Rubaroo 2019

Bharat Ratna Shri Pranab Mukherjee, Former President of India conferred degrees to the former students in the Second Convocation of K.R. Mangalam University, Gurugram held at Jawaharlal Nehru Stadium, New Delhi on 23rd November, 2019.

The other dignitaries present on the occasion were Prof. (Dr.) Dinesh Singh, Chancellor, Shri Yash Dev Gupta, Chairman, Members of the Governing Body, Board of Management, Finance Committee and Academic Council. Prof. (Dr.) Aditya Malik, Vice Chancellor, steered the Convocation ceremony.

Padma Shri Prof. Dinesh Singh, Chancellor, welcomed the Chief Guest and congratulated the graduands. He said "I hope that the education imparted to you at this prestigious institution will help you not only in your career but will also make you a responsible citizen of India".

During the Convocation Address Hon'ble Chief Guest Shri Pranab Mukherjee said, "It is good to know that K.R. Mangalam University imparts quality education in diverse fields of study providing students with exquisite experiences through knowledge, collaboration and partnership." He stressed on the importance of research in academia and said "Research and Innovation are the keystones for widening the country's production potential. Our Future growth will result not so much from the utilization of our resources with existing technology than from its better usage though more advanced technology."

Prof. Aditya Malik, Vice Chancellor, congratulated the graduands and said "Our teaching is organized in a manner so that learners are

immersed in experiences within which they may engage in meaningful enquiry, research, action, imagination, creation, discovery, collaboration, theorizing and personal reflection. We provide a teaching and learning environment that gives students an opportunity to design their own degree and choose a specialization which suits their own interests."

Eight Hundred and Twenty students received degrees during Convocation 2019. In total, 362 students were from 2018 and 458 were from 2019 batch. This number includes 698 undergraduates, 76 postgraduates, 5 Doctoral degrees and 41 diplomas.

Around 29 student toppers of 2018 and 2019 Batch with more than 8.5 CGPA in their respective streams were bestowed with gold medals by the former President. The graduating students took an oath to strive to be honest and responsible individuals. It was a day of pride and contentment for the management, faculty, staff and parents. A day to cherish and celebrate. The ceremony concluded with the National Anthem.

550th PRAKASH PARV GURU NANAK DEV JAYANTI CELEBRATION

K.R. Mangalam University organized Shabad Kirtan and Sukhmani Sahib ji Ka Path in celebration of 550th birth anniversary year of Shri Guru Nanak Dev Ji on 30th July, 2019. A soulful kirtan environment was created to sought the blessings of Guru ji.

Preachers from Gurudwara also chanted Gurubani Shabad Kirtan to bless the Gurmat samagam comprising of Vice Chancellor, Pro-Vice chancellor, Deans of various schools and staff members of KRMU. The saropa was presented to the Granthi Sahib by Registrar and Vice Chancellor. The whole environment became peaceful, with divine recital of verses from the Holy Guru Granth Sahib filling the air with spirituality and peace. The ceremony was followed by ardaas and kada parshad to gurusangat.

School of Journalism and Mass Communication under 'Creative World' screened a film 'Nanak Shah Fakir' on 24th September 2019. The screening was one of the programmes organized in the series of events to celebrate 550th Birth anniversary of Shri Guru Nanak Dev Ji.

The film was projected for the students of various disciplines and around 40 students from School of Journalism and Mass Communication, School of Fashion and School of Education were present in the film screening. The film is narrated through the voice of the Guru's friend, disciple, and companion, Mardana, a Muslim fakir. The film follows the life of the Guru from his birth, to his travels across land and sea, while spreading his message of "Ek Onkar" (the belief that there is one God). Life Space Club organized Poster making Session on the Theme: Principles & Values of Mahatma Gandhi on 19th September 2019. School of Basic and Applied Sciences students participated in this activity with great zeal. The activity was organised by Dr. Romila Manchanda (SBAS) and Dr. Ruchika Yadav (SOMC) and coordinated by SBAS faculty members. Students followed the theme of the competition and draw beautiful posters with some value messages of Mahatma Gandhi. Following are the glimpses of activity: School of Medical and Allied Sciences and School of Basic and Applied Sciences celebrated Gurupurab on 7th November, 2019. A power point presentation narrating the life history and

teachings of Guru Ji were jointly presented by Mr Banatpreet Singh and Mr Dhruv, B.Pharmacy first Semester. This was followed by MOOL MANTRA recitation by Ms Bhavya and Ms Palak of the same year. Mr Prakhar, a student from SJMC recited poetry thanking parents and teachers for being an eternal support to their children and students. Ms Aarushi, B.Pharmacy first Semester beautifully concluded the event by once again highlighting Guru Ji's preaching.

Winners of the poster presentation

First Prize: Amita, Laveena, Komal and Aakash, D.Pharmacy 2nd Year
Second Prize: Gopal, B.Pharm 1st Semester.

Third Prize: Mamta, Swati and Ambika, B.Pharm 1st Semester.

Orientation of Doctoral students - 2019

Orientation and registration program for Ph.D. research scholars for the Batch 2019 was organized on 14th September 2019. After the registration process, newly admitted batch of twenty six students along with school research committee members attended the Orientation Program.

Dr. Meena Bhandari, Chairperson, Ph.D. Monitoring Committee extended warm welcome to research scholars and introduced leadership team comprising of Prof. Aditya Malik, Vice Chancellor, Prof. Anita Sharma, Pro Vice Chancellor, Prof. Krishan Lal C.V. Raman Chair Prof of Physics, Prof. Sumanyu Satpathy Professor of Eminence at the University and Gp. Capt. P. Mahajan, Registrar.

Prof Aditya Malik, Vice Chancellor, welcomed 2019 batch research scholars and congratulated them for choosing K. R. Mangalam University for pursuing their Ph.D. degree. He stressed on the fact that research scholars must work diligently and meticulously to achieve their research goals as research is a tedious process. He motivated them by narrating his own experiences as research scholar. He emphasized on the fact that supervisor and research scholar relationship is very beautiful, and it continues for life. The research scholars must work hard with perseverance, consistency, patience to accomplish their objective.

Dr. Dilraj Preet Kaur, Member, PhD Monitoring Committee coordinated the session.

ALUMNI MEET @KRMU

Alumni Welfare Association Cell in collaboration with Training & Placement Cell organized first Alumni Meet on 12th October, 2019 at K.R. Mangalam University. Alumni from different schools made their presence with great zeal and zest.

