SJMC organises Workshop Political Reporting

On 18 July, 2022

Target Group: Students of SJMC

Resource Person: Mr Vineet Kumar Singh, Deputy News Editor, India TV

Coordinators: Mr Ritwik Ghosh & Dr Jai Kishon Goswami

Date and Time: July 18, 2022, 10 am

Venue: A-213

Introduction

School of Journalism and Mass Communication (SJMC), K R Mangalam University, Gurgaon organised a **Workshop Political Reporting**

Objectives

- To acquire knowledge and hands on training on Political Reporting

Content

18 July 2022, a Workshop Political Reporting was organized by School Journalism and Mass Communication, KR Mangalam University. The session was anchored by Yashoda of BA(JMC) 2 year and moderated by Dr Jai Kishan Goswami, Assistant Professor, School Journalism and Mass Communication.

The students were made aware of the nuances of Political Reporting. Also the importance of language, timeliness and background knowledge was emphasised upon (Photo-1). The students were given an assignment of conducting video interview on current affairs.

Total number attendees of the session were around -- students of the department with the faculty. The students asked questions pertaining to the topic (Photo-2). This event was very enriching for the students, in which they learned a lot about the subject.

Attendees

A group of about -- students of SJMC participated

Activity Outcome

The students were asked to conducting video interview on current affairs from the given assignments.

Conclusion

The event was beneficial for the students as they learnt from the experience, which will help them as professionals.

Further Scope

Organizing this kind of activities and exercises make the students aware of the recent trends and practices in the subject.

Write up	The school of engineering Conducted workshop on Robotic Kits for first year SOET students on 30th Aug.2022 at 1:30 to 4:30 pm in B 207.The workshop aims to encourage & imbibe increased imagination, innovation, creation and application amongst students. The e-Yantra society envision on creating sustainable ecosystems in which students are made to think. 'play' with the robots. be able to execute projects and enhance their entrepreneur's skills in embedded systems and Robotics. In this workshop, students were briefed-up about the applications of robots, drones and IOT based projects. The purpose of this workshop to bring out the "technologically best" in students and to talk about the applications in innovative trends in Multidisciplinary Engineering. The workshop was conducted successfully and organized by Ms.Puja Acharya and Dr. Bhavesh Vyas.
Objectives	The objective is to acquaint students about the robotics, controllers. sensors and orient them to acquire technological skills required for building innovative projects
Activity Details	Acquainted with the various types of drones. controllers, components requirements Hands on firebird V Robot Hands on Arduino projects using Tinker CAD
Activity Outcome (Benefits to participants)	The students get to know about different types of drones. their components, design specifications. Learn about the firebird V robot kit, Hands on experience on Tinker CAD building Arduino base projects.
Student feedback (Attach copies)	Overall higher count and strong zeal of student's participation has made the event successful. Student provided marks in the form of feedback is attached with the report closure.

WORLD PHYSIOTHERAPY DAY-2022
REPORT

Target Group: BPT Students, Staff and students of KRMU

Coordinators: Dr. Badri Vishal (PT), Dr. Rituporna Bhattacharjee (PT)

Date: Thursday, September 08,2022

Venue: KRMU campus, Sohna road, Gurugram

Introduction

In 1996, 8 September was designated as World PT Day. This is the date World Physiotherapy was founded in 1951. The day marks the unity and solidarity of the global physiotherapy community. It is an opportunity to recognize the work that physiotherapists do for their patients and community. Using World PT Day as a focus, World Physiotherapy aims to support member organizations in their efforts to promote the profession and advance their expertise. Reports from around the world indicate that World PT Day activities have a positive impact on the profession's profile and standing with both the public and policy makers. Many World Physiotherapy member organizations already have their own national physiotherapy days, weeks and months.

The Department of Physiotherapy, K. R. Mangalam University celebrated World Physiotherapy Day (8th sept) to spread awareness about health and wellness. In context to focal theme of 2022 – "OSTEOARTHRITIS", students and faculties had organized various activities.

Objectives

- To spread awareness amongst the university staff and students about the physiotherapy day.
- To engage students in extra curricular activities and inculcate competitive spirit amongst students.
- To raise health awareness among the staff of the university and teach them to deal with osteoarthritis.
- To help the staff of the university for early diagnosis of diseases or illnesses and management/treatment of the diseases.

Registrar
K.R. Mangalam University
Sohna Road, Gurugram (Haryana)

Content

The programme started with Rangoli Competition by different groups of students at the reception area of college. The competition was judged by Pro-Vice Chancellor ma'am; Prof. Pushpa Lata Tripathi. The programme was followed by a skit presentation by the students which provided an emphasis on the theme of World Physiotherapy Day 2022- Osteoarthritis which was continued by Flash Mob by the students which captured a lot of attraction on the field of KRMU Campus.

Post lunch, the programme further proceeded with poster competition among the students which was judged by DEAN, Student Welfare, Prof. Tania Gupta. The program ended with an expert talk on Osteoarthritis by Dr Gurpreet Singh

Attendees

BPT students participated in the celebration and in various competitions, staff and students of KRMU attended the event.

Activities

TIME	EVENT
9:30 AM	Assessment Session of Faculties of KR Mangalam University
10:00 A.M.	Rangoli competition
12:00 P.M.	Skit by BPT students
1:00 P.M.	Flash mob by BPT students
2:00-3:00 P.M.	Poster competition
2:30 P.M.	Expert talk on Osteoarthritis

Conclusion

The celebration had a positive impact on the students and staff of KRMU. They were motivated to participate and further spread awareness about Physiotherapy. The conduction of event was successful.

Assessment Session of Faculties And Staffs of KR Mangalam University

EVENT 2: The next event was a Rangoli Competition among the BPT students. They were advised to make Rangolis pertaining to Physiotherapy. The reception area was alloted to them for the competition. One hour time wa provided to them. The competition was finally judged by Pro. Vice Chancellor maa'm; Prof. Puspha Lata Tripathi.

Activity Outcome
The event was kept so that the skills of students depicting their profession would evolve out showing a new sight to it.

Registrar

Sohna Road. Gurugram (Haryana)

EVENT 5: Post Lunch, Poster Competition was conducted for the students of BPT. They were asked to make posters pertaining to physiotherapy profession in such a way so that they could explain their posters to the person at the time of their judgement. One hour time was given to them. The posters were displayed on the notice board of Reception area so that it caught the sight of everyone. Finally, the judgment was done by DEAN, Student Welfare; Prof. Tania Gupta maa'm.

Activity Outcome

This event bloomed the extracurricular talent of the students and also inculcated a competitive spirit among them.

Poster Competition among Students

EVENT 6: Lastly, a session was taken by an expert where the students got to know about OSTEOARTHRITIS disease. They became aware of the conditions pertaining to this disease and also got the knowledge of its prevention. A demo session was also conducted for students where different exercises were shown to them which needed to be advised to the Osteoarthritic Patients for their recovery. The session was taken by one of the faculty member Dr. Gurpreet Singh (PT) who is an expert from the field of Orthopaedics.

Activity Outcome:

A much knowledgable session was provided to the students where they got the knowledge of Osteoarthritis and the management provided to the patients in this condition.

EVENT REPORT

Dated: 15th SEPTEMBER, 2022

Target Group: Students of SJMC.

Coordinators: Mr. Nazrey Hossain (Assistant Professor)

Mr. Pankaj Sharma (Assistant Professor)

Date and Time: Tuesday, 15th September, 2022.

Venue: TV Studio, C-Block, KRMU, Gurugram.

Introduction

The School of Journalism and Mass Communication of KR Mangalam University organised a TV Panel Debate/Discussion on the 15th of September 2022. The topic of the event was "THE IMPACT OF DIGITAL AND SOCIAL MEDIA ON THE YOUTH" which was held in the TV Studio of SJMC.

Resource Person: Mr. Nazrey Hossain, Assistant Professor, SJMC.

Objectives

- Students will learn how to conduct a debate session on TV show.
- Students will learn TV Programming and Production
- To improve their Language, Communication and Soft skills

Content

The School of Journalism and Mass Communication of KR Mangalam University organised a TV Panel Discussion on the 15th of September 2022. The topic of the event was "The Impact of Digital and Social Media on the Youth" which was held in the TV Studio of SJMC. At the beginning, Mr. Nazrey Hossain, Assistant Professor of SJMC and coordinator of the event had welcomed all panellists, faculty, and the students. He also introduced Ms. Pravina Srivastava a student of MJMC as the anchor of the session.

