ON
“Advance Tools and Techniques in Research and Systematic Literature Review”

1. Introduction

School of Management and Commerce at K.R. Mangalam University organized Faculty Development Programme in Hybrid Mode from 17th July to 22nd July 2023 on “Advance Tools and Techniques in Research and Systematic Literature Review”.

The objectives were to create awareness on:

- Advance Tools and Techniques in Research and Systematic Literature Review as to enhance the research skills and techniques of participating faculty members, research scholars, and academicians.
- Familiarize Faculty with Cutting-Edge Research Tools.
- Promote Evidence-Based Decision Making.
- Develop Research Mentorship Skills.

There were **57** external participants from different colleges and institutes and around **33** participants got registered from K.R. Mangalam University.

The sessions of the FDP were planned to meet the desired objectives. Schedule of the FDP has been enclosed.

2. Day-wise Report of the Sessions Conducted

A. Monday, 17th July 2023

i) Inaugural Session:

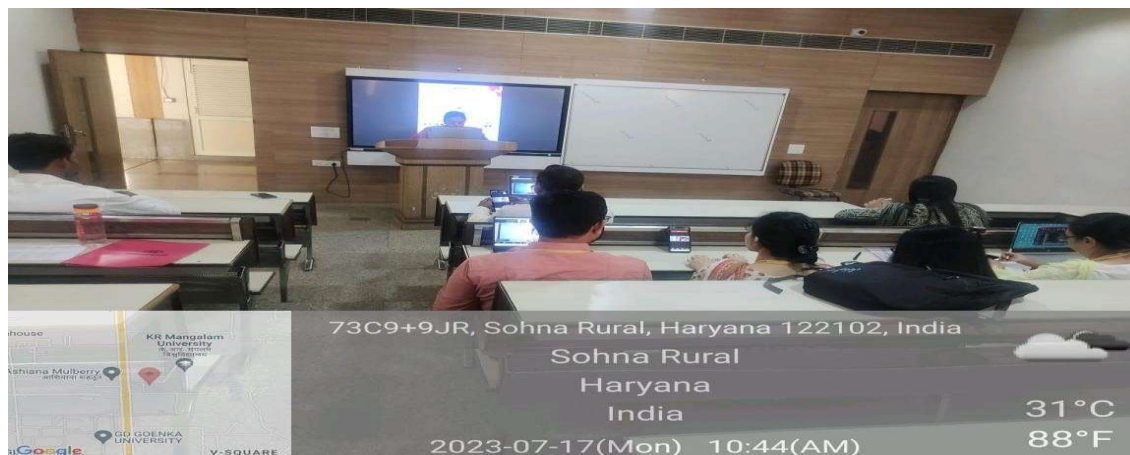

Dr. Ruchika Yadav, Convenor of the Faculty Development Programme welcomed all the participants & Resource Persons. She highlighted the objectives & expected outcomes of the FDP. She encouraged and motivated the faculty & scholars towards the importance of research and statistical tools.

Moderator & Co-convenor: Dr. Monika Yadav:

Introduction of the Resource Person

Further, the session was followed by an introduction to the programme by Dr. Monika Yadav ,Co-convenor-FDP & Assistant Professor, SOMC , she introduced the speaker & the related topic of the FDP. The inaugural session started on **17th July, 2023** at 10:30 am with an auspicious note by paying respect to the Goddess of Learning and Saraswati Vandana.

Photo1:

Co-convenor for day1 gave a glimpse of the session to be conducted.

Photo 2:

Participants attending the session on relevance of research

ii. Description of the Session:- Qualitative and Mixed research design and Identification of research Gaps and Research Problems (10:30 am – 1:00 pm)

The guest speaker of the day was Dr. Vinod Sen, Assistant professor, Department of Economics, Indira Gandhi National Tribal University, Amarkantak, MP. Dr. Vinod Sen discussed the use of Research in Education. He also elucidated the research design in detail, as well as discussed important points and precautions in writing an effective and quality research paper or proposal. He also gave a very useful and informative talk on how to interpret data & write report of research work/proposal and insist on continuous writing for better research. The lecture was very beneficial and provided an insight on the various challenges associated which a teacher educator has to overcome.

The overall session was very interactive and encouraging. At the end of the session the students & faculty members raised several interesting questions, which were diligently dealt with by Dr. Vinod Sen.

Importance and features of good research explained by resource person.