The Chief Guest Mr. Pushkar Bajpayee and the alumni inaugurated the meet with lighting of auspicious lamp and Saraswati puja. Prof Aditya Malik, Vice Chancellor and Prof Anita Sharma, Pro Vice Chancellor were present on the occasion.

Mr. Pushkar Bajpayee, Director of Sofcon India Pvt. Ltd. addressed the audience and shared his experience

and knowledge for shaping the career of alumni. He shared about recent advanced technologies, current corporate culture, requirements and demand.

This was followed by a panel discussion and interface of alumni with the final year students. The panel discussion was conducted by Dr. Sulakshana Banerjee and Dr. Kanupriya. The alumni shared their experiences and memories of the time they spent pursuing their degree at the KRMU campus.

All the alumni were given mementos as a mark of affection, love and appreciation. The event concluded with vote of thanks by Dr. Meena Bhandari, Dean, SBAS.

PRISM

July - Sept 2022

FROM THE EDITOR'S DESK

With the immense pleasure and pride, we share the third quarterly edition of the PRISM 2022. During this unprecedented time, our contributors have found innovative and creative ways to showcase their knowledge and creative. This quarterly magazine bears testimony of students and faculty of SOET. As a philosophy of SOET, Students and faculty are always encouraged to bring out their talents and knowledge beyond the scope of curriculum and pedagogy. The significant facets of the school magazine are the contribution of the ongoing batch of the students, alums and faculty under the label of literary articles, technical articles, ongoing trends, technology and events. We believe each student of SOET is blessed with unique capability and novel thought process. This is evidenced as they portrayed their skill and ideas in the domain, they have chosen for themselves.

We would like to thank the leadership and faculty for all the help and support. Lastly, we would like to profusely thank all the students and faculty members for their brilliant and knowledgeable contribution. Reading through them was an enthralling experience. It is such a good experience of sharing knowledge amongst the readers which makes this magazine possible each quarter.

We wish safe and healthy times ahead while you enjoy reading the digital version of the school magazine-PRISM.

Happy Reading

PRISM- Editorial Team

School of Engineering and Technology

K R Mangalam University

FROM THE CHANCELLOR'S DESK

The School of Engineering and Technology of K R Mangalam University has come a long way and we have achieved a great deal. Essentially, we have succeeded in redefining education in so many productive ways. Our pedagogy relies far less on mechanical learning blackboard based learning. Instead it is far more attuned towards 'hands on' project based learning. We boast as Distinguished Professor's some of the leading experts from the corporate and knowledge world. Our board of governors boasts leading and highly respected experts from across the world in finance, IT, design, management and industry in addition to acknowledged academics. All in all, the most important test of our progress is the air of vibrancy, energy and creativity that we have generated in our students and faculty. I thus congratulate, through this message, the entire School of Engineering and Technology family for having taken the school forward so effectively.

Prof. Dinesh Singh

Chancellor

K R MANGALAM UNIVERSITY

FROM THE VICE CHANCELLOR'S DESK

First of all, let me thank and congratulate the editorial team for successfully producing yet another edition of PRISM. PRISM is an appreciative idea where for both faculty and students to express their creativity and talents. I am glad to announce that PRISM is now in its third successive edition of production. It is firmly on its way to becoming a proud KRMU tradition. PRISM is a superb platform for faculty and students to manifest their academic, research and creative skills. It is also an endearing memento of the time spent in School of Engineering and Technology by our outgoing students. It is a document and tribute to the inspiration you have received from your teachers, and challenges you have dealt with in your quest for knowledge, learning and the acquisition of life skills. I am certain that the education you – as our batch of graduating students – have received at KRMU will prepare you to respond with strength and forbearance in the face of new tasks that you will encounter ahead. I wish you great success for all your future plans and careers! I am, once again, truly delighted to see PRISM go into production. It is a significant testimony to the supervision and support that students have received from their mentoring faculty. It is both the excellent guidance of our faculty as well as the creative talents of our students that make this volume an engaging and commendable success!

Prof. (Dr.) Chandra Shekhar Dubey

Vice Chancellor

K R MANGALAM UNIVERSITY

FROM THE PRO VICE CHANCELLOR'S DESK

It gives me immense pleasure to see the brightness and confidence in our students of School of Engineering and Technology of KRMU. With the new tagline Empowering the Youth; Empowering the Nation, students are getting freedom to explore, create and innovate. The students of SOET are so good with their innovation and hands-on skill that makes them ready for startups and entrepreneurship. The objective of the SOET is to empower students to choose the right path in life. The PRISM has been a platform for young minds to artistically express their ideas and perceptions. The magazine has continuously worked for evincing writing talents of students and faculty members. I take this opportunity to congratulate the Editorial Team and contributors of PRISM with the hope that it continues to ignite the literary sparks of young scholars.

I wish you all success!

Prof. (Dr.) Pushplata Tripathi

Pro-Vice Chancellor

K R MANGALAM UNIVERSITY

FROM THE DEAN'S DESK

It is my pleasure to pen down a message for this edition of Prism Magazine being published by School, of Engineering & Technology on a quarterly basis.

Prism serves as a platform for students & faculty to share their technical & literary articles, achievements, and school activities. Prism enables our students to share their thoughts and express themselves. It also enables our stakeholders particularly our alumni to connect with us and share their thoughts and achievements.

On behalf of the school, I wish to congratulate the editing team of Prism magazine for their efforts to release the quarter III edition for July 2022 to Sep 2022.

Dr. Pankaj Agarwal

Dean, School of Engineering & Technology

K.R Mangalam University

ABOUT THE UNIVERSITY

K.R. Mangalam University located at Sohna Road, Gurugram is the fastest growing and most promising upcoming University in India. The green and pollution free environment, world class infrastructure, advanced and comfortable learning environment, health and fitness activities, charming hangouts and safe campus are some of the special features of KRMU. The well qualified and experienced faculty members from prestigious institutions, eminent academic leaders and the highly professional management give the best to the students to groom them to be academically excellent, professionally skillful and socially responsible individuals. The University gives a perfect balance between curricular and co-curricular activities providing highly creative and innovative platform for the students to enrich their personality. Various activities like industry visit, internships, guest lectures, workshops, social services, and medical camps are some of the regular activities of the campus. Celebrations, festivals, various cultural programs add flavor to the campus life. Students get a lot of opportunities for inter and intra university competitions, and also to organize and participate in national and international conferences, seminars, and workshops. K.R. Mangalam University offers degree programs comparable to the best in the world. It offers innovative courses in: B.A. Honors (English, Economics, Historical Studies/ Psychology) with specialization in Digital Humanities, B.A. Honors (Digital Humanities), B.Sc. Honors (Innovation, IT and Entrepreneurship), B.Tech. in Digital Humanities, and B.Tech. in Innovation, IT and Entrepreneurship. KRMU aims to transform lives through knowledge, collaboration and partnership, creates niche of innovation, entrepreneurship and creativity, nurtures and rewards skills and talents, and undertakes world class research of high impact on society.