The anchor deliberated on the topics and introduced all the panel members to the audience. There were two panels which were grouped equally for and against the motion. The event had touched on topics such mental health, education, viewing the pandemic among other topics that were greatly affected by digital and social media. In the latter part of the event, the audience began to participate in the questioning of the debate teams. They asked a lot of questions from both sides. In this, both the audience and the participants made a great contribution. In the end, Mr. Ritwik Ghosh, Assistant Professor & Academic Coordinator, SJMC thanked all students and coordinator of the event and encouraged the students to participate in more such session. The event got concluded with a round of applause and a group photo of all the students and teachers of the program. All the students of SJMC both from BJMC and MJMC courses have thoroughly engaged with the live TV Debate session and acquired the first-hand knowledge and skills required for conducting a debate session on TV Debate /Discussion /Show.

Attendees

SJMC Students (27).

Registrar
K.R Mangalam University

18/09/22

Activity Outcome

The students have participated in this activity in an engaging manner with lot of interest and curiosity. Students were satisfied with the session and learnt on how to conduct a debate session on TV show professionally.

Conclusion

The live TV Panel Debate session have provided the first-hand knowledge and skills required for conducting a debate session on TV Debate /Discussion /Show and also how to produce other TV programmes. They also learnt how to moderate a live debate session and interact with questions from audiences.It was an enriching experience for all the students.

Further Scope

This kind of Live TV session will motivate the students towards choosing right career goals in TV/ Broadcasting / Digital Media industries and train them to be job ready in the professional world.

Artificial Intelligence Applied to Materials Discovery and Design

Date: 29th September 2022

Venue: MS team

Event Type: Workshop

Mode of activity: Online Mode

Target Group: SBAS students

Resource person: Dr. Vandna Luthra, Associate Professor, Gargi College, University of Delhi

Coordinators: Dr Neeraj Kumari and Dr Nidhi Gaur

Organized by: School of Basic and Applied Sciences

Number of participants: 25

On 29th September 2022, School of Basic and Applied Sciences organized a workshop on "Artificial Intelligence Applied to Materials Discovery and Design" in collaboration with Gargi College, University of Delhi, Delhi under MOU. The main objective to organize the workshop was to explore about the use of machine learning tools for identification of features of any materials and their design with more efficacy. The workshop was started by Dr Neeraj Kumari, Faculty Coordinator by warm welcoming the participants. Dr Neeraj initiated the program after giving a brief introduction about the artificial intelligence and machine learning.

Dr Vandna started her talk from basics of artificial intelligence and machine learning. She told that Artificial Intelligence (AI) has grown into a major tool in scientific and technological era. The main application of AI is to optimize design, production and application of materials due to which materials scientists are attracting more and more towards this area. The developments and advancements in machine learning have opened the door for various new

1

methods to study phase transitions due to their ability to extremely efficiently identify complex patterns in systems of many particles. The application of machine learning techniques vary from the use of developing new ML-based order parameters for complex crystal structures, to locating phase transitions, to speeding up simulations. She emphasized on importance of AI which is well fitted to manufacturing as it can perform manufacturing, quality control, shorten design time, and reduce materials waste, improve production reuse, perform predictive maintenance, and more.

She highlighted about several categories of Machine Learning according to the target values type and the nature of the issue that has to be solved. These algorithms may be generally characterized as Regression algorithms, Clustering algorithms, and Classification algorithms. Clustering is an example of an unsupervised learning algorithm, in contrast to regression and classification, which are both examples of supervised learning algorithms. Machine learning play an important role in the field of machine intelligence concerned with the design and development of algorithms and models that allow computers to learn without being explicitly programmed.

In the last, she gave an assignment to the students to identify the characteristics of flower using AI/ ML. The students participated very enthusiastically and gave the answer very well. The whole session was very good and interesting for the students and faculty members. The session was ended by Dr Neeraj Kumari with vote of thanks to the guest speaker as well as participants.

Workshop on "Importance of E-Learning"

Date: Tuesday, 20th September 2022

Venue: Hybrid (offline in B014+online through MS Teams platform)

Event type: Workshop

Mode of activity: Lecture

Target Group: All the students of SBAS

Resource Person: Dr. Sonu Godara, Shri Ram Institute of Education and Prof. Susheel Kumar, Hansraj College, University of Delhi.

Event Coordinators: Dr. Neeraj Kumari and Dr. Rajni Gautam

Organized by: School of Basic and Applied Sciences in collaboration with Hansraj College

E - Learning is a means of exchanging information across a number of platforms, such as eBooks, CDs, webinars, and more. It also revolutionized the standard form of chalk-and-board learning taught to students. In comparison to this, E - Learning makes giving and receiving faster, more prolific, and more profitable. There are certain goals when it comes to E-Learning and some of these are to

- Enhance the quality of learning and teaching.
- Inform the students about different online platforms like Swayam, National Digital Library, MOOC and many more.
- Meet the learning style or needs of students.

Registrar
K.R. Mangalam University
Sohna Road, Gurugram, (Haryana)

Neeraj   *Meena*

The workshop was started by Dr. Neeraj Kumari by welcoming all the students with brief introduction about the workshop. Dr. Neeraj welcomed the guests Dr. Sonu Godara from Shri Ram Institute of Education and Prof. Susheel Kumar from Hansraj College, University of Delhi. Dr. Sonu explained the NEP 2020 initiatives for online education, digital infrastructure, virtual labs etc in her interactive session with the participants through a question-answer session. She focussed on the importance, advantages and disadvantages of e-learning. She explained various e-learning tools available for the students for example SWAYAM, MOOC, SHODHGANGA, Google classroom, Jamboard, Google Docs, ZOOM etc. Prof. Susheel kumar deliberated his talk in the second half of the session. In his extremely enriched session, he focused on the concept of digital empowerment, freely available digital online resources such as SWAYAM, e-Yantra, NPTEL, Virtual Labs by IIT Bombay, Shiksha.com etc. The session was attended by 25 participants in offline mode and 8 participants in online mode through MS Team platform.

Students were motivated to use various e-learning tools in their learning methods. Information related to many freely available online resources was imparted to the students during the seminar. The session was ended with vote of thanks by Dr. Rajni Gautam, event coordinator.

Write up (50-80 words)	The school of engineering Conducted workshop on 3D Printing for first year SOET students on 30th Aug ,2022 at 1:30 to 4:30 pm in B-210.The workshop aims to encourage & imbibe increased imagination, innovation, creation, and application amongst students.
	In this workshop, students were briefed-up about the applications of 3D Printing. The purpose of this workshop to bring out the "technologically best" in students and to talk about the applications in innovative trends in Multidisciplinary Engineering. The workshop was conducted successfully and organized by Mr. Shri Ram and Mr. Arvind Kumar. Students were briefed about the 3d printing process and its enormous applications. A few models

	were printed by utilizing the 3d printer. Students provided their valuable feedback and testimonials about the workshop.
Objectives	The objective is to acquaint students about the 3D Printing and orient them to acquire technological skills required for building innovative projects.
Activity Details	Acquainted with the various types of 3D Printers, components requirements Product development with 3D Printer Hands on projects using 3D Printer and Different Materials required for 3D printing
Activity Outcome (Benefits to participants)	The students get to know about different types of 3D Printers, their components, design specifications and extension required, learn about the flash print software, Hands on experience on Flash Print software to convert .stl files to .gx files.
Student feedback (Attach copies)	Copies of the feedback are attached with the report.

Workshop on CLO 3D

Awareness of Trends in Technology

Date: Sunday, 04th June 2023

Event Type: Workshop

Mode of Activity: Online

Target Group: Students of B.A FD/ B.Des and 2nd and 3rd year

Resource Person: Mr. Rishabh Chakravarty (Industry Expert)

Coordinators: Ms. Chandni Aggrawal, Assistant Professor (Academic Coordinator), SOAD-FD

Ms. Yashasvi Rajawat, Assistant Professor, SOAD-FD

Organized by: School of Architecture and Design – Fashion Design

Number of Participants: 05

School of Architecture & Design - Fashion Design department hosted an enriching workshop on CLO 3D, a design software for the students of B.A/ B.Des. Fashion Design, 2nd and 3rd year. The workshop was conducted in online mode on 04th June 2023. The session was taken by the esteemed industry expert Mr. Rishabh Chakravarty, a Specialist of 3D Design and Implementation at CLO Virtual Fashion itself. This enriching session aimed at enhancing the students' technical skills and provided them with hands-on experience in utilizing CLO 3D for fashion design purposes.

