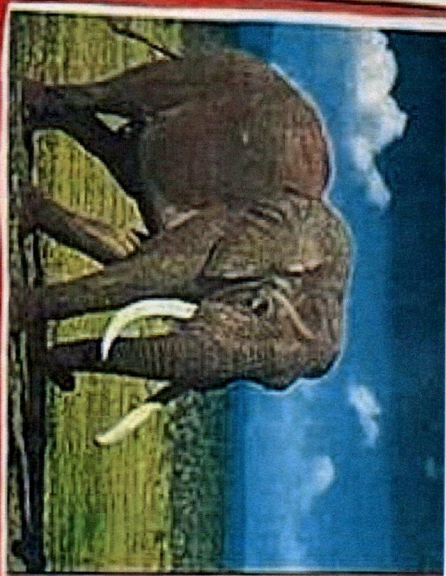

④ Then I took another paper with the help of
scissors, cut it in the shape of a small circle,
left the nose with it and stuck it with the
help of glue.

Topic _____

Date _____

⑤ Then I drawn dog eyes with the help of sketch pen, in this way my origami sheet made the dog face.

Conclusion : origami helps children to understand the importance of cooperative learning. This is an art form that helps children to develop their skills. It requires hand-eye coordination, develops time management skills and supports mental concentration all of which stimulates the brain when kids follow instructions through the paper-folding challenges, both the motor and issue areas of their brains are activated.

Name of Activity: Teaching Aids

Objectives: Teaching aids are an integral components in any classroom. The many benefits of teaching aids include helping learners improve reading comprehension skills, illustrating a skill or concept, differentiating instruction and presenting information in a new and exciting way.

Materials used: Coloured papers (fluorescent), glue, Carton paper, Sketch pen, Animal (wild) pictures.

Number of participant: One

Procedure: ① First I took A4 size fluorescent paper and then pasted these papers with the help of glue on the carton paper of the fluorescent papers, so that it doesn't fold.

③ Then after that I covered these carton paper completely with the help of fluorescent paper so I made it about 10 cards we called flash cards.

- ③ Now I have photos of wild animals on this flash cards, which I selected their HD Pictures with the help of google or their coloured print was print out.
- ④ Now pasted those photos on the cards with the help of glue.
- ⑤ The card on which the picture of the animal write its Name and some talk about it on it.
- ⑥ So my flash cards are ready.

Conclusion : using flash cards can be a very effective self-learning approach. even the act of making flash cards is a way to "work" the information, challenging you to think about which information to have on one side and the selected description the other.

Name of activity - Pen holder making.

Objectives ① A pen stand is an item of utility as it is used to store pens, pencils or other small stationary items.

② To Enhance Creativity and Skills

Materials used - Empty plastic bottle, Scissors, Glue, Coloured paper, decorative materials like stickers, glitter, buttons, sketch pens etc.

No of participants - One

Procedure - ① Take a plastic bottle and cut top part off the bottle with the help of box cutter.

② then apply white school glue on to the bottle with a brush.

③ Then stick the tissue paper on the bottle overlap the papers slightly so that there are no gaps, and smooth them down using fingers or a paintbrush to get rid of any bubbles.

④ Let the glue dry, and the decorates some stickers, Markers or paint, even glitter glue pen.

⑤ My beautifully handmade pen holder is ready.

Conclusion → A pen holder is basic desk accessory which is very useful for school children. It helps them to keep their writing instrument upright. Manage other stationery items and organize their study table.

Happy
Birthday

Name of Activity - Card making activity

Objectives - ① to build motivation to read and write, practice reading fluency, and attend to print concepts -

② The making and also the giving of these cards create joy for both the giver and the receiver

No of Participants - one

Materials used - ① Coloured paper
② Markers ③ glue ④ scissors
⑤ decorative materials like sequins, stone, ribbon etc.

procedure - ① First take Black Coloured sheet and fold it into a half

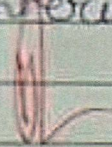

② Then make a heart with other white sheet to stick on black paper with the help of glue.

③ Decorate the card.

Topic _____

Date _____

Conclusion - A Touching thought, there really is no denying that a handmade card goes a long way. As knowing someone has taken the time to make you something special is always heartwarming. It is a chance to show a loved one how much they mean to you by personalising the greeting to suit their interests.

Name of activity - Diya Decoration

Objectives - ① To explore the Imagination Creativity and celebrate the festival of lights in its true spirit.

② To Enhance Cognitive skills.

Materials used - diya (medium size), decorative items like, mirrors, ink, stone glitters, paint colours, paint brush.

No of participants - one

Procedure - ① Take a plain terracotta diya

② Paint the diya by giving a first coat with white. The white colour will work as a primer, leave it to dry.

③ Paint the diya in a shading manner using Sparkling pearl colours red, golden etc.

④ then stick the diamonds and round shaped mirrors with fabric glue around the neck and bottom part of the diya.

⑤ Paint the diya by giving a kundan effect using yellow, orange and white colour, leave it to dry.

Topic.....

Date.....

Page No.

