A QUARTELY NEWSLETTER OF K. R. MANGALAM UNIVERSITY

OCTOBER - DECEMBER 2023

## NEWS LETTER

## Students Speaks

I am Kartik Bhardwaj from BAJMC Journalism and mass Communication, This university is providing me the excellent knowledge to develop my skills and the infrastructure is also good, the faculty is very helpful.

The infrastructure of the university is of fine quality. The faculty and the overall environment of the university are very good. Being in the first semester the faculty is very helping and various opportunities have been offered.

- Krishna Roul, B.Des (Fashion Design)

I am Yamini Lochav of B.A Fashion Designing. I have started this year my first Semester the Experience so far have been very good. The faculties are very helping to the students. The University Faculties overall are very good. Overall my Experience in this university is very good.

### Vice Chancellor's Message

Wishing you all a Happy and Prosperous New Year 2024.

Dear All,  
As we bid farewell to the old and embrace the promise of the New Year, I am delighted to extend my warmest wishes

to each member of our esteemed university. May the coming months be filled with success, growth and countless opportunities for learning and collaboration.

As we embark on this exciting journey together, it gives me great pleasure to announce the imminent release of our

university newsletter's latest issue. This publication serves as a testament to the incredible accomplishments, research breakthroughs and inspiring stories that define our community.

In the spirit of celebration and unity, I encourage each of you to actively participate in shaping the narrative of our University. Whether you've reached a significant milestone in your academic journey, made strides in ground-breaking research, or have a unique perspective to share, your contributions are the lifeblood of our community's story.

Dr. Ankush Mittal  
Vice Chancellor, KRMU

### From Editor-in- Chief Desk

Dear all,  
 As we approach the end of this remarkable year, I find myself reflecting on the incredible journey we've undertaken together. The challenges we faced have only strengthened our resolve and united us as a community. As we bid farewell to the old and welcome the new, I am filled with a sense of optimism and excitement for what lies ahead. In the spirit of the upcoming New Year, I want to express my deepest gratitude to each member of our KRMU family—students, faculty, staff, and alumni—for your unwavering dedication, resilience, and passion. Your commitment to excellence and the pursuit of knowledge has been the

driving force behind our collective success. In closing, I extend my warmest wishes to you and your loved ones for a joyful holiday season and a prosperous New Year. May 2023 bring you good health, happiness, and a wealth of new opportunities. As we reflect on our past achievements and look forward to the future, I am confident that the contents of this newsletter will resonate with the spirit of our shared journey. Thank you for being an integral part of our [University/School] family, and I encourage you to explore the newsletter with enthusiasm.

Wishing you all a Happy New Year!

*Prof. Dr. Neeraj Khattri  
 Dean, SJMC, KRMU*

### Students Speaks

“ University Provide to improve our skill and how to represent yourself in front of Society. K. R Mangalam University one of the best university in Gurugram. Come and join us.

- Jyoti Verma, MCA, SOET ”

“ I am ATUL RAJ VERMA of BJMC, School of Journalism and Mass Communication. The university provides us with excellent education and guidance throughout my academic journey, which helps me to develop the necessary skills and knowledge required for the job.

”

“ I am a student of computer Application in K.R Mangalam University. The laboratories of my university are well furnished. I am grateful for studying here.

- Nimmy Kumari Thakur, MCA, SOET ”

## ACADEMIC EVENTS

### The E-yantra Society and SOET organized Mindbenders 2.0

November 25th, 2023, The E-yantra Society and the School of Engineering and Technology successfully hosted Mindbenders 2.0, a social and innovative Project Competition at K R Mangalam University.

The event was graced by the presence of Prof. Ankush Mittal, the Vice Chancellor of K R Mangalam University, who not only attended but also provided valuable insights by personally reviewing each project. His participation underscored the university's unwavering commitment to fostering academic excellence.

Prof. Mittal inspired students to explore entrepreneurship and empowerment, offering practical advice to enhance the strength of their projects.

Additionally, he facilitated connections to further fortify the projects.

The event featured Mr. Harshit from IIT Delhi as an external guest and speaker. Mr. Harshit evaluated the students' performances and encouraged them to explore new techniques, emphasizing continuous learning and exploration in their projects. He expressed interest in mentoring projects that address social causes, particularly those related to disabled individuals, with the goal of transforming these projects into impactful start-ups.

### Gender Sensitization and Safety Committee and SOET organized event on Gender Equity and Sensitization

On October 25, 2023, a session on "Gender Equity and Sensitization" in collaboration with the Gender Sensitization and Safety Committee was organized in the School of Engineering and Technology at K. R. Mangalam University-Gurugram to raise awareness of gender equity and for fundamental rights of women to break the stereotype thoughts of society. Speaker and expert in the field- Dr. Shobhna Jeet, (Chairperson of Gender Sensitization and Safety Committee) Associate Professor in the School of Legal Studies, with event coordinator Dr. Monika Khatkar, and Ms. Jyoti Chaudhary Assistant Professors in the School of Engineering and Technology-K. R. Mangalam University delved into the complexities of gender-based violence, emphasizing the need for support, resources, and awareness.

The session covered a range of crucial areas, including the importance of

promoting a safe and inclusive environment for all genders, challenging stereotypes and biases, and advocating for equal opportunities in education, the workplace, and society. Attendees were encouraged to reflect on their roles as allies and champions for gender equity. Dr. Shobhna Jeet discussed the critical role that education plays in breaking the cycle of violence and fostering respect among individuals of all genders. Dr. Shobhna Jeet delivered a compelling keynote address, sharing her experiences, insights, and

strategies to promote gender equity. She also emphasized the need for challenging traditional gender roles, creating safe spaces, and promoting equal opportunities for all genders. Her address served as an inspirational and thought-provoking starting point for the event.

To encourage active participation and engagement, a question-and-answer session was conducted, allowing attendees to seek clarification and further insights from Dr. Shobhna Jeet and the panelists.

The session served as a crucial step in cultivating a campus environment that respects and values all genders, promoting inclusivity, and fostering a culture of equality. The participants from different courses like cyber forensics, B Tech CSE, and BSc of all domains engaged in candid discussions, sharing experiences, and learning from one another. The audience left with a heightened understanding of the challenges faced by marginalized genders and a commitment to effecting meaningful change.

# EDUDE FIESTA

Immerse in the thrill at EduDe Fiesta on Nov 24-25!

25+ thrilling events and a night with Parmish Verma. A monumental celebration where rhythms, intellect, and memories come together.

What a fun event it was!

our students created memories to cherish forever.

## ACADEMIC EVENTS

### Practical Exposure to Robotics & Drone Making Boot camp for K R Mangalam University Students at IIT Mandi

The 5-day boot camp at IIT was inaugurated with great enthusiasm, marking the commencement of an immersive learning experience in robotics and drones. The event kicked off with a warm welcome and an engaging icebreaker session, fostering a sense of community among participants. The opening sessions provided an insightful overview of the field, emphasizing its significance and diverse applications.

The first day focused on foundational concepts, introducing participants to the basics of electronics, circuitry, and programming microcontrollers. As the boot camp progressed, attendees delved into drone fundamentals, gaining hands-on experience in drone flying and exploring the regulations governing UAV operation.

The mid-week sessions shifted towards the programming and coding aspects of robotics, with a particular emphasis on languages like Python and C++, along with an introduction to the Robot Operating System (ROS). Advanced topics such as computer vision, image processing, and machine learning were covered, providing participants with a comprehensive understanding of cutting-edge technologies in robotics. The inauguration set the tone for an exciting and knowledge-packed week, fostering a collaborative and innovative learning environment at IIT.