The students participated very actively and developed their design storyboards by using this software. Every student picked a theme and made digital illustrations on that particular theme. After developing the illustrations, the students also made videos on CLO 3D only where the illustrations can be seen moving 3-dimensionally.

It was an exciting occasion where they had the opportunity to exhibit the fruits of their labor by presenting their remarkable final projects. By providing hands-on training and fostering collaborative learning, the workshop equipped the students with essential skills in virtual garment design and proto-typing. These new skills will empower students to excel in the fashion industry and contribute to the evolving landscape of technology in fashion design.

Career enriching talk regarding awareness of trends and technology to students

Date: Thursday, 1st June' 2023.

Venue: A 213, A Block, K.R. Mangalam University.

Event Type: Career Enriching Talk

Mode of Activity: Offline

Target Group: Students of KRMU

Resource Person (if any): Prof. Pankal Aggarwal (Dean) SOET, K.R. Mangalam University

Coordinators: Dr. Padmani Koul, Ms. Biatrisha

Organized by: School of Humanities

Number of Participants (Attach Attendance as Annexure): 20 students

School of Humanities of K.R. Mangalam University organized an event on **"Career enriching talk regarding awareness of trends and technology to students"** on 1st June' 2023. Use of trends and technology plays an important role in enhancing communication skills by improving efficiency and productivity making it easier and quicker.

The basic goal of the event was for students to know how communication skills can be enhanced using trends and technology as it is accessible to people all over the world. This engages students in a fun and competitive environment while reinforcing their learning. The benefits of trends and technology is social connectivity, versatile working, learning opportunities, communication speeds and automation.

The objectives of the event were:

1. To develop better and efficient methods for carrying out different activities.
2. It allows students to encourage higher level thinking and creativity through use of technology.

Prof. Pankaj Aggarwal explained the students about the basic goal of the event, it was for students to know how communication skills can be enhanced using trends and technology as it is accessible to people all over the world. This engages students in a fun and competitive environment while reinforcing their learning. He focused on the benefits of trends and technology is social connectivity, versatile working, learning opportunities, communication speeds and automation.

Technology has always been a major driver of change in the education sector. Educational technology has quickly become a paramount element in every learning stage from primary schools to universities. It not only helps to make lessons more illustrative, informative, and engaging, but also allows for improved scalability and overall effectiveness of education. In this session, students explored the top technological trends in teaching and learning that you should be aware of to provide your students with the best educational experience.

NOTE

Subject: Approval to conduct Workshop on ICT based Teaching

On 29th MAY 2023

School of Medical and Allied sciences of K.R. Mangalam University want to conduct a Workshop on **ICT (Interactive Classroom Teaching) based teaching learning approaches (Awareness of Trends and Technology)** in collaboration with Scrollwell.com, Noida a startup company by Mr. Roshan Kumar. Mr. Roshan is an experienced Graphic designer, Skilled in Business Planning, Microsoft Word, Microsoft PowerPoint, Microsoft Office, and Social Media Marketing and an ace automobile engineer, and MBA at National Institute of Technology, Jalandhar and created Scroll well.
Impacted `9500+ Teachers and students and young professionals through his work over the past 1 year in classroom boot camps and online courses. He has consulted various schools, organisations and companies for education related services from spanning different geographies in India

Objective: Research scholars, Students and faculty members or professionals in the field are encouraged to learn how to deliver ICT based teaching pedagogy and administer an open learning platform during classroom teaching. The objectives of this workshop are to:

- Provide hands on training to our physiotherapy and pharmacy teachers and students to know how to use ICT tools sand better implement them.
- Make them train about the importance of MOOCS and SWAYAM platforms and incorporate the e-learning kit as part of teaching and learning in classroom learning.

Resource Person: Mr. Roshan is an experienced IT professional skilled in training and improving the ICT based teaching learning in various universities and colleges. Mr. Roshan has imparted the importance E learning Platforms to improve experiential learning among students and the teaching pedagogies.

Outcome: To equip our teachers and students in incorporating online MOOC platforms, e-learning tools into their traditional teaching learning methodologies.

We will also be requiring a **Budget approval of Rs. 3000/- along with transport to and fro from Huda Metro Station for the resource person** for conducting this event.

Report

"ICT based teaching learning approaches -Awareness of Trends and Technology"

29th May, 2023

Introduction: The event was in collaboration with Scrollwell.com. Scroll well is a start-up company by Mr. Roshan Kumar is based in Noida. Mr. Roshan is an experienced Graphic designer, Skilled in Business Planning, Microsoft Word, Microsoft PowerPoint, Microsoft Office, and Social Media Marketing and an ace automobile engineer, and MBA at National Institute of Technology, Jalandhar and creator of Scroll well. He has impacted more than `9500+ Teachers and students and young professionals through his work in classroom boot camps and online courses. He has consulted various schools, organizations and companies for education related services spanning different geographies in India.

Objective:

1. To motivate and educate our students, research scholars and our teachers in E learning platforms and its usage.
2. To stay up to date with the latest technologies and strategies to be include in teaching learning pedagogies.
3. Help us understand the different available resources to design MOOCs and SWAYAM platforms and how to build our own E-learning kit using Artificial Intelligence
4. Demonstration training on e-learning and implementation of AI software for improvement of academics and science.

Registrar
K.R. Mangalam University
Sohna Road, Gurugram, (Haryana)

1

Methodology:

It is an intra-university event, the time duration is of 2 hours.

1. Teachers and students were assembled to engage in interactive hands on demonstration of ICT tools to be used in our Day to day curricula.

2. Mr. Roshan taught us on understanding the role of user friendly software such as ChatGPT, Google Bard, Canva, Microsoft Xcel and PNS as a E learning tool.

3. This activity helped in creating awareness about the latest trends in E learning platforms and equip in strategies used for data analysis using various newer software's to reduce the time and improve the efficiency of research output of students and teachers.

Languages- Hindi and English only

Content:

Artificial Intelligence (AI) is a simulation of human intelligence into a computer machine so that it can think and act likes a human. It is a technology that helps a computer machine to think like a human. Artificial Intelligence aims to mimic human behavior. AI has various uses and applications in different sectors, including education.

In the education system, there are various activities which take lots of time of teachers such as grading tests and home-works. These tasks require lots of time and effort, while this time could be used in interacting with students, letting them know their errors, teaching new things, and many more.

Artificial Intelligence can be used. With AI tools, it is possible to automate the grading system for nearly all types of MCQ (Multiple choice questions) and fill-in-the-blank, and they are very close to being able to grade written responses. However, AI is still not possible to truly replace human grading, but it's getting improving day by day. By using AI, teachers will get more time to fill the gap in their classroom rather than investing their time in these tedious tasks.

Outcome:

ICT tools stand for Information Communication Technology tools. The ICT tools means to digital infrastructures like computers, laptops, printers, scanners, software programs, data projectors, and interactive teaching box. Teachers can integrate educational apps or websites and create interactive assignments; we can include a slideshow, a small game, or an entertaining YouTube video full of information.

This way, students learn better and enjoy their learning experience. Artificial Intelligence (AI) has the potential to address some of the biggest challenges in education today; innovating teaching and learning practices, and accelerate progress towards SDG 4. However, rapid technological developments inevitably bring multiple risks and challenges, which have so far outpaced policy debates and regulatory frameworks. There were total 47 participants from which 36 were students and 11 were teachers from KR Mangalam University.

Registrar
K.R. Mangalam University
Sohna Road, Gurugram, (Haryana)

Conclusion:

ICT tools help in making the interaction between teachers and students more practical oriented and equip the teachers in making notes, assignments simpler and user friendly. Google bard, Canva, ChatGPT and Microsoft PNS all these new-age applications are equipping the students in making them research oriented and future ready.

Further Scope:

The ICT integration should promote construction of knowledge by learners and enable them to become self-learners. In this changing scenario the need of the hour is to switch over from the traditional teaching to modern educational system, in which the conventional learning tools are replaced by technology driven learning tools. The online platforms have the added advantage of benefitting simultaneously a large number of students.