⑥ My beautifully handmade diya is ready

Conclusion → It is basically a symbol of the victory of good over evil, brightness over darkness, and truth over falsity. The diyas not only make diwali, the festival of lights, but they also symbolize the supremacy and consequence of brightness over darkness.

Name of activity : Rangoli Making

Objectives $\Rightarrow$ ① It is used to 'enlighten'

② To welcome Hindu gods to the household.

③ Rangoli is symmetric representing the balance in life and house hold.

No of Participants - one

Materials used - Rangoli colours, Rangoli Making cones

Procedure - ① Take a Rangoli cones than fill different cones with a different colour of Rangoli Powder.

② Then use the tile line on the floor as a reference.

③ Start pouring rangoli powder in small shape like, flower, swastik, dipi, dots, circle along the floor lines for a circular rangoli pattern.

④ Place the larger box cap at the center and pour rangoli powder all around it.

Topic.....

Date.....

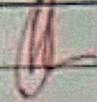

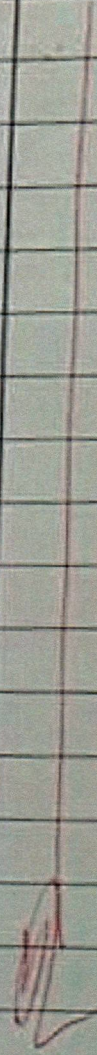

Page No.

Conclusion $\Rightarrow$ Rangoli is a beautiful and
colourful art but one of the
factors that make them look good is
Symmetry. Rangoli is an art form that
originates from in the Indian Subcontinent.

1.

Classroom observation.

Introduction - A classroom observation is a formal or informal observation of teaching while it is taking place in a classroom or other learning environment.

Objectives - (1) To Improve student outcomes by improving the instructional prowess of the teacher.

(2)

to perform an investigation into possible inequities in instruction among different groups of students.

Materials - No

No of participants - one.

Procedure - At the 1st day in the school I had to collect my routine. Then I introduced with those teachers who used to take those teachers who used to take those classes before me. I asked them politely if they could give me the permission to observe their classes. Both of them cordially invited me to observe their classes.

I have observed 2 science lessons among those I am analyzing the one belows

Day : Tuesday (15/12/2022)

Time : 10:00 - 1:00 PM

at the 2nd day in my school morning we had for her (Shivangi Shrivastava) science teacher of class V-B) to come to the class in front of my front of my class. when she come and asked the class captain to clean the bench at the behind of the class to let me sit there. The class captain cleaned up and I sit there to observe the class.

when The Teachers entered the class all the students stood up and when she told them to sit they took their seats. at first she asked the students to give their homework copies. At this time he inquired about some students. and I'm continuously observe the class till end.

Class Room Observation Rating Scale

Hired Teacher's Name: _____

Class: _____

Teaching Subject: _____

Topic: _____

Components		Rating Scale			
		Very Poor	Not Satisfactory	Satisfactory	Very satisfactory
1. Lesson Structure	The Way Lesson opens, develops and Closes		✓		
	The number of Activities that constitute the lesson		✓	✓	
	The Links and transaction between activities			✓	
2. Class management Strategies	Setting up Groups			✓	
	Maintaining Order			✓	
	Time Management			✓	
3. Types of Teaching activities	Seating Arrangements		✓		
	Whole class Activities			✓	
	Pair and Group activities			✓

	Presenting Task				✓
	Organizing Practice				✓
5. Teacher's Use of Materials	Teaching Techniques			✓	
	Use of the Text books				✓
	Use of other Resources				✓
6. Teacher's Use of Language	Use of Instructional Language			✓	
	Use of Questions				✓
	Feedback Technique				✓
7. Students' Use of Language	Explanation of Vocabulary and Grammar			✓	
	Use of Language in Group work			✓	
	Use of Mother Tongue during Class			✓	
8. Students Interaction	Problem with Grammar			✓	
	Problem with pronunciation			✓	
	Teacher-Students interaction				✓
	Questioning Behavior				✓
	Students-to-Students Talk				✓

Feedback for Improvement

1. Is a conscientious hard working student
2. Works independently
3. Is a self-motivated student.
4. readily grasps new concepts and ideas.

Class Room Observation Rating Scale

Hired Teacher's Name: _____

Class: _____

Teaching Subject: _____

Topic: _____

5

Conclusion - Classroom observation is an essential part of teaching

It checks and adjusts a teacher's performance meaning that student get the most out of their lessons, improving their academic performance and thus improving the overall performance of the school. But that doesn't mean the process can't be improved upon.

Organise activity

① Indoor games Introduction =

Indoor games and sports are a variety of structured games or competitive physical exercises, typically carried out either at home in a well-sheltered building or in a specially constructed sport venue such as a gym, a natatorium, an arena or a roofed stadium.

Objectives - ① To create happiness, reduces stress

② To Enhance opportunity to spend time together / socialize

③ To Enhance memory formation, and cognitive skills.

Materials used - Carrom board, chess

No of participants - Four

procedure - An event Indoor game (Carrom, Chess), Fitness sporting activity was organised on 16/12/22 School Bachpan a play school. It also aims to address the emotional concerns of the students.

Conclusion - To promote mental health and to create awareness or sensitization through play games.

