Lecture on Introduction to Robotics : Robot Fire Bird V

A lecture was conducted on "Introduction to Robotics: Robot Fire Bird V" on 22nd August 2019 in B 211. Students were introduced to E-yantra Lab. Basics of Fire bird V robot was illustrated and explained in detail such as various types of Microcontroller build on it, sensors (white line sensors, IR range sensors, white line sensors, ultrasonic sensors, motion sensors), batteries(primary and secondary), various supported communication modes, etc. Students and Faculty members from all branches of School of Engineering and Technology attended the lecture. Lecture was delivered by Ms. Puja Acharya and Ms. Charu Singh.

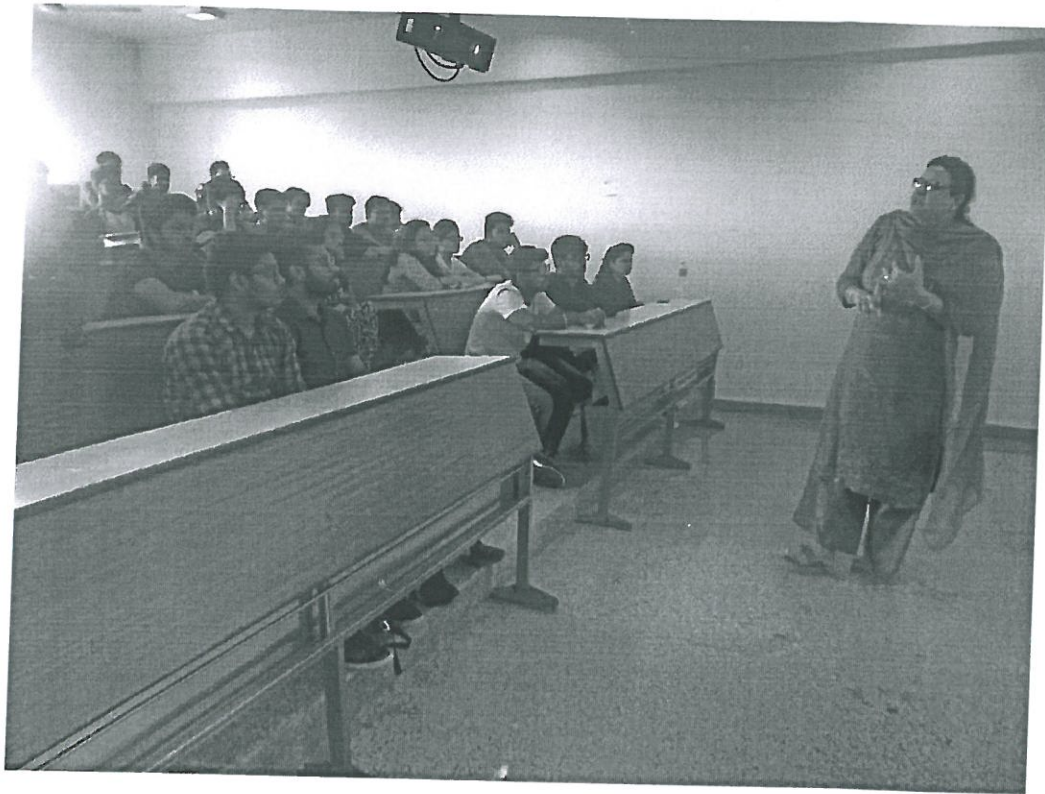

Attached are the some glimpses of the lecture:

VISIT TO SUNDER NURSERY

An educational tour to Sunder Nursery, Nizamuddin New Delhi was organized by School of Architecture and Planning (SOAP) on 23rd October 2019 for the 4th year students as a part of their curriculum of Site Planning & Landscape Design. The aim of this visit was to make the students understand the concept, planning and materials of the place. The faculty accompanying the students was Ar. Shivani Singh. The Nursery has eventually become a 90-acre (36 hectare) city park with distinct heritage, ecological and nursery zones, as well as all the expected facilities. It was originally established in the early 20th century when the Imperial Delhi complex was being planned and constructed. It was trees and other plants to be used for testing species brought from overseas, to pick those which harsh climate. The aim of the to establish design relationships uses by weaving a meaningful traversing the site in a way appreciation of all three aspects for recreation, education and and landscape design would create spatial identities that overlap and intersect but the distinctive identity of each component far from being compromised, contributes vigorously to the whole. The students were divided in groups and allotted with the above mentioned topics and are told to prepare individual sheets for representation based on various landscape design elements & principles. They observed various major elements such as levels, Persian gardens, sunken gardens, 6 ASI protected monuments; children play area, variety of native trees, shrubs & bushes, grasses of Delhi. Overall, it was a great learning experience for students through which they got opportunity to enhance all the senses in a short while.