Report on
Workshop on Fact Checking Tools and Techniques (Fact Verification and entrepreneurship)

Date: 21st March 2023

Venue: Computer Lab 8, C- Block

Event Type: Workshop

Mode of Activity: Offline

Target Group: SJMC Students

Resource Person (if any): Dr Moinuddin Ahmad, News Editor, Indiatimes.com

Coordinators: Mr. Ritwik Ghosh and Ms. Gauri Joshi

Organized by: School of Journalism and Mass Communication, Mediaverse and KEIC

Number of Participants (Attach Attendance as Annexure): 30

School of Journalism and Mass Communication in association with KEIC and Mediaverse organised a workshop on Fact Checking Tools and Techniques (Fact Verification and Entrepreneurship) at Lab-8, C-Block, on 21 March 2023. The expert for the session was Dr Moinuddin Ahmed, Editor, India Times and a Google News Initiative trained fact checker expert from Data Leads.Prof. (Dr.) Neeraj Khattri, Dean, SJMC welcomed the expert and emphasized on the importance of fact checking for everyone in the era of digitalization. The initiative was to empower the students with media and digital literacy and also give them insight into career opportunities and prospects in it. Through the workshop the students gained a deeper understanding of the challenges and opportunities of fake news fact-checking in the digital age. The speaker discussed how to identify and verify sources, how to fact-check images and videos, and how to use various online tools for fact-checking. The speaker also emphasized the importance of collaboration in fact-checking and how journalists, researchers, and citizens can work together to promote accurate information.

The participants were given the opportunity to ask questions and share their own experiences. The participants were also divided into groups and given a practical exercise to fact-check a piece of information. This exercise helped the participants to understand the techniques and tools discussed in the workshop.

The workshop was a success, and the participants gained valuable insights into fact-checking techniques and tools. The workshop also highlighted the importance of fact-checking in today's world and the opportunities available for those interested in this field. The participants left the workshop with a better understanding of how to verify information and how to promote accurate and reliable information in their own communities.

Seminar on Soilless/ Hydroponic Cultivation and Vertical Farming of High Value Horticultural Crops

Date: Friday, 17th March, 2023

Venue: C-301, K.R. Mangalam University, Gurugram (Haryana)

Timing: From 2:00 pm onwards

Event Type: Seminar

Mode of Activity: Offline

Target Group: Students of SOAS

Coordinator: Dr. S.S. Sharma, Dean SOAS

Dr. Vikas Kumar Sharma

Organized by: School of Agricultural Sciences, KRMU (Gurugram)

Number of Participants: 25

School of Agricultural Sciences, K.R. Mangalam University, Gurugram organized seminar on soilless/ hydroponic cultivation and vertical farming of high value horticultural crops on 17th March, 2023. The session started with the welcome note by Dr. S.S. Sharma, Dean SOAS, and he explained status of present agriculture and its importance in Indian GDP. The event was coordinated by Dr. Vikas Kumar Sharma (Assistant Professor - SOAS) and gave a informative lecture on production technology of high value horticulture crops under vertical hydroponic system. He said that high value fruits and vegetable crops are very sensitive and generally grown in soil worldwide and a number of organisms affect almost all parts including roots, stem, crown, leaves and fruits. He further said that the pesticides used in agriculture can contaminate soil, water, turf, and other vegetation. In addition to killing insects or weeds, pesticides can be toxic to a host of other organisms including birds, fish, beneficial insects, and non-target plants.

Thus there is increased demand for a suitable technology adapted to soilless culture by growing crops in different artificial media like perlite, cocopeat, vermiculite, moss, coir, saw dust and vermicompost. To eliminate the soil borne diseases and pest the use of artificial media is gaining popularity and number of soilless substrate/ media can be used to substitute the soil for plant growth and production. He also enlighten the effect of urbanization on agriculture and said urbanization leads to a continuous loss of agricultural land, both directly under the form of land take, and indirectly through the use of agricultural land for nonproductive activities. The land is also very expensive so to cultivate the crops, so the vertical space needs to be utilized by modifying the plant geometry to obtain higher productivity and quality produce. Because in some crops (leafy vegetables) the yield is mainly related to the number of plants rather than the area.

NOTE

Subject: Approval of Workshop on Computer Hardware Assembling

Dear Sir,

Greetings of the day!!

On behalf of Computer Science & Engineering Department .SOET. KRMU, we wish to propose an event **"Workshop on Computer Hardware Assembling"** on 06/02/2023 from 10:00 am onwards in B block Lab 6.

Objectives of the Event

The prime objective of the workshop is to make the students aware about computer components and how they fit and work together.

Outcome:

The students will gain the real-time experience of reassembling the different parts of computer.

NAAC Metric: 2.3.1

Regards

Dr Meenu Vijarania & Dr Manoj Ojha
Event Coordinators

Report on

Workshop on Computer Hardware Assembling

Date: Wednesday, 09th February 2023

Venue: LAB 8, C Block, K.R. Mangalam University.

Event Type: One day Workshop on Computer hardware Assembling

Mode of Activity: Offline

Target Group: Ist Year Students

Resource Person : Dr Manoj Ojha and Dr Meenu

Coordinators: Dr Manoj Ojha and Dr Meenu

Number of Participants : 30

Attendance -Annexure 1

Feedback – Annexure 2

Objective:

The prime objective of the workshop is to make the students aware about computer components and how they fit and work together.

Content:

Workshop provided the basic knowledge about assembling the system (motherboard) and demonstration for the same. Information was given regarding the RAM and its types, SMPS, API components of motherboard. Demonstration for assembling the optical cable (RJ45). Workshop imparted the fundamental knowledge about computer hardware, Operating System installation, fault diagnosis and networking. Dr Manoj Ojha explained the basic concepts related to PC architecture and hardware components such as motherboard, RAM, Hard drive, and CPU, computer networking such as network components, physical, logical and port addresses, LAN, WLAN. One working CPU was disassembled/ assembled and shown to the students.

Outcome:

The students gained the real-time experience of reassembling the different parts of computer. There was a question/answer session at the end of demonstration which was interactive and informative to the students.

Further Scope:

Registrar
K.R. Mangalam University
Sohna Road, Gurugram, (Haryana)

Computer Assembly is an important process that every student must know. As it received a huge interest by the students, we will be looking forward for more such workshops.

Report on

Conclave on latest technologies Organized by SOET K.R Mangalam University, Sohna

Date: Tuesday, 13th December 2022.

Venue: Room No. A213, K.R. Mangalam University, Sohna, Haryana.

Event Type: Conclave on latest technologies useful for the students in the future.

Mode of Activity: Offline

Target Group: College Students

Resource Person (if any): N.A Mr. Chinmoy, Imagine XP

Coordinators: Mr. Ashwani and Ms. Jyoti Kataria

Organized By: SOET (School of Engineering and Technology), K.R. Mangalam University

Number of Participants (Attach attendance as Annexure): 87
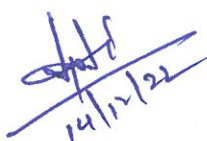

School of Engineering and Technology of K.R. Mangalam University organized an offline event "Conclave on future technologies" on December 13th, 2022. The aim of the event was to aware students about the upcoming technologies and growing importance of UX/UI as well as its scope in future and keeping themselves up to date with the tech. It also provided them with the opportunity to demonstrate their learning experience.
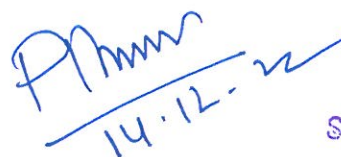

In the event a total of 87 students enrolled and took part in this conclave. The event comprises of explaining the students about UX/UI course in detail and its growing importance, also about the diversified jobs in this field and increasing demand of UX designer in the market. All the information was delivered to the students by the representatives of ImaginXP.

The event was handled by 4-5 student coordinators along with the teacher coordinators. The representatives of ImaginXP addressed the students and students were able to grab a lot of information which enhanced there knowledge.

The event was an overall success. Students that took part had an overall positive experience. They learned about various job opportunities in different sectors, mainly in UX/UI field. Also came to know about that how designer and engineers work in a blend mode for developing an app or any solution. Students got a glimpse of the designing app which is currently under process and also insisted to be a part of it. In return to their queries speaker suggested for another workshop in the coming session.

In whole it was a great session for everyone.

K. R. MANGALAM UNIVERSITY

K.R. Mangalam University (KRMU) located at Sohna Road, Gurugram is the fastest growing and most promising upcoming University in India. The green and pollution-free environment, world-class infrastructure, advanced and comfortable learning environment, health and fitness activities, charming hangouts and safe campus are some of the special features of KRMU.

