Firstly I would like to thank you for giving me this opportunity. I Am Yashika Mangla from Faridabad , I am currently pursuing B.COM.L.L.B(H) from K.R. Manglam University and I am passionate about corporate law.

# INTERNSHIP EXPERIENCE

I worked as an intern in this, this internship provided me an experience in the field of social work by providing humanitarian services, where we find opportunities... where we can affect people's lives by doing environmental, social, advocacy and human rights work. The Donation box foundation plays a main role in developing society, improving communities and promoting citizen participation.

I was given a variety of tasks to work on that like :

First task was we have to circulate and post the banner of the "vastra Daan" campaign to our social media account. And spreading the banner as much as we can .then we have to collect new clothes for the donation. The aim of collecting the clothes is to distribute all the clothes on women's day (8<sup>th</sup> march,2024).

At the end of the internship I have collected some clothes with the help of the people who want to donate .

And our next task was to make a legal awareness video to aware the people who was unaware about the illegal things that happens on a daily basis and every week I learn something new.

Overall, this internship was an incredibly valuable experience for me. I am grateful for the opportunity to work with such an amazing team and gain an experience in my field of interest. I feel much more confident in my abilities and excited to apply what I have learned to my future.

## CONCLUSION

In conclusion, my internship at Donation Box Foundation was a truly valuable and transformative experience. Throughout the course of the internship, I was able to gain hands-on experience in the field of social work, learn how to communicate people for helping others. I am grateful for the guidance and support provided by my seniors and my mentor, who were willing to help and answer any question I had. I am incredibly grateful for this opportunity. I like to thank all who helped me in my entire internship period.