Carrom board game is generally played in singles or doubles. There are two players in the singles games. The two players sit opposite each other. A turn consists of one or more strokes. A player wins by pocketing all the pieces of their chosen colour. If you pocket a piece, you keep playing and shoot your stick once more. In Carrom, 18 Coins are used with one red coin and a striker. In the last who have scored more coins will be the winner.

Outdoor games Introduction-

an athletic game that is played outdoors

Objectives- ① To Enhance Advance Motor skills

② Improved muscle strength.

③ Faster communication with others.

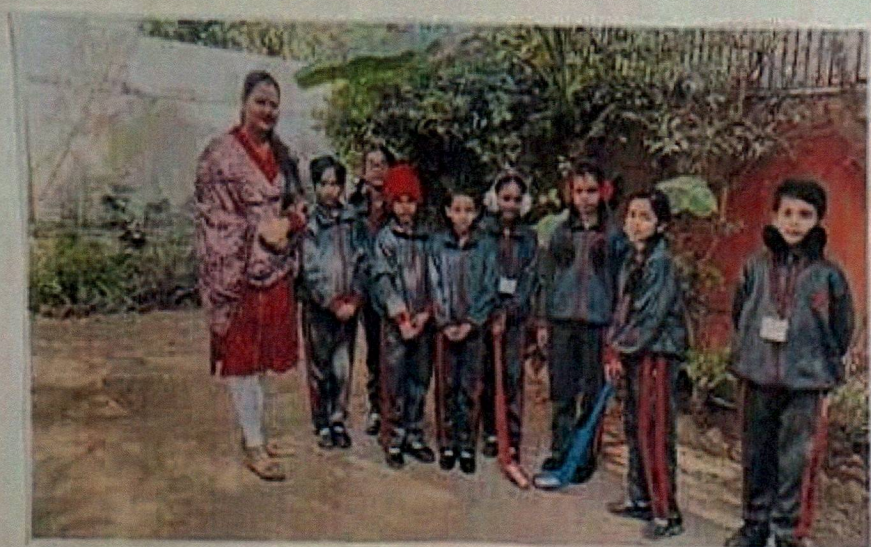

④ Appreciation for the environment

⑤ Improved peer to peer relationship.

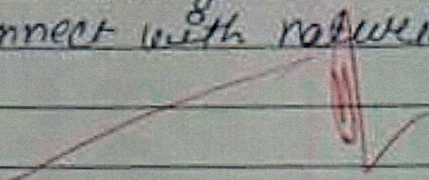

Materials used- hockey stick, Cricket (k's)

No of participants- 11

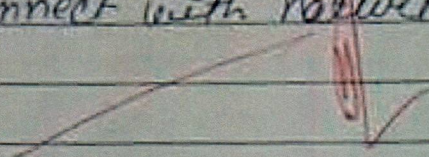

Procedure- Students engaging in physical activity produces similar benefits and often times relaxes and cheers people up. Outdoor sporting activity was organised on 17/12/22 in Bachpan & play school. I was made 11 played 11 member in my students in my team.

Conclusion - outdoor games are not only beneficial for us, but they are also very enjoyable. we can have a lot of fun while playing outdoor games. we get to spend time with our friends and family while playing these games. outdoor games help us to connect with nature.

Conclusion - outdoor games are not only beneficial for us, but they are also very enjoyable. we can have a lot of fun while playing outdoor games. we get to spend time with our friends and family while playing these games. outdoor games help us to connect with nature.

Plantation activity.

Introduction - Tree plantation is the process of transforming of seedlings from one place to another for different purposes. Furthermore, there are various reasons behind tree plantation but the most important are forestry, land reclamation and landscaping. Each process of tree plantation is important and unique in its own way.

Objectives → ① To beautify the areas for scenic beauty.

② To reduce the surface runoff discharge and checking soil erosion along the embankments.

③ To reduce temperature and increase humidity.

④ To reduce noise pollution to the neighboring house hold pollution.

Materials used - Small plant, Soil, water.

No of participants - 20 students, Including me

procedure - ① Cleaning the site with the help of students

② Then Digging a hole with the help of pickaxe

③ obtaining the plant in soil

④ watering the seedling

⑤ removing the plant from the pot.

⑥ placing the plant in the hole.

⑦ covering the roots with soil.

⑧ Gently packing the soil around the plant.

Conclusion - plants are an essential resource. we rely on them for food, water, medicine, the air we breathe, habitat, our climate and more.

