### NOTICE

The Department of Computer Science and Engineering, SOET is organizing contest "ALIBABA-Cloud Low code website development-2022" on 7<sup>th</sup> Mar, 2022. All interesting students of K R Mangalam university to participate in this contest. Contest will be organized on Lab 1 & 2, A Block from 10 am onwards.

## REPORT

### SCHOOL OF ENGINEERING AND TECHNOLOGY

**Event Name:** ALIBABA -CLOUD LOW CODE WEBSITE DEVELOPMENT-2022

**Target Group:** UG/PG students

**Date:** March 7, 2022

**Venue:** Computer Labs I & III, KR Mangalam University, Sohna Road, Gurugram

**Organisers:**

Dr Shweta Bansal, Associate Professor, K R Mangalam University

Ms. Monika Khatkar, Assistant Professor, K R Mangalam University

Ms. Roopa Fanti, CEO, IndiaSpark

**Introduction:** Alibaba Cloud Low-Code Development Contest was a virtual solution building contest for professionals and students in India, Singapore, Thailand, Pakistan, Sri Lanka and Nepal, organized by Alibaba Cloud and IndiaSpark. In this contest participants from both tech and non-tech backgrounds, were participated to build the solutions with their innovation and Alibaba Cloud's low-code development tools, and win a total of \$15,000 in prizes, and exclusive merchandise. Engineering, researchers, faculty & staff of KRMU registered for the competition. Indiaspark conducted Bootcamp for the students with the guidance of our Hon'ble Vice Chancellor at K R Mangalam University in A-Block.

**Objectives:** Alibaba Cloud Low-Code Development Contest is a virtual solution building contest for professionals and students in India. The main objective of this event was to encourage the students both from technical and non technical background to build solutions with their innovation and Alibaba Cloud's low-code development tools.

**Content of the Event:** This competition greatly encourages students to build solutions with their innovation by using Alibaba Cloud's low-code development tools. Students were very much excited to win a total prize of \$15,000. First prize was Rs 2.25 lakhs, second prize was Rs 75000 and Rs 35000 for third prize. Total 75 students were registered for the contest. The event was organised in Lab I and Lab 3 of the A-Block. As per the rules of the event students took part individually. In this Bootcamp student learn about this contest and how to participate. This meeting provides students better understanding of - How to create a website using ALICMS- Web building-based tool used in this contest. Prerequisites required from the participants were the laptop with an internet connection, digital wallet with Rs. 84

balance(Gpay/Paytm/PhonePe,etc) for purchase of web-tool ALCMS and the Alibaba Cloud Accounts. The Benefits of this contest were

- 1.A total of 15000\$ in prizes
- 2.One-Year Free Subscription of A Selected Tool for Participants with Qualified Score
- 3.Certificate of Participation for Participants with Qualified Score
- 4.Customized Gifts for First 100 Participants with Qualified Score

**Activity Outcome:** It was an exhilarating experience for students. The outcome of the event are as follows-

- During the event students was able to gain knowledge about the ALCMS website development tool.
- This provides opportunity for the students to demonstrate their learning experience.
- Encourages the students to design the websites by using the development tool without any coding skills.

**Conclusion:** The event thus turned out to be successful by fulfilling its aim of imparting scientific knowledge in an interesting way to the students which will remain fresh in their memories for long. Two students of the CSE- VI semester of SOFT, Mr Dev Watts won the second position at national level with cash prize of \$1000 along with \$1000 ALCMS credits and Mr Milind Udhay won the Innovation Award of \$2000 Alibaba Cloud Credits with shield. K R Mangalam University also won the trophy of best organiser among 150 universities and Dr Shweta Bansal won the best contributor certificate from the Alibaba Cloud. This contest was organised at National level by Alibaba Cloud.

The event was an overall success. Students that took part had an overall positive experience with the event. The contest renewed a competitive spirit among students whilst maintaining a healthy environment for learning.

**Future Scope:** Low-code development is the current buzz around the emerging technologies platforms and Universities like K R Mangalam University which empowers the students by further enabling campaigns, and live projects and encouraging the students both from technical and non-technical backgrounds. Such events are helpful to excel the website designing skill without any knowledge of coding among all students.

### Report

on

### Student and Faculty Development Programme on “A Comprehensive Approach – Water Proofing and Repair of Building Structures” by Dr. Fixit Institute, Pidilite Industries Limited, Mumbai

Civil Engineering Department, School of Engineering and Technology has organized a Student and Faculty Development Programme on” **A Comprehensive Approach – Water Proofing and Repair of Building Structures** by Dr. Fixit Institute, Pidilite Industries Limited, Mumbai from 28<sup>th</sup> to 30<sup>th</sup> March, through digital mode. The programme was attended by 6 students and 3 faculty members of Civil Engineering Department coordinated by Ms Sarah Khan.

The programme was conducted by **Mr. Sanjeev B. Yelsangikar** (Section Head-Training); **Ms. Seema Samshette** (Section Head-Training) and **Mr. Teertha Pratim Banerjee** (Head-Training) associated with Dr. Fixit Institute of Structural Protection and Rehabilitation (DFI-SPR), a Not-for-Profit knowledge centre primarily acting as a platform for enhancing the service life of built environment through global sharing of knowledge and practices in the field of Waterproofing, Structural Protection, Repair and Rehabilitation. The Institute is promoted by Pidilite Industries Limited.

