Introduction:

On 21st December, School of Hotel Management Catering technology organized an extension activity, in collaboration with NSS, at Garhi Bazidpur village for its residents. It's a known fact that hygiene is very crucial for all Human Beings. Healthy habits covered in the definition of hygiene consists of bathing, taking care of the mouth by cleaning it daily, protecting skin from the sunrays, and washing hands before touching and consuming food, etc. are included. We must keep the importance of hygiene in our mind as it is a vital quality of the human community. Focusing on the importance of hygiene is one of the most straightforward measures to eliminate numerous types of diseases and infections, keeping that in mind villagers were trained since last four sessions to follow various hygiene practices.

In the fifth session of this activity students did a final check of the kitchens of the houses and of the school and gave a few tips to the villagers for further usage. It was also observed by faculty coordinator and feedback was provided to villagers.

Village people were thankful and gave a positive feedback on all the sessions. It team building activity for students of SOHMCT.
