**THE COMPLETE WORLD OF EDUCATION**

**REPORT ON AN EXTENSION ACTIVITY:**  
**INTRA-UNIVERSITY COMPETITION ON "SOCIAL ISSUES"**

**Date: 5<sup>th</sup> April 2023**

**Venue: Abheypur Village, Sohna**

**Event Type: Extension Activity**

**Mode of Activity: Offline**

**Target Group: Villagers**

**Coordinators: Dr Chandra Mohan and Dr Neeraj Kumari**

**Organized by: NSS, K R Mangalam University, Gurugram**

**Introduction:**

In India, there are various forms of social issues. Social issues are fundamental issues in the society and its related problems. Even after independence, India still faces several significant socioeconomic problems. India has experienced widespread social exclusion and discrimination. Adivasis, or "tribes," women, people with disabilities, and Dalits, or untouchables, have all been marginalized and excluded from Indian society since independence. NSS, K R Mangalam University Gurugram organized an intra-university competition on "Social Issues" as an extension activity at Abheypur Village from 11:00am onwards. There were four teams from different schools and highlighted the themes like peer pressure, parental pressure, water scarcity, male discrimination and child labor.

**Objective:**

- To create awareness against superstition and prejudice among rural people.
- To equip students with valuable experiences as they apply the concepts gained on social awareness on a community level.
- To enable the students to know about their social responsibilities.

- To inculcate spirit of help and cooperation among the students to handle the societal needs

**Content:** The event was started by Mr Harsh, NSS volunteers where he briefed about the event and theme of the competition to the audience. First team performed their play based on the parental pressure and peer pressure. As every parent wants the best for their children so, they expect more. When the children are burdened with such high expectation, good intentions go astray. They are crushed by overly high expectation and unable to achieve their goal. The second scene of their play was about the peer pressure. Peer pressure is a strong feeling of pressure from someone your own age that can push you toward making certain choices, good or bad.

The second team performed on the water scarcity. Through their play, the team tried to convey the message about the importance of water as water scarcity turns into shortage when there is mismatch between water supplies and user demands. Water is a lifeline for us. Without water life is impossible. Always save water and respect its importance.

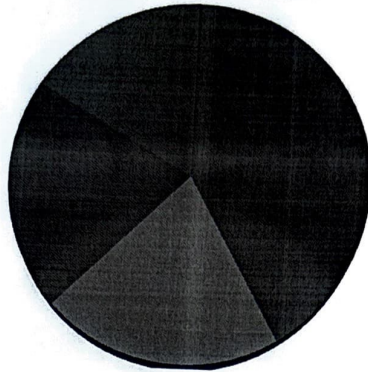

The third team described about the story of little boy through their play who was forced to work in his early age and his struggle to fulfill his dream. The child struggle against labor in India is one of heart-touching issue. The last team performed on the concept of equality for the perspective of the males in the society. The main motive to perform this play was to raise awareness that unconscious bias can manifest in hurtful ways even if it's not intentional, and hopefully with awareness comes more thoughtfulness in how we interact with one another.

**Conclusion:** All the team performed very well with full zeal and cooperation. But the performance and timing of first team was good. With their fierce views, first team got the first position due to their outstanding performance and presentation. Dr Chandra Mohan and Dr Neeraj Kumari appreciated the efforts of the students and awarded 'Certificate of Merit' to the winners. In the last, the coordinators of NSS congratulate to the winners and thanks to all students for participating and attending the event.