Workshop on Carpentry

The B. Arch students of 4th year conducted a workshop to guide 1st year students for carpentry skills. The carpentry section provided with wide range of equipment, hand tools & woods. The goal for this activity is to disseminate professional knowledge in the field. Students worked on marking & cutting the blocks for model making with help of different tools guided by Ar. Shivani Singh & Mr. Harish.

Workshop on Mosaic Murals

Design Ethos also conducted a Tile mural workshop on 29th August 2019. Students of 1st Year & 2nd Year participated and divided in groups. Each group came up with interesting concepts and theme for their mural on A2 size MDF boards. By end of the workshop students created beautiful pieces of mural out of broken tiles with great enthusiasm. After this workshop the students will have all the information needed to complete own projects, from walls, to patios, to decorative items.

In this workshop the students had a truly team experience to make a mosaic mural, getting involved in the entire process for creation and installation. This workshop is to arouse and stimulate sensory development through the use of diverse textures and colours.

Lecture on "Fascinating World of Crystals: From Fundamentals to Applications" by Prof. Krishan Lal

New Frontiers organized a lecture by Prof. Krishan Lal, CV Raman Chair, KRMU on 29th August, 2019. The topic of the lecture was "Fascinating World of Crystals: From Fundamentals to Applications". The main aim of this lecture was to enhance knowledge of the students/faculty members on the emerging topic "Crystals" and to motivate students into higher studies and research in this field. The student of SBAS welcomed the guest speaker. Prof. Krishan Lal speech was to motivate

the students towards crystals by stating their origin, structure, refractive index and their characterizations by X-Rays. He advised the students to take up research field and also pointed out the importance of good research. During the lecture Prof. Krishan Lal showed variety of crystals which he has. He also asked students to come forward to accompany him in Engineering Kitchen. Overall, it was a highly knowledgeable lecture. The students of SBAS and SOET attended the lecture with great curiosity.

The session concluded with vote of thanks by Dr Dilraj Preet Kaur.

Introduction to the World of Microcontrollers and Robotics

New Frontiers organized a workshop on Introduction to the World of Microcontrollers and Robotics, on 26th September 2019. Dr. Rajni Gautam, Assistant Professor, SBAS was the resource person for the workshop.

Dr. Rajni Gautam introduced Microcontrollers and their applications in our day to day life. She demonstrated how a simple wired Robot can be designed. She introduced students to the Software namely AVR STUDIO, and PROTEUS. She demonstrated the designing of Line follower Robot using both hardware and software components. Almost 30 students from various departments of the University enthusiastically participated in this workshop.

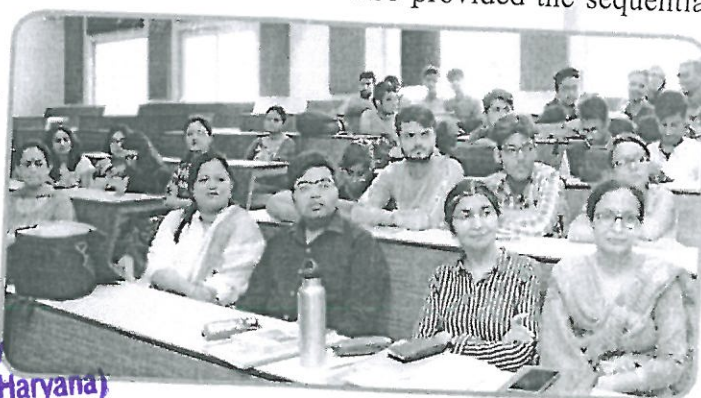

Lecture on Historic Developments in Measurement Science: New Definitions of Base Units of International System

New Frontiers organized a lecture on "Historic Developments in Measurement Science: New Definitions of Base Units of International System" by Prof. Krishan Lal, CV Raman Chair, KRMU on 24th October 2019.

Dr. Krishan Lal started his lecture with very basic but important concept of measurement science. He discussed about Meter Convention and the organizations which were accrediting different International System of Units. He also provided the sequential

standardization of units and the functioning of different organization behind the standardization of any unit at national and global level i.e. National Measurement System, Quality Council of India etc. Dr Krishan Lal also elaborated the new definitions of base units of International System and comparison between Old SI and New SI system. The students and faculty members from SBAS, SMAS and SOAP attended the lecture. Dr Seema Raj delivered vote of thanks to the speaker.