Organise Competition

Introduction - Competition is a rivalry where two or more parties strive for a common goal which cannot be shared where one's gain is others loss (an example, essay writing poster making (debate/ painting))

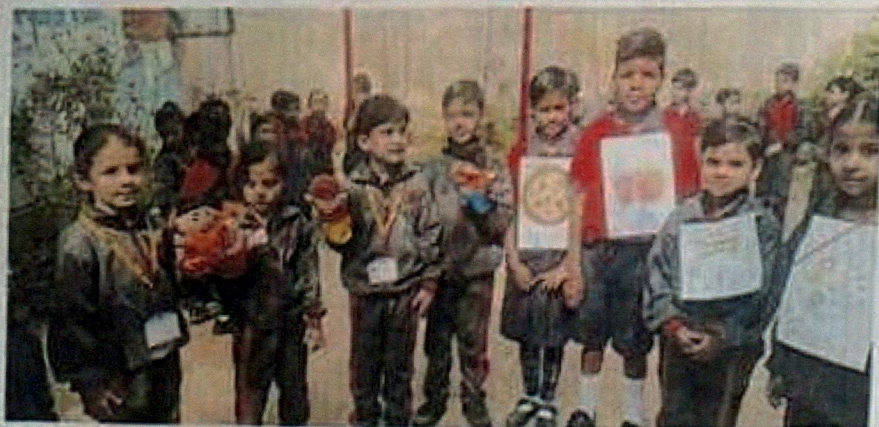

Competition can arise between entities such as organisms, individuals, economics, and social groups etc.

Objectives - Competitions offer a chance for participants to gain substantial experience, showcase skills, analyze and evaluate outcomes and uncover personal aptitude.

Competitions also encourage students to adopt innovative techniques and develop their ideas and skills.

Material used - Poster making (Materials). Craft Competition (Materials)

No of Participants - Six

Procedure - It should be original and hand made. The topic of poster and theme should be clearly mentioned at the top margin of the poster. The poster. We provide some materials, such as Drawing Sheets, Pencils, Erasers, Sharpners, and Crayons Colours. The students expressed their views and thoughts about the Save environment by drawing, writing slogans and quotes.

Conclusion - It is last opportunity to bring together what you have been saying, and to make your opinion, and your understanding of the topic, very clear. A poster is a very useful means of making an announcement or appeal, issuing a notice, advertising a product or bringing about awareness on any issue of public interest.

Teaching with Teaching Materials.

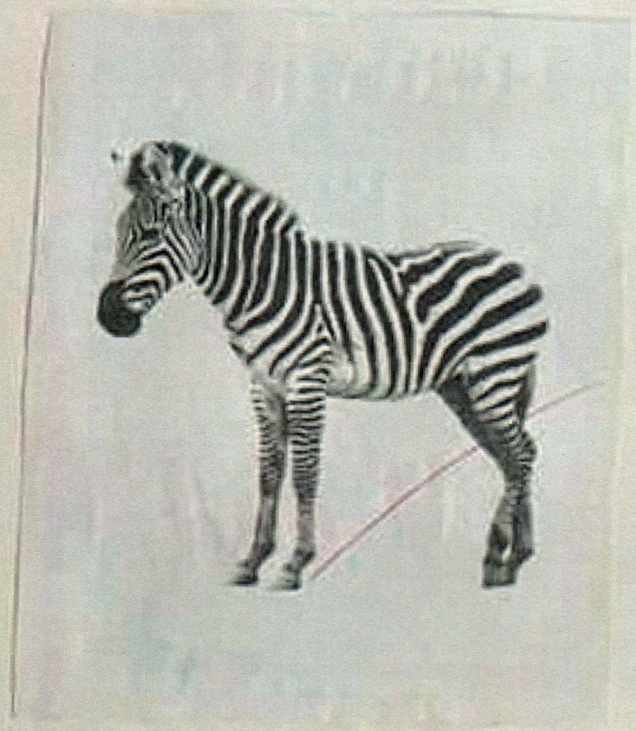

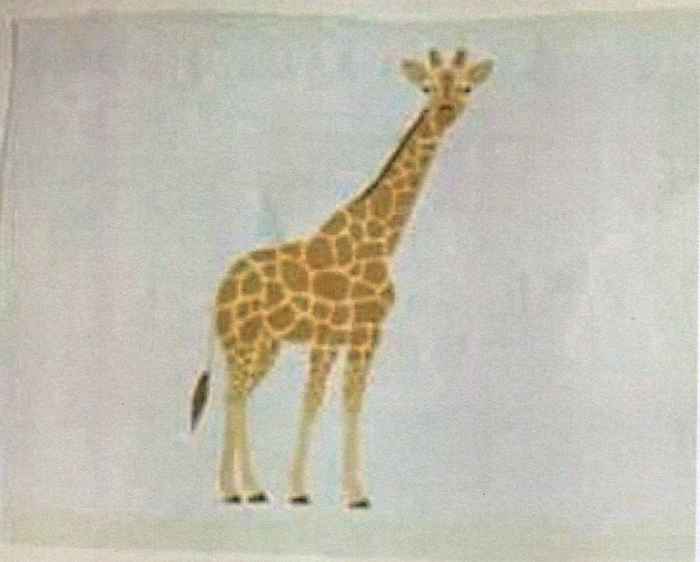

Introduction - Instructional Material, also known as teaching / learning Materials (TLM) are any collection of materials including animate and inanimate objects and human and non-human resources that a teacher may use in teaching and learning situation to help achieve desired learning objectives.

Objectives - ① The purpose and importance to teaching and learning Materials is to make lessons interesting, learning easy and enable teachers to easily express concepts. Learning Materials can significantly increase learners' achievement by supporting learning.

Materials used - Flash Cards, Digestive System by chart.