Photo 4:

Participants engaged in collecting the information about systematic research

B. Tuesday, 18th July 2023

i) Introduction of the Resource Person

Moderator & Co-convenor: Dr. Deepika Choudhary

Dr. Deepika Choudhary, Assistant Professor- SOMC & co-convenor introduced the resource person Dr. Sahil Mehta who is working as Assistant Professor (Botany) at Hansraj College, University of Delhi. He had served as a Lecturer in the Faculty of Life Sciences, IAMR, Ghaziabad as well as the School of Agricultural Sciences, K.R. Mangalam University, Sohna, Gurugram. His educational qualifications include a Ph.D. (Life Sciences) from the International Centre for Genetic Engineering and Biotechnology (ICGEB), Jawaharlal Nehru University, and M.Sc. (Botany) from the very reputed Department of Botany, University of Delhi, New Delhi, India. In addition, he is a Lifetime member of the Indian Phytopathological Society and Delhi University Botanical Society.

ii. Description of the Session:- Session on Hypothesis Building, Sampling in Qualitative and Quantitative Research, Data Collection and Sampling Techniques. (10:30 am – 1:00 pm).

The session was very informative it included discussion from the very beginning of all the steps involved in a research. It provided learning regarding: How should a research topic is identified, formulating research questions or hypotheses, data collection, interpretation and discussion, literature review, designing the study etc.

Attendees were able to learn about a good research, qualitative vs. quantitative research, different kinds of hypotheses and hypotheses building, sampling, data collection and analysis, statistical analysis-testing of two means, testing of hypotheses: chi- square test, t-test, f-test etc. At the end of the session a question and answer session was also held, the attendees asked their doubts and get the doubts cleared by the resource person.

The presentation was informative, engaging, and well-structured, making it easy to follow along. Dr. Mehta conveyed complex concepts with clarity and enthusiasm, leaving us inspired and eager to explore the subject further. His expertise and ability to connect with the audience online truly made the FDP a remarkable and valuable experience.

Participants discussed the doubts related to hypothesis testing

C. Wednesday, 19th July 2023

i) Introduction of the Resource Person

Moderator & Co-convenor: Ms. Shreya Sharma

Dr. Mohammed Nizamuddin is an Assistant Professor in Economics and Finance at School of Management and Commerce in K. R. Mangalam University, Gurugram. He has excellent experience of more than 8 years in the field of academia. His research interests are mainly in Corporate Finance, Financial Econometrics, Social Entrepreneurship, Financial Sustainability, Corporate Social Responsibility and Corporate Governance. He has published several research papers both in national and international reputed journals indexing in Scopus, ABDC and ABS. He has completed Ph.D from Central University of Gujarat, Gandhinagar (Gujarat). He did B.Sc (Hons) in Earth Science and MBA (Financial Management) from Aligarh Muslim University, Aligarh. He has participated in various national and international Conferences, Seminars and Workshops etc., Also guest speaker in FDPs on various latest issues on financial sustainability.

ii) Description of the Session:- Usage of SPSS

The session was very informative it included discussion from the very beginning of all the steps involved in research. It provided learning regarding: How should a research topic is identified, formulating research questions or hypotheses, data collection, interpretation and discussion, literature review, designing the study etc.