KRMU aims to transform lives through knowledge, collaboration and partnership, creates niche of innovation, entrepreneurship and creativity, nurtures and rewards skills and talents, and undertakes world-class research of high impact on society.

The well-qualified and experienced faculty members from prestigious institutions, eminent academic leaders and highly professional management give the best to the students to groom them to be academically excellent, professionally and socially responsible individuals.

The University gives a perfect balance between curricular and co-curricular activities providing a highly creative and innovative platform for the students to enrich their personalities. Various activities like industry visits, internships, guest lectures, workshops, social services, and medical camps are some of the regular activities of the campus.

SCHOOL OF EDUCATION

The School of Education aspires to become an internationally recognized department through excellence in the interdisciplinary arena of education, research and innovation, preparing socially responsible lifelong learners contributing to nation building. Since 2016 the School of Education strives to foster and maintain a creative environment with a deep commitment to inculcate excellence in academics and contribute towards students' development. The school brings an attitudinal change in prospective teachers for their advancement into accountable agents of change in the society, who are sensitive to local, national, and global concerns and issues vital for human survival, progress, and development. The School of Education offers diverse programs of studies that are designed to develop an insight into the nuances of teaching and learning in terms of theoretical perspectives, pedagogical techniques that facilitates the students' understanding of social, emotional, and intellectual ecosystem. Some of the best practices of SOED are blended learning, collaborative learning, integrated learning and experiential learning.

- Ph.D. Education

PRATHAM EDUCATION FOUNDATION

Gurushala is an initiative of Indus Towers Ltd. and Vodafone Idea Foundation and is implemented by Pratham Education Foundation. The idea driving Gurushala dates back to 2012 when a digital education programme was piloted in 151 under-resourced and low-cost schools across India. The programme aimed to positively impact the learning levels of students by equipping schools with digital technology and training upper-primary math and science teachers to integrate technology and innovative group learning pedagogies inside the classroom.

Over the years, the programme worked with schools across diverse geographies, cultures, languages and other socio-economic characteristics. In this process, it generated a rich pool of knowledge and insights about the problems that Indian teachers face inside their classrooms and innovative and scalable solutions to solve those problems. The need to provide teachers with an integrated platform for self-paced capacity development, access to varied resources and connect with peer teachers was realized. The growing penetration of internet and smart-phones in both rural and urban areas offered an opportunity to transform this need into the idea of an online teacher portal. In 2019, this idea translated into reality with the launch of Gurushala.

Pratham is an innovative learning organization created to improve the quality of education in India. As one of the largest non-governmental organizations in the country, Pratham focuses on high-quality, low-cost, and replicable interventions to address gaps in the education system. Established in 1995 to provide education to children in the slums of Mumbai, Pratham has grown both in scope and geographical coverage. The organization aims to improve the quality of education in India and ensure that all children not only attend but also thrive in school. This goal is accomplished by working in collaboration with the government, local communities, parents, teachers, volunteers, and civil society members.

ABOUT THE EVENT

Electronic-content which is also known as Digital Content refers to the content or information delivered over network based electronic devices or that is made available using computer

network such as INTERNET. E-content includes all kinds of content created and delivered

Registrar
K.R. Mangalam University
Sohna Road, Gurugram, (Haryana)

With the advent of Internet and world wide web (www), the access to information has become very easy and the entire world is moving towards digitization. Twenty first century students learn in a global classroom and not necessarily within four walls. They are more inclined to find information by accessing the Internet through mobile phones and computers, or chatting with friends on a social networking site. The advancements in technology and the plethora of powerful and innovative digital devices and tools have a great potential to improve educational outcomes. Educators and student-teachers must understand that the use of digital content and devices will improve teaching and learning and thus enhance educational opportunities and benefit the Millennial.

RATIONALE

E- content is the expression broadly used to describe ⊠instructional content or learning experience delivered. The broader definition can include the use of the Internet, intranets/extranets, audio- and videotape, satellite broadcast, interactive TV, and CDROM, not only for content delivery, but also for interaction among participants. Since the demands and conditions of today's youth are different from those of 10years ago. Today, new generations are expected to have a high level of digital competence because they are constantly evolving. To do this, an educator must have up-to-date training and a high level of digital competence. Using digital skills in classroom have many advantages that help the teacher to teach and evaluate students in an agile and effective way. This workshop on e-content development is meant to understand the meaning and standards of e-content, learning objects, designing and development of digital resources for teaching and learning. Thus, this workshop aims in providing the knowledge and skill for teachers to cater to present day learners and their learning styles.

OBJECTIVES OF THE EVENT

· To create awareness about e-contents development among the faculty members and Student-teachers.
· To identify the process and steps involved in developing e-contents
· To promote the generation of e-Content for all the subjects amongst faculty members and Student-teachers.
· To understand the process of planning, designing, and implementation of online courses and materials.
· To train the faculty members and student teachers for the creation and delivery of e-content for formal and non-formal education with practical orientations.
· To equip the faculty members and student teachers to integrate e-content in their classroom teaching.

Registrar
K.R. Mangalam University
Sohna Road, Gurugram, (Haryana)

METHODOLOGY

1. Conduction of workshop on e-content creation.
2. The student-teachers and faculty of SOED will develop e- content on any topic of their interest and an e-repository will be created.

THEME

Framework of E-Content Creation

EXPECTED OUTCOMES

The participants will develop awareness about E-content creation, it is anticipated that they will be able to prepare e- content on various academic subjects and learn different tools to develop e-content. They will do hands on experience on the digital skills through the workshop.

EXECUTION

The workshop will be conducted through ONLINE mode. It will adopt a practical and interactive approach including Discussions, Self-learning Exercises.

Target Audience: SOED, KRMU Faculty members and Student-Teachers

Date and Time: December 7, 2022, 11 A.M onwards

Mode: Virtual

Registration Link:

(For Faculty) - https://forms.gle/W1pfH7VtJfZQ5R4W6

(For Students) - https://forms.gle/XixDJggFtHdwnoKT9
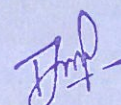

Certification:

Certificates will be provided to all participants.

Trends in Technology Awareness Workshop

On

E-CONTENT CREATION

Date: Wednesday, 7th December 2022.

Venue: Gurushala platform

Event Type: Workshop

Mode of Activity: Online

Target Group: Student- Teachers and Faculty members of SOED

Resource Person: Ms. Aakriti Adya & Mr. Abhishek Pratap Singh

Coordinators: Dr.Pooja Verma & Ms.Kanchan Khatreja , Assistant Professor , K.R.Mangalam University(KRMU),Gurugram.

Organized by: School of Education, KRMU in collaboration with Gurushala ,Pratham Education Foundation.

Number of Participants: 220

Technological advancements, as well as a plethora of powerful and innovative digital devices and tools, have the potential to significantly improve educational outcomes.Educators and student-teachers must recognise that using digital content and devices will improve teaching and learning, increase educational opportunities, and benefit the millennial generation. Thus, with the objective of developing digital competencies for an effective teaching and learning process by making the teachers understand the trends in technology, the School of Education, K.R. Mangalam University organized an online Trends in Technology Awareness Workshop on "E-content Creation" for educators and students in collaboration with Gurushala at Pratham Education Foundation. Mr. Abhishek Pratap Singh and Ms. Aakriti Adya from Gurushala were the invited speakers for the workshop.

Registrar
K.R. Mangalam University
Sohna Road, Gurugram

Ms. Kanchan Khatreja, Assistant Professor, School of Education, welcomed the participants and guest speakers of the day and introduced the speakers to the participants. The session was conducted on the digital platform of Gurushala. Prof. Tania Gupta, Dean, School of Education, welcomed the speakers and gave a brief introduction about the essence of scheduling this workshop and Gurushala. There were more than 220 participants who attended the workshop. The participants who joined this session were the student-teachers from various colleges, research scholars, school teachers, assistant and associate professors, scientific assistants , laboratory technician, school inspector and principals of different colleges. They were not only from the education department but also from other areas. The participants belonged to different states like Chattisgarh, Rajasthan, Haryana, Srinagar, Maharashtra, Karnataka, Chennai, Tripura, Delhi, Tamil Nadu, Uttar Pradesh, Jammu & Kashmir, Bihar , Gujarat, Himachal Pradesh, Madhya Pradesh, West Bengal, Kerala, Manipur, Pondicherry, etc. One international participant was also there, from Libya.

