Target group: Student teachers and faculty members of School of Education, K. R. Mangalam University

Number of Participants: 15

Faculty Coordinators: Dr. Shikha Assistant Professor, School of Education.

Student Coordinators: Kashish and Chetna, B.El.Ed.IV Semester.

Introduction:

The School of Education, K. R. Mangalam University, organized an Alumni Talk on **"Educational Content Creation Tools for Teachers"** on 2nd May 2025. The session aimed to provide insights into modern tools and techniques that educators can use to enhance their teaching through engaging and effective content creation. A total of 15 participants, including student teachers and faculty members, attended the session. Ms. Priya Garg, a distinguished alumna and TGT Science Teacher at D.A.V. Police Public School, served as the resource person. She shared her expertise in utilizing digital tools to develop educational content that is visually appealing, pedagogically sound, and adaptable to different learning styles.

Objectives of the Alumni Talk:

The objectives of the Alumni Talk are to enable the faculty and students to:

- Introduce student teachers to various tools for creating digital educational content.
- Demonstrate practical applications of content creation tools like Canva, Google Forms, PowerPoint, and other interactive platforms.
- Enhance the digital pedagogical skills of future educators.
- Promote creativity and innovation in lesson planning and classroom engagement.

The session commenced with a warm introduction by student coordinator Chetna, who presented a brief profile of Ms. Priya Garg. Chetna highlighted Ms. Garg's achievements as an educator and her contribution to innovative teaching methods. Following the introduction, Ms. Priya Garg began her presentation by emphasizing the growing need for digital content in modern classrooms. She discussed how tools like Canva can be used for designing interactive worksheets and posters, while Google Forms can help in formative assessment and feedback collection. She also demonstrated how multimedia content can cater to varied learner needs, thus fostering inclusive education.

Ms. Garg shared her personal teaching experiences and provided live demonstrations of different content creation platforms. The hands-on segment allowed student teachers to understand how to navigate and integrate these tools into their own lesson plans. The session was highly interactive, with participants asking questions and sharing their own insights on using digital tools in teaching.

Towards the end of the session, Ms. Garg encouraged the participants to explore these tools independently and keep innovating their teaching styles to meet the dynamic needs of 21st-century learners.

Following the enlightening talk, Prof. P.C. Jena felicitated Ms. Garg, extending a note of appreciation on behalf of the institution. Prof. Jena commended Ms. Garg for her thoughtful and practical insights, emphasizing how relevant and timely her message was for the audience. The facilitation ceremony symbolized the institution's gratitude towards Ms. Garg for sharing her expertise on a subject that deeply resonates with the current needs in the teaching-learning process. Prof. (Dr.) Tania Gupta, Dean, School of Education, served as the Convener of the Alumni Talk and provided overall direction and leadership for the event. Her role was instrumental in planning, coordinating, and executing the session effectively. She ensured alignment with the academic goals of the School and facilitated active engagement between alumni and current students. The session concluded with a vote of thanks delivered by student coordinator Kashish. She expressed gratitude on behalf of the School of Education to Ms. Garg for

her valuable time and insights. She also thanked the faculty members and fellow students for their active participation and support in making the event successful.

Outcomes:

The alumni talk equipped participants with:

- Knowledge of useful digital tools for content creation.
- Enhanced understanding of how to design engaging and learner-friendly teaching material.
- Practical exposure to tools that promote creativity and interactivity in classroom environments.
- Motivation to adopt technology-enhanced teaching strategies.

Conclusion:

The Alumni Talk on *"Educational Content Creation Tools for Teachers"* was a productive and enriching session for student teachers and faculty alike. The talk empowered participants with the knowledge and confidence to integrate technology into their teaching practices. The session successfully emphasized the relevance of digital tools in modern pedagogy and inspired future educators to harness creativity in content development.