#### Day 1: Introduction to Robotics and Drones

##### Morning Session:-

- Welcome and Icebreaker Activities
- Overview of Robotics and Drones
- Importance and Applications in Various Industries
- Introduction to Safety Guidelines

##### Afternoon Session:-

- Basics of Electronics and Circuitry
- Introduction to Microcontrollers (e.g., Arduino)
- Hands-on Activity: Building and Programming a Simple Robot

#### Day 2: Drone Fundamentals

##### Morning Session:

- Introduction to Drones and UAVs
- Types of Drones and Their Applications
- Drone Components and Anatomy

- Safety Measures for Drone Operation

##### Afternoon Session:

- Drone Flying Basics
- Regulations and Guidelines for Drone Pilots
- Hands-on Drone Flying Practice (Simulation or Small Indoor Drones)

#### Day 3: Programming and Coding for Robotics

##### Morning Session:

- Overview of Programming Languages for Robotics

(Python, C++)

- Introduction to Robot Operating System (ROS)
- Basics of Algorithm Design for Robotics

##### Afternoon Session:

- Coding Workshop: Writing Basic Programs for Robots
- Hands-on Activity: Programming a Robot to Navigate a Maze

#### Day 4: Advanced Robotics Concepts

##### Morning Session:

- Computer Vision and Image Processing for Robotics
- Introduction to Machine Learning for Robotics
- Integration of Sensors (e.g., LiDAR, Cameras) in Robotics

##### Afternoon Session:

- Workshop: Implementing Computer Vision in Robotics
- Project Work: Developing a Robot with Advanced Features

#### Day 5: Self Build Drone Showcase and Evaluation, followed by certifications

##### Morning Session:

- Final Project Work and Refinement
- Preparation for Project Showcase and Competition

##### Afternoon Session:

- Project Showcase to Peers and Mentors
- Competition and Awards Ceremony
- Closing Remarks and Certificates Distribution

Multiple offers to students regarding internships, projects intensive residential programs related to industry. High Tea discussions over Technology Innovation hub to set back methodology related to ideation of any concept to market developed product. Meetings and discussion with future cofounders of incubated ideas reaching technology readiness level 7-9, at incubation centre of IIT opens up as a new door of opportunity for multidisciplinary students from B.Tech CSE and allied streams, BCA, BSC.

## ACADEMIC EVENTS

### Life Skills for Villagers: Awareness program on adverse effects of using drugs with the Red Cross Society

30<sup>th</sup> October 2023, School of Management & Commerce in collaboration with the Red Cross, organized an extension activity in the village Lakhawas. The primary objective of the event was to raising awareness about drug use and its detrimental effects on individuals, families, and the community as a whole. This event aimed to educate the villagers about the importance of leading a drug-free life and offering support to those in needs.

Experienced professor Dr. Monika Yadav emphasized the significance of community initiatives in addressing the drug problem. She explained that Drug addiction is one of the pervasive issues on planet Earth. As time goes by, the issue has been getting bigger and

bigger. She emphasized the risks associated with using alcohol and other drugs. She encouraged the students to prevent alcohol and drug-related incidents. She stressed the importance of awareness campaigns and drug abuse among students.

The extension activity included interactive sessions where community members had the opportunity to ask questions and seek guidance from experts in the field. This facilitated open discussions about drug-related concerns. By providing information, support, and a platform for open discussions, the event contributed to

building a stronger and more informed community that is better equipped to combat the challenges of drug use. The success of this event underscores the significance of community engagement in addressing social issues and offers hope for a drug-free future in the village.

### SOMC organized Industrial Visit to Honda Motorcycle and Scooter India Pvt. Ltd.

20<sup>th</sup> December 2023, SOMC organized an industrial visit for BBA and MBA students to Honda Motorcycle and Scooter India Pvt. Ltd. as part of its commitment to providing practical exposure and industry insights to its students. Honda Motorcycle and Scooter India Pvt. Ltd., a subsidiary of Honda Motor Company, Japan, is a renowned player in the two-wheeler manufacturing industry. The visit aimed to expose students to the

practical aspects of business operations and management within the automotive sector.

The industry tour started with a warm welcome and refreshments followed by a detailed introduction to the industry. Subsequent tours covered the entire manufacturing process, giving students hands-on experience with Production, Planning, Control and quality control testing. Various methods of raw material procurement were explained, proper advance planning for import of various small components was also explained to the students. Mr. Rahul Kumar explained the dynamics of the industry and various career opportunities.

The industrial visit to Honda

Motorcycle and Scooter India Pvt. Ltd. proved to be an enriching experience for the students of the Management Department. It offered them valuable insights into the practical aspects of business management and operations. The visit encouraged students to bridge the gap between theoretical knowledge and real-world applications, thereby enhancing their overall learning experience. This industry visit opens the door for further collaboration between educational institutions and the industry and provides an opportunity for students to gain practical insight into various industries. To enhance such visits, interactive workshops, hands-on activities and in-depth sessions with industry experts can be combined to provide students with a comprehensive understanding of the field.

## ACADEMIC EVENTS

### SPRS organizes event "We the People of India"

**17<sup>th</sup> October, 2023**, India, often described as the world's largest democracy, is home to a diverse and multifaceted society. The phrase "We the People of India" is the opening statement of the Preamble to the Constitution of India and reflects the essence of the country's unity in diversity. The various facets that define the people of India are as follows-

**Diversity:** India is a land of unparalleled diversity. Its people represent various languages, religions, traditions, and lifestyles. The country is home to over 1.3 billion people, making it the second-most populous nation in the world.

**Culture:** Indian culture is a complex and vibrant amalgamation of various customs, traditions, and practices. The country has a rich history that has given rise to a plethora of art forms, including classical dance, music, and literature. The cuisine is as varied as the culture itself, with each region boasting its own unique flavors and culinary specialties.

**Social Structure:** India's social structure is traditionally organized into a hierarchical system known as the caste system. However, modern India is witnessing a shift away from this system as social, political, and economic changes occur. Social divisions based on caste are

now challenged by a rising middle class, urbanization, and increased access to education.

#### Challenges

**Poverty:** Despite its economic growth, India still faces high levels of poverty and income inequality. A significant portion of the population struggles to access basic amenities, education, and healthcare.

Fundamental rights are the bedrock of any democratic society, ensuring that individuals are protected from arbitrary state actions and are granted the necessary freedoms to lead a life of dignity and liberty. These rights are enshrined in various constitutions, including the United States Bill of Rights, the Universal Declaration of Human Rights, and similar documents across the world.

The lecture was delivered by Dr. Tilottama, Assistant Professor of the School of Legal Studies of K.R.

Mangalam University. Prior to joining K.R. Mangalam she taught law in several colleges and participated in various National and International Conferences. She provided an in-depth understanding of various fundamental rights, legal reforms, social responsibility of a physical therapist and related medico-legal complications. Our students gained a whole new perspective on professional conduct.

This interactive session ended with a vote of thanks by Dr. Mansi Dewan and Dr. Mamta Shankar, who recognized the efforts of the guest speaker by presenting a memento. The event left a positive impression on our students and helped them understand the medico legal complications involved and their social responsibilities as physical therapists.

## ACADEMIC EVENTS

### Extension Activity on Sensitization and Training Programme on Cyber Security

**4<sup>th</sup> October 2024**, an extension activity was organized by SOED in collaboration with NSS at Government Senior Secondary School, Garhi Bajidpur, Sohna. The event was conducted to sensitize the students of the school on cyber security and aimed to raise awareness about the importance of cyber security in today's digital age. Dr. Amar Saraswat, an esteemed Assistant Professor from the School of Engineering & Technology at K. R. Mangalam University, served as the resource person for the event. Dr. Saraswat's expertise in cyber security added significant value to the program. The Programme commenced with an introduction to the growing significance of cyber security in our interconnected world. Dr. Saraswat emphasized the need for individuals, especially in rural areas, to understand cyber threats and adopt safe online practices. He discussed various aspects

of cyber security, including common threats, methods of protection, and the importance of password security.

Interactive sessions and demonstrations engaged the students, allowing them to grasp the practical aspects of cyber security. The students learned about safe online behavior, recognizing phishing attempts, securing personal information, and the role of strong passwords. The event was efficiently coordinated by Dr. Anshul Saluja and Dr. Shikha, Assistant Professors from K. R. Mangalam University, who ensured its smooth execution. It successfully sensitized the participants to the importance of cyber security and equipped them with valuable knowledge to protect them in the digital realm. It was an insightful and educational experience for all attendees, contributing to their digital literacy and safety.

### Guest Lecture on Professional Ethics for Teachers

**S**chool of Education celebrated World Teachers Day on 5th October 2023. It was a momentous occasion dedicated to fostering professional ethics in the teaching profession. The celebrations centered on a thought-provoking guest lecture on "Professional Ethics for Teachers" by the distinguished Prof. (Dr.) D. D. Aggarwal, Former Professor, Department of Adulthood and Continuing Education, University of Delhi. Dr. Aggarwal's lecture shed light on key principles such as commitment to students' well-being, integrity, and respect for diversity, professional development, the role of School Management

Committees, and the significance of professions in shaping mankind's destiny. This event's main objective was to inspire educators to uphold the highest ethical standards in their profession and provide them with valuable insights into the core principles of professional ethics. Dr. Aggarwal's lecture not only achieved these objectives but also resonated deeply with the attendees, reaffirming the importance of honesty, integrity, accountability, and adherence to the law in the realm of education. The lecture was coordinated by Dr. Pooja Verma, Assistant School Management Professor, SOED.

