### REPORT

#### ALUMNI CONNECT – CARRIER PATH AFTER UG AND PG organized by School of Basic and Applied Sciences (SBAS) on 4<sup>th</sup> April 2022

School of Basic and Applied Sciences (SBAS) organized an **alumni connect** program on “Carrier Path after UG and PG” for the students of Physics, Chemistry and Mathematics on 4<sup>th</sup> April 2022 in an online mode from 12:00pm to 1:00 pm. The aim of this interaction was to encourage the students to do better and enlighten them about how to master themselves. Our alumnus **Ms. Parul Kaushik**, B Sc (H) Physics 2014-2017 batch and **Ms. Devika**, B Sc (H) Mathematics 2018-2021 batch was welcomed by Dr. Neeraj Kumari.

**Ms. Parul Kuashik** is associated with at Excelsior American School as a combridge and IBDP physics educator. She is also persuing Ph D from North Cap University, Gurugram. She talked about her academic experience in the University, focussing on the right mindset to grow and various issues that hamper students from achieving overall growth. She was delighted to interact with the young minds.

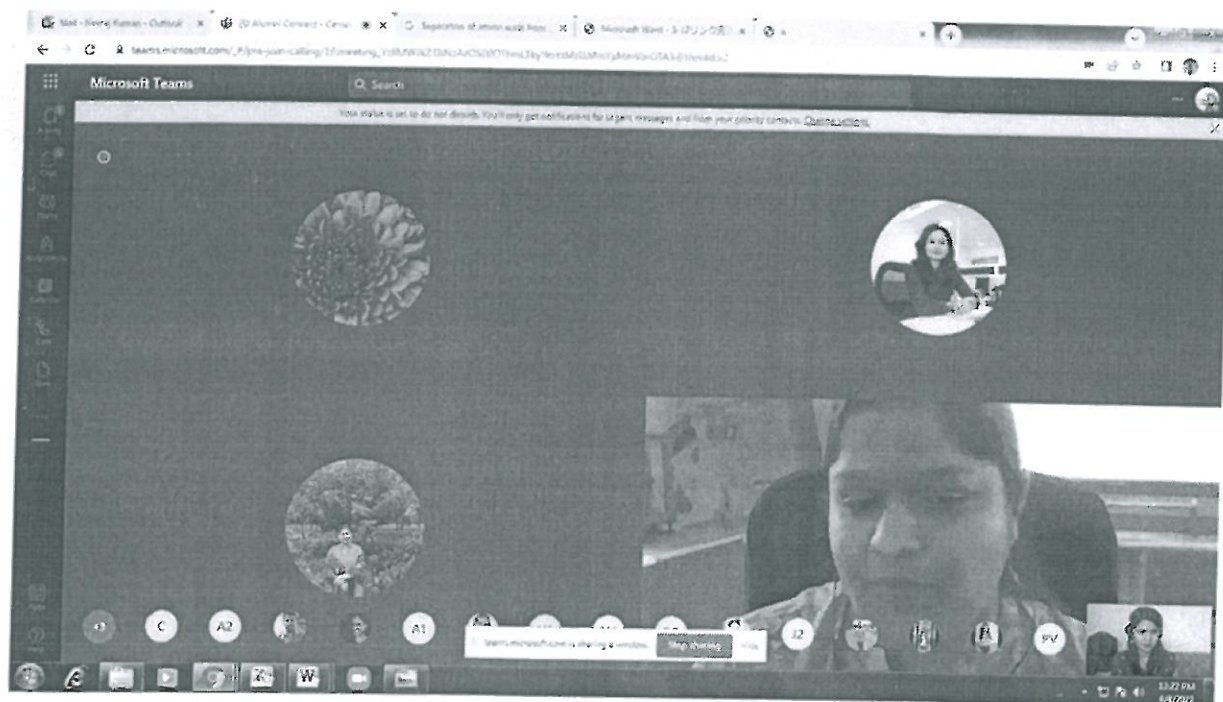

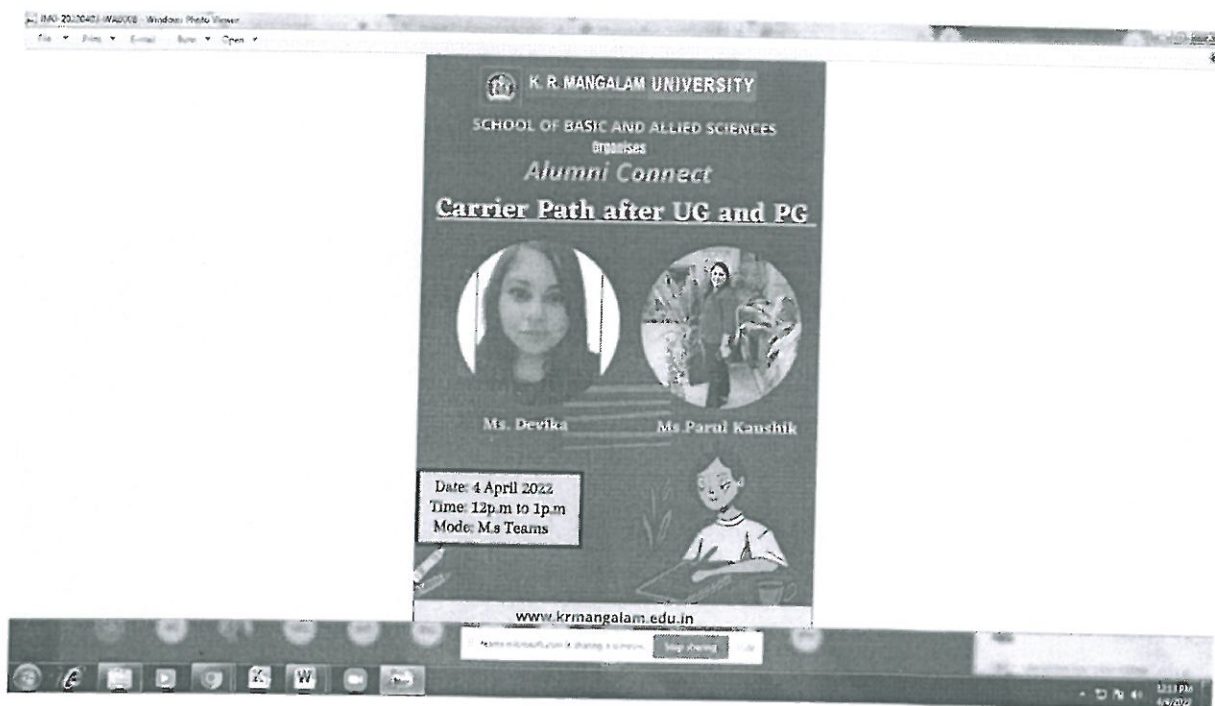

Another Alumni, **Ms. Devika** also motivated the students who is associated with Spinny company, Gurugram. She was selected when the company visited at the campus. She shared how the Department has played an integral part in shaping her personality; she also addressed the queries of students by giving them real-time practically working solutions.

Alumni interacted with the students and gave motivational talk regarding preparing for higher studies and placements. Students asked many questions regarding placements and the alumni shared their views. Overall, it was an enriching experience for the students and the lecture really helped participants to demystify the confusion of what kind of the approach they should use in their college time so that they can have a maximum positive utilization of the time and resources.