SUCCESS STORY OF ALUMNI

SCHOOL OF ENGINEERING AND TECHNOLOGY organized a session with Alums for first year students on 29th August 2022 at A213, A block, K R Mangalam University.

Coming back to a place that shaped the trajectory of one's own life is a priceless and unexplainable experience. Meeting old friends who traveled in different directions and sharing the life experiences with them, and guiding others make this coming back an unforgettable event. Alumni Meet was organized in the School of Engineering and Technology on date 29 August 2022 in A Block-Room no. 213, at K R Mangalam University Campus.

It was a reunion of alumni coming from different states of India and Local as well as students, faculty, and staff members at the K R Mangalam University Campus, Sohna Road, Gurgaon. The alumni meet was conducted to reconnect with the alumni and share their success and various achievements with the fresh and recent batches.

As alumni know the quality and value of their experience with K R Mangalam University and can share its outcomes and impacts on their learning goals. By telling alumni success stories we can also endorse SOET programs, build credibility and instill trust in the KR Mangalam organization. These powerful stories can convert the prospective of the students in a way that other marketing efforts cannot.

The Alumni reached the university by 10.30 a.m., and they were received by the event organizing team. The refreshment was arranged for them on arrival. After refreshment, they were taken on a campus tour where they revisited the familiar places where they had studied and were shown the various developments that had taken place since then.

The Alumni Meet started with a warm welcome note by 3rd Year, B tech CSE. The hosts of the event invited the dignitaries to occupy the dais. To start the occasion on an auspicious note, Dr. Pankaj Agarwal, Dean SOET, K R Mangalam University preceded to the dais for the introduction of alumni, accompanied by Dr. Vineet Dahiya, Dr. Jarnail Singh, Dr. Kaushal Kumar, and Ms. Monika Khatkar other dignitaries on the dais.

Thereafter, the event was followed by a Preamble of the Alumni Meet by Ms. Monika Khatkar Assistant Professor, Department of Computer Science & Engineering as well as Alumni Meet Coordinator. She started her talk by highlighting various achievements of our Alumni. She also shared the aims and objectives of the Alumni Association Cell. She shared her views on the various prominent Alumni visits and interactions they have had in the department over the past years. Also, she focused her view on the Alumni contribution to the department in terms of Training, Placement, Consultation, and Mentoring of our current batch of students for progress and achievements.

Er. Daksh Mehta alumnus currently working as Technical Resourcer (Disney), who has also cracked 14 companies' interviews shared his valuable experiences, and feedback and advised the youngsters. He highlighted the role of engineering for startups and entrepreneurship in our country. He listed different primary requirements for the establishment of a startup model and different skills of presentations, during an interview, group discussion, etc.

He also said that every teacher waits for this proud moment to see his pupils shine & progress all over the globe. He was amazed to see that even after going far for so many years; these alumni still love their motherland and their institute.

Further another alumnus Ms. Divisha Jain, working with GroupM shared her life experiences at the K.R Mangalam University campus. They both entertained the students by sharing the campus stories, how to develop soft skills etc. Furthermore, a questionnaire session was scheduled for improving soft skills and interactions and networking between our pass-out and recent batches. More than 200 freshers were present and actively participated in the questionnaire session. Both alumni motivated the fresher in the best possible way. Everyone participated in this event with utmost enthusiasm.

Dr. Jarnail Singh and Ms. Monika Khatkar also expressed their happiness and proud feeling in their presidential speech. They also told that such alumni meetings should be arranged every year so new bonds, linkages, and feelings of happy get-togetherness can be achieved.

The time came for a most awaited moment was alumni felicitation by hands of Hon'ble Dean SOET sir. Each Alumnus was felicitated by Memento & Token of appreciation. After the Inauguration of Alumni Meet, the next session of introduction and sharing their journey of success and one-to-one interaction with each alumnus started. It was a very proud moment to hear about their journey of success & hard work, the feelings of respect towards their home university & staff were also reflected at the time.

Then after lunchtime, the student's interaction session with alumni went for an hour of time. Alumni gave valuable guidance on training, and placement & also guided students on, how to make a CV strong to meet the need of the time & market. Next, the session was the interaction of alumni with the department. On this occasion, Ms. Monika Khatkar discussed important issues of matter like placement opportunities, networking, linkages, collaboration, consultation, mentorship programs, training programs, skill development programs, etc. At this time all alumni promised to help the department and the university in all possible ways. The meet saw the Alumni retracing their memory lines by taking a stroll around the campus.

Our Pride Alumni

Er. Divisha
Pass out Batch-2022
B. Tech- working at a Data Analyst at GroupM

*We congratulate her for her achievements and wish all the best for her future endeavors.
 Let's know his journey in his own words.....*

First of all I would like to thank my college, KR Mangalam University, School of Engineering and technology, Gurgaon- for giving me this opportunity to share my success story. Uptill now I have not achieved my desired destination, so dont cosider it as my success story, but you can take it as my journey so far.

Before starting my story I would like to quote one sentence, of my inspiration Shri Swami Vivekananda"

*"Take up one idea. Make that one idea your life—think of it, dream of it, live on that idea. Let the brain, muscles, nerves, every part of your body, be full of that idea, and just leave every other idea alone. This is the way to success." **

If we all take this as a Gurumantra definitely we will got success.

Hello everyone, myself Mr. Daksh Mehta, Technical Resource Disney!

I remember the day from when, the journey started, and today I feel very excited to share my story with you all, how unsuccessful events made me successful. Before going to the path and journey of success I just wants to tell all of you, whatever success you will achieve in your life, always remember your past, remember your family, teachers, friends everyone who knowingly or unknowingly contributed in your success.