#### Contents of the workshop

#### **Good Construction Practices**

Proper Casting, Proper Construction, Leakage through Expansion Joints, Quality of Cement, Quality of Water, Quality of Sand and Aggregates. Durability Requirements on Limit of Chloride Content in Concrete, Requirements for Concrete Exposed to Sulphate Attack, Environmental Exposure, Durability Requirement of RCC as Per BIS 456-2000, Reduce air voids, Conventional Concrete Cover Blocks, Tolerable Crack width -ACI 224R-90

Registrar  
K.R. Mangalam University  
Sonna Road. Gurugram (Haryana)

## Waterproofing Material and Practices

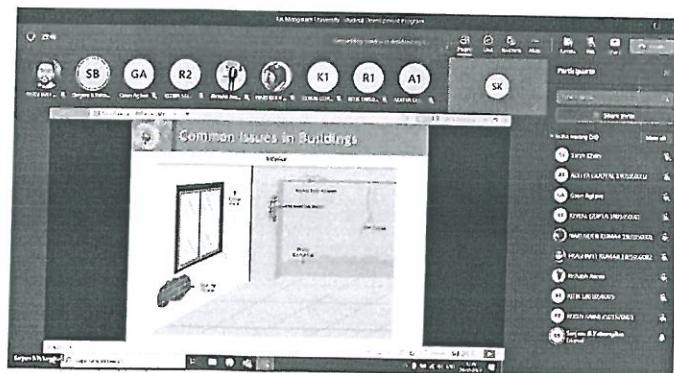

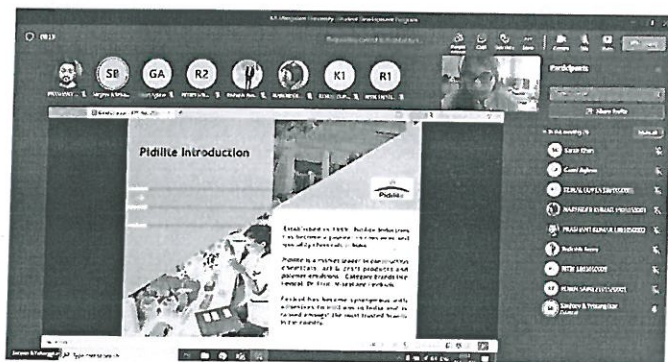

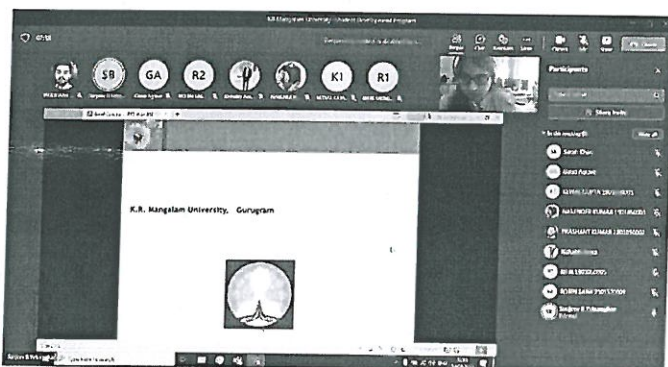

Waterproofing Categories, Liquid Applied Membrane, Pre-Formed Membrane, Joints and Sealants, Roof waterproofing, Layout of Bathroom Waterproofing, Below Ground, Shallow Footings, Deep foundations

## Repair Systems

Wall Exposed to External Conditions, Waterproof polymer, Repair of Shrinkage Cracks, Joints of Drainpipes in Wall Treatment, Wall Shared with Non-Wet Area, Solution to Mild Dampness, Solution to Severe Dampness, Application Methodology

This type of Student Development Programme will help our students to gain experiential learning, practical knowledge and understand the use of advance technologies used for maintenance and rehabilitation of the structure. This will help student to prepare themselves better according to the demand of industries.

**Subject: A proposal for organizing online digital one day / three days Student Development Program for your esteemed institution's Third & Final year Engineering students.**

**Reference:** Telephonic and Mail conversations with Prof. Sarah Khan

Dear Sir/ Madam,

Referring to our telephonic discussion dated 15/03/2022 and subsequent telephonic and mail conversations we had with you.

Please find enclosed herewith the proposal for organizing training programme for civil engineering students, faculties, and professionals etc. to enhance their knowledge with modern waterproofing and repair technologies.

We can organize three consecutive days training programme for fourth year students on digital platform – Microsoft Teams on mentioned dates in proposal.

We look forward to hearing from you at your earliest convenience for further discussions.

Thanks & Regards,

Sanjeev B. Yelsangikar

## TRAINING PROPOSAL

**Programme Series** : "A Comprehensive Approach - Waterproofing and Repair of Building Structures"

- Good Construction Practices
- Waterproofing Materials and Practices
- Repair Systems

**Duration** : 3 days (2 Hrs daily)  
1 day (2 Hrs)

**Programme date** : On Mutual availability

**Method of delivery** :

- Presentations will be made with audio visual aided power point.
- Emphasis will be given on right concepts, theory & practical approach in the field.
- Interactive sessions to encourage participants clarifying their doubts.

**Mode of Training** : Digital Platform – Microsoft Teams

**Registration Link** : Link will be shared before 7 days of program

**How to Log in** :

- Link will be shared through mail to the registered students prior to program.
- Download Microsoft Teams App on your digital platform – Computer / Laptop / Smartphone.
- Click and Join through the link on Microsoft Teams App.

**E - Certificate** : On completion of course, students will receive E – Certificate to their registered mail ids.

NOTE

Subject: Approval for Student Development Training Program from 28<sup>th</sup> to 30<sup>th</sup> March 2022 (12:00 pm to 2:00 pm)

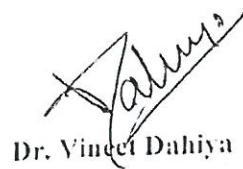

Civil Engineering Department has planned a three-days student development program for all the students of Civil Engineering from 28<sup>th</sup> to 30<sup>th</sup> March 2022 on proposal received from Dr. Fixit Institute Mumbai. The training program will be free of cost and conducted on online mode. On completion of course, students will receive E-Certificates. For Invitation and E-Certificates, Dr. Fixit Institute seeks our University Logo to be printed along with their Institute Logo. The detail proposal sent by the institute is attached for your consideration.