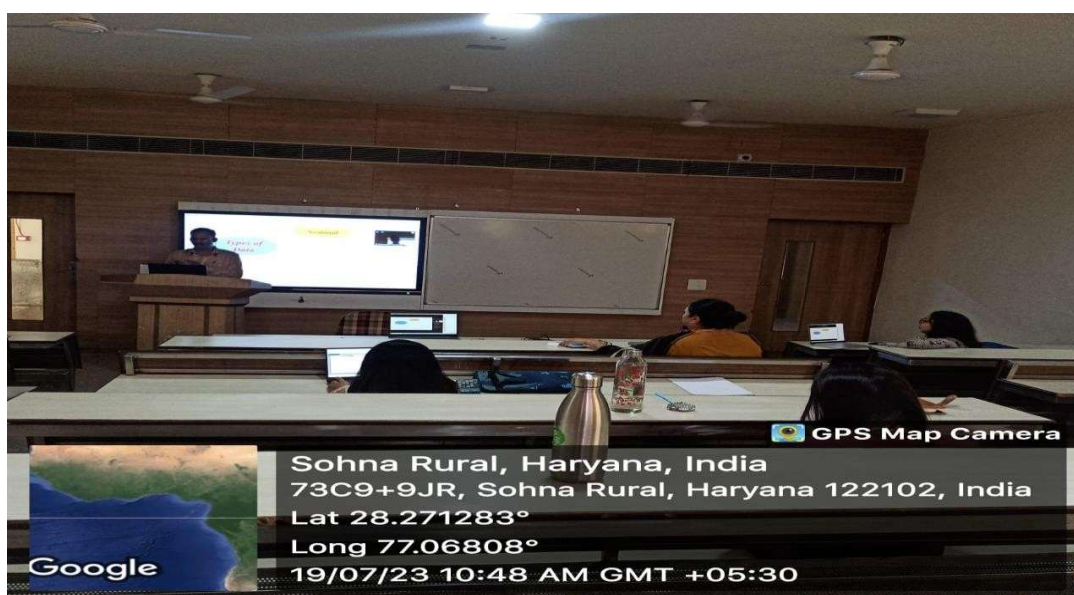

Attendees were able to learn about a good research, qualitative vs. quantitative research, different kinds of hypotheses and hypotheses building, sampling, data collection and analysis, statistical analysis-testing of two means, testing of hypotheses: chi- square test, t-test, f-test etc. At the end of the session a question and answer session was also held, the attendees asked their doubts and get the doubts cleared by the resource person.

The presentation was informative, engaging, and well-structured, making it easy to follow along. Dr. Mehta conveyed complex concepts with clarity and enthusiasm, leaving us inspired and eager to explore the subject further. His expertise and ability to connect with the audience online truly made the FDP a remarkable and valuable experience.

The session on the basics of SPSS successfully provided participants with a solid foundation in using SPSS for data analysis. They gained proficiency in importing, managing, and analyzing data using SPSS's features and functions. With this knowledge, participants are now equipped to explore more advanced statistical techniques and conduct in-depth data analyses using SPSS.

At the end of the session a question-and-answer session was also held, the attendees asked their doubts and got the doubts cleared by the resource person. The event concluded with a vote of thanks for the speaker and organizing committee.

Candidates learning about various steps involved in analysis data on SPSS.

D. Thursday, 20th July 2023

i) Introduction of the Resource Person

Moderator & Co-convenor: Dr. Isha Chhabra

Dr. Shalini Sahni has an experience of almost 15 years in Academia and 3 years in corporate. She is also an international Trainer for PPA (Personal Profile Analysis), Human Job Analysis, and Emotional Quotient from Thomas Assessment. Dr. Sahni is currently working as an independent researcher, trainer and a founder member of Koach Scholar. She has conducted several sessions on topics like Systematic literature review, Bibliometric Analysis, Qualitative and Quantitative Research Designs, hypothesis testing, Mixed Method Research Designs, Thesis writing etc. She is well versed with various statistical tools like AMOS, SPSS, Biblioshiny, Vos Viewer, Mendeley, NVIVO, and, MAXQDA.

ii) Description of the Session:- Advance Tools and Techniques in Research and Systematic Literature Review

This session aimed to provide an overview of the process, methodology, and findings of a Systematic Literature Review (SLR) conducted on a specific research topic. An SLR is a rigorous approach that systematically collects, evaluates, and synthesizes existing literature to address a particular research question, helping to identify gaps and provide a comprehensive understanding of the subject matter.

The speaker taught the process to conduct the systematic review, wherein a total of (number) articles were selected for analysis. The findings revealed key trends, patterns, and significant contributions in the field. This review highlights the areas with the most research activity and pinpointed the gaps and challenges that need further exploration.

Participants would benefit the participants as they acquire skills in critically evaluating research papers to determine their relevance and quality. They learnt to assess the methodology, design, and credibility of the selected studies, ensuring the inclusion of highquality research in their systematic review.

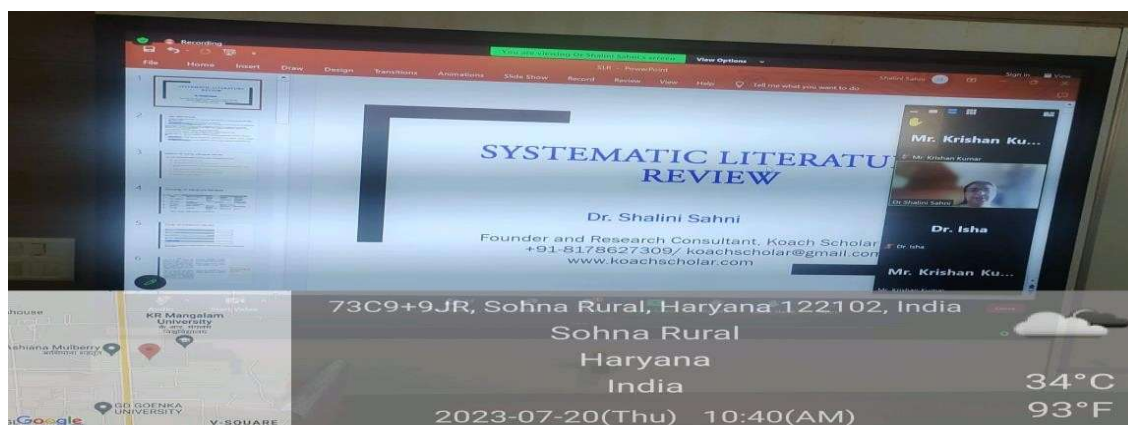

Overall, the FDP on Systematic Literature Review equipped the participants with essential skills and knowledge to conduct rigorous, evidence-based research, contributing to the advancement of their respective disciplines and enhancing their overall research capabilities.