### **INTRODUCTION**

No one reaches the heights of success without being pulled by the people above them. Our teachers, our seniors and every human being that existed before us paved a path for us to climb and eventually we reached where we are today. This means that we inherently have a responsibility to pave the way for the ones coming after us because the cycle shouldn't be broken. Well, in terms of an institution and career counseling, the best help is given by the people who have been in your position before you. These are the seniors. As a senior, all the members of the Alumni network work as mentors for their juniors to come. So in order to take mentorship and guidance of seniors to explore the opportunities to get admission in foreign universities, the School of Basic & Applied Sciences on 13<sup>th</sup> September, 2022, has organized an Interactive Session by Alumni on Preparing for Higher Studies in Foreign Universities. Alumni are an institution's most loyal supporters. Alumni will be able to tell you the kind of job opportunities available for the graduates of a specific university and specific programs or degrees of that university. You will be able to gain insight on the job market as viewed from the

perspective of someone who has undergone what you are thinking of going through. This is a great way to see if the career path you are planning to take after graduation will be available to you and to what degree the availability will be. In fact, getting to know alumni is a great way of networking especially if they are taking the career path that you are interested in. Another great way that connecting with alumni will help you is through what they can tell you about the treatment of international students in a specific university and program. A number of universities have great opportunities academically and socially for its international student population.

