

Report on
2nd Legal Aid and Financial Awareness Camp
26 February, 2020

2nd Legal Aid and Financial Awareness camp was organized in SohnaDhani by the students of 6th semester of L.L.B (H). 15 students visited the village and interacted with 24 villagers, mainly women. It is an integrated project where students are working on the subject of Legal Aid and Financial awareness.

It was a wonderful experience of all the students where students interacted with the people of SohnaDhani and conducted a survey on them about what is the legal knowledge of people on free legal aid and other government schemes that are being implemented by the Government of India to improve the structure of the present rural area.

Through the survey conducted by the students they made the people aware about their rights as the citizen of the country and also as to how can they tackle the situation in case of any legal problems.

Further the people of SohnaDhani also asked the students to organize a legal aid camp so, that they can easily come up with their problems and get them solved.

Overall the experience was a very learning and empowering one. The students also got to learn a lot about the people of rural areas and the problems being faced by them, and the students also learned about a lot of government schemes that the people there were aware of and the students weren't aware of.