"There are no limits to what you can accomplish, Except those limits you place on your own thinking" so " *Think Big, be Big* ".

Yes, everyone in life get best chance and I got same to make it golden chance .

Same as many of you I also belong to common man family. In June, 2016 I passed my 10+2 exam., then I got admission for computer Engineering

branch in KRM university, where I had great teachers, college as good family. And here my journey started and today I am thank full to all my cooperative and supportive teachers, staff and my helpfull batchmates of such a good institute.

You don't have to be great to start but you have to start to be great.

After finishing degree as usual, I also had big question what is next? but I was knowing one thing I have good degree from good college and for which I was waiting. That day came , I packed my bags as my placement done in in several companies via campus. Here are the way starting to earn money , as our faculties each and every time in college lectures, or personally guided me to focus on my carrier ..And that view also in my mind each and every time ,finally after many failures and learnings finally sateled in facebook, today as i am a technical resourcer at Disney, that credit also goes to my god, parents, family

The Editor's Desk

Welcome to Reflections 2018, the annual Magazine of K.R. Mangalam University Gurugram. Curtain falls on yet another eventful year, here at KRMI. A time for us to reflect, work on our shortcomings and humble ourselves for all our successes. Reflections 2018 aims at reaching the members; gives an insight into the range and scope of the imagination and creativity of our students and faculty members.

Putting a magazine together was no cake walk. I along with my editorial team members have put in a lot of hardwork to make this magazine stand out. So here you have Reflection 2018, the long-awaited magazine of KRMI for the year 2017-2018. The name of the magazine, Reflections means 'a manifestation of the campus life during 2017-'18'. This magazine gives an insight into the KRMI campus life, their literary skills and talents - a platform that exhibits the students in the form of thoughtful articles, eye-opening short stories, mind-blowing artistic expressions and thought provoking poems. Reflections 2018, presents the hard work, dedication and contributions of students and teachers. I would like to thank all my editorial team members for helping me pull this through. I express my considerable appreciation to all the authors of the articles in this magazine. These contributions have required a generous amount of time and effort. It is this willingness to share knowledge, concerns and special insights with fellow beings that has made this magazine possible. Thank you all!! We welcome your feedback and will see you again in the even semester of 2019.

Editorial Team

Registrar

K.R. Mangalam University

I am quite pleased to learn about the forthcoming issue of the K.R. Mangalam University magazine *Reflections* 2018. Like *Reflections* 2017, the magazine must be reflecting the campus life at KRMU with more focus on the creative talents and skills of the students as well as faculty members. I am sure this creative endeavor will bring out an array of artistic and scientific expressions with distinct individual signatures. I do appreciate and applaud the editorial team for their successful completion of this tedious yet exciting task of putting together the myriad thoughts and dreams of our students and faculty into a meaningful and delightful visual fest called *Reflections* 2018.

Nurturing creativity and inspiring innovation are two of the key elements of a successful education, and a college magazine is the perfect amalgamation of both. It harnesses the creative energies of the academic community, and distills the essence of their inspired imagination in the most brilliant way possible. Hence, I am delighted to know that KRMU annual college magazine *Reflections* 2018 is ready for publication. I take this opportunity to congratulate the editorial board for bringing out this magazine as per schedule, which in itself is an achievement considering the effort and time required. May all our students soar high and bring glory to the world and their profession with the wings of education!!!

All the Best!!

Vice Chancellor's Message

It is my pleasure and privilege to congratulate the editorial board for second edition of the University Annual Magazine Reflections 2018. The successful release and appreciations received for Reflections 2017 ensured that the annual magazine of the KRMU has proved itself.

In my message for Reflections-2017, I said, "...publishing a University Magazine of this sort provides a powerful platform for expression, display of skills and creativity by the students and faculty." The growth in number of articles received for Reflection 2018 has confirmed this and the students/faculty have unleashed their creativity & skills, which is always a joy to read.

the Reflections 2018 will an excellent document which will be a cherished possession for the graduating students and the K.R. Mangalam University. I wish Good Luck to all the students who are graduating this year.

I am happy to learn that the students under the supervision of the faculty have tried their level best to make the second issue of the University magazine innovative, inspiring and interesting reading. I congratulate the team of students and the faculty members for bringing out Reflections 2018 as a beautiful creative work.

Reflections 2018 is going to be yet another milestone in the curricular and co-curricular activities of the university and will enhance the image of university.

Messages

Today we are celebrating your hard work that you all have done in the past few years. Foundation has been laid for the upcoming events of your life. Much has been done but much more remains to be done. Keep thinking and keep moving. Create your own destiny of your choice. Work hard with discipline, dedication and devotion and you will be rewarded. Achieve your goal by giving your 100%. Enjoy life and always follow your heart.

We hope you will try to stay connected with KRMU as your career and life expand. We all are proud of you!! Best wishes for your personal and professional life ahead.

Dr. Sandeep Chhibb
Registrar

Success is mostly about hard work and perseverance. "Hard work never kills a man, so outwork everyone." Brains and intelligence are important, but persistence in the face of hardship is what gets the job done. You all need to focus on your studies. Focus is incredibly important, as it is only when you delve deep into a subject that new ideas will spring to mind and new insights will be gained. You are committed, compassionate, and well-prepared.

Dr. Ranjit Varma
Dean, Academics

School of Medical and Allied sciences has found that youth going to gym are taking Protein supplements adulterated with Steroids for body building. It can cause lot of adverse effects like kidney, liver damage, ulcer in stomach, acne, hair loss, hypertension, decreased libido and sexual problems. Please create awareness among the youth so that they take lot of natural foods like sprouts, pulses, meat, eggs for body building and avoid protein supplements
Stay Healthy Stay Fit

Prof. (Dr.) Arun Garg
Dean, School of Medical & Allied Sciences

Present times in our country are fascinating. To me India is a land of innumerable opportunities. No nation has the vast opportunities as India has. Today there are numerous reasons for millions of youth, irrespective of their socio-economic status, caste, class, and gender to dream for beautiful and better tomorrow and work towards achieving that dream.