Submitted for kind approval, please.

Report on  
**‘Model Making Workshop;**

A workshop to explore methods and techniques of model making in the field of Architecture and Interior Design.

**Target Group:** Students of SOAD

**Resource Person:** Ar. Ayushi Singh, Mr. Satish Sharma & team, Citi Modelers

**Coordinators:** Ar. Pankaj Dhayal, Ar. Nishant Arora.

**Date and Time:** 11<sup>th</sup> -12<sup>th</sup> April 2022, 10 am onwards

**Venue:** C 202; Offline Workshop

**Introduction:**

With the objective of introducing students the skill of making model, the School of Architecture and Design organized a 2 days’ workshop to explore various methods and techniques of model making. It helps in developing critical thinking about design development and analyzes the best forms, spatial and material relationships.

**Objectives:**

- To make students familiar with model making, an essential skill required in Architecture and Interior Design education.
- To acquaint students with art of making models.
- To open up options of using new and diverse materials for model making.

**Content:**

The workshop started with a brief introductory presentation about Citi Modelers by Ar. Ayushi Singh, alumni of SOAD and Mr. Satish Sharma. The experts talked about their journey of model making as professionals and upcoming advancements in the field. They also discussed the potential of model making as a new carrier option for the students.

  
Registrar  
K.R. Mangalam University  
Sohna Road, Gurugram (Haryana)

Around 40 students were divided in 5 groups and made model of Gandhi Ashram, Ahmedabad as per the specifications under expert's guidance. In 2 days students have finished the building model and site model of Gandhi Ashram, Ahmedabad.

At the end of workshop Prof, Hemani, Dean of School of Architecture and Design thanked the entire team for their contribution in the workshop.

### **Activity Outcome:**

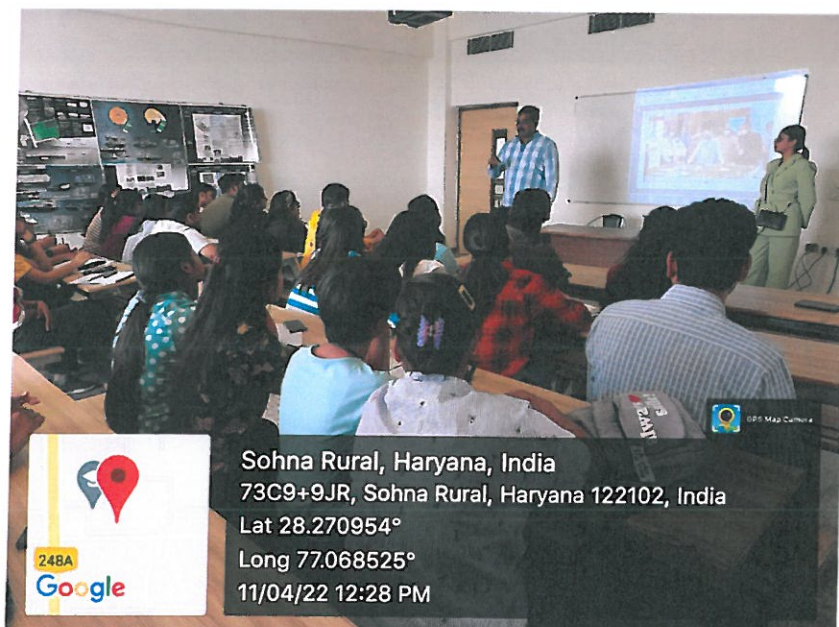

Students got an introduction to the field of model making and with lot of enthusiasm they completed the model of Gandhi Ashram design by renowned Architect sir Charles Correa.

### **Conclusion and Further Scope:**

This was a highly informative and fruitful session for the students of SOAD. Few students were interested in knowing more about the trends and technological advancements in the field of model making.

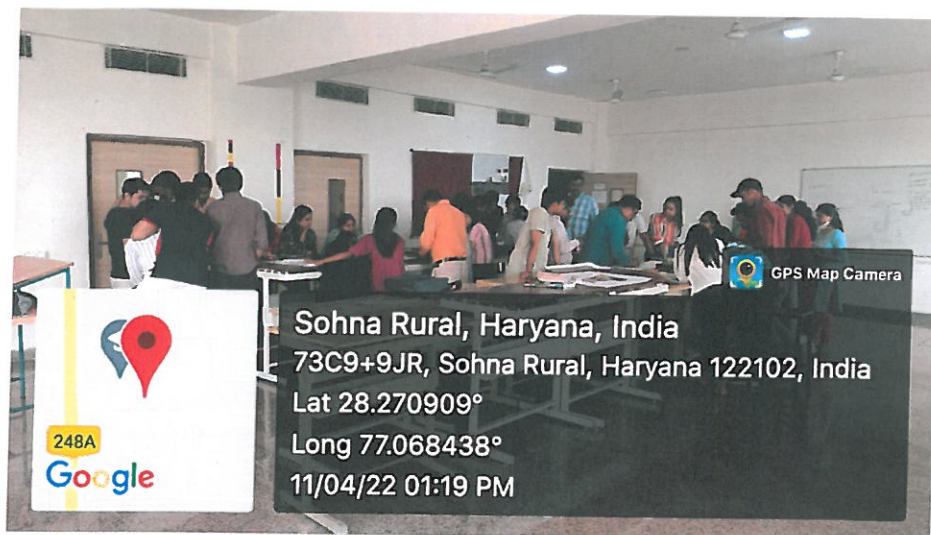

Organizing such events which directly help students to enhance their skills and also help in exploring more career options. Such workshops can be organized in future to learn complex building models too.

The workshop was coordinated by Ar. Pankaj Dhayal (Faculty) with support of Prof.Hemani Singh(Faculty and Dean) and Ar.Nishant Arora (Faculty)at SOAD.