LEGAL AND MANAGEMENT SUMMIT 2019

October 10, 2019

Moot Court, K. R Mangalam University, Gurugram

School of Legal Studies (SOLS) & School of Management and Commerce (SOMC) at K.R Mangalam University jointly organized **Legal and Management Summit** on 10th October'2019 which focused on the **"Emerging Trends in Human Resource: Managerial and Legal Perspective"**. The Summit was marked by the presence of four esteemed chief guests with specialization in field of Law and Management. Total 400 students from both the schools attended the event.

Prof. Aditya Malik, Vice Chancellor and Prof. Anita Sharma, Pro Vice- Chancellor of K.R Mangalam University were on hand to

Registrar
K.R. Mangalam University
Sohna Road, Gurugram (Haryana)

inaugurate the event along with the Chief Guests. The Summit began with the Lighting of Lamp and Saraswati Vandana. It is followed by VC Sir's Inaugural address, where he emphasized on exploration of untapped capabilities and potential of students in Law and Management that can contribute to the global development. Other significant topics mentioned by Dr. Malik included Role of Artificial Intelligence in Legal and Management practices and leadership qualities that one need to develop for success and growth in career. He appreciated the enthusiasm and compassion showcased by students in organizing this event and stressed upon the constructive participation of students in societal affairs to prove themselves as an asset for nation. Dr. Anita Sharma, Pro-VC Ma'am extended her warm wishes and cordially welcomed guests. She motivated students to organize similar meaningful events in future ahead. Prof. Vijay A. Dubey, Dean Academics and Dean of SOMC, welcomed guests, faculty and students in this Summit. He stressed upon the interdisciplinary approach for students to understand relation between Law, Management and Commerce. He also included some key concepts related to Artificial Intelligence, operations and technological changes that can potentially change the future course of business.

The summit was organized in four sessions, amalgamation of legal and managerial issues made the core essence of each session. Session one was introduced by Prof V.T Kaul, Chairperson, Delhi Judicial Academy ,he presented the Human Resource Management as a key component for maintaining harmonious relations within an organization. He further added

Registrar
K.B. Mangalam University
Sehna Road, Gurugram (Haryana)

the fundamental rights shared by the employee and employer can perfectly predict the organizational settings. He gave bird's eye view of legal aspects including labor laws, industrial laws, minimum wages law and laws to protect women at workplace. Mr. Kaul shared knowledge regarding ideal industrial conditions required to achieve goals and objectives without using any coercive acts. Another significant area put forth by him was legislature and judiciary that is responsible to introduce and safeguard the rights of both employee and employer. According to him it is important for judges and civil servants to capacitate and develop skills in this regard.

Speaker for session two was Mr. P.K Gupta, Senior Consultant, HR. He introduced concept of 'Nurturing Leadership in 21st Century' to accelerate workforce transformation. He discussed about workforce transformation which includes VUCA Leadership Model, GIG Economy, Skillset Development, Automation-Tech-Digitization, and Artificial Intelligence/Machine-Learning. He also stressed upon the role of HR in deciphering learning among his employees & emphasized upon the effective communication which is the key to attain optimum development of organization. Mr. Gupta put bunch of suggestions for inculcating leadership qualities like introducing skill-based curriculum in institutions, industrial-academic collaboration, mentoring by industry, spreading summer internship throughout the year and knowledge generation through research and development. The core idea of session three was centered around Corporate Law; Advocate Ms. Anju Kapur was the speaker for this subject. She tabled the

Registrar
K.R. Mangalam University
Sohna Road, Gurugram (Haryana)

statistical data in terms of FDI, Industrial Growth rate of India and its industrial performance in the world. Her ideas reflect the dualist's nature of Indian legal where formulation of law is quite easy but their implementation is bit difficult. And the corporate sector is experiencing the same dilemma due to the executive lethargy existing in very implementation of corporate law hence, endangering the rights of workers and workmen in corporate world. Lack of standardized procedures for interpretation of law further deteriorate the situation and the system need new mechanism to keep check on interpretation and implementation of corporate law.