E. Friday, 21st July 2023

i) Introduction of the Resource Person

Moderator & Co-convenor: Mr. Ritesh Nimkar

The Faculty Development Programme (FDP) organized by K.R. Mangalam University aimed to enhance the research and academic skills of its faculty members. As a part of this program,

Dr. Shalini Sahni Adani began the session in continuation with the previous day's session with an introduction to bibliometric analysis and its relevance in academia. She then proceeded to elucidate the functionalities of VOS-viewer, a powerful software tool designed to analyze and visualize bibliometric data. The webinar covered the step-by-step process of importing data, customizing visualization settings, and interpreting the results.

ii) Description of the session:- Systematic Literature Review

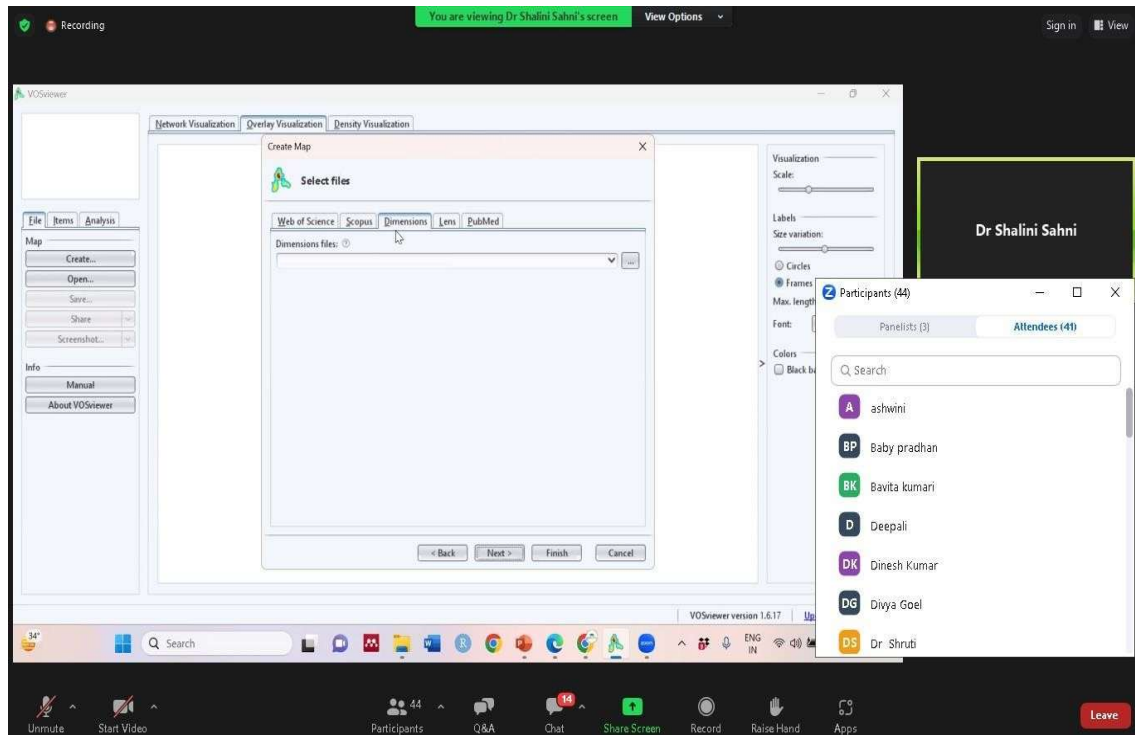

The application of VOS-viewer in academic research was extensively discussed, highlighting its role in identifying influential authors, prolific journals, and key research areas. The participants were introduced to the concept of co-citation networks and keyword cooccurrence clusters, which facilitated a deeper understanding of knowledge networks and research trends.

F. Saturday, 22nd July 2023

i) Introduction of the Resource Persons

Moderator & Co-convenor: Dr. Sapna Rana

The session was divided into two parts starting with **Dr. Tania Gupta** and followed by **Dr. Pawan Kumar**.