The speakers started the session by discussing the need for digital competencies among the teachers and what skills they must possess so that they can meet the changing demands of the learners. They further discussed how technology can be integrated with pedagogy while keeping the needs of learners in mind. They also demonstrated the various modalities for using the Gurushala website and how any participant can create their own modules or use the already existing ones. They demonstrated that a separate community by the name 'Teachers of K. R. Mangalam Community' has been created on the Gurushala website, and the student-teachers and other faculty from K. R. Mangalam University can create their modules and add them to their website. They demonstrated how to work on kdevlive software and on websites like Pixabay, etc. They organised some activities during the workshop to check the students' understanding. They also handled queries from the participants. The session was closed with a vote of thanks by Dr. Pooja Verma. This was a fantastic learning experience for the participants, who learned how to create e-content for learners while keeping their needs and demands in mind using software like Kdenlive.

K. R. Mangalam University

Sohna Road, Gurgaon

School of Medical and Allied Sciences

NOTE

06.12.22 and 07.12.22

Subject: Requisition for approval of event "Pharmacy week celebration"
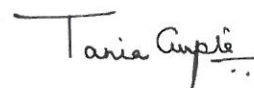

School of Medical and Allied Sciences, K. R. Mangalam University, Gurgaon is organizing "Pharmacy week" on 6th Dec 2022 and 7th 2022, in SMAS (Pharmacy). Proposed event will be conducted by Co-ordinators Ms Renu Yadav, Ms Meher and Ms Damini Yadav respectively, along with the students from Pharmacy department of SMAS school, KRMU.

The theme of Pharmacy week this year is **"Pharmacy of the world: India"**. The major focus of NPW celebrations is to create awareness amongst the students about the contribution of Indian pharma to the country's economy. Below mentioned activities will be part of pharmacy week celebration.

Quiz competition

Essay writing competition

Speak your mind activity

Debate competition
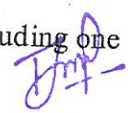

Objectives

1. To create awareness among the students regarding the role of pharma sector in growth of Indian economy.

2. To endorse the impactful role of Indian Pharma industries in order to produce quality products and supplying the services worldwide.

Methodology

Quiz Competition

It will be an intra-school event with time duration of 2 hours. Six teams including one student

Registrar
K.R. Mangalam University
Sohna Road, Gurugram, (Haryana)

from each class of D. Pharmacy, B. Pharmacy and M. Pharmacy will participate in the competition.

The competition will comprise of five rounds including question from general knowledge, subject related, discoveries in science, puzzle on pharma and current affairs. The winner team will be facilitated with a certificate of appreciation and remaining teams will be given participation certificate.

Quiz competition rules

1. Each team consist of seven members (one form each class of D. Pharmacy, B .Pharmacy and M. Pharmacy).

2. 30 seconds will be given to the team to discuss amongst themselves before giving the answer.

3. For every correct answer 5 points will be given and for every wrong answer 2 marks will be deducted.

4. For wrong answer / unanswered question, the question will pass to next subsequent teams. The passed question should be answered within 5 seconds and not more than that.

5. If there is any tie up among the teams, it will be solved by taking another round or set of rounds.

Essay writing competition on "India- The market leader in Generic drugs"
This event will be open for all the interested students. Students will be given 30 minutes for essay writing. Top three winners will get appreciation certificate.

Debate competition on "Aatmanirbhar Bharat - Boon or Bane"
The pandemic has highlighted the fact that India depends on import of raw materials for vital medicines. For manufacturing industry in general, this post covid period has been challenging time and has highlighted the urgency for India to become self-reliant. This activity is planned to discuss whether to become self-reliant is the need of time or not.

Report on

"National Pharmacy Week"

Date: Tuesday and Wednesday, 6th & 7th December 2022.

Venue: B Block, 4th Floor, K.R. Mangalam University.

Event Type: Intra-school Event

Mode of Activity: Offline

Target Group: D. Pharmacy, B. Pharmacy & M. Pharmacy students

Coordinators: Ms. Renu Yadav, Ms. Damini Yadav & Ms. Meher Priya Organized by: School of Medical & Allied Sciences

Number of Participants: 51

Introduction

National Pharmacy Week acknowledges the invaluable contributions of pharmacists and technicians to patient care in hospitals, outpatient clinics, and other healthcare settings. This year the theme of Pharmacy week is "Pharmacy of the world: India". The major focus of National Pharmacy Week celebrations is to create awareness amongst the students about the contribution of Indian pharma to the country's economy.

School of Medical and Allied Sciences, K. R. Mangalam University, Gurgaon organized "Pharmacy week" on 6th and 7th Dec 2022, in SMAS (Pharmacy). Proposed events were conducted by Co-ordinators Ms. Renu Yadav, Ms. Meher Priya and Ms. Damini Yadav respectively, along with the students from the school.

Objectives

1. To create awareness among the students regarding the role of pharma sector in growth of Indian economy.

2. To endorse the impactful role of Indian Pharma industries in order to produce quality products and supplying the services worldwide.

Methodology

Quiz Competition

It was an intra-school event with time duration of 2 hours. Seven teams including three students from class of D. Pharmacy and B. Pharmacy were participated in the competition.

The competition comprised of five rounds including question from general knowledge, subject related, discoveries in science, puzzle on pharma and current affairs.

Registrar
K.R. Mangalam University

Quiz competition rules

1. Each team consist of three members (from D. Pharmacy and B .Pharmacy)

2. 30 seconds will be given to the team to discuss amongst themselves before giving the answer.

3. For every correct answer 5 points will be given and for every wrong answer 2 marks will be deducted.

4. For wrong answer / unanswered question, the question will pass to next subsequent teams. The passed question should be answered within 5 seconds and not more than that. 5. If there is any tie up among the teams, it will be solved by taking another round or set of rounds.

Out of seven team, two teams i.e "Team G - Jayant Rahul and Aman and Team F-Diksha, Shreshth and Bhupesh" were given first and second position respectively.

Essay writing competition on "India- The market leader in Generic drugs"

This event was open for all the interested students. Students were given 30 minutes for essay writing. Seventeen students were participated in the competition. First, second and third position were secured by Shrestha, Arun and Nisha.

Debate competition on "Aatmanirbhar Bharat - Boon or Bane"

The pandemic has highlighted the fact that India depends on import of raw materials for vital medicines. For manufacturing industry in general, this post covid period has been challenging time and has highlighted the urgency for India to become self-reliant. This activity was planned to discuss whether to become self-reliant is the need of time or not. Total four teams participated in debate competition. Team A including Akshita, Manisha and Kriti of B.Pharm 1st Sem were the winners of debate competition.

Speak your mind

The young aspirants intending to build their future were given a platform through this event to speak about their five dream jobs. The objective of this activity was to know about the areas where students dream to get placed on completion of their course and career counselling can be planned on their inputs in future to turn their dreams come true. Total no. of 10 students participated in the event. Akshita of B.Pharmacy 1st sem, Shivani of B.Pharm 3rd sem and Manisha of B.Pharmacy 1st sem were winners.

Outcome

The various activities conducted during Pharmacy week helped to understand the role of Indian Pharma companies in global economy. These activities not only improved their soft skills but will also help them to face the world professionally.

Conclusion

National pharmacy week celebration helped in spreading awareness among students about the importance of pharmacy profession globally.

TWO DAY WORKSHOP ON TRENDS IN TECHNOLOGY ENHANCEMENTS "DATA ANALYSIS IN HUMANITIES AND SOCIAL SCIENCES" IN COLLABORATION WITH NEW MOU PARTNER SHOBHIT UNIVERSITY.

Date: 29th and 30th November 2022.

Online: Microsoft Teams

Event Type: Inter-School Workshop

Mode of Activity: Online

Timings: 11:00 AM Onwards

Target Group: Students of SOHS

Coordinators: Dr Shikha Dutt Sharma, Ms Apoorva Hooda

Organized by: School of Humanities

Number of Participants: Attached

Day One

Inter-School Workshop on Trends in Technology Enhancements "Data Analysis in Humanities and Social Sciences" was organized by School of Humanities in collaboration with New MoU Partner Shobhit University. As in research, data analysis refers to the process of employing statistical and logical techniques to evaluate and synthesize the data collected. It allows researchers to extract meaningful insights from an unstructured mass of data.