## ACADEMIC EVENTS

### SOET organised a session on opportunities for studying abroad with scholarships

School of Engineering and Technology, K.R. Mangalam University organised a session today on "Opportunities for studying abroad with Scholarships". Over 175 aspiring students across the university participated in the session. Dr. Ankush Mittal -Adjunct Professor IIT Mandi provided essential insight into the various scholarship options for international study, Dr. Mittal's passion for global education served as a powerful motivator. His words resonated deeply with the

students, inspiring them to chase their aspirations of studying abroad with unwavering determination. By combining practical information with

motivational guidance, Dr. Mittal's session not only made the pursuit of higher education overseas seem attainable but also fueled the students' ambition to embrace these opportunities with confidence and enthusiasm. The session served as an invaluable resource for those seeking to explore their academic horizons beyond borders while making higher education more accessible and affordable.

### Winners of Smart India Hackathon 2023

Our students Mr. Om Mishra, Mr. Tarun Raghav, Mr. Bharat Bhushan, Mr. Laxman Singh, Ms. Mehak, Mr. Yash Wardhan (B.Tech CSE 2nd Year) under the Mentorship of Dr. Pankaj Agarwal were declared the winners of Smart India hackathon held on 19-20 Dec 2023 at Manipal University, Jaipur. Total of 29 teams participated at Jaipur. Students were given a cheque for Rs 100000 as prize money. Their Problem statement is "Online Blockchain based certificate generation and validation system for government organization."

Students designed & developed a revolutionary block chain-based system "CertSecure's" to streamline the process of certificate issuance and verification. Their primary goal is to address the challenges associated with traditional certificate systems, such as the risk of fraud,

inefficiencies in verification, and the need for a centralized authority. Their solution Focused on solving the challenges faced by the Government of Gujarat in document verification

Rs 100,000 as prize money, reflects the students' commitment. The achievement of Mr. Om Mishra, Mr. Tarun Raghav, Mr. Bharat Bhushan, Mr. Laxman Singh, Ms. Mehak, and Mr.

Yash Wardhan is not just a personal triumph but also serves as an inspiration for other students. Their success underscores the importance of participating in such competitions, where skills are honed, confidence is boosted, and the foundation for successful careers is laid. CertSecure's victory at the Smart India Hackathon 2023 is a proud moment for K.R Mangalam University and a testament

to the students' dedication, innovation, and problem-solving prowess. It is a beacon encouraging other students to engage in such competitions and take their skills to the next level, ultimately shaping a future generation of innovators and leaders.

## ACADEMIC EVENTS

### SPRS in Collaboration with NSS and SDG conducted First Aid & CPR training on villagers

**3<sup>rd</sup> Nov. 2023.** School of Physiotherapy & Rehabilitation Sciences in Collaboration with NSS of K.R. Mangalam University conducted First Aid & CPR training on villagers of Hazipur village. Dr. Rajesh from Fortis Hospital, Gurgaon had accompanied with faculty members and Students to Hazipur village. Basic Life Support (BLS) is the foundational course for healthcare professionals and trained first responders who provide care to patients in a wide variety of in-facility and pre-hospital settings. BLS is the cornerstone program for healthcare professionals. As the gold standard, Heart & Stroke's BLS training courses teach the theoretical and hands-on skills needed to respond to medical emergencies and drives the best possible patient outcomes.

The School of Physiotherapy & Rehabilitation Sciences (SPRS), in collaboration with NSS, K. R. Mangalam University, and Gurugram had organized a workshop on First Aid & CPR on 18/09/23, Monday. The instructor (Dr. Rajesh) who is also a Doctor of Emergency Department of the hospital shared the importance of knowledge of BLS with the students and how it can be beneficial for

everyone. The session started with imparting theoretical knowledge of basic life support, followed by demonstration. Mannequins, Ambu bag and other necessary equipment were arranged by the organisers so, that students can get a hands-on learning experience. The instructor was surprised to see the enthusiasm with which the students and villagers were eager to learn and participated in the event.

The Knowledge of Basic life support has become a necessity in today's world where a lot of people are dying due unavailability of medical resources. It can help people in road traffic accidents, people who have sudden heart attack in Gym, work place etc.

### SPRS Students participate in 3<sup>rd</sup> National Physical Disability T20 Cricket Championship

The Bachelor of Physiotherapy (BPT) curriculum emphasizes the importance of on-field assessment and rehabilitation for athletes and individuals recovering from injuries. This training equips students with practical knowledge, allowing them to apply theoretical concepts in real-world scenarios. It involves hands-on training in evaluating athletes and individuals. Students learn various assessment methods, including observing movements, analysing posture, and identifying specific physical issues. They also gain knowledge injury prevention and risk assessment. Challenges faced during the training about process, such as varying athlete conditions and limited resources, are

addressed through innovative solutions. Collaborations with sports organizations, access to advanced equipment, and mentorship programs are implemented to enhance the training experience. Differently Abled Cricket Council of India (DCCI), formed in December 2021, is the apex governing body of cricket in India for physically disabled, deaf, blind and wheelchair bound cricketers in India. A committee, paving a way for the physically disabled players to play under the aegis of BCCI. Our students from BPT Third and Final Year got an opportunity to be a part of 3<sup>rd</sup> National Physical Disability T20 Cricket Championship organized by

Differently Abled Cricket Council of India (DCCI), held in Udaipur from 28<sup>th</sup> September to 8<sup>th</sup> October, 2023. The tournament had participants from 24 state teams, consisting of 384 divyang cricketers.

Dr. Mayank Pushkar from Eploris Healthcare was appointed as the official Sports Physiotherapist for the championship, he accepted seven students of School of Physiotherapy and Rehabilitation Sciences, K.R. Mangalam University for his team whose names are- **1. Roostam- BPT VII Sem, 2. Harsh Raj- BPT VII Sem, 3. Manish- BPT 3<sup>rd</sup> Year, 4. Akash Rajput- BPT 3<sup>rd</sup> Year, 5. Md. Rahi Raza- BPT 3<sup>rd</sup> Year, 6. Navneet- BPT 3<sup>rd</sup> Year, 7. Arihant- BPT 3<sup>rd</sup> Year**

## ACADEMIC EVENTS

### SPRS Organized an Inter-University Fitness Pro Challenge 3.0 Competition

25<sup>th</sup> November 2023, School of Physiotherapy and Rehabilitation Sciences organized an Inter-University Fitness Pro Challenge 3.0 Competition for the students of various universities of Delhi, NCR. Physical fitness is a state of health and well-being and, more

event was examine the fitness levels of the participants through various parameters like Strength, Endurance, Agility and Speed.

Participants were divided into group of six. Each participant had to finish a circuit consisting of Hurdle run,

The students learnt about the life skill aspect of fitness. This helps in the development of sportsmanship among the students. On the basis of the results of the competition, we guided the students to join various clubs of the university to enhance their

2 <sup>nd</sup>	Male	Mr. Piyush	KRMU

specifically, the ability to perform aspects of sports, occupations and daily activities. Physical fitness is generally achieved through proper nutrition, moderate-vigorous physical exercise and sufficient rest along with formal recovery plan. The aim of this

Commando crawl, Plate over cone and Rucking. It was a time based event. Two participants who completed the circuit in the least amount of time were awarded as the winners for the challenge in each male and female category.

fitness level in future.

Such competitions offer improvement or suggestions in various areas of fitness for students. More such events in the future will help students improve both physical and mental well-being as well as their future engagements.

### SPRS Organized an Expert Session on Entrepreneurship in Physiotherapy

6<sup>th</sup> November 2023, The School of Physiotherapy & Rehabilitation Sciences Organized an expert session on "Entrepreneurship in Physiotherapy" in collaboration with KEIC and Institutional Innovation Council. Entrepreneurship in physiotherapy plays a crucial role in advancing healthcare services and improving patient outcomes. Physiotherapists who embrace entrepreneurial skills and mindsets can significantly impact the field by: Addressing Unmet Needs and Expanding Access to Care, Promoting Innovation and Evidence-Based Practice, Enhancing Patient-Centric Care, Promoting Prevention and Wellness, Empowering Physiotherapists and Shaping the Future of the

Profession. The expert of the session Dr. Nitin Kumar Arora is a Research Associate in Germany, and is also doing a project with NASA.

