

HEI Appeal

Criterion V: Student Support and Progression

Metric ID 5.1.3- Following capacity development and skills enhancement initiatives are organized for improving students' capability

- Soft skills
- Language and communication skills
- Life skills (Yoga, physical fitness, health and hygiene, self-employment and entrepreneurial skills)
- Awareness of trends in technology

Subject: Appeal for Reconsideration of Revised Value for Metric 5.1.3

Respected Members of the NAAC Appeal Committee,

HEI respectfully submits this appeal for **Metric 5.1.3** related to **capacity development and skill enhancement initiatives**. We are writing to bring to your attention an issue regarding the evaluation of Metric 5.1.3 in the Re-DVV process for our institution. HEI humbly requests the DVV to kindly reconsider the assessment for Metric 5.1.3, where the input has been reduced to "**Any One of the Above from All of the Above.**"

Deviation Details and HEI Response (Remark):

As per the documents provided by HEI and seminars, workshops, guest lectures, days of celebration should not be considered in this metric, and programs should be conducted periodically to consider in this metric, thus proper proof for option 2 is provided, thus DVV input is recommended.

In our Self-Study Report (SSR), the HEI submitted data in support of **Grade 'A' (All of the above initiatives conducted)**. During the DVV and Re-DVV phase, the recommended HEI input was considered for **Grade 'B' (Any three of the above)**. However, on **26 May 2025**, the portal now reflects **Grade 'D'**, without intimating the HEI.

NAAC SOP states that programs should be conducted periodically during the assessment period, and we confirm that all our initiatives—including seminars, workshops, guest lectures, and day celebrations—were conducted periodically. As the SOP does not mention that initiatives taken under metric 5.1.3 shall not include

seminars, workshops, guest lectures, and day celebrations, we request that our submissions be accepted, and points awarded accordingly.

We respectfully wish to bring to your kind attention that the HEI has submitted valid and comprehensive evidence for **all the capacity development and skill enhancement activities**, as per NAAC guidelines, conducted during the assessment period from **2018–19 to 2022–23**.

In light of this, we sincerely request your kind reconsideration of our originally submitted input of **Grade 'A' (All of the above)**.
