## INTERSHIP REPORT

### 1. THE CHAMBERS – ADVOCATES AND SOLICITORS

In the 1st week of my internship, I was allotted cases of Section 138 of Negotiable Instrument act which is Cheque Dishonor Cases to make brief of the case. I was asked to collect all the information that I can from various sources, like books and internet. The main area of my focus was to understand the case and how we can proceed the case in the court. I had found many relatable cases to support and cite them in our main case. I learnt that Cheque must be presented within 3 months or within validity period whichever is earlier. Also, there is also liability on the partners also who had decided to share a bank account or nominee.

In the 2<sup>nd</sup> week I learned how to manage the files, observe how the cases are being dealt in the court hearing. I also went to district courts with my senior to observe the cases. Also, I learnt how to file cases through E-Filing Portal.

In the 3<sup>rd</sup> week of my internship, I learned how Debt Recovery Tribunal matters are taken up. DRT cases are filed when the default amount crosses 20 lakhs Rupees if the amount does not reach 20 lakhs, then they must be filed in the commercial courts only. I also observed cases through online mode of DRT cases.

In the 4<sup>th</sup> week of my internship, I gained knowledge about the vetting of loan documents. As my senior sir has various banking panels so vetting of loan documents and inspection of the property is also a very knowledgeable work. I had also gone to various sub – registrar office for the inspection of the property documents to support the vetting of the loan documents.

In 5<sup>th</sup> and 6<sup>th</sup> week I went to visit parliament with my sir and came to know about various things how the political system works in India.

In 7<sup>th</sup>, 8<sup>th</sup>, and 9<sup>th</sup> week I worked from office and learnt that not everyday you have to go to courts. As an advocate you must be perfect in drafting as drafting of petitions is what you will present to the courts. So, I assisted my seniors in drafting also, I had done many mistakes but in the end my seniors helped me with those mistakes.

In 10<sup>th</sup> and 11<sup>th</sup> week I visited PMLA (Prevention of Money Laundering Tribunal). It was my first experience to visit and hearing in PMLA. I got to know the working of the PMLA tribunal's working. For the first time it was very confusing for me to understand the hearing but gradually I got to know many things about it.

In 12<sup>th</sup> week I visited Debt Recovery Tribunal Delhi (DRT) there i had to take the copy of the case order for summoning the opposite party in the case. I went to registrar for collecting the application.

During my internship, I increased my legal knowledge. I did many mistakes in the drafting but everyone helped me in improving and get better day by day. I was ready to help everyone in any way possible as it would also increase my legal knowledge.

In the domain of practical legal knowledge, I learnt many things that were totally new to me. I learnt the filing process and the order of setting up a file. I was enriched with the knowledge of the court fees that is supposed to be paid in form of stamps, and got to know that every application has a different court fee. I learnt how to fill a Vakalatnama (Power of Attorney), i.e., the very first step in any legal suit. I got to know where and how to submit various applications and appeals in the court and their importance. I observed the various formats of any legal application or a document made and found that every application is totally different from one another. I got to know that the applications that are submitted in the court have a different font and format and the court also prefers neatness.

1  
my experience during various visits:

#### High Court visit-

During the high court visit I got to know that a good knowledge of English is must in the High Court. All the arguments in the High Courts are done in English.

#### District Court visit-

During my internship I visited the District Court for the greatest number of times. I got to know that District Court is the best court for the practical knowledge enhancement in the legal field. We need to run a lot in the district court.

### CONCLUSION

As a conclusion I would like to say that my internship at THE CHAMBERS – ADVOCATES AND SOLICITORS, was an outstanding experience. In these internships I learned a deep and inspiring overall theoretical and practical knowledge in the courts provided a very comfortable environment at the working place. It was an enjoyable work time and everyone was very helpful. I am very grateful to my Senior associates who helped me every time needed help. These internships were really a very educative and motivational experience.
