### Visit to local area, Ghamroj Village, Haryana

The students visited the Water body at Ghamroj Village and gave possible solutions to revitalise the area through various interventions. They did the survey of polluted waterbody where they found the main cause of pollution of waterbody is the contaminated water which is discarded by villagers from their homes and the pollutants like plastics threw by villagers. They came face to face with the village area and interacted with the people around. The faculty members discussed about the possible solutions to remove the contaminants from waterbody and how that body convert into tourist place. They informed the students to present their ideas on final day, 2<sup>nd</sup> September 2022 in front of judges. They also visited the nearby Nav Graha Mandir and explored the natural vegetation of the area.
