

K.R. MANGALAM UNIVERSITY
THE COMPLETE WORLD OF EDUCATION

***Power Seminar on AI & Cloud Computing (5th April 2024) in collaboration
with ICT Academy***

Overview

The Power Seminar on AI Cloud Computing was organized to provide students and faculty with deep insights into the emerging trends and applications of artificial intelligence integrated with cloud computing. The event was conducted in collaboration with the ICT Academy, leveraging their expertise in technology upskilling.

Objectives

- To upskill participants in the latest AI and cloud computing technologies.
- To expose students and faculty to practical use cases and developments in AI-enabled cloud environments.
- To foster awareness of industry trends, challenges, and opportunities in AI and cloud computing.

Event Structure

- Date: 5th April 2024.
- Format: An engaging seminar combining expert talks, case studies, and interactive sessions.
- Participants: Students from various technical disciplines and faculty members.

Content and Highlights

- Overview of AI fundamentals and its synergy with cloud platforms.
- Exploration of cloud architectures supporting AI workloads.
- Discussion on practical AI applications such as predictive analytics, natural language processing, and computer vision in the cloud context.
- Insights into AI-driven automation and scalable cloud services.

K.R. MANGALAM UNIVERSITY

THE COMPLETE WORLD OF EDUCATION

- Emphasis on current industry tools, platforms, and future trends in the AI cloud landscape.

Outcomes

- Participants gained updated knowledge and technical skills in AI cloud computing.
- Enhanced capacity among faculty to integrate AI and cloud concepts into academic curricula.
- Students encouraged to pursue advanced studies and projects in AI on cloud platforms, improving their employability.

Conclusion

The seminar significantly contributed to bridging the knowledge gap in AI and cloud computing technologies among the academic community. Collaborative efforts with ICT Academy ensured the delivery of quality content aligned with industry requirements, benefiting attendees with actionable insights and enhanced competencies.

Faculty members and students at the Power Seminar on AI & Cloud Computing organized in collaboration with ICT Academy.