The expert session "Entrepreneurship in Physiotherapy " successfully raised awareness amongst students on recent trends in the field of Physiotherapy career. It was an inspiring and motivating session by out expert. Entrepreneurial ventures can focus on providing high-quality training and education programs for physiotherapists, keeping them updated on the latest techniques, technologies, and research in the field.

## ACADEMIC EVENTS

### Celebrated Constitution day on Responsibilities of media as 4th pillar of democracy

On 23rd November 2023, SJMC in collaboration with Mediaverse celebrated Constitution day. The event was conducted under the supervision of Ms. Ritika Choudhary, Assistant Professor and Mr. Karan Singh, Assistant Professor School Journalism and Mass Communication.

The objective of the event was to assess the awareness levels of the students regarding Indian Constitution and their perspective about the role & responsibilities of Media as the 4th pillar of democracy. The assessment was gauged through Debate and Quiz competition. Students of SJMC participated in the

activities to showcase their state of awareness.

The event was honored by the guest presence of Dr. Richa Chaudhary (Dean, FLAW, SGT University) and Mr. D.K. Verma (Career counselor and Motivational Speaker, Lucknow). They enlightened the students about latent facts of Indian democracy and as well as about the role of media.

Furthermore Prof. (Dr.) Neeraj Khattri, Dean SJMC apprised the aspirant journalists about the relevance of the event theme in the contemporary scenario. In the Quiz competition Vanshika Tayal, MAJMC 1st year won the first rank while Nishant Kalra BAJMC 3rd year remained the runner-up. The debate

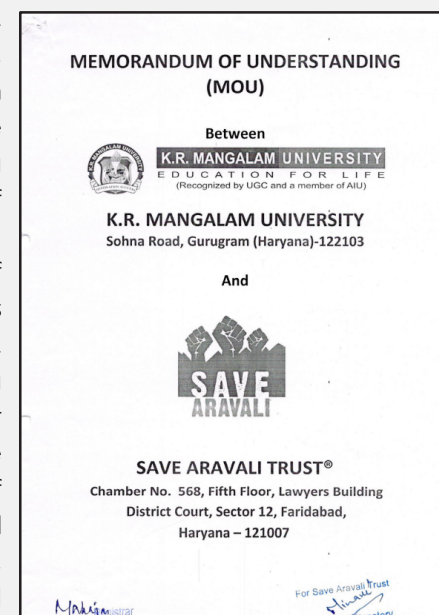

competition remained tie. The activities were judged by the guests of the event Dr. Richa Chaudhary (Dean, FLAW, SGT University), Mr. D.K. Verma (Career counselor and Motivational Speaker, Lucknow) and Susan Koshy, Assistant Professor SJMC.

### School of Education signed MoU with Save Aravali Trust

06 October 2023,

School of Education, K.R. Mangalam University and Save Aravali Trust signed a Memorandum of Understanding (MoU) in the presence of esteemed dignitaries of both organizations. MOU marks a significant collaboration in the pursuit of environmental conservation, education and community engagement.

They commit to work together on environmental conservation initiatives within the Aravali region, focusing on biodiversity, preservation and resource

management. The University will support research projects related to the Aravali ecosystem, providing faculty expertise and access to students. The sharing of information will help in preservation of biodiversity.

## ACADEMIC EVENTS

### Fashion Design (SOAD) department had an amazing opportunity to participate at the Delhi Times Fashion Show

The students of KR Mangalam University from School of Architecture Design Fashion Design department had an amazing opportunity to participate at the Delhi Times Fashion Show that happened on the 21st October 2023 at The Grand, Vasant Kunj. All students of Fashion Design Department participated with great enthusiasm for this exciting show. The theme for the fashion show was "Color Blocking in Smart Casuals" Color blocking is a captivating and dynamic trend that has become a staple in the world of fashion. This innovative approach involves pairing solid blocks of contrasting colors to create visually striking and harmonious outfits. Fashion shows centered around color blocking are not only a feast for the eyes but also a

celebration of creativity and individual expression. One of the key elements of color blocking is the careful selection of colors that complement or contrast each other, resulting in a bold and energetic aesthetic. Designers often play with vibrant hues, combining warm tones with cool ones or contrasting primary colors for maximum impact. This technique allows for endless possibilities, encouraging fashion enthusiasts to step outside their comfort zones and experiment with unconventional color combinations. In conclusion, a fashion show dedicated to color blocking is a celebration of creativity, vibrancy, and individuality. It's an invitation to break free from traditional fashion norms and embrace a world of

limitless color possibilities. As the models stride down the runway, each ensemble tells a story of bold choices, artistic expression, and the transformative power of color in the realm of fashion.

### Fashion Design (SOAD) organized Ganesh Chaturthi competitions focusing on sustainability

On the auspicious occasion of Ganesh Chaturthi, SOAD (Fashion Design Department) organised a competition to create awareness on sustainability and promote eco-friendly environment. Ganesh Chaturthi, a widely celebrated Hindu festival, has evolved to incorporate sustainable practices, reflecting a growing awareness of environmental conservation. In the spirit of promoting eco-friendly celebrations, SOAD (FD) organized Ganesh Chaturthi competitions focusing on sustainability. Participants were encouraged to create eco-friendly idols using biodegradable materials such as clay, organic colours, and natural decorations. The competition not only highlights the artistic prowess of the participants but also fosters a sense of responsibility towards the

environment. Judges evaluate entries based on their aesthetic appeal and the extent to which they adhere to sustainable principles. This initiative promotes a harmonious blend of tradition and environmental consciousness, inspiring individuals to adopt more eco-friendly practices in their festive celebrations. By incorporating sustainability into Ganesh Chaturthi competitions, communities contribute to the larger goal of preserving our planet while continuing to cherish and celebrate cultural traditions. Ms. Kritika Bajaj was the coordinators of the activity. This activity helped students develop their critical thinking and strong emphasis on problem-solving skills. After looking closely at the work of the

students, winners were decided followed by price distribution, dance and feast. More such competitions will be organised to help create awareness and developing problem solving skills.

## ACADEMIC EVENTS

### SOHS organized event on Professional Ethics for the Faculties

28<sup>th</sup> November 2023, The School of Humanities (SOHS) at K R Mangalam University hosted an insightful and engaging event titled "Professional Ethics for Faculties". This event was aimed at addressing the crucial aspects of ethical conduct and practices within the academic realm, specifically targeting faculty members and educators. The primary objective of the event was to sensitize faculty members to the importance of professional ethics in their roles as educators. It sought to provide a comprehensive understanding of ethical principles, dilemmas commonly encountered in academia, and strategies to navigate such situations effectively. The event was commenced by Dr. Neha Jain, Professor and Dean of the School of Humanities (SOHS), who emphasized the significance of ethical behavior in shaping the academic environment and nurturing ethical values among faculties and students. The keynote session was conducted by Professor Neha Jain, Dean of School of Humanities (SOHS), who delivered an enlightening talk on the core principles of professional ethics. The session covered various ethical considerations relevant to

faculty members, including academic integrity, conflicts of interest, confidentiality, and maintaining a respectful learning environment. Dean, SOHS focused on ethical decision-making. She guided participants through hypothetical scenarios, enabling them to critically analyse and navigates complex ethical dilemmas commonly faced in their roles as educators. The "Professional Ethics for Faculties" event organized by the School of Humanities (SOHS) at K. R. Mangalam University proved to be a significant platform for faculty members to deepen their understanding of ethical considerations in academia. It fostered a collaborative environment for sharing experiences, learning from experts, and equipping participants with the necessary tools to uphold ethical standards in their professional roles. The event concluded

with a commitment from the participants to implement the insights gained into their teaching practices, thereby contributing to the cultivation of an ethically conscious academic community. Overall, the event was a resounding success in achieving its objectives and enhancing the awareness and application of professional ethics among faculty members at the School of Humanities (SOHS) of K. R. Mangalam University.

### SPRS organized a visit to old age home

8<sup>th</sup> November 2023, the event was to sensitize our students on the struggles and stories of upliftment of our elderly in the EARTH SAVIORS foundation, an NGO located at the Bandhwari Village, Gurugram- Faridabad road. The students were enthusiastically distributing the clothes and doing Sewa by distributing the lunch to our elderly disabled inhabitants of the NGO. This event was carried out to establish students' knowledge regarding the hardships faced by our elderly.