"This is the time to decide your future — while you possess the energy of youth, not when you are worn out and jaded, but in the freshness and vigour of youth. Work — this is the time; for the freshest, the untouched and unshelled flowers alone are to be laid at the feet of the Lord, and such He receives. Rouse yourselves, therefore, for life is short." Swami Vivekananda

Prof. (Dr.) Arti Koul Kachroo
Dean, School of Education

Prof

Registrar
K.R. Mangalam University
Sohad Road, Gurugram (Haryana)

The present youth – the new generation is with abundance of knowledge, and full of energy, talents and creativity; but how, when and where to apply their talents and knowledge effectively demands two qualities: presence of mind and a sense of responsibility. Life is worth living. You should have the power to save yourself. Stop blaming others for your problems; keep positive attitude, find the strength within you and live your life confidently. Be responsible for yourself, for your life, for who you are, and who you want to be. None other than you is responsible for what you make your life to be. Make each day alive by doing something worthy and proud of. Be yourself a hero and love the life you live, and live the life you love.

Prof. (Dr.) Omana Antony
Dean, SOHS, SJMC & SOED

We are in the best of our times as we have access to technological advances but in this age of mechanization, young generation is not involved in any kind of physical activity or sports. It is high time that they should participate in sports, yoga and other such outdoor activities to stay resilient, hale and hearty physically and mentally.

Today Indian youth wants to follow west blindly. It is good to follow west in technological and scientific endeavors and pursuits. We Indians are known for traditions, values, food and culture all over the world. Future generations must value this uniqueness, warmth, traditions, compassion which the whole world admire us for and help keep the legacy and inspiration going on. Just do what you love doing. Follow your bliss. Wishing you all the best in life.

Dr. Meena Bhandari
Dean, School of Basic & Applied Sciences

Be creative and dare to think beyond the conventional. Do not be afraid to challenge the widely held traditional belief which passes off as collective wisdom. You can be the catalyst, the change agent, only if you become the change you want to bring about. Let morality and ethics be your guiding force, the shining light. Above all, have fun, plenty of fun – responsibly.

Prof. (Dr.) Vijay Anand Dubey
Dean, School of Management & Commerce

"In architecture you should live for 150 years, because you have to learn in the first 75 years."

----- Ar. Renzo Piano

Architecture often considered as mother of all arts is also challenging at the same time. The creation of architecture requires passion, intelligence and skill. Our mission is to prepare students to become leaders in this most complex of all the professional arts - the discipline of architecture.

Prof. Indrani Ghoshal Basu
Dean, School of Architecture & Planning

Dear class of 2013-18, this is a proud moment for all of your professors and teachers at School of Law and the University as you are the first law batch to pass from the University. Let this degree be your stepping stone to a wonderful life ahead. Be dedicated and honest towards your profession and the legal community. Believe in yourself and all your dreams will come true!

We are all hopeful that your future actions and achievements will bring happiness and hope in other's lives. Try to be righteous, have a positive attitude and stand for those who cannot for themselves. On behalf of the University and my colleagues, I bid you farewell and wish you all the luck for your future. May you all achieve success with hard work, perseverance and devotion.

*Dr. Som Dutt Bhardwaj
Dean, School of Law*

At the K.R. Mangalam, School of Engineering & Technology, we know the power engineering has to change lives. First, there is the impact that engineers have on the world around them. Engineers are born problem solvers. Our goal at the K.R. Mangalam- School of Engineering & Technology is to enable as much of this positive change as possible – the impact engineers can have on society and the impact engineering can have on the individual.

That's why we've launched our Engineer Change initiative. We are focused on setting new standards of excellence in each of four areas:

- * Research that targets today's greatest societal challenges
 - * Education that empowers students to become future change agents
 - * Access for the many to succeed in engineering careers
 - * Entrepreneurship that helps bring great ideas to market
- Our true objective lies beyond the lab and the text book.

*Prof. (Dr.) R. K. Pandey
Dean-School Of Engineering & Technology.*

Reflections 2019

KRMU ANNUAL MAGAZINE

K.R. Mangalam University
Sohna Road, Gurugram (Haryana)

ABOUT UNIVERSITY

K.R. Mangalam University located at Sohna Road, Gurugram is the fastest growing and most promising upcoming University in India. The green and pollution free environment, world class infrastructure, advanced and comfortable learning environment, health and fitness activities, charming hangouts and safe campus are some of the special features of KRMU. The well qualified and experienced faculty members from prestigious institutions, eminent academic leaders and the highly professional management give the best to the students to groom them to be academically excellent, professionally skilful and socially responsible individuals. The University gives a perfect balance between curricular and co-curricular activities providing highly creative and innovative platform for the students to enrich their personality. Various activities like industry visit, internships, guest lectures, workshops, social services, and medical camps are some of the regular activities of the campus. Celebrations, festivals, various cultural programmes add flavour to the campus life. Students get a lot of opportunities for inter and intra university competitions, and also to organize and participate in national and international conferences, seminars, and workshops.

K.R. Mangalam University offers degree programmes comparable to the best in the world. It offers innovative courses in: B.A. Honours (English, Economics, Historical Studies/ Psychology) with specialization in Digital Humanities, B.A. Honours (Digital Humanities), B.Sc. Honours (Innovation, IT and Entrepreneurship), B.Tech. in Digital Humanities, and B.Tech. in Innovation, IT and Entrepreneurship. It is an Institute that transforms lives through knowledge, collaboration and partnership, creates niche of innovation, entrepreneurship and creativity, nurtures and rewards skills and talents, and undertakes world class research of high impact on society.

From the Editor's Desk

With immense pleasure and pride, we bring forth the third edition of Reflections 2019. It is an annual magazine which bears testimony to the creative instincts of the students at K.R. Mangalam University. It is the platform to highlight the literary and artistic talents of the KRMU student community. It has always been the philosophy of KRMU to bring out the all-round development in a student beyond the confines of curriculum and pedagogy. One of the interesting facets of this magazine is the contributions of students and faculty members on diverse themes under the sections Imagination, Impressions and Expressions.

We, at KRMU, believe that each student has a unique capability for an intuitive creative voice. The team has put its best efforts to respect and understand the subjective expressions of the students and faculty members.

We would like to thank the Leadership and Faculty for all the help and support. Lastly, we would like to profusely thank all the students for their brilliant contributions. Reading through the contributions of the students and faculty members was an enthralling experience. It is their creativity that has made this magazine possible.

Lettura Felice

From Vice Chancellor's Desk

First of all, let me thank and congratulate the editorial team consisting of faculty and students for successfully producing yet another edition of Reflections. Reflections was initiated during my predecessor's tenure as a platform for both faculty and students to express their creativity and talents. I am glad to announce that Reflections is now in its third successive year of production. It is firmly on its way to becoming a proud KRMU tradition.

