Event Description:

School of Engineering and Technology, K. R. Mangalam University, Gurugram organized a one-day awareness session for Govt. Sr. Sec. School, Ghamroj (Girls) on May 10, 2023 where students from under-graduate and post-graduate streams visited the school along with faculty, Ms. Tanu Gupta. The visit proved to be fruitful as students showed their presentations to them that covered a wide range of topics, including types of cybercrime, common attack vectors, ethical hacking methodologies, and legal considerations.

To enhance participant engagement, Q&A sessions were also organized so that participants had the opportunity to clarify their doubts and gain practical insights into cybersecurity practices. Real-life case studies were also presented to illustrate the consequences of cybercrime and the importance of ethical hacking. These case studies helped participants understand the significance of proactive security measures and the role of ethical hackers in preventing cyber threats.

Outcome:

a) Increased Awareness: The program successfully raised awareness about the risks associated with cybercrime and the need for proactive cyber security measures. Participants gained a better understanding of the evolving cyber threat landscape and the potential consequences of inadequate security measures.

b) Knowledge Enhancement: The program equipped participants with knowledge about ethical hacking principles and practices. They learned about different hacking techniques, vulnerability identification, and the importance of continuous monitoring and security testing.

c) Responsible Digital Behavior: Participants developed a sense of responsibility towards their online activities. They understood the significance of ethical behavior and the impact of their actions on personal privacy, organizational security, and the overall digital ecosystem.

d) Networking and Collaboration: The program facilitated networking opportunities among