To develop an understanding about how data analysis in humanities and social sciences are utilized and implemented in the digital age as data is the raw material on which discoveries are built to make. For instilling the awareness and basics of Data Analysis in Humanities and Social Sciences" for the students of SOHS KR Mangalam University and the students of Liberal Arts of Shobhit

University Two sessions were conducted on 29th Nov 2022. The session commenced with the welcome note which was addressed by Dr Shikha Dutt Sharma Assistant Professor SOHS KR Mangalam University along with Professor Gunjan Aggarwal Dean Liberal Arts of Shobhit University. The eminent speakers for the session were Dr.Pankaj Agarwal, Professor and Dean School of Engineering and Technology, K.R Mangalam University who delivered a session on Data Analysis in Research. The session was attended by more than eighty students collectively of both the universities. The session was very informative and enriching which concluded with Question and Answer round. The session was moderated by Hitanshi Chawla student of BA (H) English KR Mangalm and Vote of thanks was delivered by Ms Apoorva Hooda Assistant Professor SOHS KR Mangalam University.

The second session commenced with the welcome note which was addressed by Ms Apoorva Hooda Assistant Professor SOHS KR Mangalam University along with Professor Gunjan Aggarwal Dean Liberal Arts of Shobhit University. The honorable speaker for the second session for day one was Shri Swastik Dash, Data Scientist in Product Development and Stakeholder Management Role Bengaluru who delivered a session on Types of Data in Research. The session was attended by more than eighty students collectively of both the universities. The session was very informative and enriching and gave a deeper insight on the major types of data which concluded with Question and Answer round. The session was moderated by Hitanshi Chawla student of BA (H) English KR Mangalm and vote of thanks was delivered by Dr. Shikha Dutt Sharma Assistant Professor SOHS KR Mangalam University.

Day Two

Inter-School Workshop on Trends in Technology Enhancements "Data Analysis in Humanities and Social Sciences" steered to the second day with a very successful completion of the two sessions. The workshop commenced with the welcome address by Ms Apoorva Hooda Assistant Professor SOHS KR Mangalam University furthermore the session was moderated by Fatima Durrani student of BA (H) English KR Mangalm .The first session of day two was delivered by honorable speaker Prof. Tarun, Head of CSE and Dean School of Engineering and Technology who enlightened the students and faculties on the topic Understanding of Qualitative and Quantitative Data Analysis, the session was augmented with meticulously structured presentation on the topic and students were given a thorough insights on the topic. The session summed up with Question and Answer round. Vote of thanks was delivered Dr. Shikha Dutt Sharma Assistant Professor SOHS KR Mangalam University.

The final session of day two for the Inter-School Workshop on Trends in Technology Enhancements "Data Analysis in Humanities and Social Sciences" progressed with welcome note delivered by Dr. Shikha Dutt Sharma Assistant Professor SOHS KR Mangalam University along with Professor Gunjan Aggarwal Dean Liberal Arts of Shobhit University. The last session was delivered by eminent speaker Dr Ajay Kumar Singh Media Consultant Arybhatt University Bihar who gave a very informative and captivating presentation on the topic How researchers can extract meaningful insights from an unstructured mass of data. This session constituted of diversified examples on qualitative and quantitative data, which provided a thorough understanding of utilizing and segregating data for research purpose. Students came up with queries and insights on the topic. The final session was summed up by vote of thanks which was collectively delivered by

Report on

Quiz and panel discussion

On National Journalism Day

Date: 16TH November 2022.

Venue: SJMC, KRMU Campus.

Event Type: competition

Mode of Activity: Offline

Target Group: SJMC Students

Resource Person (if any): NA

Coordinators: Mr. Ritwik Ghosh and Dr. Sarina Mehra

Organized by: School of Journalism and Mass Communication and Mediaverse in association with Emazing Media

Number of Participants: 23 (Attach Attendance as Annexure):

School of Journalism and Mass organized a quiz and panel discussion on 16th November 2022. Students of SJMC participated in this event enthusiastically. Students were asked some questions related to journalism. Students also participated in panel discussion on topic 'Adani's takeover of NDTV'. Students presented their views on pros and cons of the topic. Samika from BA(JMC) and Diya Raina from BA(JMC) moderated the panel discussion.

Ms. Mansi Sehravat judged the show. The result of this competition was declared on 2nd December 2022.

<u>Workshop on REVIT</u>

<u>By SOAD, K. R. Mangalam University, Gurugram</u>

Target Group: Students of Architecture and Design (2nd year & 3rd year)

Resource Persons: Ar. Kumar Utkarsh

Coordinator: Ar. Nishant Arora

Date and Time: Tuesday, 14th October 2022

Venue: Room no. C-208, C-block, KRMU

Introduction

Revit Architecture is a powerful Building Information Modeling (BIM) program that works the way Architects think. From Preliminary Design through Design Development, and into Construction Documents, the program streamlines the design process with a central 3D model. Changes made in one view update across all views and on the printable sheets.

School of Architecture and Design organized Workshop on Revit at K. R. Mangalam University, Sohna Road campus on 14th October 2022. The objective of the workshop was to enable students to create full 3D architectural project models and set them up in working drawings. Total 38 Students attended the workshop from Bachelor of Architecture and Bachelor of Interior Design. The Workshop was organized to bridge the gap between the market needs and the students, ensuring a smooth workflow between the two. Workshop was started by external expert Kumar Utkarsh with the introduction and concept of Revit in the field of Architecture. Workshop was designed in a manner that students will learn basic commands and be able to produce or design drawings on that. At the end of the session Kumar Utkarsh answered all the queries related to the application through presentation and hands on experience.

Workshop on International Reporting and Global Media Scenario

Date: Friday, 30th September 2022.

Venue: Zoom

Event Type: Workshop

Mode of Activity: Online

Target Group: SJMC Students

Resource Person: Ms Olga Dycheva, Head of Sputnik hub in New Delhi

Coordinators: Mr Ritwik Ghosh

Organized by: School of Journalism and Mass Communication

Number of Participants (Attached Attendance as Annexure):

Report

30 September 2022, Workshop on International Reporting and Global Media Scenario was organized by School Journalism and Mass Communication, KR Mangalam University to share experience with international colleagues; bring more multiculturalism to journalism; develop international media communications. The guest expert for the session was Mr Vasily Pushkov, Director of International Cooperation, Sputnik News Agency and Radio, acting co-chairman of the Media Council of Russian-Chinese Friendship, Peace and Development Committee. Ms Olga Dycheva, Head of Sputnik hub in New Delhi moderated the workshop.

Prof (Dr) Neeraj Khattri, Dean, SJMC addressed the meet while welcoming the experts and all present. He spoke on the relevance of international reporting and global media scenario.

Mr Vasily talked on what are the main trends and tendencies in the media world, Fake-news phenomenon and why is international communication important in contemporary world?

The students asked questions pertaining to the topic (Photo-2). Also several the inquisitive students put up questions like how media handles fake news, on reporting during war, news on social media, how media handles international diplomatic relations, on propaganda and quite a few other. The questions were very nicely addressed and explained by the expert and the moderator.

Total of 25 students of the department participated in the workshop along with the faculty. (Photo-3).

This event was very enriching and valuable for the students. They learned a lot about the subject which will help them as sound professionals.

Organizing this kind of workshops with activities and exercises make the students aware of the recent trends and practices in the subject.

ABOUT K.R. MANGALAM UNIVERSITY

K.R. Mangalam University (KRMU) located at Sohna Road, Gurugram is the fastest growing and most promising upcoming University in India. The green and pollution-free environment, world-class infrastructure, advanced and comfortable learning environment, health and fitness activities, charming hangouts and safe campus are some of the special features of KRMU. K.R. Mangalam University was established in 2013 under the Haryana Private Universities Act . Presently , the University offers 65+ Under Graduate, Post Graduate , Diploma and Doctoral courses. The University has been striving to fulfil its prime objective of transforming young lives through ground-breaking pedagogy, global collaborations, and world-class infrastructure. The University gives a perfect balance between curricular and co-curricular activities providing a highly creative and innovative platform for the students to enrich their personalities. Various activities like industry visits, internships, guest lectures, workshops, social services, and medical camps are some of the regular activities of the campus.

SCHOOL OF EDUCATION

The School of Education aspires to become an internationally recognized department through excellence in the interdisciplinary arena of education, research and innovation, preparing socially responsible lifelong learners contributing to nation building. Since 2016 the School of Education strives to foster and maintain a creative environment with a deep commitment to inculcate excellence in academics and contribute towards students' development. The school brings an attitudinal change in prospective teachers for their advancement into accountable agents of change in the society, who are sensitive to local, national, and global concerns and issues vital for human survival, progress, and development. The School of Education offers diverse programs of studies that are designed to develop an insight into the nuances of teaching and learning in terms of theoretical perspectives, pedagogical techniques that facilitates the students' understanding of social, emotional, and intellectual ecosystem. Some of the best practices of SOED are blended learning, collaborative learning, integrated learning and experiential learning.