Reflections is a superb platform for faculty and students to manifest their creative skills. It is also an endearing memento of the time spent at KRMU by our outgoing students. It is a document and tribute to the inspiration you have received from your teachers, and challenges you have dealt with in your quest for knowledge, learning and the acquisition of life skills. I am certain that the education you – as our batch of graduating students – have received at KRMU will prepare you to respond with strength and forbearance in the face of new tasks that you will encounter ahead. I wish you great success for all your future plans and careers!

I am, once again, truly delighted to see Reflections 2019 go into production. It is a significant testimony to the supervision and support that students have received from their mentoring faculty. It is both the excellent guidance of our faculty as well as the creative talents of our students that make this volume an engaging and commendable success!

Auf Wiedersehen!

Prof. (Dr.) Aditya Malik
Vice Chancellor

Registrar
K.R. Mangalam University
Sohna Road, Gurugram (Haryana)

From Pro Vice Chancellor's Desk

It gives me immense pleasure to see the brightness and confidence in our students at KRMU. With the new tagline Empowering the Youth; Empowering the Nation, students are getting freedom to explore, create and innovate. Our new learning programs merge sciences, humanities and technology with hands-on practice and project-based learning. These programs prepare students for startups and entrepreneurship. We train them to be job providers and offer them all trans-disciplinary learning programs. It is the committed efforts of the leadership and our faculty which has made it possible to bring tremendous change. The objective of this change is to empower our students to choose the right path in life.

The University's annual magazine Reflections has been a platform for young minds to artistically express their ideas and perceptions. The magazine has continuously worked for evincing writing talents of students and faculty members.

I take this opportunity to congratulate the Editorial Team and contributors of Reflections 2019 with the hope that it continues to ignite the literary sparks of young scholars.

I wish you all success!

Paradigm shift in teaching and learning at KRMU

"The Function of Education is to teach one think intensively and to think critically".
Martin Luther King

Education of today's time is to have a holistic perspective which means that our curricula should include and reflect everything from ethos to the environment of hamlets and metropolitans, from present culture to past glory, from theoretical academics to practical skills, from thinking to relaxation, from games and sports to working in the laboratories, from lecturing to teaching through art and drama, from skills of learning to life skills, from monotonous classrooms teachings to vibrant discussions in the corridors and canteens. K.R Mangalam University has the best learning facilities for dynamic and focused discussion. We at K.R.Mangalam University believe that the student is at the heart of learning in the teaching learning process; hence advanced attention is placed on students learning rather, than on teacher's teaching.

Our teaching is organized in a manner so that learners are immersed in experiences within which they may engage in meaning-making inquiry, research, action, imagination, creation, discovery, collaboration, theorizing and personal reflection. We provide a democratic teaching and learning environment that provides meaningful learning experiences for autonomous learners who are free to design their own degree and choose a specialization which suits their interest like BA Hons (English/ Economics/ Historical Studies/ Psychology) with specialization in Digital Humanities. Our teaching and learning crosses the bounds of traditional classroom and focuses on practical and hands on project approach. The University enables a student to apply practical approach towards theoretical knowledge. The university provides enough learning spaces for this to happen.

Our University provides degrees which require interdisciplinary knowledge and are accepted in many parts of the world like Middlesex University. Our innovative degree programs are in tune with the needs of the contemporary society. The distinguished faculty members and the special degree programs are the strengths of this university. KRMU with an objective of redefining education to fit the contemporary needs and challenges established The Institute for Inventions, Innovations and Entrepreneurship (TIIE) which aims to set up and sustain a platform for all knowledge streams and all academic disciplines to grow and gain advantage in a cross-disciplinary environment. Mentored by world's leading scientists, academicians, laureates and corporate leaders TIIE aims to revolutionize the teaching methodology from conventional to hands on practice based learning that bridges the gap between knowledge and skills.

From the Chancellor's Desk

The K. R. Mangalam University has come a long way and we have achieved a great deal. Essentially, we have succeeded in redefining education in so many productive ways. Our pedagogy relies far less on mechanical learning blackboard based learning. Instead it is far more attuned towards 'hands on' project based learning. We have also redefined our assessment methods to make the examination process a means of enabling the student. We have created a culture of innovation, entrepreneurship and creativity. The university has pioneered degree programmes such as in Digital Humanities and in Innovation and IT. We are perhaps the only university in India to be offering such activities like building a Smart Ashram and creating a Smart Village. Our connections with universities such as Middlesex University London and the HRD Ministry's E-Yantra robotics programme have proved very useful.

We are also fortunate to have partnered with the Pranab Mukherjee Foundation for so many creative activities in different ways that have benefitted our students.

We boast as Distinguished Professor's some of the leading experts from the corporate and knowledge world. Our board of governors boasts leading and highly respected experts from across the world in finance, IT, design, management and industry in addition to acknowledged academics.

All in all, the most important test of our progress is the air of vibrancy, energy and creativity that we have generated in our students and faculty.

I thus congratulate, through this message, the entire K.R. Mangalam family for having taken the university forward so effectively.

Prof. Dinesh Singh
Chancellor

From the Vice Chancellor's Desk

Dear Students,

Farewells can be difficult. They are moments in one's life when one has to let go of familiar people and familiar places. For some of you this means completing your studies at KRMU after three years; for others your association with the university has been even longer, perhaps four or five years. Transitioning from a place of study where there is the freedom to explore, to learn, and to establish long-lasting bonds with fellow students to a place of work and career may seem daunting and challenging at first especially in the uncertain times we live in during the pandemic.

However, I want you to know that I personally along with all my colleagues who are your teachers and mentors are confident that you have the capacity to respond successfully to any challenges that you may encounter, and that each one of you shall go on to create a productive and purposeful life for yourself. We are proud of your achievements, accomplishments and willingness to learn and be open to new possibilities!

Reflections is a moving reminder of the time in which our outgoing students have filled the campus with their presence. It is also a wonderful testimony to the creative talent and hard work of our faculty who have acted as superb and capable guides and mentors to our students.

I congratulate the editorial board for rendering yet another beautiful edition of Reflections!

Tschüss und auf Wiedersehen!

Prof. (Dr.) Aditya Malik
Registrar
Vice Chancellor

It gives me immense pleasure to send my very best wishes to the final years students at KRMU. I had interactions with some of them.

