Report on

International Education Program – U.K. & U.S.A.

Date: 11th & 12th April 2025

Venue: IDP Gurugram

Event Type: Participation in International Education Program

Mode of Activity: Offline

Target Group: KRMU Students

Coordinators: Dr. Amrita Singh, Assistant Professor, SOLS, Dr. Mansi Dewan, Assistant Professor, SPRS & Ms. Pravanya Batra, Coordinator, International Relations

Organized by: KRMU International Relations Office

Number of Participants: 37 students

Introduction:

On 11th and 12th April 2025, KRMU International Relations participated in an International Education Program – U.K. & U.S.A. organized by IDP Gurugram. The program commenced at 10 am and saw participation from KRMU students. The session aimed at helping aspiring students connect with representatives from top U.K. & U.S.A. universities for one-on-one counselling. KRMU provided transportation and IDP provided refreshments for attendees.

Objective:

The event aimed to achieve the following objectives:

1. **Provide Information on Global Higher Education Opportunities**
   Offer students direct access to representatives from international universities to explore undergraduate, graduate, and exchange programs**.**
2. **Facilitate Direct Interaction with University Representatives**
   Allow students to ask questions and receive personalized advice about admissions, scholarships, courses, and campus life.
3. **Promote Study Abroad and Exchange Programs**
   Raise awareness about study abroad options, including academic exchanges, dual-degree programs, and summer schools.

Outcomes:

The event successfully met its key objectives, resulting in:

1. **Improved Decision-Making for Higher Education**
   Students are more informed and confident in making choices about their academic and career paths based on first-hand information.
2. **Greater Understanding of Application and Admission Processes**
   Students gain clarity on entry requirements, deadlines, visa procedures, and scholarship opportunities for studying abroad.
3. **Increased Interest in Studying Abroad**
   The fair often sparks new motivation among students to explore education beyond their home country.

One-on-one Counselling Session

The International Education Program consisted of one-on-one counselling session for students with representatives of different universities from U.K. & U.S.A. This session ensured assessment of every student's individual academic goals, interests and career plans. It also made sure that students' specific questions were answered well by the representatives of universities. The students also attended a seminar at the end of the program that made them aware about the campus life in these two countries - U.K. & U.S.A.

Conclusion:

In conclusion, the event was a valuable experience for students exploring global education and helped aspiring students to a great extent.