Dr. Tania Gupta has an experience of almost 22 years in academia. She has earned her doctorate in Education (Ph.D.) and Master in Education (M.Ed.) degree from Panjab University, Chandigarh. Her other professional qualifications include UGC NET (Education), M.A. (Economics) and Post Graduate Diploma in Educational Planning and Management (PGDEPM). She is currently working as a Dean, School of Education, and Additional Charge as Dean, Student Welfare & Dean, School of Humanities, K. R Mangalam University. She is Vice Chairperson, Council for Teacher Education Foundation, Delhi NCR Chapter & Secretary General, Council for Teachers' Professional Development. She has conducted several sessions on topics like role of ethics in research. There are several research papers, textbooks, reference books, edited books, book chapters and patents published to her credit. She has also developed self-learning material on Pedagogy of Social Sciences. She regularly presents papers in both international and national conferences on education and in related disciplines.

Description of the session: - Ethical Considerations in Research

The speaker taught about the significance of ethics and philosophy in research and told that researchers should ensure whether they are on the right track instead of quantifying their

research in unethical manner. The participants learnt various theories of ethics like Deontology, Consequentialism/Multilateralism and Virtue ethics. Overall, the session on ethics equipped the participants with essential knowledge to conduct their research ethically, contributing to the advancement of their respective disciplines and enhancing their overall research capabilities.

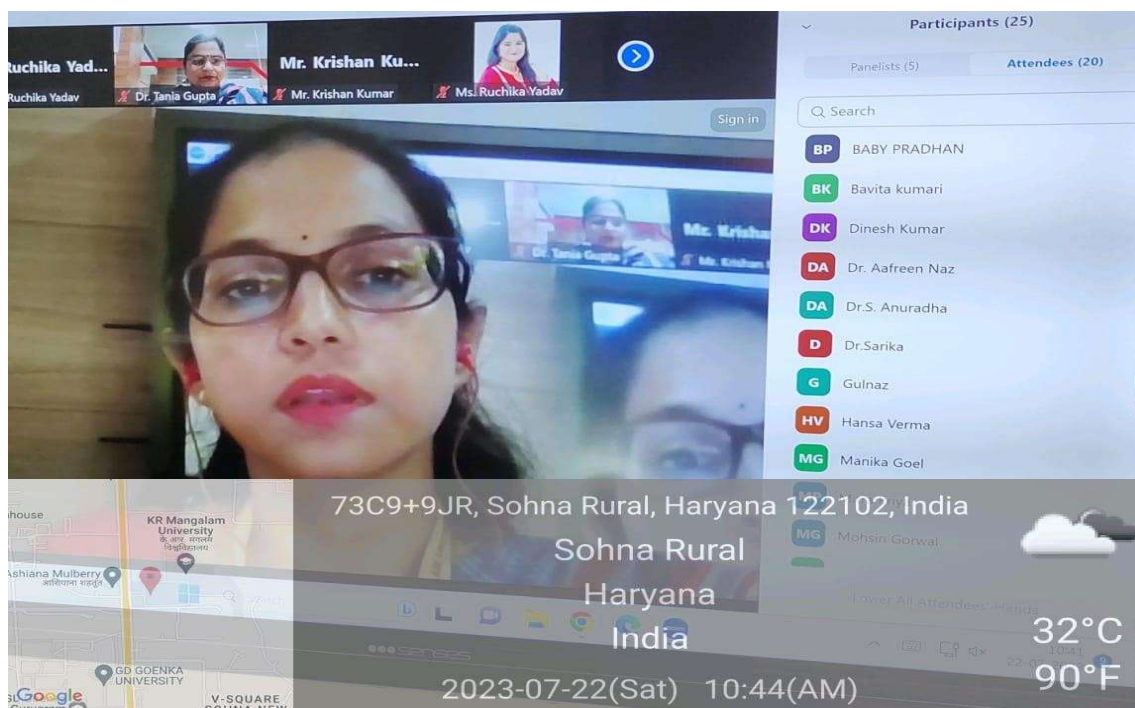

Dr. Pawan Kumar has vast academic and research experience. He has completed his B.Sc.(H) Physics and M.Sc. Physics degree from University of Delhi. In 2010, he got prestigious Senior Research Fellowship from CSIR, New Delhi and worked full time as a SRF in CSIR-National Physical Laboratory, New Delhi where he has completed his Ph.D research work. He has published several research papers in international journals indexed in global research database Web of Science (SCIE) and SCOPUS. He also presented many research papers in international conferences. He also attended several workshops and conferences.

Description of the session: - How to publish research articles in reputed Journals?

Participants were guided on how to identify reputed journals that matches with their research area, scope and impact factor and were asked to check factors like indexing, reputation of the shortlisted journals. Participants also learned about the significance of collaboration, networking, and strategic planning to increase the chances of publishing in reputed journals. The session on "How to Publish Papers in Reputed Journals" was a resounding success in fulfilling its objectives. The participants understanding of the academic publishing process has been significantly enhanced, and they are now better equipped to contribute to reputable journals with their research findings.

