

# ALUMNI FEEDBACK FORM 2024-25

The Feedback Committee under the aegis of the Internal Quality Assurance Cell (IQAC) collects feedback from alumni to assess institutional effectiveness, enhance curriculum relevance, and improve overall academic and infrastructural quality. We are glad that you have spent valuable years pursuing the programme of your choice at K.R Mangalam University. We immensely value our alumni and strive to ensure bonding with them. We shall be thankful if you can spare some time to fill up this feedback form and give us valuable suggestions for improving the quality of our academic programmes and enhancing the credibility of our University. Therefore, please do participate in this survey actively and give your valuable response on all three sections of this feedback form.

### Section III: Suggestions/Remarks

Please mention, if any changes in the curriculum are required. \*

My second and third semester were crucial to learning and understanding the process of expression, be it in the form of drafting, modelling and rendering. I would suggest improvement in BIM software skills, like AutoCAD, Sketchup, Revit and 3DS max.

It would help if the work process would be in conjunction with students in Civil Engineering, who would potentially use Civil 3D and Navisworks. In international context, these skills carry a lot of value.

Additionally, the curriculum would benefit from incorporating communication improvement and networking skills. Having an online presence is highly crucial for graduating students.

---

Please mention, if any improvements in teaching and learning process are required. \*

I believe the teaching and learning process has improved significantly over the years since my graduation. I would have appreciated more career path explorations and field-related activities during my studies. Additionally, I found myself having been told to research and study the majority of the learning portion, instead of being taught as part of the curriculum.

I would appreciate if career paths are discussed in the initial semester, followed by detailed instructions on how to be an architect, followed by adequate time to explore our interests.

I would also appreciate if crucial aspects of the NBC would be taught rather than expected to be learned.

I highly appreciate the faculty's efforts to help us achieve our tasks and become who we wanted to be. I hope for the very best!

---

\*

Please mention how you wish to contribute to the University (for eg, conduct guest lecture/placement & internships support/sponsoring awards/alumni association activities/any other).

I am unavailable since I'm currently living abroad.

### Section III: Suggestions/Remarks

Please mention, if any changes in the curriculum are required. \*

Not only on architecture knowledge, University should also focus on business and soft skills of students. It'll help them in the future.

---

Please mention, if any improvements in teaching and learning process are required. \*

University should revise outdated syllabi to keep up with BIM, AI, sustainability, and urban planning.

---

Please mention how you wish to contribute to the University (for eg, conduct guest lecture/placement & internships support/sponsoring awards/alumni association activities/any other). \*

I'll try my best to help students in anyway possible.

### Section III: Suggestions/Remarks

Please mention, if any changes in the curriculum are required. \*

Changes should be made in order to provide student more oppotunities in respect to placements ,  
internship and always treat every student equal .

---

Please mention, if any improvements in teaching and learning process are required. \*

Teaching and learning is nice but faculties should be more oriented towards their students instead of  
their own work

---

Please mention how you wish to contribute to the University (for eg, conduct guest  
lecture/placement & internships support/sponsoring awards/alumni association activities/any  
other). \*

Training sessions can be provided to interested students on particular areas which helps student in  
future . Sponsorship should be provided to most eligible students which can help them financilally  
Alumni interation activities also can provides benefits to junior students . Activities which includes more  
exposure to students should be provided

---

Thank you for your participation in the survey. We wish you success in life.

### Section III: Suggestions/Remarks

Please mention, if any changes in the curriculum are required. \*

There should atleast be one sport for every student, one free period for sports and creative activities so that students feel relaxed and can be free and creative. Cultural programmes are good to go.

Please mention, if any improvements in teaching and learning process are required. \*

Rules should be equal for everyone.

Not to give another chance to any late comer. All students should be treated equally by faculty not special treatment for specific students.

Please mention how you wish to contribute to the University (for eg, conduct guest lecture/placement & internships support/sponsoring awards/alumni association activities/any other). \*

Alumni association activity and volunteer in events

Thank you for your participation in the survey. We wish you success in life.

- Disagree
- Neutral
- Agree
- Strongly agree

### Section III: Suggestions/Remarks

Please mention, if any changes in the curriculum are required. \*

There should not be any lab due fines at the end of every semester as the no changes are made in lab facilities after paying the fine. The use of lab facilities is included in the academics and a handsome amount of academic fees is given by the students for every semester. So, there is no need of any kind of lab due fines.

---

Please mention, if any improvements in teaching and learning process are required. \*

The lab instruments should be provided to the students in their lab itself instead of CIF so that students can learn to use the instructions by handling them on their own with the help of their teachers.

---

Please mention how you wish to contribute to the University (for eg, conduct guest lecture/placement & internships support/sponsoring awards/alumni association activities/any other). \*

Nil

---

Thank you for your participation in the survey. We wish you success in life.

# ALUMNI FEEDBACK FORM 2024-25

The Feedback Committee under the aegis of the Internal Quality Assurance Cell (IQAC) collects feedback from alumni to assess institutional effectiveness, enhance curriculum relevance, and improve overall academic and infrastructural quality. We are glad that you have spent valuable years pursuing the programme of your choice at K.R Mangalam University. We immensely value our alumni and strive to ensure bonding with them. We shall be thankful if you can spare some time to fill up this feedback form and give us valuable suggestions for improving the quality of our academic programmes and enhancing the credibility of our University. Therefore, please do participate in this survey actively and give your valuable response on all three sections of this feedback form.