## K.R. MANGALAM UNIVERSITY

THE COMPLETE WORLD OF EDUCATION

### Report on

### Fashion Campaign Workshop

**Target Group:** B.Des/ B.I.D/ B.A. Fashion Design students of SOAD

**Resource Person:** Ms. Shivani Gaurav

**Coordinators:** Sushma Mishra (Faculty), Savitha (student) at SOAD- Fashion Design.

**Date and Time:** Friday 8<sup>th</sup> April 2022, 10:30 am

**Venue:** C-105 (10-30 am-12:30 pm) and C-116 (01:30pm-3:30 pm), C Block, KRMU

#### Introduction

The workshop started with significance of fashion stylist in the industry and their different roles in corporate and commercial industry, Ms. Shivani briefed the students about the mood board relevance through Bollywood industry and how to capture a concept for a particular scene. She apprised the students about wearing expensive clothes is just not everything, you should know how to carry the outfit on yourself or how to carry the outfit you are wearing with confidence, as this is reflected in your body language. A person who carries it well will reflect elegance and a great personality. She also described the importance of fashion styling and shoot in brand image and the process of doing it. Students made the mood board and style their model and did the photo shoot in the university campus as per their board under her guidance.

#### Objectives

- To deepen their knowledge and aesthetic in styling, look book design and visual presentation of a design collection.
- To develop an innate sense of construction, embroideries, and strong elements, surface and bold colours specializes in clothing for the modern-day women.
- To acquaint students with various range includes bridal trousseau to evening wears, casuals and chic smart statement pieces.

#### Content

Ms. Shivani explains career options for stylist and designer, developing relevant boards according to the theme and elements required.

- Various stylist role in fashion industry- Celebrity stylist, Personal stylist, Brand stylist
- Develop relevant Mood board
- Elements required for the theme

  
Registrar  
K.R. Mangalam University  
Sohna Road, Gurugram (Haryana)

- Hands on brand photoshoot.

### **Attendees**

All the students of SOAD- Fashion Design dept. and 1<sup>st</sup> year of B.I.D attended the workshop.

### **Activity Outcome**

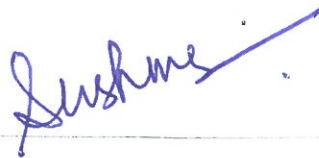

- Students appreciated the role and responsibility of stylist in fashion industry.
- They understand elements required for particular theme and develop various design boards.
- Students apprise the brand photo hoot and selection of background as per theme.

### **Conclusion**

This workshop was highly informative for the students of SOAD to know about the diversifying the portfolio. This has given insight the students to provide correct fashion advice such as what combinations to wear, which accessories can be paired etc or coordinating outfits for models in photoshoots etc.

### **Further Scope**

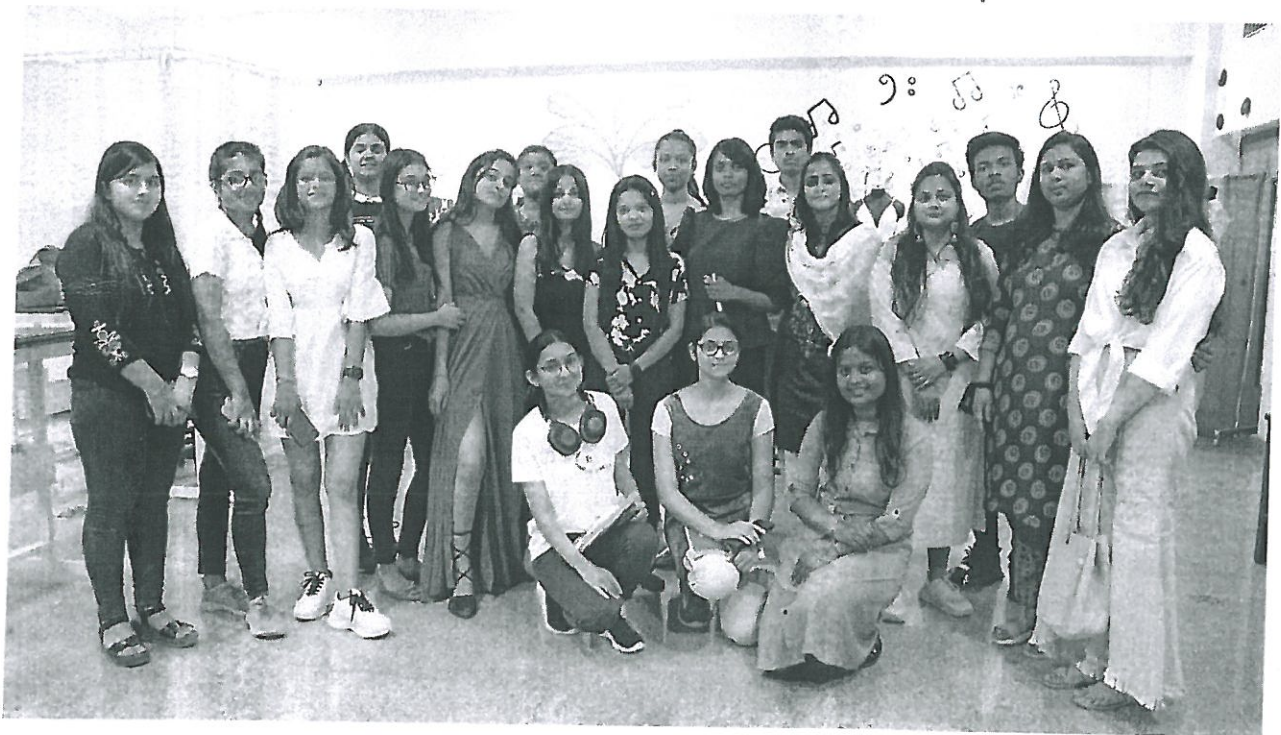

The workshop will prepare students for different clothing brands or fashion houses or with celebrities etc. as a professional.