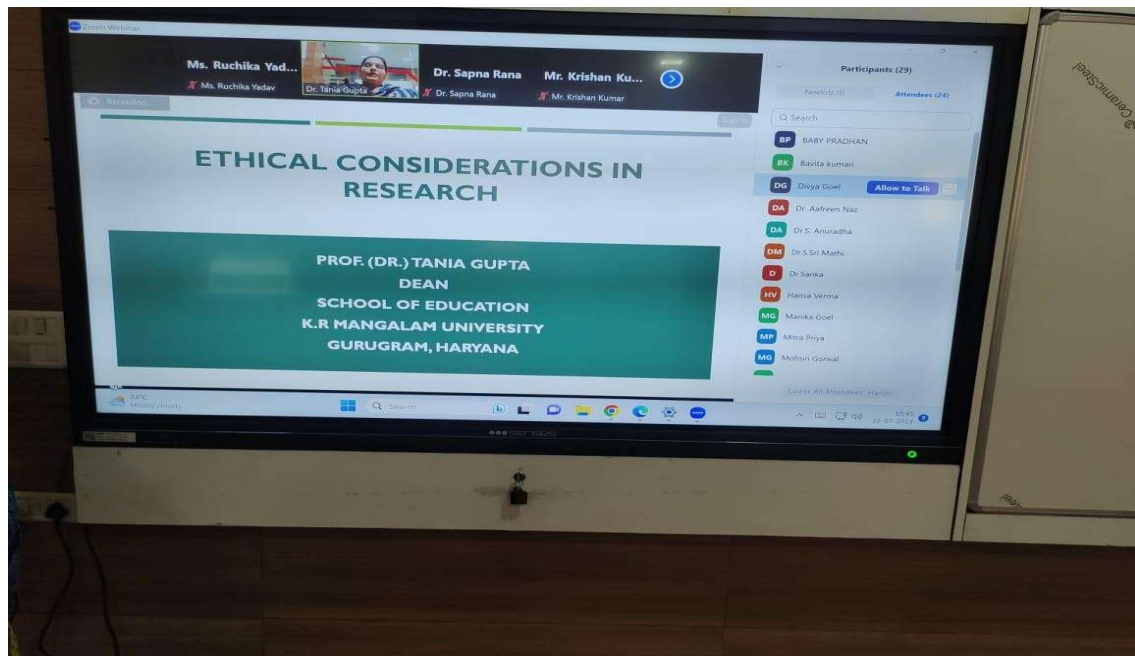

In the end of the one-week FDP Dr. Ruchika Yadav extended her heartfelt appreciation to all the guest speakers, workshop facilitators, organizing committee members and participants for their valuable contributions to the success of the program.

Valedictory Session: During the Valedictory session the thanks note was given by Dr. Ruchika Yadav- Convenor-FDP & Dr. Meenakshi Gujral – Associate Professor-SOMC. This programme has been a beacon of intellectual enlightenment, guiding all through the intricacies of research methodologies and systematic literature review techniques. The esteemed facilitators have shared their expertise, igniting our passion for knowledge and empowering us to navigate the vast landscape of academic scholarship with confidence.

Throughout this intensive learning experience, participants have delved into cutting-edge research tools that have revolutionized the approach to data analysis and interpretation. From statistical software to data visualization techniques, participants have embraced these advancements, knowing they will amplify the impact of the research in an ever-evolving world.

A cornerstone of this programme has been the systematic literature review, equipping everyone with a disciplined and rigorous approach to reviewing existing research. Attendees learnt how to synthesize knowledge from diverse sources, identify gaps in the literature, and build upon the foundation laid by the resource persons.

Beyond the technical aspects, this FDP has nurtured a spirit of collaboration and camaraderie among all the participants. The exchange of ideas, the lively discussions, and the shared pursuit of excellence have fostered an environment of mutual support, enriching a great collective learning experience.

At last Dr. Ruchika Yadav- Convenor of the FDP shared her heartfelt appreciation to everyone who has made this Faculty Development Programme a remarkable and rewarding experience.

Participants sharing their experiences: Participants who attended the Faculty Development Program (FDP) on research had an enriching and transformative experience. The program provided valuable insights into various research methodologies, data analysis techniques, and ethical considerations. The hands-on workshops and interactive sessions with experienced researchers helped build their confidence in conducting research and literature reviews. Participants felt motivated to apply their newly acquired knowledge to their own research

projects and teaching practices. The FDP also emphasized the importance of collaboration and interdisciplinary research, fostering a spirit of cooperation among educators from diverse backgrounds. Overall, attendees left the program feeling inspired, informed, and well-equipped to contribute meaningfully to the field of education through research and dissemination of knowledge.