Programmes offered at the School of Education

- Bachelor of Education (B.Ed.)
- Bachelor of Elementary Education (B.El.Ed.)
- M.A Education
- Ph.D. Education

K.R. Mangalam University has collaborated with Gurushala, Pratham Education Foundation (MOU partner) to provide digital skills to the faculty and students.

Registrar

ABOUT PRATHAM EDUCATION FOUNDATION

Gurushala is an initiative of Indus Towers Ltd. and Vodafone Idea Foundation and is implemented by Pratham Education Foundation. The idea driving Gurushala dates back to 2012 when a digital education programme was piloted in 151 under-resourced and low-cost schools across India. The programme aimed to positively impact the learning levels of students by equipping schools with digital technology and training upper-primary math and science teachers to integrate technology and innovative group learning pedagogies inside the classroom.

Over the years, the programme worked with schools across diverse geographies, cultures, languages and other socio-economic characteristics. In this process, it generated a rich pool of knowledge and insights about the problems that Indian teachers face inside their classrooms and innovative and scalable solutions to solve those problems. The need to provide teachers with an integrated platform for self-paced capacity development, access to varied resources and connect with peer teachers was realized. The growing penetration of internet and smart-phones in both rural and urban areas offered an opportunity to transform this need into the idea of an online teacher portal. In 2019, this idea translated into reality with the launch of Gurushala.

Concept Note

Digital skills are broadly defined as those needed to "use digital devices, communication applications, and networks to access and manage information."

-UNESCO

Digital skills and e-content tools would have help students to understand the content in more informative way and engage them in class room situation which eventually make teaching-learning process more interactive. E- content is the expression broadly used to describe —instructional content or learning experience delivered. The broader definition can include the use of the Internet, intranets/extranets, audio-and videotape, satellite broadcast, interactive TV, and CDROM, not only for content delivery, but also for interaction among participants. Since the demands and conditions of today's youth are different from those of 10 years ago . Today, new generations are expected to have a high level of digital competence because they are constantly evolving. To do this, an educator must have up-to-date training and a high level of digital competence. Using digital skills in classroom have many advantages that help the teacher to teach and evaluate students in an agile and effective way .

Registrar
K.R. Mangalam University
Sohna Road, Gurugram, (Haryana)

RATIONALE

21st century students learn in a global classroom and not necessarily within four wall . The rapid advance of digital technologies has significantly impacted education in recent years.Digital skills are a step towards learning lots of other new things .Educators must understand that the use of e-content will improve teaching and learning and thus enhance educational opportunities and benefit the Millennial .When students are better equipped to engage with and utilize digital tools , teachers can make the learning process more interactive and effective .The purpose of the workshop is to assist the educator in gaining the knowledge and skills necessary to fully integrate technology in the classroom. The educators are then assisted by this workshop in creating lesson plans and delivery strategies that are most suited to each student.

OBJECTIVES

OBJECTIVES

1. To develop digital comptency for effective teaching and learning

2. To develop an understanding of the recent trends in technology

3. To become familiar with the digital tools and techniques for teacvhing and learning.

4. To develop the content by integrating technology and pedagogy

METHODOLOGY

1. Conduction of workshop on Digital Skills for Educators and e-content Development.

2. The student-teachers and faculty of SOED will create e- content on any topic of their interest and an e-repository will be created.

THEME: Exploring Digital Skills for Education

EXPECTED OUTCOMES

Students will develop new technological skills, it is anticipated that they will be able to prepare e- content on various academic subjects and learn different tools to develop e-content. They will do hands on experience on the digital skills through the workshop.

EXECUTION

The workshop will be conducted through ONLINE mode. It will adopt a practical and interactive approach including Discussions, Self-learning Exercises.

Timings of the workshop will be from 11:00 a.m. to 01:00 p.m.

Technology Enhancement Workshop on
Digital Skills for Educators & E-Content Development
in collaboration with
Gurushala Pratham Education Foundation

Date: Tuesday, 29 November 2022

Venue: Online (on gurushala platform, link: https://gurushala.co/webinar/Njgo/detail)

Event Type: Workshop

Target Group: Student-teachers, school teachers, principals, college and university faculty, and researchers.

Resource Persons: Ms. Neetu Bartwal, Trainer, Gurushala and Ms. Aakriti Adya, Trainer, Gurushala

Coordinators: Dr. Anshul Saluja, Assistant Professor, School of Education and Ms. Manju Kundu, Assistant Professor, School of Education.

Student Coordinators: Ms. Anjali, Student-Teacher, School of Education and Mr. Vedant, Student-Teacher, School of Education

Organized by: School of Education

Number of Participants: above 125

The advancement of digital technologies has been impacting the education system, especially during and after the COVID times. To keep up pace with the changing times, the teaching and learning processes in a classroom also need to be changed. Thus, to develop digital competencies for an effective teaching and learning process by making the teachers understand the trends in technology, the School of Education, K.R. Mangalam University, organized an online Technology Enhancement Workshop on Digital Skills for

Registrar
K.R. Mangalam University
Sohna Road, Gurugram (Haryana)

Educators & E-Content Development in Collaboration with Gurushala at Pratham Education Foundation. Ms. Neetu Bartwal and Ms. Aakriti Adya from Gurushala were the invited speakers for the workshop.

Ms. Manju Kundu, Assistant Professor, School of Education welcomed the participants and guest speakers of the day and introduced the speakers to the participants. The session was conducted on the digital platform of Gurushala. Prof. Tania Gupta, Dean, School of Education gave a brief introduction about the essence of scheduling this workshop and the Gurushala. There were more than 125 participants who attended the workshop. The participants who joined this session were the student-teachers from various colleges, research scholars, school teachers, assistant and associate professors, and principals of different colleges. Various Deans and Directors from not only the Education department but from other departments also participated. The participants who joined the session belonged to different states like Delhi, Tamil Nadu, Haryana, Maharashtra, Uttar Pradesh, Maharashtra, Jammu & Kshmir, Andhra Pradesh, Karnataka, Rajasthan, Gujarat, Himachal Pradesh, Assam, Madhya Pradesh, Kerala, Chattisgarh etc. The session began with an activity for the participants; 'Solve the Riddle' by both the speakers wherein they asked some riddles from the participants. They then continued and focused on the changes which COVID has brought in the classrooms and what skills a teacher must possess to deal with the changing demands of the students in a classroom. With the shift from physical classrooms to digital classrooms, the education system has been demanding digital expertise on the behalf of teachers and students. They, thus, discussed the importance of technical skills, teamwork and leadership, communication skills and enhanced pedagogical skills, critical thinking and creativity for present-day teachers. They conducted an activity where the speakers asked the participants, how they actually go about collecting the reading material for their students (Picture 1). Elaborating upon the answers given by the participants, they said that there are five pillars which may bring digital competencies in teaching. These are computerization and information literacy, communication and elaboration, creation of digital content, security and problem-solving.

In order to familiarize the participants with the various digital tools available (Picture 2) and how they can develop the content by integrating technology and pedagogy, they discussed the formula DC^2 where depending upon the situation, the teachers can go with

29/12/2022

Registrar

Sohna Road, Gurugram, (Haryana)

high-tech methods or low-tech methods. By using this rule, they can integrate technology with pedagogy depending upon the technological support available to the students. They also demonstrated the various modalities to use the Gurushala website and how any participant can create their own modules or may use the already existing ones (Picture 3). Towards the end of the session, the participants were made aware that a separate community by the name 'teachers of K. R. Mangalam Community' has been created on the Gurushala website (Picture 4) and how the teachers and student-teachers of K. R. Mangalam university can contribute in it by putting up the digital content created by them. The session was concluded by presenting a summary of what has been covered by the speakers in the session and a formal vote of thanks was given by Dr. Anshul Saluja, Assistant Professor, School of Education, K. R. Mangalam University (Picture 5). The participants learnt how they can develop e-content for their students by keeping the needs and demands of children in consideration. A majority of participants said that they wish to attend such workshops in the near future. They suggested that sessions may be conducted on developing health and hygines, how to use various google softwares, developing critical thinking and creativity etc. which may be helpful for the teachers in their teaching-learning process.