**NOTICE**

**Workshop on Honey Extraction, filtration and bottling**

We are excited to announce a workshop on "Honey Extraction, Filtration, and Bottling" scheduled to take place at the School of Agricultural Sciences on April 29, 2022 at 11:00 AM onwards in C Block. This workshop provides a unique opportunity for our students to gain hands-on experience in the essential processes involved in producing high-quality honey products. All the students are encouraged to participate in this. For any queries, contact the undersigned.

**Date and Time:** 29.4.2022 at 11 AM

**Venue:** C block, KRMU campus

#### Introduction

Honey is a sweet, viscous food substance made by honey bees and some other bees.<sup>[1][2]</sup> Bees produce honey from the sugary secretions of plants (floral nectar) or from secretions of other insects (such as honeydew), by regurgitation, enzymatic activity, and water evaporation. Honey extraction is the central process in beekeeping of removing honey from honeycomb so that it is isolated in a pure liquid form. After extraction of honey, its filtration and bottling must be done for its preservation and further marketing.

#### Objectives

- To train students with the procedure of honey extraction.
- To train students with the procedure of filtration and bottling of honey.

#### Content

Students of SOAS participated in the honey extraction, filtration and bottling activity held at KRMU campus. The wild honey bee combs were picked up from the high level buildings of KRMU by the professional pickers. The comb with honey were taken to the lab. The students extracted honey from the combs in the big containers (**Photo 1**). Thus, the raw honey so obtained was filtered twice through the muslin cloth by the students (**Photo 2, 3 and 4**). The bottles were washed, dried and sterilized in autoclave for filling the honey. The students filled the honey in the clean bottles and sealed with the waterproof lid (**Photo 5**). Thus, this honey was ready for marketing.

#### Attendees

Students of SOAS of all the years attended this activity.

#### Activity Outcome

  
Registrar  
K.R. Mangalam University  
Gurgaon Road, Gurugram (Haryana)

Students learnt about the procedure of honey extraction, filtration and bottling .

### Conclusion

Students learnt the procedure of honey extraction, filtration and bottling.

### Further Scope

By learning about this procedure, students can start their entrepreneurship in the field of honey production and marketing.

Report on

**Madhubani Painting Workshop**

To decorate panels of the canteen so the entrance of C block

**Target Group:** Students and Alumni of SOAD-FD

**Resource Person:** Mr. Govind Kumar Jha, Mithila Painting Artist.

**Coordinators:** Ar. Akanksha Singh, Ar. Nisha Sharma, Ms Rasika Kaushal, Asst. Professor at SOAD.

**Date and Time:** Friday, 4<sup>th</sup> May 2022, 10:00 a.m. to 4:00 p.m.

**Venue:** Room No. C 208 and C Block Canteen Foyer Area, KRMU.

**Introduction**

With the objective to introduce value of awareness about Madhubani painting craft a workshop session is arranged for the design students. A workshop was organized with the help of Mr. Govind Kumar Jha, he is trained Mithila Painting artist, expert in Dwadash Jyotirlinga Painting. He introduced students to the Madhubani Painting.

**Objectives**

- To acquaint students with the ingredients of traditional art.
- To use two-dimensional imagery, and the colors used are derived from plants.
- To learn the three main themes in Madhubani art: religion, social scenes and elements of nature.

**Content**

Mr. Govind Kumar Jha introduced local art form of Mithila, Bihar. It is a very profound art form, precisely known for its vibrant and bright colors. He also introduces that form of Madhubani Paintings was traditionally used for portraying Hindu deities and their historical contribution to India mythology.

Around 40 students were divided into 8 groups. Each group was given a panel in the Canteen

Registrar

Sohna Road, Gurugram (Haryana)

foyer to paint. Students chose their own designs from either the artist's collection or from their own imagination.

At the end of workshop Prof. Hemani Singh, Dean of School of Architecture and Design thanked the entire team for their contribution in the workshop.

#### Attendees

Students of SOAD (Architecture, Interior Design and Fashion Design) of 1<sup>st</sup> years joined the workshop. Students of SOED had also joined.

#### Activity Outcome

Students painted 9 panels of C Block Foyer Canteen area so that it gets highlighted.

#### Conclusion

This was a highly informative and creative workshop for the students and also students learnt a new form of art.

#### Further Scope

Similar workshops will help students learn to design or decorate spaces using traditional art forms.

### WORKSHOP ON INTERACTIVE LEARNING THROUGH VIRTUAL TECHNOLOGY

**Target Group:** Student-Teachers of B.Ed. and B.El.Ed., Faculty of School of Education

**Resource Person:** Mr. Amit, CEO, Eviz InfoSystems, Workshop Trainee

**Coordinator:** Ms. Vidhi Gaur, Assistant Professor, School of Education (SOED), K.R. Mangalam University, Gurugram, Haryana

**Date and Time:** Tuesday, 10<sup>th</sup> May 2022, 11:55 a.m- 12:45 p.m

**Venue:** Room No. A 203, A Block, K.R Mangalam University, Gurugram, Haryana

#### Introduction

*The Smart Interactive Touch Panel* has been installed in the School of Education with the vision of making learning and teaching simple, engaging, and collaborative. This workshop will acquaint the students and teachers with the appropriate and effective use of Digital Technology.

#### Objectives

The workshop was organized to enable the student-teachers and faculty:

- To gain exposure to various empirical online tools and practices for 21st-century classrooms.
- To appreciate digital technology as a central consideration in areas of curriculum & assessment.
- To develop confidence in effective use of digital technology to support learning and teaching.
- To improve access to ICT tools and their applications in pedagogical processes.