DAY 4

FEEDBACK RESPONSE and QUESTIONNAIRE

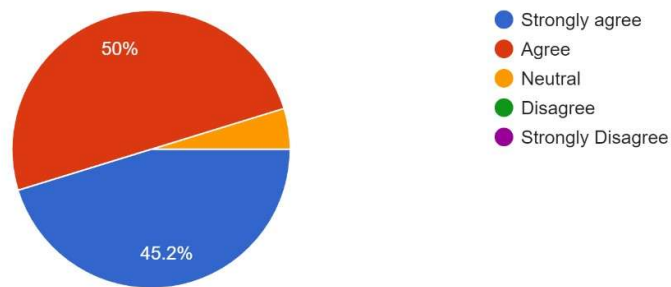

Today' session provided relevant and practical information for improving my research skills.

42 responses

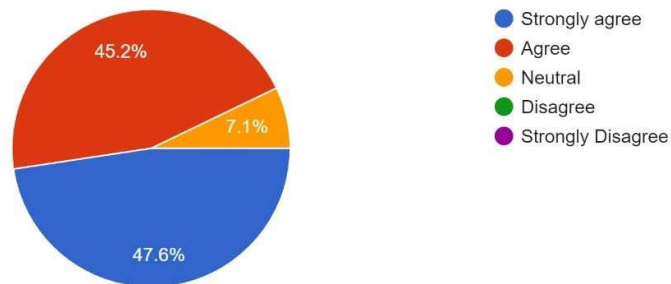

The expert of today' session demonstrated expertise and competence in the subject matter.

42 responses

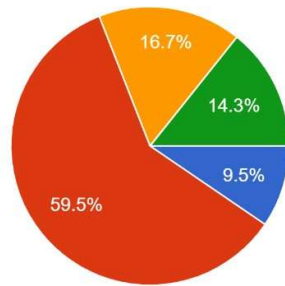

Session was well-organized and structured, allowing for a smooth learning experience.

42 responses

A systematic literature review is

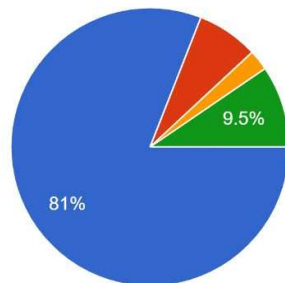

42 responses

- one which generates a literature review using a treasure hunt system
- a replicable, scientific, and transparent process
- one which gives equal attention to the principal contributors to the area
- a manufactured system for generating literature reviews tailored to your subject

Which of the following is a benefit of a systematic review?

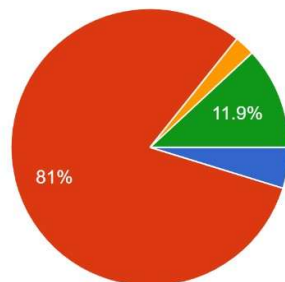

42 responses

- It reduces researcher bias and demands that researcher is comprehensive in their approach.
- It is really quick to complete
- It is cost effective as an approach
- It provides internal validity to the study.

What is the limitation of systematic review?

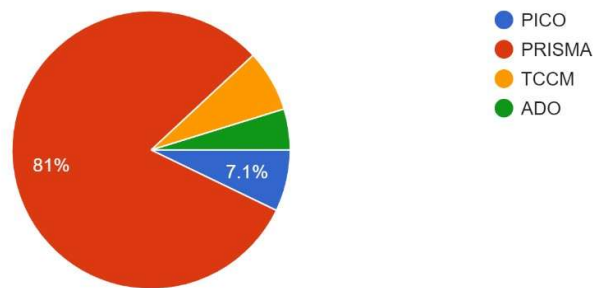

42 responses

- It is too hard to do.
- The research cannot be defined into the impact of a single variable.
- They are particularly complicated
- The researcher community finds them complex.

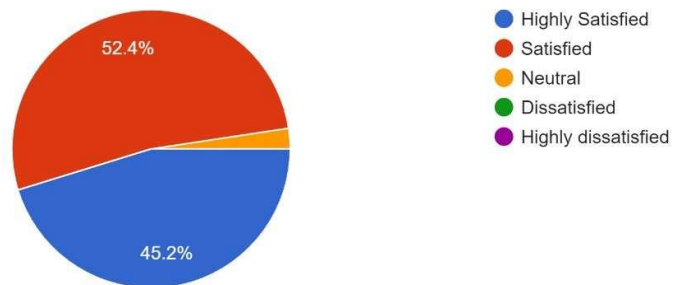

Which framework is used to shortlist articles for doing SLR?