2. The NGO is a safe haven for the elderly and the needy, that helps them to survive and our students and faculty helped them get happiness by distributing clothes for winter.

3. The students also actively participate in distributing lunch and they were helping the disabled inhabitants in eating the lunch as well.

4. We also filled a quality of life scale to understand their self-awareness about self-care, hygiene and grooming. The students gained valuable life lessons and understood the

importance of social give back to our society at large. This extension activity helped students in transgressing to practicality and realities of the world at large and equipped them to deal with it.

## ACADEMIC EVENTS

### SOHS organized event on topic of Professional Ethics for the Faculties

28<sup>th</sup> November 2023, The School of Humanities (SOHS) at K R Mangalam University hosted an insightful and engaging event titled "Professional Ethics for Faculties". This event was aimed at addressing the crucial aspects of ethical conduct and practices within the academic realm, specifically targeting faculty members and educators.

The primary objective of the event was to sensitize faculty members to the importance of professional ethics in their roles as educators. It sought to provide a comprehensive understanding of ethical principles, dilemmas commonly encountered in academia, and strategies to navigate such situations effectively.

The event was commenced by Dr. Neha Jain, Professor and Dean of the School of Humanities (SOHS), who emphasized the significance of ethical behavior in shaping the academic environment and nurturing ethical values among faculties and students. The keynote session was conducted by Professor Neha Jain, Dean of School of Humanities (SOHS), who delivered an enlightening talk on the core principles of professional ethics. The session covered various ethical considerations relevant to

faculty members, including academic integrity, conflicts of interest, confidentiality, and maintaining a respectful learning environment. Dean, SOHS focused on ethical decision-making. She guided participants through hypothetical scenarios, enabling them to critically analyse and navigates complex ethical dilemmas commonly faced in their roles as educators.

The "Professional Ethics for Faculties" event organized by the School of Humanities (SOHS) at K. R. It fostered a collaborative environment for sharing experiences, learning from experts, and equipping participants with the necessary tools to uphold ethical standards in their professional roles. The event concluded

with a commitment from the participants to implement the insights gained into their teaching practices, thereby contributing to the cultivation of an ethically conscious academic community.

Overall, the event was a resounding success in achieving its objectives and enhancing the awareness and application of professional ethics among faculty members at the School of Humanities (SOHS) of K. R. Mangalam University.

### SPRS organized a Mock Test for MPT Entrance

7<sup>th</sup> December 2023, School of Physiotherapy and Rehabilitation sciences organized a Mock Test for BPT Students. Mock Test is important for students as it guides and motivates the students for life after completion of their course. It helps to mould the students and take up right step in their career pathway.

**Objective:** BPT Final year students are encouraged to take the exam. The objectives of this Mock Test are to:

- To stimulate and assess the performance of candidates for MPT Entrance exam through a Mock Test, fascinating their preparation and enhancing their chances of Success.

**Methodology:** The Mock Test event will be design to replicate the format and difficulty level of actual MPT Entrance Exam, including relevant subject areas and time constraints. It will consist of Multiple Choice Questions

**Outcomes:**

- The aim is to provide candidates will realistic simulation of MPT Entrance Exam
- Identify areas for improvement areas and adapt

their study

**Future Scope:** This will help the BPT students prepare better for various competitive exams like MPT Entrance and various other examination held at National level Like, DSSB, DRDO and AIIMS.

## ACADEMIC EVENTS

### Extension Activity on Unleashing Artistic Flair through Surface Embellishment

1<sup>st</sup> December 2023, SOAD-Fashion Design department organized extension activity to the village Ghari-Bazidpur to conduct a skill enhancement workshop for the women of the village. The students of fashion design went there and taught the rural women about basic techniques of Traditional Indian embroidery under the guidance of Ms. Yashasvi Rajawat and Ms. Kritika Bajaj. The women were also given tips on how they can upscale the quality of their work and earn through it. The motive of the workshop was to skill the rural women to prepare them for the employment opportunities. The workshop has also contributed to the knowledge and awareness among students as they got to know the ground reality of life of women in rural areas. The students imparted their

knowledge with the women and offered many ideas also which can be executed to get the enhanced opportunities. This report explores the impact of surface

embellishment as a means of fostering artistic expression within local communities. By examining various surface enhancement methods, we aim to understand how these initiatives can contribute to community development, cultural enrichment, and individual empowerment. The report emphasizes the importance of collaboration between local artists, community members, and authorities to create a vibrant and engaging

environment.

Surface embellishment initiatives may encounter challenges such as resistance from authorities, budget constraints, or conflicting artistic visions. This section addresses potential challenges and offers solutions, emphasizing the importance of collaboration and effective communication. We look forward for conducting these workshops in future for different skill development.

### SOAD organized workshop on Voices of Unity Paving the Way to Equality

"Voices of Unity Paving the Way to Equality" captures the varied opinions and concerted action that are propelling society forward in the direction of equality. Its goal is to raise the volume of those calling for diversity and inclusion in different fields. The major goal is to demonstrate the various strategies used by people and organizations to promote inclusiveness, harmony, and justice.

Topics explored through reference slides include interactive session. It

covers stories of perseverance, projects that transcend differences, and the inter sectional efforts paving the way for a more equal society. The goal of the programmed is to increase awareness within the society, how we can create unity of the nation. Increase knowledge of the power of working together. It's meant to make people think and get them involved in the fight for equality in present time. This workshop taken two different modules, 1st one is presentation, through presentation

students will more knowledgeable, Imaginative and understand of the present time. 2<sup>nd</sup> one is the making Poster from this knowledge how and what they understand. In this process they also technically get to know how they have made more awareness in the society.

# MOU MEMORANDUM OF UNDERSTANDING

SOED signed MoU with KIIT College of Education

October 12, 2023, the School of Education, K.R. Mangalam University, Gurugram and KIIT College of Education, Gurugram signed a Memorandum of Understanding (MoU) in the presence of esteemed dignitaries. The MoU signing ceremony was graced by Prof. Chandra Shekhar Dubey, the Honorable Vice-Chancellor, K. R. Mangalam University; Prof. Indira Dhull, Director, KIIT; Dr. Anshu Radha Aggarwal, Principal, KIIT Collage of Education; Gp. Capt. Praveen Mahajan, Registrar; Prof. Tania Gupta, Dean, School of Education; and all the faculty members of the School of Education, KRMU.

KRMU and KIIT College of Education collaborated for academic exchange (including faculty and student exchange; on-the-job training of students) and cooperation in education, research, and training with the objective of building competency, developing teaching skills, and moulding the professional mindset of teachers through multiple teacher training programmes and activities. This partnership will strengthen the foundations of education, equipping students with the knowledge, skills, and values they need to face the challenges of the future.

MoU between SOHS & Digi Acai Pvt. Ltd

22<sup>nd</sup> December 2023, The Memorandum of Understanding (MoU) between School of Humanities, KR Mangalam University and Digi Acai Pvt. Limited was signed in the presence of Hon'ble Vice-Chancellor Prof. Ankush Mittal, KRMU, Udayprakash R. Singh (Registrar, KRMU), Dr. Neha Jain (Dean, School of Humanities) and Ms. Neha Aggarwal (Founder, Digi Acai Pvt. Ltd.). The primary objective of this MoU is to establish a collaborative framework between K. R. Mangalam University and Digi Acai Pvt. Limited. Both parties will collaborate for knowledge development programmes, training & certification in short-term courses, field projects and student internships and on-the-job-training etc. The MoU emphasizes the establishment of a strong industry-academia partnership. Both parties commit to working closely to bridge the gap between theoretical knowledge and practical skills, thereby enhancing the employability of students. This collaboration is a step towards building a strong relationship between academia and industry, ensuring the holistic development of students and fostering innovation and excellence.

## SOHS organized Interactive Session on Constitutional Rights & Duties

21<sup>st</sup> November 2023, The "Interactive Session on Constitutional Rights & Duties" was organized by School of Humanities (SOHS). The event aimed to delve into the fundamental principles enshrined within our constitutional framework, focusing on elucidating the rights, responsibilities, and duties of citizens as outlined in the constitution.