No of participants - one

Procedure - ① Step-I - I had to shown to them flash cards to students ask about the pictures of digestive system.

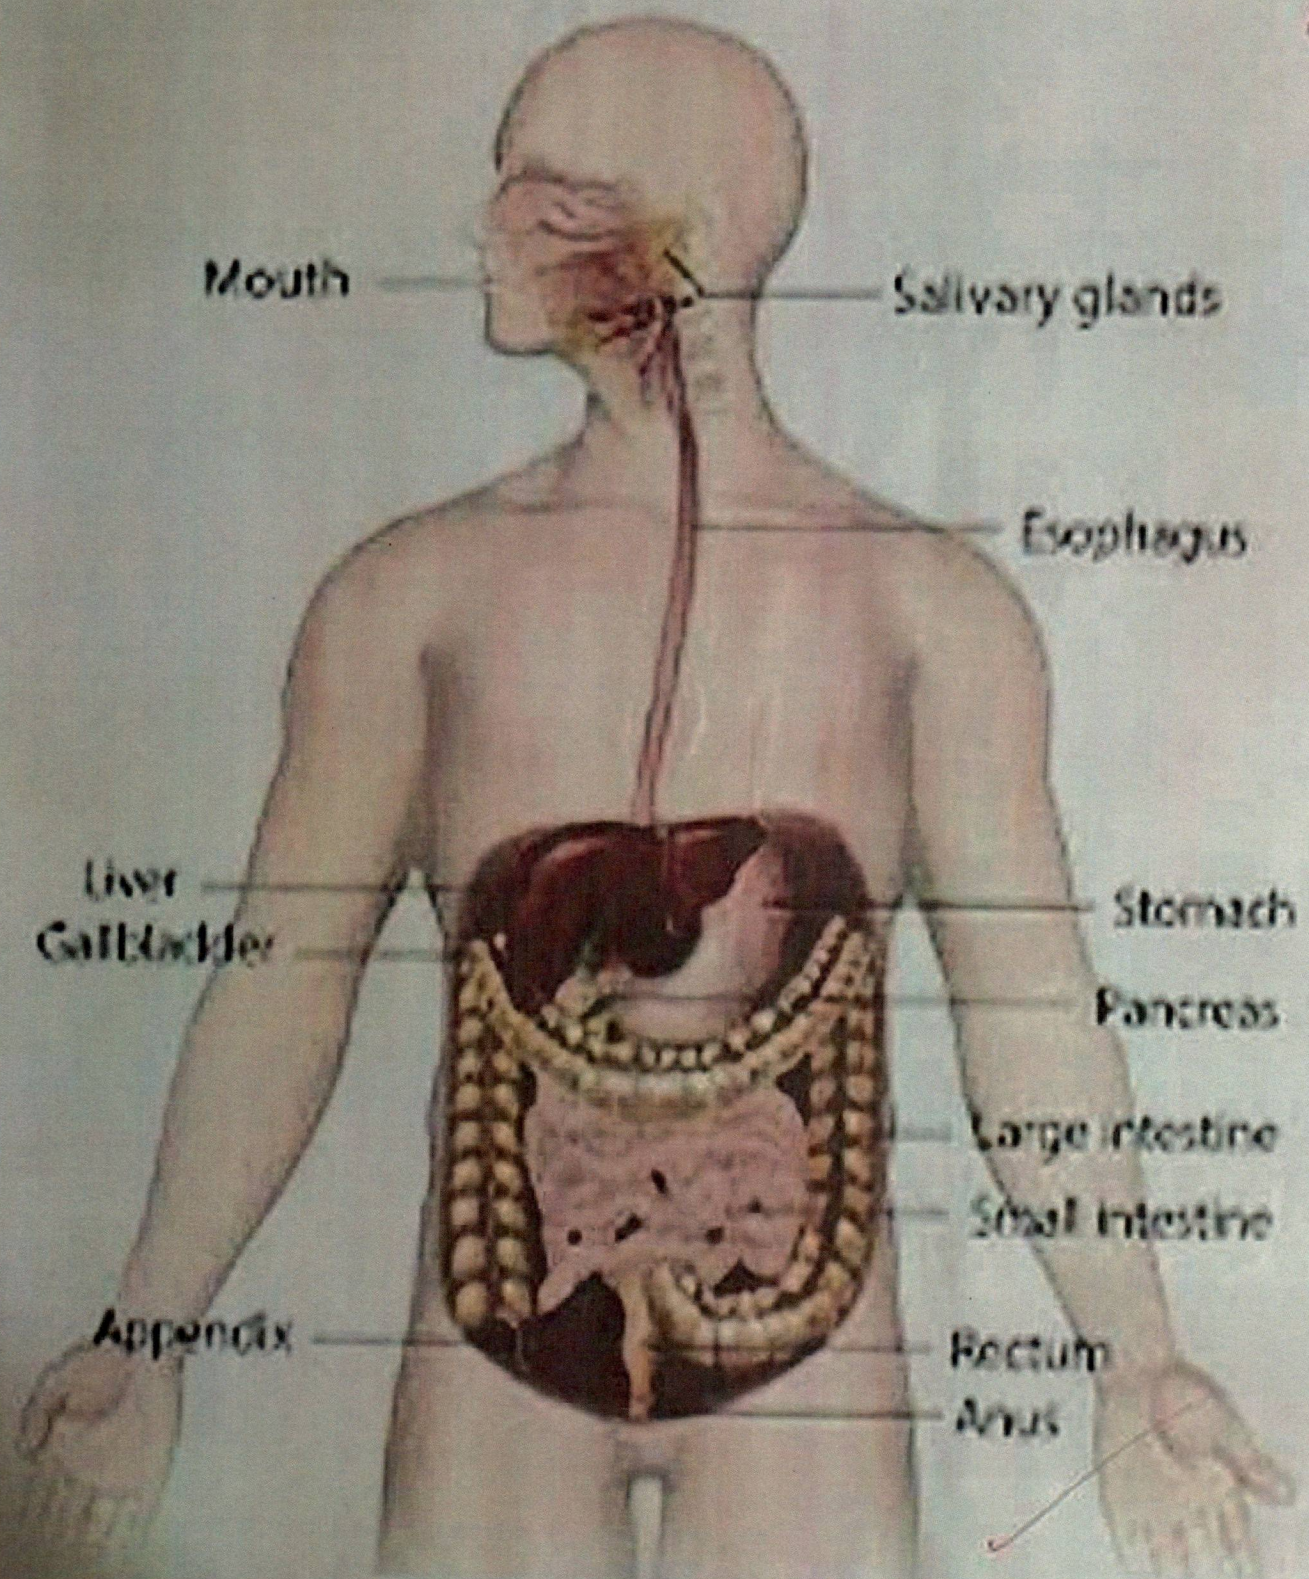

② using flash cards and other teaching materials it will creates among students regarding the studies.

③ and then I will had ask students about each flash cards and then I explain about digestive system.

Conclusion- The purpose and Importance of teaching and learning materials is to make lesson interesting learning easy and enable teachers to easily express concepts. Learning materials can significantly increase learners achievement by supporting learning.

The Digestive System

Conduct Morning assembly.

Introduction - Morning assembly, a formal gathering of heterogeneous class is intended as mini scale of activities, thought day leading for concentration, dedication, acquiring knowledge & information, creativity, alertness, raising self-confidence of student to face the audience.

Objectives - It helps in building a culture of Communication and representation of academic and co-curricular activities, morning assembly is a very important part of school culture. It helps to strengthen the way a school works. It also helps student to gather a lot of energy to do well and be good in their day.

Materials used - Musical Instruments,