42 responses

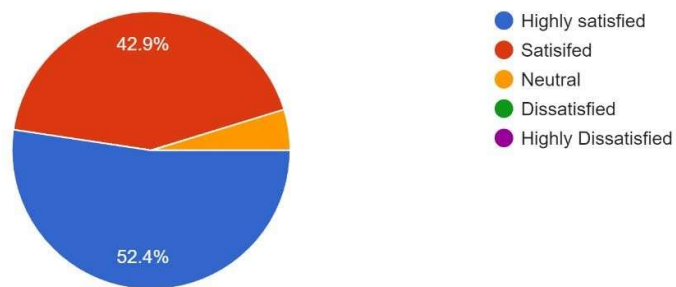

Overall, how satisfied are you with today' session

42 responses

How satisfied are you with the topics covered in today's session?

ETHICAL THEORIES: CONSEQUENTIALISM/ UTILITARIANISM

- Proposed by Jeremy Bentham and John Stuart Mill
- Euro-Western Paradigm.
- The outcome of an act is what matters.
- Example: Telling a lie is fine if it makes someone feel better; bad if causes harm.
- Example: If a doctor has a limited supply of a life-saving drug and must decide which patients to treat, a utilitarian approach would prioritize treating those with the best chances of recovery and maximizing the overall well-being of patients.
- Privileges morality over rules and laws.
- In practice, those with perspective believe the ethical practice should be decided with respect to the context.
- But not always easy to foresee consequences and their implications.

केआर मंगलम विश्वविद्यालय में हुआ एफडीपी का आयोजन

अशोक गर्ग, गुड़गांव टुडे

सोहना। केआर मंगलम विश्वविद्यालय में स्कूल ऑफ मैनेजमेंट एंड कॉमर्स ने हाल ही में 17 जुलाई से 22 जुलाई, 2023 तक एक संकाय विकास कार्यक्रम (एफडीपी) का आयोजन किया। इस ज्ञानवर्धक कार्यक्रम ने 'अनुसंधान के लिए प्रभावी उपकरण और तकनीक' पर एक गहन कार्यशाला में भाग लेने के लिए भारत के विभिन्न राज्यों से लगभग 70 विद्वानों और शिक्षाविदों को इकट्ठा किया। एफडीपी का उद्देश्य प्रतिभागियों को अनुसंधान पद्धतियों, डेटा विश्लेषण, साहित्य समीक्षा और नैतिक विचारों में मूल्यवान अंतर्दृष्टि से लैस करना है। प्रसिद्ध शोधकर्ताओं और विषय वस्तु विशेषज्ञों को अनुसंधान डिजाइन, परिकल्पना परीक्षण, एसपीएसएस उपयोग, व्यवस्थित साहित्य समीक्षा, ग्रंथसूची, अनुसंधान में नैतिकता और प्रतिष्ठित पत्रिकाओं में प्रकाशन सहित विविध

विषयों पर इंटरैक्टिव सत्र आयोजित करने के लिए संसाधन व्यक्तियों के रूप में आमंत्रित किया गया था। छह दिवसीय कार्यक्रम के दौरान, प्रतिभागी सक्रिय रूप से सवाल-जवाब सत्र में शामिल हुए, जहां उन्होंने प्रासंगिक प्रश्न उठाए और संसाधन व्यक्तियों से स्पष्टीकरण मांगा। इन संवादात्मक चर्चाओं ने विद्वानों को विषय वस्तु की अपनी समझ को गहरा करने और अनुसंधान चुनौतियों पर काबू पाने में व्यावहारिक अंतर्दृष्टि प्राप्त करने का अवसर प्रदान किया। प्रत्येक सत्र के समापन पर, प्रतिभागियों से बहुमूल्य प्रतिक्रिया मांगी गई।

इस फीडबैक तंत्र ने आयोजकों को कार्यक्रम की प्रभावशीलता का आकलन करने, सुधार के लिए क्षेत्रों की पहचान करने और यह सुनिश्चित करने की अनुमति दी कि एफडीपी उपस्थित लोगों की विविध आवश्यकताओं और अपेक्षाओं को पूरा करता है। एफडीपी के संयोजक डॉ. रुचिका यादव और श्री कृष्ण कुमार ने मिलकर एक अच्छी तरह से संरचित और अत्यधिक जानकारीपूर्ण एफडीपी देने के लिए मॉडरेटर और सह-संयोजकों की एक टीम का नेतृत्व किया, जिसमें डॉ. मोनिका, डॉ. दीपिका, डॉ. श्रेया, डॉ. ईशा, डॉ. सपना और श्री रितेश शामिल थे।