The session commenced promptly at the scheduled time with an introduction to the event's objectives and an acknowledgment of the distinguished speaker, Chirashree Dasgupta, who is an Associate Professor at the Centre for the Study of Law and Governance (CSLG), Jawaharlal Nehru University. The speaker's expertise and profound knowledge in constitutional law set the stage for an insightful and engaging discourse.

The speaker's presentation encompassed a comprehensive overview of constitutional rights and duties, navigating through intricate legal concepts with clarity and precision. Key areas discussed

included the freedom of speech, equality before the law, duties towards the nation, and the significance of upholding constitutional values in a democratic society. The session was interactive, encouraging active participation from the audience. Engaging discussions ensued, allowing participants to pose questions, share perspectives, and express their thoughts on various constitutional matters. The dialogue was vibrant, offering diverse viewpoints and fostering a deeper understanding of the complexities within the constitutional framework.

The event concluded with a summary of key takeaways and a call to action, emphasizing the importance of applying the knowledge gained to promote active citizenship and contribute positively to society. The "Interactive Session on Constitutional Rights & Duties" proved to be an enlightening and thought-provoking event. It provided a platform for participants to gain valuable insights into their rights and

responsibilities as citizens, fostering a deeper appreciation for the constitutional framework that governs our society.

The event's success was attributed to the expert guidance and engaging discourse facilitated by Chirashree Dasgupta, coupled with the active participation and enthusiasm of the attendees.

We extend our sincere gratitude to Chirashree Dasgupta, for sharing their expertise and knowledge during this session. Special thanks are also due to all participants whose active engagement contributed to the success of the event.

We express our appreciation to the organizing team and everyone involved in planning and executing the event, ensuring its smooth conduct and overall success. Moving forward, SOHS aims to continue organizing similar sessions and events, fostering a culture of awareness, understanding, and active participation in matters concerning constitutional rights and duties.

## STUDENT EXCHANGE PROGRAM

### STUDENT EXCHANGE PROGRAM TO SRM INSTITUTE OF SCIENCE AND TECHNOLOGY, CHENNAI under MOU

The recent student exchange program between SOAD at K.R. Mangalam University, Gurgaon and the School of Architecture and Interior Design at SRM Institute of Science and Technology, Chennai. The program saw the participation of 12 students from the Interior Design and Architecture departments of K.R. Mangalam University, who embarked on a memorable educational journey to

Chennai. During their visit, the students had the opportunity to immerse themselves in the rich historical heritage of the region, particularly through visits to several notable sites, including the Mahabalipuram Temples, Butterball, and Panchrathas. Continuing their exploration, the students further ventured to Pondicherry and Auroville, where they delved into the concept of sustainability at the Matri Mandir.

As a crucial component of the exchange program, the students from K.R. Mangalam University had the opportunity to showcase their learning outcomes and experiences during the visit.

**DAY 1 (29<sup>th</sup> Oct. 23):** SOAD has organized a Student exchange program at SRM University Chennai. The trip includes SRM university visit, working on a design studio, visiting various historical monuments such as Mahabalipuram temples, and Aurobindo Ashram, and studying settlements in Pondicherry and Auroville as part of our curriculum.

**DAY 2 (30<sup>th</sup> Oct.23) :** SOAD embarked on an enlightening journey to Auroville. Surrounded by innovative structures and sustainable designs, we absorbed architectural wisdom.

**DAY 3 (31<sup>st</sup> Oct.23):** SOAD students conducted an

insightful study on the French colonial heritage and vernacular architecture study at Puducherry. Their research encompassed an in-depth analysis of architectural styles, historical context, and cultural influences within the French colony of Puducherry.

**DAY 4 (1<sup>st</sup> Nov. 23):** Students of the school of Architecture and Design visited SRM University Chennai. The visit included an engaging campus tour, interactive sessions with faculties of SRM University, and a visit to an innovative carpentry workshop where SRM students crafted unique furniture.

**DAY 5 (2<sup>nd</sup> Nov. 23):** School of Architecture and Design Students presented collaborative studio work today, on the second day of their visit to SRM University. SRM Professor T.R. Kamlakannan evaluated each student and provided useful input. In the second half, Professor T.R. Kamlakannan presented a detailed talk on the history of the Shore temple and Mahabalipuram architecture.

**DAY 6 (3<sup>rd</sup> Nov. 23):** School of Architecture and Design presented a report on all of the historical sites they visited over the last three days. Professor Mannikannan has reviewed their presentation and provided helpful feedback on their reports. Finally, SRM University Dean Dr. Pradeepa presented participation certificates to each and every participant student.

## ACADEMIC EVENTS

27<sup>th</sup> October' 2023, School of Humanities of K.R. Mangalam University organized an event on "Sensitization Lecture on Gender Equity and Facilities for Women on Campus". This event serves as a platform for us to engage in a meaningful dialogue, create awareness, and take steps towards further enhancing our campus life to be more inclusive and supportive for all. Our distinguished speakers and experts shared their knowledge, experiences, and insights on gender equity and the importance of providing excellent facilities for women on our campus. Through their

### Lecture on Gender Equity and Facilities for Women on Campus

perspectives, we aim to empower every member of our community with the knowledge and tools to contribute to a more equitable and harmonious campus environment. In an age where inclusivity, diversity, and equal opportunities are of paramount

importance, our institution stands committed to fostering an environment that champions gender equity and offers state-of-the-art facilities for women on our campus.

The objectives of the event were-

1. To empower every member of our community with the knowledge and tools to contribute to a more equitable and harmonious campus environment.
2. Discussions as your input and perspective are invaluable in shaping the future of our institution.
3. Concrete actions that will foster gender equity and enhance the facilities for women on our campus.

### SOAD organized an event Constitutional awareness symposium

The session commenced with a warm introduction by Ar. Disha Shah, who set the stage for the main speaker, Dr. Inderpreet Kaur. Ar. Shah provided a brief overview of Dr. Kaur background, creating an atmosphere of anticipation and respect. Dr. Inderpreet Kaur initiated the session with a captivating introduction to the

constitution. She encouraged active participation, sparking curiosity about fundamental human duties. The session seamlessly transitioned into a detailed presentation where Dr. Kaur delved into various aspects of the constitution. She covered essential topics such as the writers of the constitution, its structure, and the

significance of the preamble. Emphasizing key principles, Dr. Kaur elucidated on the right to justice, liberty, equality, and fraternity. One of the focal points of the presentation was the exploration of why the constitution was created. Dr. Kaur provided a thorough explanation, shedding light on the

historical context and the overarching goals that led to the formation of the constitution. To make the content more relatable and interesting, Dr. Kaur seamlessly integrated real-life stories into her presentation. These anecdotes served as practical examples, helping students connect theoretical concepts to tangible situations. In conclusion, the educational session with Dr. Inderpreet Kaur, facilitated by Ar. Disha Shah, proved to be an enlightening experience. Dr. Kaur's expertise and thoughtful structuring of the session left a positive impression on the audience.

## ACADEMIC EVENTS

### Panel Discussion on Rights of Third Gender: A Way Forward to Inclusivity

22nd November, 2023, School of Legal Studies and Centre of Human Rights at K. R. Mangalam University organized a panel discussion on "Rights of the third Gender: A way forward to Inclusivity". The chief guest of the event was Prof. (Dr) Paramjit S. Jaswal (Vice

Chancellor, SRMU). Prof. (Dr.) Ankush Mittal, Vice Chancellor and Prof (Dr.) Mehraj Uddin Mir (Chair Motilal Nehru Chair) also joined and addressed the event.