I hope that you have all learnt about the subjects of your choice and equipped yourself to face the challenges of life either in further studies or in a career of your choice. Multi-disciplinarity is one of the great strengths of KRMU. The university is characterized by young talented faculty in all disciplines. Several well known experts in different fields are serving as visiting/adjunct faculty. I have found that students also exhibit enthusiasm in learning subjects outside of their normal curriculum in open elective courses.

KRMU is a growing institution with many new ambitious programmes, including international collaborations with reputed institutions abroad.

At present, our country and the entire world is suffering from the corona virus pandemic. Please be very careful and take all precautions, as prescribed by the state and national ministries dealing with it. I wish you all the very best.

Prof. (Dr.) Krishan Lal
C. V. Raman Chair Professor of Physics

This is a great initiative on the part of the students and faculty of KR Mangalam University. A university is a place where the creative life of the students takes shape and expresses itself. The magazine is one of the many forums that KRMU offers to the students and faculty to showcase their talents.

This edition of the magazine is a glowing tribute to the institution's power to shape the destiny of its alumni.

The outgoing batch of students have made outstanding contribution to the corporate life of the university. They have displayed great talent for embarking on their professional life. I was lucky to have met and taught them. I wish them success and happiness in all their future endeavours

Prof. Sumanyu Satpathy
Professor of Eminence, School of Humanities

Congratulations students!! We are proud of the countless hours of study and hard work that you have put into finishing the education at the university. You are the brightest faces of KRMU who are going to make us all proud. We believe in you & your potentials. Enjoy life to the fullest. May your hopes and dreams turn into reality.

Gp. Capt. P Mahajan
Registrar

After all the challenges, successes, and failures which you all encountered during the course of your studies, you have completed this journey with great achievements and good memories. We were tough with you at times, so that we could prepare you for tougher challenges ahead. We acknowledge your accomplishments in academic discourse and other co-curricular and extracurricular activities and the contribution towards the University's upliftment. You are leaving behind a good legacy to be followed by your junior students, thereby helping us in becoming a benchmark institution. The life ahead at the next level is undoubtedly full of tough challenges, but I am sure you would overcome all of them with the antecedents, manners, and energy you have possessed all these years. It's difficult to bid you adieu, but I wish you the best of luck for your days ahead.

Last piece of advice- Stop being complacent about C's. Never give a nod to boring B's, push a little harder every single day to adorn those amazing A's. You will be an alchemist- the agent for change in your professional career, as well as in society.

Prof. Vijay Anand Dubey
Dean Academic Affairs

As even semester is coming to an end, it is time to bid farewell to some of our beloved students who are leaving this University after successful completion of their undergraduate or post graduate degree program. At the time of nationwide lockdown, regrettably we are not even able to give farewell pat to the outgoing batches.

Despite some hard tasks, challenges, happiness, and grief that you have encountered in the entire duration of your stay at the University, you have completed this part of academic journey with great accomplishments and cherished memories. You have accomplished this remarkable milestone in your life with great honor and integrity under the supervision of dedicated teachers who worked relentlessly for your development and overall growth.

We are proud of your accolades, accomplishments in academic, curricular and extracurricular activities over the years. I hope this will go in a long way in shaping of your carriers.

I, along with all faculties from School of Basic and Applied Sciences appreciate the enthusiasm and zeal you have demonstrated towards studies, your exuberance for participation in extracurricular activities, your readiness, and teamwork to execute ideas.

At this point, I want to urge you to be good ambassadors of the University and never allow selfish interest to blemish your integrity and honesty that you have inculcated. Be nice to all and try to help all those people whom you meet on your way up.

I bid you farewell and wish you all the best for your future. May God bless you all!

Thank you very much.

About the University

Spread over a sprawling area of 26 acres, K.R. Mangalam University is located against the magnificent backdrop of Aravalli Hills. The campus is meticulously designed with special emphasis on nature conservation. The modern and updated infrastructure at KRMU offers all the facilities and resources that are required to provide the learners with a conducive learning environment. The University infrastructure includes the spacious campus building, state-of-the-art classrooms, well-equipped laboratories, latest equipment, and other amenities that aid in enhancing the students' overall learning experience.

Established in 2013 KRMU has been implementing and adapting the ever-changing industry trends to be germane. At KRMU, we provide its students with the opportunity to excel in academics and in activities that make them global leaders altogether.

We have created a mission-driven system for transforming large numbers of highly talented faculty with specializations in diverse areas (both interdisciplinary and trans disciplinary areas) with more autonomy and awards for productivity in terms of pedagogy, skill enhancement, research, and mentoring for creativity and innovation.

Our program structures have been carefully tailored with the reverse engineering from database of high salary jobs adding newer soft skills, coding/programming and experiential learnings along with the career paths for each student based on their STEM (Science Technology Engineering & Math) or STEAM and Arts, Commerce and Management for placements with high salaried jobs and the upcoming 4th Industrial Revolution the advent of "cyber-physical systems" involving entirely new capabilities for people and machines.

The curriculum is also updated based on Values framework of NAAC (National Accreditation and Assessment Council) i.e., (1) Contributing to National Development, (2) Fostering National Global Competencies, (3) Inculturating a Value System, (4) Promoting the Use of Technology and (5) quest of excellence among Students.

We have adopted and provided important inputs from National Education Policy 2020, fundamentals and applications of Data Analytics, Artificial intelligence, Machine learning and more emphasis on Sustainable Development Goals (SDGs) and environment social Governance (ESG) at Pan University level so that we build a resilient future for the welfare of humanity and planet Earth.

We have adopted 5 villages of the Gurugram district – Ghamroj, Garhi Bazidpur, Berka, Lakhnuwas, Kharoda with duly signed MOU with District Commissioner, Gurugram for basic services in villages of district Gurugram, As per of adoption of nearby villages we inculcate social, ethical, and cultural values specially to take up programs Post COVID 19 affected villagers for education, Health, Hygiene, Nutrition, providing experiential learning and real time live-in-the-lab projects for students and faculty for building resilient smart villages.

Employability is being enhanced by pedagogical evaluation cross cultural programs, International Exchange Student Programs, Global Education/Knowledge, Global Scoring Systems, Corporate Alliances, Mentoring by Alumni, Dedicated Career Management Center and entrepreneurship program through Innovation Ecosystem. As part of above we have signed 55 MOUs with various National and International Universities, Industries, NGO for Research, Academic Development, Training, Placement, Projects, etc.