No of participants - all students and all teachers

procedure - ① First I said students to make a line and stand straight

Step-2 - Motivate students for morning assembly morning assembly is a time of peace and quiet and when everyone gather at one place and join hands to praise the God for providing us with a whole new day.

Our morning assembly in school was a very interesting time of the day. It not only was a time of discipline and quiet but also of a few glass and laughter.

Conclusion - morning assembly, a formal gathering of heterogeneous class is intended as mini scale of activities throughout day leading for concentration, dedication, acquiring knowledge & information, creativity, alternation, raising self-confidence of students to face the audience.

ABOUT THE SCHOOL

Name of the school :- Bachpan a play school.

Location - Tiwaji Nagar, Gwalior

Aim & Goals of the School :-

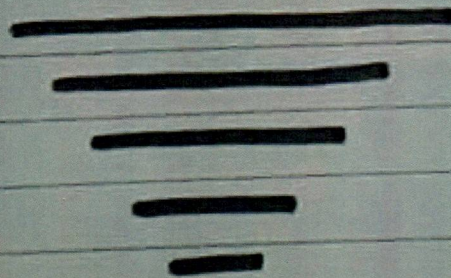

"

Ensuring smooth physical, mental and emotionally development in children of positive habits"

ABOUT THE SCHOOL

Description of the School :-

Bachpan preschool in Jiwaji Nagar. Our vision aims to inculcate a research-driven curriculum to the daily learning schedule of the little ones using technical. Bachpan play school of ~~one~~ makes little children futures are secure and genius.