The panelists for the discussion were Dr. Monika Malik (HOD & Dean of Dept. of Law, CUH), Prof. (Dr.) Poonam Agrawal (Professor and Joint Director of NCERT), Dr. Eveleen Kaur Sidana (University of California, Davis), Dr. Geeta Mishra (Associate Professor at DACEE, University of Delhi), Bella (Project Manager: Garima Greh, Mitr Trust), Ms. Neelima Paswan, (Ph.D Scholar from Jamia Millia Islamia), Dr. Ramrez Raja, Dr. Mamta Shankar

(School Coordinator, SPRS), Dr. Shazia Siddiqui (Assistant Professor, SOLS), Ms. Kritika Kakkar (Assistant Professor, SOLS), Ms. Deepali Bansal (Assistant Professor, SOLS), and Mr. Thomas Monteiro (Assistant Professor, SOLS). The main purpose of this event was to provide valuable insights into the complex landscape of rights of third gender people in our country. The event aimed to address and promote awareness about the rights of transgender people, covering legal, social, and healthcare dimensions, fostering dialogue, understanding, and advocating for inclusive policies and societal change. The esteemed

panelists engaged in a thoughtful discourse and addressed critical issues. The panel discussion was divided in three parts: Inaugural, technical session 1, technical session 2. This was followed by the closing ceremony. The sessions served as an educational and enlightening experience for all students. The event was hosted by Mr. Chetan Mohan (Assistant Professor, SOLS). The first session was chaired by Dr. Poonam Agrawal and co-chaired by Dr. Megha Garg (Assistant Professor, SOLS). The second one was chaired by Dr. Monika Malik and co-chaired by Mr. Khursheed Jamil (Assistant Professor, SOLS). The session concluded with a vote of thanks by Dr. Tilottma Pandey (Assistant Professor, SOLS). In conclusion, the session was an enriching, invaluable and inspiring experience for all the students.

discourse and addressed critical issues. The panel discussion was divided in three parts: Inaugural, technical session 1, technical session 2. This was followed by the closing ceremony. The sessions served as an educational and enlightening experience for all students. The event was hosted by Mr. Chetan Mohan (Assistant Professor, SOLS). The first session was chaired by Dr. Poonam Agrawal and co-chaired by Dr. Megha Garg (Assistant Professor, SOLS). The second one was chaired by Dr. Monika Malik and co-chaired by Mr. Khursheed Jamil (Assistant Professor, SOLS). The session concluded with a vote of thanks by Dr. Tilottma Pandey (Assistant Professor, SOLS). In conclusion, the session was an enriching, invaluable and inspiring experience for all the students.

### SOBAS organized a session on Explore Pathways to Success: career Counseling

26th October 2023, School of Basic and Applied Sciences have organized a session on 'Explore Pathways to Success: career counselling for Science students. The Resource person was Prof. Jyotsna Sharma from Amity University, Gurugram. It was coordinated by Dr. Chandra Mohan and Dr. Yogendra

Kumar Rajoria, SBAS. Dr Jyotsana gave an elaborative introduction about various opportunities and copes in the field of science and explained briefly about the other streams. She also highlighted that career guidance play an important role in the lives of all individuals as it helps in setting future goals and

choosing career. Dr Chandra Mohan conveyed the vote of thanks to speaker and all the participants.

## ACADEMIC EVENTS

### Debate Competition Does globalization promote cultural diversity and inclusivity?

6<sup>th</sup> October 2023, School of Humanities, K. R. Mangalam University organised an Intra University Debate Competition on the topic: "Does globalization promote cultural diversity and inclusivity?" In this event Dean SJMC Prof. Neeraj Khattri and Dr. Maitree Devi from SOHS graced the event as judges. Across the university students participated in

the competition. Each participant expressed their views on the given topic and each participant was asked questions by judges. Afterwards the judges explained the significance of the topic and declared the results. Certificates were distributed to the winners, Nalla Vatsalya from SOHS for the first position and Ayushi from SOMC for the second position.

### MoU between School of Humanities KRMU & Digi Acai Pvt. Ltd

22<sup>nd</sup> December, 2023, The Memorandum of Understanding (MoU) between School of Humanities, KR Mangalam University and Digi Acai Pvt. Limited was signed in the presence of Hon'ble Vice-Chancellor Prof. Ankush Mittal, KRMU), Udayprakash R. Singh (Registrar, KRMU), Dr. Neha Jain (Dean, School of Humanities) and Ms. Neha Aggarwal (Founder, Digi Acai Pvt. Ltd.). The primary objective of this MoU is to establish a collaborative framework between K. R. Mangalam University and Digi Acai

Pvt. Limited. Both parties will collaborate for knowledge development programmes, training & certification in short-term courses,

field projects and student internships and on-the-job-training etc. The MoU emphasizes the establishment of a strong industry-academia partnership. Both parties commit to working closely to bridge the gap between theoretical knowledge and practical skills, thereby enhancing the employability of students. This collaboration is a step towards building a strong relationship between academia and industry, ensuring the holistic development of students and fostering innovation and excellence.

### SOHS in collaboration with NSS organized extension activity on major health problem among females

School of Humanities in collaboration with NSS, KRMU organized extension activity on major health problems related to women in Govt. Senior Secondary School, Ghanghola on October 25, 2023. The activity aimed to raise awareness about the unique health challenges women face, educate the participants about preventive measures, and promote overall well-being. Around 70 girl students from Govt. Senior Secondary School, Ghanghola attended the session. The first session on physical health was taken by Mr. Amit Mishra, Assistant Professor, SMAS who discussed about various health issues

such as anaemia, Menstrual Health, Blood Pressure, Nutrition and Diet, Hygiene and Personal Care etc. Furthermore, the second session on mental health was taken by Dr. Manju Antil, Assistant Professor, and SOHS. She gave insights on understanding and managing stress, anxiety, and depression and techniques for developing emotional resilience and coping mechanisms were discussed. Breakout sessions were held for students to ask questions, share their concerns, and participate in group discussions. This encouraged active engagement and made the session more informative and relatable. The

session received an overwhelmingly positive response from both students and teachers. Students were particularly appreciative of the practical tips provided on maintaining a healthy lifestyle and managing stress.

## ACADEMIC EVENTS

### SJMC Organized Group Discussion on Facts vs Fiction in Advertising

Group discussion on facts vs fiction in advertising was as a successful event organized by The School of Journalism and Mass Communication (SJMC) with collaboration with Mediaverse. The event, aimed to dissect the intricate relationship between truth and embellishment in the world of advertising, shedding light on the ethical dimensions that impact the area of media. The discussion moderated by experts in the fields of advertising and media ethics provided students with a platform to engage in a dialogue about the pervasive influence of advertising on society. The participants delved into the nuances of how advertisements often blur the lines between fact and fiction to captivate audiences and achieve marketing objectives. This exploration not only heightened awareness but also instilled a sense of responsibility among the students as future professionals in the field of media.

helped in shaping the perspectives of club members. By delving into the ethical dimensions of advertising, the members gained valuable insights that will undoubtedly guide their future understanding of the world of media.

The group discussion on Facts vs Fiction in Advertising

### SOHS organized event on career in Digital Marketing

6<sup>th</sup> October 2023, School of Humanities at K.R. Mangalam University had the distinct privilege of hosting a distinguished guest, Ms Neha Agarwal, the esteemed founder of Digi Acai, Gurugram, for an enlightening expert session centred on the vital theme of "Career Counseling in Digital Marketing." The event was graced by the presence of the Honourable Vice Chancellor, Professor (Dr.) Ankush Mittal, of K.R. Mangalam University, and witnessed a fruitful exchange of insights and perspectives concerning the paramount role of digital marketing in our contemporary landscape.

During her engaging presentation, Ms Agarwal shared her remarkable career journey, evolving from an engineer into an accomplished digital marketing expert. She also delved into the dynamic realm of current career opportunities within digital marketing,

emphasizing the critical aspects of SEO for social media and the pivotal role of understanding one's target audience in the digital marketing domain. Moreover, the session served as a platform for discussions on the significance of internships in digital marketing and explored the

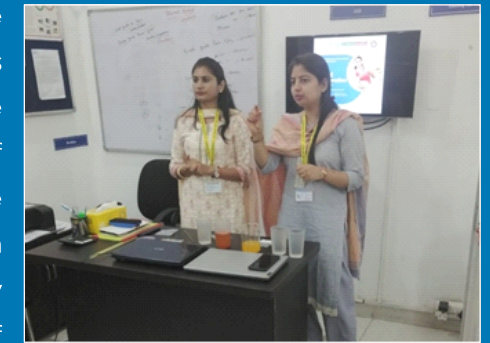

possibilities of collaborative efforts for the advancement of rural development. The exchange of ideas and experiences throughout the event was enlightening and left participants with valuable insights and knowledge.

## ACADEMIC EVENTS

### SOBAS in collaboration with NSS conducted an extension activity entitled Wellness workshop: food adulteration

School of Basic and applied Sciences, in collaboration with NSS, KRMU conducted an extension activity entitled "Wellness workshop: food adulteration" at Aakarshan Kaushal Kendra in Village Bhondsi today, 06 Nov 2023. The aim of this event was to generate awareness among students regarding various tests for adulterants in food. The activity was conducted by Dr. Sujata

Kumari and Dr. Mamta Raj. There were 23 participants present in this session. The activity provided the information about identifying signs of adulterated food and exploring the impact of adulterated food on health. The session was followed by different tests for the determination of adulteration in foods such as tests for turmeric, honey, chilli powder, milk and ghee etc. which are significantly

important to regularly check food stuff for adulteration.