#### Content

The workshop commenced by presenting a token of gratitude by the students and faculties to the Workshop Trainer Mr Amit Tyagi, CEO, Eviz InfoSystems. Mr Amit Tyagi provided hands-on learning experience among the students for enhancing their pedagogical skills required for 21st Century classrooms. He shared the varied features of *Smart Interactive Touch Panel* such as Multi-

Road, Gurugram (Haryana)

Touch Facility, Multi input Connectivity Options, Multimedia, Seamless Wireless Connectivity, Screen Recording, Share PDF, E-mail & QR Code, Video Conferencing. He described the hardware and software requirements for technology-based learning in the classroom environment.

#### **Attendees**

28 student-teachers and all faculty members of School of Education, K.R Mangalam University.

#### **Activity Outcome**

After attending the training and capacity development workshop on trends in technology, student-teachers and faculties were able to:

- Identify gaps in their digital skill set and select strategies to meet diverse needs of learners in a classroom setting.
- Recognize the best practices of the use of ICT for inclusive teaching and learning process.
- Integrate the innovative ICT practices in the teaching learning process.
- Evaluate online training provisions and apply this in various contextual settings.

#### **Conclusion**

This was a highly informative session for the students of SOED and the students and faculties are highly enthusiastic in using *The Smart Interactive Touch Panel*. The faculties had also put their hands on different features for converting their teaching process as flipped classroom.

#### **Further Scope**

The devices like *The Smart Interactive Touch Panel* enables the students in identifying gaps in digital skill set and select strategies to meet diverse needs. The faculties can integrate the innovative ICT practices in their teaching-learning process. E-content/recorded lessons can be developed by student-teachers and faculty of SOED using the Smart Interactive Touch Panel.

**REPORT**  
**SCHOOL OF LEGAL STUDIES**

**Event Name:** Workshop on Essentials of Mooting  
**Target Group:** Students of School of Legal Studies  
**Date:** May 20, 2022  
**Venue:** Room 213, A Block

**Introduction:**

To enhance the knowledge of mooting as a skill among students, School of Legal Studies of K.R. Mangalam University organised an offline workshop on "Essentials of Mooting" on Friday, 20 May, 2022. The aim of the event was to encourage students to get to know about the basics of mooting, and its essential in a law student's life.

**Objectives:**

The main aim for conducting this workshop was to introduce students with the essentials of mooting. The workshop also aimed at solving many queries of students that are getting started with moot court competitions. Students that seldom take part in activities were motivated to try participating in mooting and develop their oral and speaking skills. Mooting is a form of an oral proceeding similar to that of a court proceeding practiced mainly in institutions and universities where law as a subject is taught to see how efficient a student is in fighting an argument based on law.

**About the Guest Speaker:**

For the workshop, we had among us Mr. Akash Gupta, an Assistant Professor in Jindal Global Law School where he teaches Alternative Dispute Resolution (ADR) courses. Also, he serves as the Assistant Editor for Indian Review of International Arbitration, Peer Review Board Member for Indian Arbitration Law Review and Faculty Advisor for Mapping ADR. In addition to academia, Akash has been appointed as an Arbitrator and a Conciliator in several commercial disputes. He completed LL.M. in International Commercial Arbitration Law from Stockholm University. During the LL.M. programme, he participated in the Vis Moot and emerged as the Top 16 out of 372 teams from all over the world and received Honourable Mention for the Best Memorandum for Claimant. Out of approximately 1000 students, he was awarded the 1st Ram Jethmalani Academic Excellence Awards 2018 for Students in the Moot Category.

**Content of the Event:**

The session was divided into 5 heads, those were: Pre-Memo, Post Memo, Pre-Orals, During Orals and Post Orals. Akash Sir elaborately discussed the meaning, role and importance of participating in Moot Court Competitions. He elaborated upon the manner in which a Memorial is to be drafted and also articulated the importance of research while drafting the memorial. Sir discussed the how basic steps such as Team Formation, Team Building Activities are important for every student,

Registrar

K.R. Mangalam University

Sec-2, Gurugram (Haryana)

initially. Sir also explained the importance of a mentor, that every team should have, for good feedback, guidance and even constructive criticism. Significance of an organized time schedule, practice rounds and getting familiarise with the mooting style, weekly meetings, identifying individuals as well as team's goal was discussed in length. After having discussed the initial steps, sir then explained the structure of the moot memorial, and what steps should be taken by the students to write more effectively.

Topics such as CREAC (Conclusion, Rule, Explanation of Rule, Analysis, Conclusion): is a common approach to organizing analysis of a specific legal issue. CREAC begins with the conclusion and IRAC is an acronym that generally stands for: Issue, Rule, Application, and Conclusion. It functions as a methodology for legal analysis. The IRAC format is mostly used in hypothetical questions in law school and bar exams.

Akash sir, then, started by emphasizing on Speech part of the Moot. One has to regulate speed modulation so as to ensure that the other party and the adjudicator understand one's contentions, it shouldn't be monotonous and mundane. Important aspects of the speech part includes: Time Management, Body Language, Eye Contact, the way in which mooters are dressed. It was suggested that instead of speaking in a monotonous tone, try moderating the speech so that every word of an individual is conveyed with proper emotions and emphasis can be drawn on important facts.

Further, it was explained how to cogently answer the questions and rebuttals raised by the bench, how to deal with exigencies such as hypothetical questions raised by the bench, how to start answering the questions by giving real-time examples through case laws in a way that the situation relates to the preposition and arguments one has made in one's moot proposition.

After the detailed session of covering each and every aspect of the moot competition and its essentials, Sit concluded the session by having everyone engage in an interactive gaming session of MCQs. The application which was used was called as "Kuhoot!". Kahoot! is a game-based learning platform, used as educational technology in schools and other educational institutions. Its learning games, "kahoots", are user-generated multiple-choice quizzes that can be accessed with a web browser or the Kahoot! app.

