PhD Admissions

(Even Semester 2026-27)

The Ph.D. programme offered by K. R. Mangalam University is framed according to standards set by University Grants Commission (UGC) under the able guidance of highly qualified and widely recognized faculty in their respective domains. We offer both full-time and part-time Ph.D. programmes in a wide range of domains. You will work closely with your supervisor on a research problem and push the frontiers of human knowledge and understanding. The University has a vibrant ecosystem for **Research & Innovation**, supported by advanced research infrastructure, interdisciplinary expertise, and Centres of Excellence in **Artificial Intelligence, Advanced Materials, Sustainable Development, Robotics & Automation, Entrepreneurship & Incubation, Human Rights, Criminology & Victimology, and the Science of Happiness**.

The University's **Central Instrumentation Facility (CIF)** provides advanced analytical and characterisation facilities, particularly supporting research in Materials Science, Chemistry, Pharmacology and allied areas. **Meritorious and deserving candidates** will be offered the position of **University Research Fellow (URF)** with suitable remuneration and opportunities for **full-time research, collaboration with leading R&D institutes/HEIs, and professional growth**. Join K.R. Mangalam University to enhance your research skills, pursue impactful research, develop innovations, and contribute to the vision of *Atma Nirbhar Bharat* and solutions to real-world societal challenges.

Applications are invited in different specializations of following Ph.D. disciplines:

Computer Science & Engineering	Physics
Journalism & Mass Communications	Chemistry
Pharmaceutical Sciences	Mathematics
Economics	Forensic Science
Political Science	Management
Fine Arts	Commerce