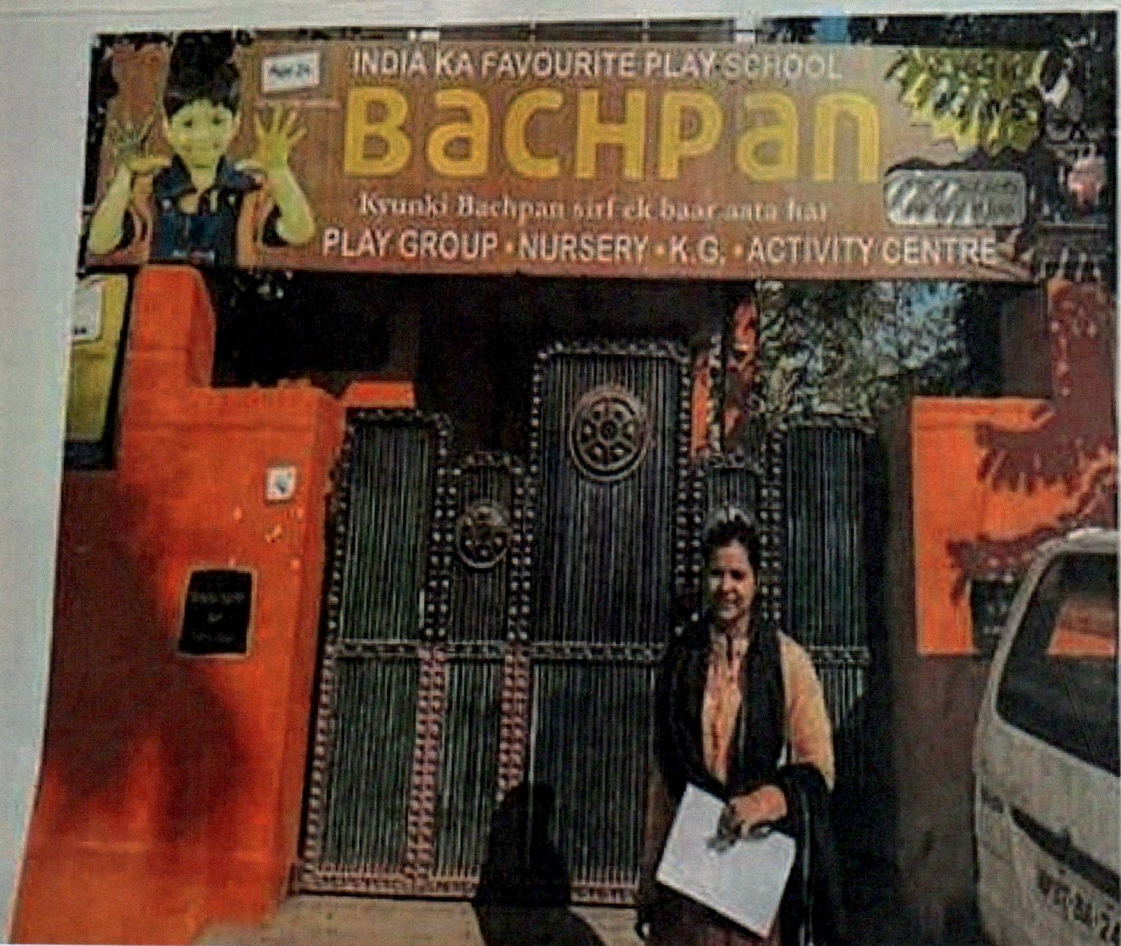

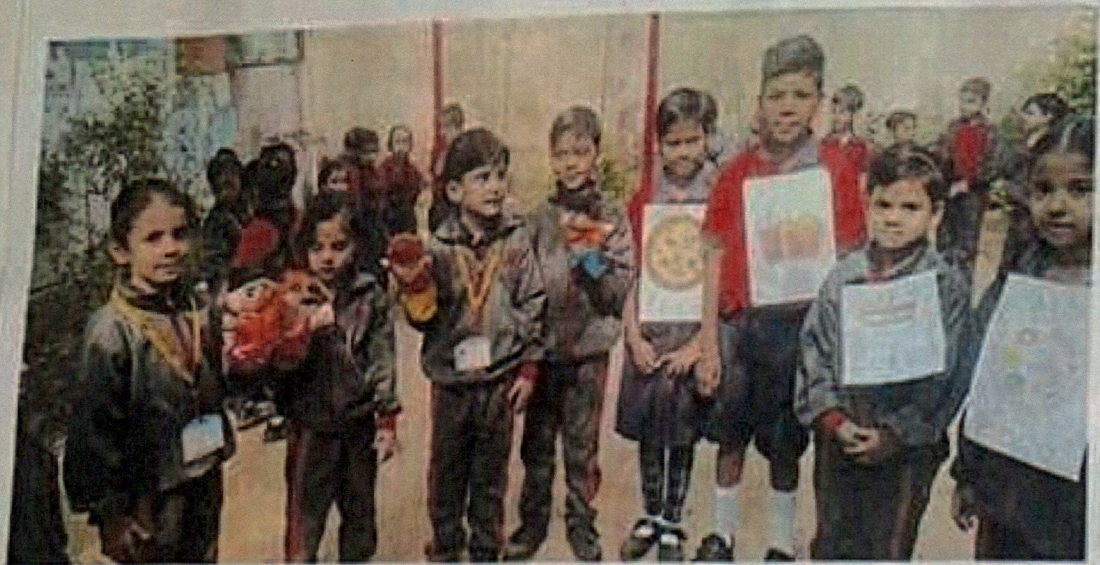

Report School observation - Report

I visited ~~primary~~ primary school (Bachpan a play school). Thatipur Jiwaji Nagar (Gwalior M.P.). For Teachers study week on 15th december to 24th december 2022. Classroom observation is one of the most important parts of that work. Bachpan school, Gwalior established 2014, Teacher a hard-working teacher she working here from 2014 to till now and it was first observation school. I tried to teach science in primary level school (Specially class V). It was a fantastic experience when I saw good, structured, and systematic practices by Shrivangi Shrivastava mam. There were different types of student in classroom but she knew all the students by Name and addressing academic and non-academic problems by children name. She also knows about everybody level of understanding in science.

