No of Participants: 19

Introduction

The School of Education aspires to become an internationally recognized department through excellence in the interdisciplinary arena of education, research and innovation, preparing socially responsible lifelong learners contributing to nation building. Since 2016 the School of Education strives to foster and maintain a creative environment with a deep commitment to inculcate excellence in academics and contribute towards students' development. The school brings an attitudinal change in prospective teachers for their advancement into accountable agents of change in the society, who are sensitive to local, national, and global concerns and issues vital for human survival, progress, and development. The School of Education offers diverse programs of studies that are designed to develop an insight into the nuances of teaching and learning in terms of theoretical perspectives, pedagogical techniques that facilitates the students' understanding of social, emotional, and intellectual ecosystem. Some of the best practices of SOED are blended learning, collaborative learning, integrated learning and experiential learning.

Objectives

1. To introduce student-teachers to creative and engaging vocabulary teaching methods.
2. To enhance student-teachers' understanding of how to integrate vocabulary learning into daily classroom activities.
3. To promote the use of games, technology, and group activities to improve vocabulary retention and usage.
4. To provide student-teachers with tools and resources for fostering a fun and interactive vocabulary learning environment.

Methodology: A practical session in which participants are engaged to learn by doing.

Outcomes

1. Student-Teachers will be equipped with a variety of fun and engaging methods for teaching vocabulary.
2. Increased student-teacher's confidence in using interactive games and digital tools to teach vocabulary.
3. Students will benefit from more dynamic and enjoyable vocabulary learning experiences.

Conclusion

Vocabulary is important because it's the basis of all language. It's the raw building blocks that we can use to express our thoughts and ideas, share information, understand others and grow personal relationships. Robust vocabulary improves all areas of communication-listening, speaking, reading and writing. Vocabulary is critical to a child's success and is directly related to school achievement. Learning outcomes are clear statements of the skills, knowledge, and attitudes that participants will develop as a result of participating in the workshop. The workshop ended with a vote of thanks by Prof. (Dr.) Tania Gupta, Dean, School of Education, K.R Mangalam University, Gurugram, Haryana.