### **Outcome of the Lecture:**

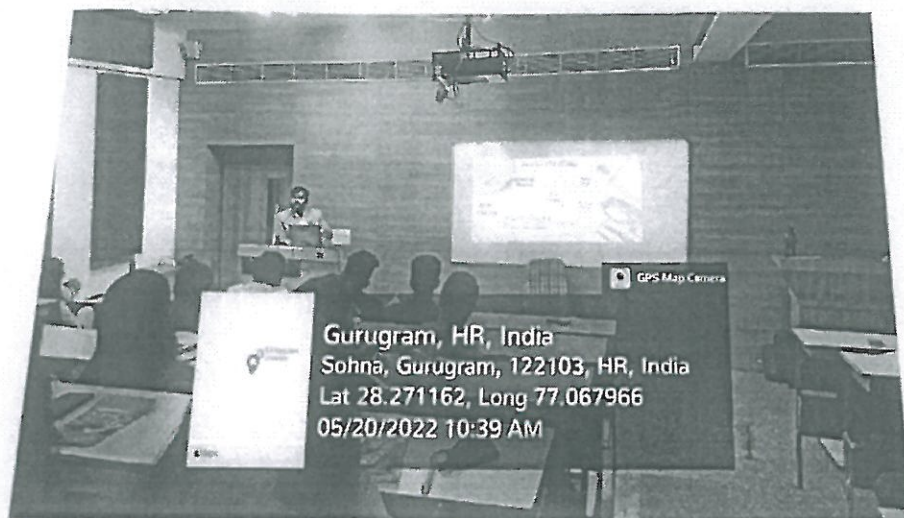

This workshop was also conducted for all the talented upcoming mooters and to impart great knowledge about mooting. The workshop served to develop good knowledge among the students about the Essentials of Mooting, which included both drafting as well as the speech part. The students had plethora of questions for the guest speaker, which were answered by them to the student's satisfaction.

### **Conclusion:**

The workshop was successfully conducted by fulfilling its aim of imparting knowledge in an interesting way to the students. Students were encouraged and motivated towards engaging in further experiences of Moot court, and through that, developing their speaking as well as drafting skills.

To,

Mr. Akash Gupta,  
Assistant Professor,  
Jindal Global Law School

Subject: Letter of Appreciation.

Dear Sir,

On behalf of School of Legal Studies, K R Mangalam University, Gurugram, We are extremely grateful and thankful to you for your gracious presence as a Guest Speaker in Workshop on 'Essentials of Mooting' held on 20<sup>th</sup> May, 2022. The lecture was so informative and though provoking. Your words of encouragement and guidance were well received by the audience.

It was really a splendid presentation which connects faculty members and students to their real life experiences. All the participants appreciated and got benefitted from your view on the subject of mooting.

We further hope that you will extend your cooperation and support to us for promotion of professional education in future as well.

With Warm Regards,

*Kaur*

## REPORT

### SCHOOL OF ENGINEERING AND TECHNOLOGY

Event Name: Workshop with ImaginXP

Target Group: UG students

Date: May 27 2022

Venue: A-213 2nd floor, A Block

Organisers:

Ms. Jyoti Kataria, Assistant Professor, CSE, SOET, K R Mangalam University

Dr. Shweta Bansal, Associate Professor, CSE, SOET, K R Mangalam University

**Introduction:** The term UI/UX stands for user interface/user experience design and refers to the practice of designing digital products with a user-first approach. UX designers are responsible for making sure that the user's interaction with a digital product is as fast, easy and efficient as possible. They are not concerned with visuals; they map out the user journey and strategise to solve users' pain points and meet their needs. The outcome of that is a wireframe – a blueprint of the product.

UI designers pick up where UX designers leave off. Their role is to bring the digital product to life based on the wireframe provided. Like in the furnishing example – you already have all the functionalities mapped out, and now it is time to decorate.

**Objectives:** The aim of the UI/UX workshop is to provide students with the knowledge of user-centered design, user -centered methods in design, graphic design on screens, simulation and prototyping techniques, usability testing methods, interface technologies and user centered design in corporate perspective.

#### Content of the Event:

Department of Computer Science and Engineering organized a workshop on User Experience/ User Interface in collaboration with ImaginXP. Mr. Abhayjeet took the session

*Jyoti Kataria*

of the B.Tech(CSE)/BCA and B.Sc students and introduced students with the concept of user interface/user experience. Mr. Abhayjeet interacted with the students and explained about the uses, present and future of the UI/UX technology. Students participated with great enthusiasm and exchanged thoughts with each other and the instructor.

**Activity Outcome:** Develop professionals having good skills, self-learning ability and confidence to support and contribute to the growth of relevant industries.

- This provided opportunity for the students to learn about user interface/user experience
- This provided opportunity to know how user interface/user experience enhances and promotes business.

**Conclusion:** The event was successfully conducted by fulfilling its aim of imparting user interface/user experience knowledge in an interesting way to the students. The event helped the students to explore the career opportunities available in the field of user interface/user experience.

**Future Scope:** Innovation is one of the most powerful tools a business can wield in today's ever-changing market. Such events are helpful to promote multidisciplinary research among all students in different departments.

Report on

**Data Analytics: A Program from ICT Academy and Marico CSR**

**"Empowering Women Graduates" - ICT Academy and Marico CSR program**

**Target Group:** Final Year Students - Girls Only

**Resource Person:** Mr. N. Bala Murali and Mr. Balachandar

**Coordinators:** Dr. Shweta Bansal (HOD-CSE)

**Mentor:** Ms. Monika Khatkar (Assistant Professor) SOET

**Mentor:** Dr. Rashmi Jain (Assistant Professor) SOMC

**Date and Time:** 30<sup>th</sup> May 2022 to 18<sup>th</sup> June, 12 to 4 PM.

**Venue:** Virtual Mode.

### Introduction

With the objective of introducing students to career options in Data Analytics, a program was organized with ICT Academy and Marico CSR program on Analysis and Visualization of dataset. ICT academy introduced students to the R Studio included Data Foundations, Foundational Analytics and Foundational Analytics.