Currently, the university is extensively working on in areas of Research & Publication, the faculty members have submitted 462 publications, 29 projects in SERB, DST, ICSSR, BIRAC, ICMR, MNRE, MEITY, DBT, CNPQ under various schemes, organized 44 FDP and Conferences during the current year.

From Editor's Desk

With immense pleasure and pride, we bring forth the fifth edition of Reflections 2022. It is an annual magazine which bears testimony to the creative instincts of the students at K.R. Mangalam University. It is the platform to highlight the literary and artistic talents of the KRMU student community. It has always been the philosophy of KRMU to bring out the all-round development in a student beyond the confines of curriculum and pedagogy. One of the interesting facets of this magazine is the contributions of students and faculty members on diverse themes under the sections Imagination, Impressions and Expressions. We, at KRMU, believe that each student has a unique capability for an intuitive creative voice. The team has put its best efforts to respect and understand the subjective expressions of the students and faculty members. We would like to thank the Leadership and Faculty for all the help and support. Lastly, we would like to profusely thank all the faculties and students for their brilliant contributions. Reading through the contributions of the students and faculty members was an enthralling experience. It is their creativity that has made this magazine possible.

Message from the Honourable Chancellor

Prof. Dinesh Singh
Chancellor

The K. R. Mangalam University has come a long way and we have achieved a great deal. Essentially, we have succeeded in redefining education in so many productive ways. Our pedagogy relies far less on mechanical learning blackboard based learning. Instead it is far more attuned towards 'hands on' project based learning. We have also redefined our assessment methods to make the examination process a means of enabling the student. We have created a culture of innovation, entrepreneurship and creativity. The university has pioneered degree programmes such as in Digital Humanities and in Innovation and IT. We are perhaps the only university in India to be offering such activities like building a Smart Ashram and creating a Smart Village.

Our connections with universities such as Middlesex University London and the HRD Ministry's E-Yantra robotics programme have proved very useful. We are also fortunate to have partnered with the Pranab Mukherjee Foundation for so many creative activities in different ways that have benefitted our students. We boast as Distinguished Professor's some of the leading experts from the corporate and knowledge world. Our board of governors boasts leading and highly respected experts from across the world in finance, IT, design, management and industry in addition to acknowledged academics. All in all, the most important test of our progress is the air of vibrancy, energy and creativity that we have generated in our students and faculty. I thus congratulate, through this message, the entire K.R. Mangalam family for having taken the university forward so effectively.

National Moot Court Competition K.R. MANGALAM UNIVERSITY

School of Legal Studies, K.R. Mangalam University organized an Inter-University Moot Court Competition 2022 on surrogate laws in India from 28th to 30th November 2022. Various teams participated in this competition from various law colleges. The event began with the inaugural session. The judges were briefed about the moot proposition followed by the commencement of the prelim rounds where teams competed with zeal and enthusiasm. The Best Moot award was grabbed by Mr. Timothy from K.R. MANGALAM UNIVERSITY and the Best Researcher award was grabbed by Mr. Arjun from GD Goenka University. Mr. Preeti Bhardwaj Dahi, Vice-Chancellor of the Haryana state women commission gave away the prizes to the teams and encouraged all the participating teams for their great performance in the 2-day event. The event ended with a vote of thanks by the school coordinator.

From Editor's Desk

Our magazine 'Reflection' seeks to create a vibrant platform that mirrors the diverse tapestry of our campus community. We believe that in embracing diversity, we can nurture an environment that encourages dialogue, challenges preconceptions, and opens doors to new possibilities. Our editorial team is enthusiastic about featuring articles, stories, and artwork by the students of KRMU as well as the faculties that reflect the voices of all individuals, regardless of their backgrounds, beliefs, or experiences. By embracing diversity and inclusion, we endeavor to create a magazine that rightly represents the essence of our college community.

At the heart of our magazine lies the desire to provoke thought and ignite intellectual discourse. We aim to present articles that delve into the pressing issues of our time, stimulate critical thinking, and inspire readers to engage in meaningful conversations. Whether it's exploring societal inequalities, discussing technological advancements, or analyzing cultural phenomena, our magazine will serve as a catalyst for contemplation and dialogue. Through these thought-provoking pieces, we hope to inspire readers to question the world around them and seek solutions that lead to positive changes.

Here in KRMU, through amplifying student voices, and adapting to the digital age, we strive to create a magazine that is both reflective of our times and inspiring to our readers.

The efforts and creativity of both students and faculties of KRMU have resulted in the successful culmination of this venture. With this editorial, we invite all of you to join us as we explore, shape and celebrate our intellectual landscape through this 'Reflection'. Together, let us embark on a journey of exploration, growth, and enlightenment.

Message from the Honourable Vice-Chancellor

Prof. (Dr.) Chandra Shekhar Dubey
Vice-Chancellor

I hope this message finds you in good health and high spirits. As we embark on another academic year filled with promise and possibilities. First and foremost, I would like to express my sincere gratitude to our dedicated faculty and staff members for their unwavering commitment to excellence in education.

I am also proud of our exceptional students who continue to inspire us with their intellectual curiosity and drive for success. Your relentless pursuit of knowledge is the driving force behind our institution's progress. In this issue, I would like to shed light on a topic of great significance to our academic community—the National Education Policy (NEP, 2020). The NEP (2020) encourages universities like ours to embrace flexible and multidisciplinary learning, promoting the integration of different fields of knowledge. It paves the way for inter-disciplinary research and collaborations, breaking the traditional boundaries and fostering a culture of innovation.

One of the key aspects of the NEP is its emphasis on experiential and practical learning and create Leaders for Future innovations and entrepreneurship.

I encourage each one of you to embrace the opportunities in present through your learning and focus upon Critical thinking at KRMU's focus on jobs related to 4th Industrial Revolution and achieve sustainable Development Goals for Future of India. Let us work together to create a dynamic learning environment that nurtures innovation, fosters creativity, and prepares our students to become global leaders.

I invite all of you to actively participate in the various programs, workshops, and initiatives that our university will be organizing throughout the year. We are creating a habit in our students to publish research at UG and PG levels. These initiatives are designed to empower you, expand your horizons, and provide you with a platform to showcase your talents and ideas. I am confident that with our collective efforts, we will continue to raise the bar of excellence in education and contribute to the progress and development of our nation.

Wishing you a fulfilling and successful academic year ahead!
