Introduction:

The *Awareness Session on Programme Outcome* for students was successfully organized by the **School of Basic and Applied Sciences**, in collaboration with the **Internal Quality Assurance Cell (IQAC)** at **K.R. Mangalam University** on **16th April 2025**. This initiative aimed to sensitize students about the significance of Programme Outcomes in higher education and how these outcomes are essential for academic, professional, and personal development.

Objective:

- To familiarize students with the concept of Programme Outcomes (POs) as defined by the university.

- To help students understand how various course components contribute to achieving these outcomes.
- To promote awareness about how Programme Outcomes align with career goals, lifelong learning, and societal contribution.

Methodology:

- The session was conducted through a blended approach including, Lecture, interactive discussions, and a Q&A round.
- **Ms. Jyoti Kataria**, *Assistant Dean, Education Quality Improvement*, K. R. Mangalam University, served as the **key speaker** for the session.
- She delivered an insightful talk explaining the significance of Programme Outcomes and how they shape the overall academic and professional journey of students.
- Real-world examples were incorporated to make the session more relatable and engaging.

Content:

- Introduction to Outcome-Based Education (OBE).
- Explanation of Programme Outcomes (POs).
- Mapping of POs with Course Outcomes (COs) and Program Specific Outcomes (PSOs).
- Role of students in achieving POs through active participation in academics and co-curricular activities.

Outcome:

- Students gained clarity on how Programme Outcomes are an integral part of their academic journey.
- Increased awareness of the link between curricular activities and skill development.
- Students expressed a better understanding of how POs support employability, entrepreneurship, ethical behavior, and lifelong learning.

Further Scope:

- Organizing follow-up workshops and departmental-level sessions to delve deeper into specific outcomes and their mapping.
- Conducting similar sessions for parents to foster a collaborative academic environment.