### Objectives

- To train women graduates for Women Empowerment in Data Analytics, Foundation Analytics, Interpretation of Analytics, Advanced Analytics
- To open up career and further education options in the field of Technology.
- To acquaint students, Data Analytics as a career option.

### Content

Mr. Balachandar introduced final year female students to R Studio for data analytics and visualization. He explained about

1. Data Fundamentals
2. Analytical Testing

3. Basic and Intermediate Statistics
  4. Hypothesis Testing
  5. Data Visualizations
  6. Decision Making with Statistics and Analytics
- **Data Foundations** - Back-End: Data Architect, Database Design, Data Basics, Types - Ordinal, Cardinal, Attributes, Forms, Normalization/Optimization, Big Data.
  - **Foundational Analytics** - Aggregations, Distribution Analysis, Standard Deviation, Correlation and Causation, Signal and Noise, Probability, Sampling, Decision Tree Modeling and Goodhart's Law.
  - **Interpretation of Analytics** - Hypothesis Testing, Type I/II Errors, Visualization Interpretation, Descriptive Statistics, Bias, Histogram/Box Plots, Inferential Statistics • Advanced Analytics - K-Means Clustering, Markov Analysis, Regression Modeling, T-Test, Chi-Square Test, AB Testing, Algorithms, ANOVA.

He described the eligibility, content and career prospects of all these specializations.

Dr. Shweta Bansal (HOD- CSE) was the Coordinator of this program while Ms. Monika Khatkar, Assistant Professor of SOET and Dr. Rashmi Jain Assistant Professor of SOMC were the Mentor of the students- connected the students and their queries to Mr. Balachandar.

#### Attendees

1. Students of Final Year SOET CSE.
2. Students of Final year SOMC joined the program.

#### Activity Outcome

Students got an introduction to the R studio in Data Analytics and the possibilities of job opportunities in the field of Data analytics.

They were also acquainted with the system of Google Co-lab for this program.

THE COMPLETE WORLD OF EDUCATION

**WORKSHOP ON COMMUNICATION SKILLS THROUGH SOFTWARE:**

**ADOBE PHOTOSHOP**

**conducted by SOAD, K. R. Mangalam University, Gurugram**

**Target Group:** Students of Architecture and Design (2nd year)

**Speaker:** Ar. Shailesh Pathak

**Coordinator:** Ar. Manika Goel

**Date and Time:** Thursday, 2nd June 2022

**Venue:** Room no. 208, C-block, KRMU

**Introduction**

Rendering and presentation are very important aspects of Architecture and Design. Photoshop predominately used for image and graphic creation, helps to produce architectural renders, visualizations and diagrams for presentations and client documents. This differs from architectural photographers who prefer to use the image adaption, editing, and enhancement tools.

**Objectives**

- To help in creating different kinds of visual effects
- To enhance communication skills through software's
- To learn a powerful tool for tweaking renderings or create them from scratch

**Content**

School of Architecture and Design organized Software Workshop at K. R. Mangalam University, Sohna Road campus on 2nd June 2022. Total 25 Students attended the workshop from Bachelor of Design, Fashion Design, Interior Design and Architecture programme.

  
Registrar  
K.R. Mangalam University  
Sohna Road, Gurugram (Haryana)

The activity was organized to help the students enhance the software skills and to help students to do a wide variety of things such as render the drawings and creating personal logo & business cards, portfolio, covers, brochures.

Students did hands on learning by rendering their design projects.

### Attendees

Students of 2<sup>nd</sup> year B. Arch, BID, B. Sc Interior Design and 1<sup>st</sup> year B.A. Fashion, B.Des.

### Conclusion

This was a highly productive session with students creating rendered drawings for design studio. It allowed students to create their own render or presentation style that will set them apart.

### Further Scope

Software skills will help the students in their practicing days to make the client visualize what the final result of the project will look like.

**NATIONAL CRAFTS MUSEUM VISIT REPORT**

To

**National Crafts Museum,**

**Pragati Maidan, Bhairon Road, New Delhi**

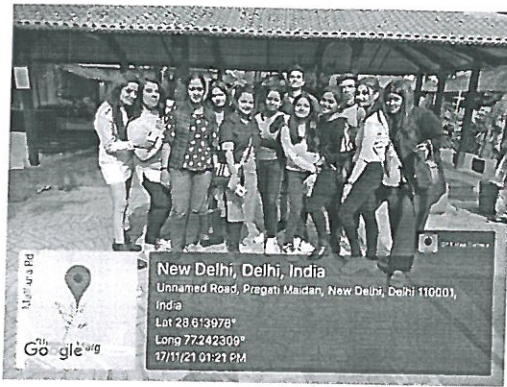

On 17-11- 2021.

School of Fashion organized an educational Visit to National Crafts Museum, Pragati Maidan, Bhairon Road, New Delhi On 17-11- 2021. Where students of fashion & mass communication accompanied by the faculty members Ms Rashika Kaushal, Ms. Sushma Mishra & Mr. Ritiwik ghosh have visited the museum.

The visit to the Crafts Museum aimed at enabling the students to develop an appreciation of the traditional Indian textiles and crafts. During the visit, the students were taken on a guided tour with researcher Ms. Huma, she welcomed all the students with greetings then she first give brief information about the National Crafts Museum then took student for the permanent exhibition of traditional textiles. Which include exclusive collection of traditional Indian handloom & embroidered textiles such as Double Ikat Sari, Block Printing, Shawl, Shikargah, Kantha, Phulkari, and Chikankari etc. She explained the vegetable dyes use for block printing beauty and their manufacturing process.

It was a good learning experience for the student's .From this visit they will visualize the theoretical matters of their subjects with practical approach. It will help them to work on the support of Indian handloom textile and sustainable product designing.