Session four was introduced by Col. Rajesh Dubey, CEO, AD Consultants (Authorized Partners of Huawei Authorized Network Academy) and the topic discussed was 'Artificial Intelligence in Human Resource Management: Boon or Bane'. He discussed the supplementary and complementary nature of Artificial Intelligence (AI). AI lack emotional aspect due to which it can't replace the emotional quotient of human. According to Col. Dubey AI can play constructive role like scrutinizing Job applications, Background verifications, Employee retention analysis on the basis of deep learning of statistical data, recommendation center, determining career path profiles, AI can also serve as Chat Box for query resolutions, but the human factor in HRM can never be replaced by AI.

Students and faculty members asked many questions at the end of each session & the speakers answered them very diligently.

Registrar
K.R. Mangalam University
Sohna Road, Gurugram (Haryana)

The Session ended with vote of thanks given by Dr. Kaveri Sharma, Assistant Professor, School of Legal Studies, K.R Mangalam University. She extended her heartfelt gratitude towards the Chief Guests, Faculty Members and students for making this event a great success.

Group Discussion on use of plastic-packaging material

The School of Management & Commerce conducted a Group Discussion on 23rd October, 2019. The theme of the discussion was plastic bags and packaging material and how wisely it could be used and gradually wiped out from market without disturbing the present scenario. Around 50 students participated in the discussion.

Visit to Parle Biscuits Pvt. Ltd., Bahadurgarh

The School of Management and Commerce had organized an industry visit to Parle Biscuits, Bahadurgarh on 13th November, 2019 for the graduate and post graduate students of Commerce and Management. The visit started with a short animated film about the various products of Parle-G, their marketing strategy to beat the competition and their various advertisements about their offerings since its inception. The students were then taken for the plant visit where they could see how the production runs on floor and pass through different stages. The intermittent quality checks approve the standards and other mandates. The students at last were taken back to the auditorium for the question and answers sessions.

As debates and declamations help students to enhance academic research, creativity, expression and communication skills so on the auspicious occasion of National Law Day, Legal Society organized an inter-departmental Debate competition on the recently delivered revolutionary judgment by Hon'ble Supreme Court pronounced on the topic "Ayodhya Verdict". The competition started by a warm welcome speech from Legal Society member Dr. Sulakshana, Assistant Professor, School of Legal Studies. She articulated about the importance of National Law Day and Constitution Day to students.

The National Law Day is celebrated on 26th November every year throughout India especially among the members of the legal fraternity to commemorate the adoption of the Constitution of India. She also expounded the key points of the Ayodhya ruling which formed the basis of the judgment.

Eighteen students of K.R. Mangalam University from different streams participated in the competition. The teams were divided into nine groups. Debaters from each house debated outstandingly in favour and against the motion.

Each one of them as they

were judged on content,

question answer session at

saw the debaters rising

their arguments. It was an

the participants as well as

participated with full

School of Journalism and

Prof. Hemant Singh, Dean

and Planning were the jury

members of the event. They praised all the students for participating in the competition whole heartedly and

motivated them to partake more in future days.

Abhishek Choudhury, student of BBA LL.B (H) IX semester, Bharti Harsana BA LL.B (H) IX Semester and

Mohammad Kamran student of BBA LL.B (H) V Semester of School of Legal Studies bagged the first, second and

third prize. Students were awarded with Gold, Silver and Bronze medals along with certificates by the respected

Judges.

Ms. Sanjana, Assistant Professor, School of Legal Studies concluded the session.

SCC Online Training Programme

School of Legal Studies organized a training programme by SCC Online software on 23rd October, 2019. The session was conducted by Mr. Mohit Singh and Mr. Rajesh Raina. The students participated enthusiastically to recognize how the SCC Online system could help them in legal research and studies. They also demonstrated how quickly the research-results for the latest laws and judgments could be learned for Moot Court contests. The team described the use of the online digest, browsers and the collection of law articles by using this software.

Dr. Sulakshana, Assistant Professor, SOLS coordinated the event.

The webinar on "ICT Initiatives and Flipped Learning" was held on 24th April, 2020 on the Zoom Platform. It is an initiative by the School of Education to provide the students with an opportunity to know the vitality of ICT and flipped learning at the classroom settings.

Prof. Abraham explained the various components of flipped learning and strategies to incorporate it in the teaching learning process. The session was attended by 42 students and 5 faculty members who participated, interacted and discussed their awareness, doubts and queries. The whole session was interactive and a great learning for all.

The session ended with hearty thanks by Dr. P.C. Jena in appreciation for taking the time out to educate the students. He thanked the Management for providing the platform to organize guest lecture on Digital Pedagogy. He appreciated faculty members, students and other participants for the successful conduction of the event.