#### **Content of the event:**

Ms. Kanishka Gupta, currently pursuing MSc Astrophysics from Queens Mary University, London, UK was the resource person as she shared her experience on the topic Higher education in foreign universities.

In her interactive session with the participants through a question-answer session, Ms. Gupta focussed on the importance of globalization in education sector. She shared her journey from graduation in K.R. Mangalam to getting Masters in Queens Mary University, London. She interacted with the students to give knowledge about which exams are conducted in order to get admission in a foreign university, what are the scholarship options available, what are the expenses and many others. The session was attended by 26 participants through MS Team platform.

K. R. Mangalam University encourages these alumni talk series in order to motivate students for higher studies and job opportunities.

**Conclusion.** Alumni talk is an important and efficient way of motivating students to prepare for higher studies and other job opportunities as they connect easily with their alumni. The importance of these sessions is to increase awareness among the students regarding various options available for higher studies in foreign Universities and job opportunities as well.

Today, millions of students around the globe want to study abroad at highly prestige foreign universities. While it's a rewarding experience, however, the chance to manage it is not everyone's cup of tea. To help the students, the School of Agricultural Sciences (SOAS) organized an Alumni session on Pursuing Higher Education in Foreign Universities and Jobs in India on 30th September 2022. Interestingly, the invited speaker of the event was Mr. Prashant, one of the prominent KRMU alumnus who is also working as an Assistant Professor in SMAS, KRMU. The objective of the session was to guide the present SOAS students in their future endeavors for better employment and higher studies. He initiated the session by interacting with students first and estimated the knowledge quotient of the students regarding the quality of education in foreign countries, affordability & live-ability employment status, and income per profession in India as well as major education hubs. He explained to the students about the importance of choosing a University as on International rankings, Discipline, etc. He also compared the job avenues after pursuing Masters vs. Doctorate programs Lastly, he also shared multiple tips and facts with students regarding Student

Visa Process, Immigration policies, Admission Requirements, Documentation, Language skills etc.<sup>5</sup> Lastly, Mr. Prashant answered all the queries from the students as well as SOAS faculties including Apostille, Recommendation letters, Types of visas, etc. In the end, Prof. (Dr.) S.S. Sharma presented an honorarium to the speaker and gave the vote of thanks and even shared his experience with Israel. He even predicted that NEP2020 will be enhancing the standards of the Indian education system that will match with Foreign universities.

The session was organized on Zoom since there were multiple time zones being coordinated. The session began early at 9:10 am with alumni joining on time. They discussed the latest trends in technology and requirements of international trends of education. The alumni steered the students towards becoming conceptually clear and using their learning years to consolidate understanding as well as software skills and application.

They motivated the students to start learning BIM tools and equip themselves with rendering tools as well.

The main takeaways for current students were:

1. Emphasis on Sustainability and Adaptive Reuse in Architecture and Interior Design.
2. LEED certification
3. Enhancement of software skills especially BIM and Revit.

The students of SOAD found the session very useful and asked for similar sessions every semester so that they are constantly connected with the needs and requirements.

The School of Hotel Management and Catering Technology organized an Alumni Talk on 23<sup>rd</sup> August 2023 for the students of SOHMCT in room C011, Coordinator SOHMCT Ms. Jyoti, invited, Ms. Palak Bhalla to be the speaker for the event, she is an esteemed alumna of SOHMCT, and is currently working with Bristol Hotel, Dubai.

The students were explained about the different career options that they can explore in the final year of their studies.

The juniors asked a lot of questions from Ms. Palak, right from experience of her first internship, to her studies, her experience at the university to the kind of job that she has now.

The objective of the session was to help the students understand the different career paths that the students would be able to choose.

Methodology: The session was done via live chat with the alumna.

Outcome: The session was mapped with SDG 8.6, as it talks about decent work and economic growth and since Ms. Bhalla, informed the students about how to improve themselves to get better jobs, the goal of 8.6 was met.