Relation with other teachers-

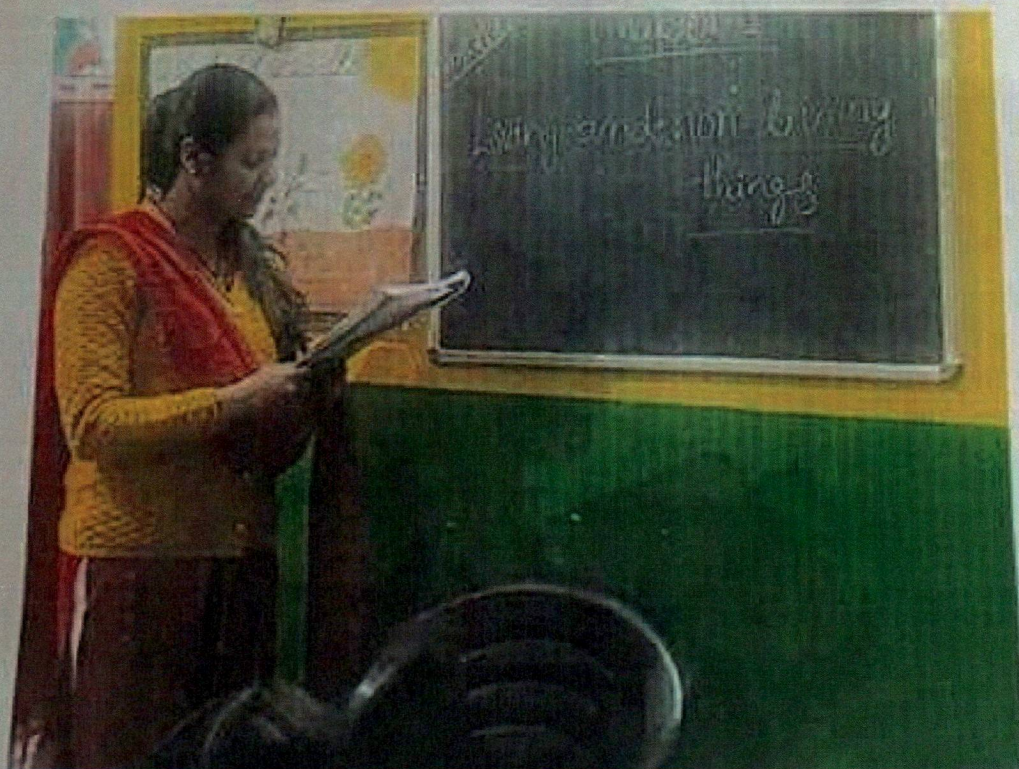

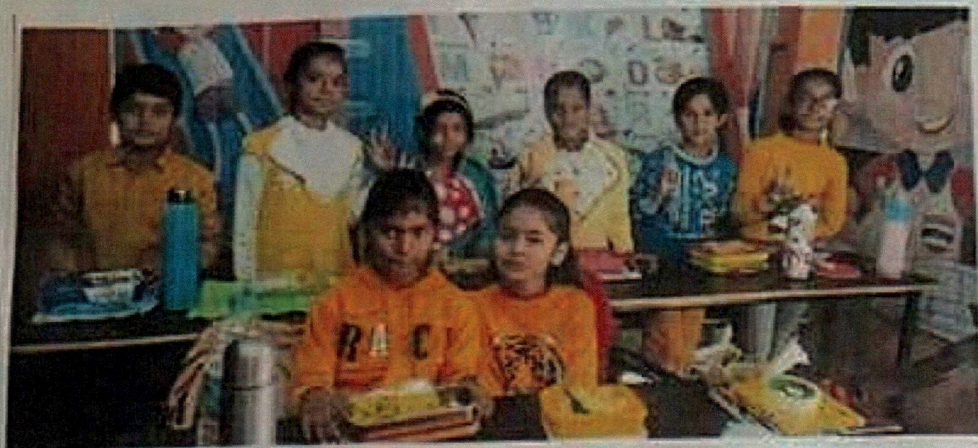

Relation between teachers are much co-operative and they are working with effectively and head teacher maintaining things. Daily attendance official work, and school observation is regular process by Head of the institute. Without a good leadership worthy relation is very difficult. According to me every teachers

working hard because here villagers are also cooperative and active and few are aware. Mutual understanding and helping to each other is good things in ~~Pampur~~ Bachpan a play school.

other facilities: There are six classroom for the teaching and learning process, and another one is for staff/teachers. There is separate and enough space and room for other activity. Drinking water, Toilet facilities, electricity e.c. are available for students. There is no library room for study. Approximately 600 Books are available but these are not in use. Few TLM I saw which are exhibited in the Classroom but rest of all locked in box. There are enough place for playing. Functioning separate toilet room for boys and girls, drinking water facilities and other basic amenities and facilities available. Health and safety programme is also regular in this school. Medical and health checkup happening twice in year.

From morning assembly to classroom process there were a good and effective lesson. They are using morning assembly as a space where every day class wise children performing. every alternate day Boys and girls are performing and this is one of the major reason of good and responsive classroom.