### SOBAS organized an event on Gender Equality: Moving beyond Myths and Fears

The SBAS recently organized an event on the crucial topic of "Gender Equality: Moving beyond Myths and Fears." The seminar aimed to create awareness and foster discussions on the importance of gender equality in our society. The event featured resource person from SOLS who addressed various aspects of gender equality and its implications for our society. The seminar emphasized the importance of promoting the upliftment of women in our society. The speakers discussed the various challenges and obstacles women face and the strategies and policies required to address these issues effectively. The discussions

delved into the legal framework provided by the Indian Constitution to protect the rights of all citizens, regardless of gender. The seminar explored the reservation policies in competitive exams, which aim to provide marginalized and underrepresented groups, including women, with equal opportunities. The discussions revolved around the

impact of such policies on women's participation in various sectors, and whether they need further refinement and expansion to address persisting gender disparities. Experts discussed the prevalence of gender biases in various spheres, including education, employment, and society at large. The need to challenge and overcome these biases through awareness, education, and legal measures was highlighted. The insights shared by the speakers and the engagement of the participants have further motivated us to work towards a society where gender equality is not just a goal but a lived reality.

## ACADEMIC EVENTS

### SOET organized training program on cloud and network security fundamentals

Embark on a transformative learning journey with the training program on Cloud Security Fundamentals, presented by The School of Engineering & Technologies on behalf of K R Mangalam University (KRMU) in collaboration with InteNexus (Techintelliverse Pvt. Ltd). This exclusive program, tailored for first and second-year engineering students, unfolds on the 7th of November 2023.

The project titled "Configuring Amazon Route 53" focuses on the implementation and optimization of Amazon Route 53, a scalable and highly available Domain Name System (DNS) web service. With the increasing complexity of modern web applications and the critical role of DNS in ensuring seamless user experiences, efficient domain management becomes paramount. This project aims

certificates.

#### Project 2: Configuration of Amazon Virtual Private Cloud

This project delves into the intricacies of establishing and optimizing a secure and scalable virtual network environment within the Amazon Web Services (AWS) ecosystem. Amazon VPC serves as the cornerstone for hosting applications, providing a private and isolated network space

S.No	Student Name	Course	Project Name
1	Gyandeep	MCA	Configuration Of Route53 In AWS
2	Vansh Chaudhary	B.Sc. (Cyber Security)	Configuration Of Amazon Virtual Private Cloud

This program is crafted to unravel the intricacies of Cloud and Network Security Fundamentals, guided by industry experts from InteNexus. Participants will delve into the core principles, gaining a holistic understanding of cloud computing, security challenges, network essentials, and best practices for fortifying digital infrastructures. The two major topics of discussion under this training program were network security and cloud security. The specific topic of this report is the cloud security fundamentals. The journey doesn't end with theory. Immerse yourself in real-world insights and case studies, exploring successful implementations that bridge the gap between theoretical knowledge and practical application. Our distinguished speakers, including Mr. Piyush Pandey and Mr. Praveen Kumar, CEO of Intern Nexus bring a wealth of experience to enrich your learning experience.

#### Project 1: Configuration of Route53 in AWS

to provide a comprehensive guide to configuring Amazon Route 53 for optimal performance, reliability, and scalability. The project begins by introducing the key features of Amazon Route 53, emphasizing its role in translating user-friendly domain names into IP addresses and distributing incoming traffic across multiple resources. It delves into the step-by-step process of setting up and configuring Route 53, addressing key considerations such as domain registration, creating hosted zones, and configuring DNS records. An integral aspect of the project involves exploring advanced routing policies offered by Amazon Route 53, enabling users to implement traffic flow strategies based on geographic locations, latency, or health checks. The project also discusses the integration of Route 53 with other Amazon Web Services (AWS) tools, such as Amazon S3 for static website hosting and AWS Certificate Manager for securing connections with SSL/TLS

that seamlessly integrates with AWS services. This comprehensive project encompasses a step-by-step configuration process and an in-depth analysis of key components. The project initiates with an exploration of VPC fundamentals, covering the creation of subnets, route tables, and the assignment of elastic IP addresses to ensure efficient resource allocation. Emphasis is placed on network segmentation to enhance security and meet specific application requirements. The configuration of custom route tables and Network Access Control Lists (NACLs) enables fine-grained control over inbound and outbound traffic, contributing to a robust security posture. In addition, the project scrutinizes the implementation of VPC peering and Virtual Private Network (VPN) connections, providing a comprehensive understanding of interconnecting VPCs for seamless communication and extending on-premises networks securely into the cloud.

## ACADEMIC EVENTS

### SOED hosted a captivating session on Continuous Professional Development for Teachers

7<sup>th</sup> of December 2023, the School of Education, KR Mangalam University in Gurugram hosted a captivating session on Continuous Professional Development for Teachers as part of its Alumni Talk Series. Dr. Anupam Bansal, an esteemed Assistant Professor

from KIIT College of Education, served as the resource person, delivering insightful perspectives on the evolving landscape of teacher development. Coordinated meticulously by Ms. Vidhi and Dr. Pooja Verma, Assistant Professors at KR Mangalam University, the event fostered an interactive discussion platform, allowing educators to engage with Dr. Bansal and share experiences. Prof. Jena, representing

KR Mangalam University, expressed gratitude by presenting a sapling to Dr. Bansal, symbolizing growth and knowledge nurturance. The talk emphasized practical strategies for continuous professional development, highlighted the crucial role of coordinators, and underscored the importance of fostering a culture of lifelong learning among teachers. The lecture featured an interactive discussion,

allowing participants to engage with Dr. Bansal on various aspects of continuous professional development. Attendees had the opportunity to seek advice and share their experiences, fostering a collaborative learning

environment. The event left a lasting impact, inspiring educators to actively pursue their professional development journey. The session focused on instilling a culture of lifelong learning among teachers. Dr. Bansal emphasized that embracing continuous professional development is not only beneficial for individual growth but also contributes to the overall improvement of the education system.

### SOHS organized the Alumni Interaction Session

26<sup>th</sup> October 2023, School of Humanities organized the Alumni Interaction Session for students. All the students of School of Humanities were the target audience. The purpose of the event was to help the students to interact with the alumni for academic excellence and also, recognize the contribution of their alumni

in the professional world. Ms. Stuti Sharma, an erstwhile student of the department of Psychology, SOHS, was the

speaker for this event. Ms. Sharma is currently a Research Assistant at the Risk and Resilience Lab, Penn State University. The speaker spoke of her journey as a budding researcher, and shared her insights on pursuing exciting research opportunities in the US and India. She extolled her alma mater KRMU's role in shaping her career. Students from all departments of SOHS attended the program.

## Photography

### SJMC and Mediaverse organized event on Mobile Photography

SJMC and Mediaverse organized event on Mobile photography stood as a success to the creative endeavor and hard work of the students. The event brought together the club members to explore the vast potential of mobile devices as powerful tools for visual communication. This hands-on experience not only explored the creativity of the participants but also emphasized the relevance of mobile photography in today's times. The Mobile Photography event featured interactive workshops, live demonstrations, and a captivating photo exhibition showcasing the diverse talents of the university community. Participants were encouraged to harness the capabilities of their smartphones to capture compelling images, highlighting the accessibility and versatility of mobile photography in the digital age. The Mobile Photography event fostered a sense of community and collaboration among participants. By sharing their perspectives and creative insights, students not only learned from each other but also developed a deeper appreciation for the visual language of communication. This collaborative spirit is essential in the professional world of media, where teamwork and the exchange of ideas are integral to the success of multimedia projects.

The Mobile Photography event at KR Mangalam University played a pivotal role in enriching the educational experience of students in Mass Communication and Journalism. By embracing the art of mobile photography, participants gained practical skills, a deeper understanding of visual storytelling, and the ability to leverage modern technology in their future careers. This event serves as a testament to the university's commitment to preparing students for the evolving landscape of media and communication, where proficiency in mobile photography is a valuable asset in the pursuit of impactful and resonant storytelling.

### SOED organized Sensitization Programme on Constitutional Obligations of Citizens of India

Rashtriya Ekta Diwas commemoration event organized by the School of Education at K R Mangalam University on 31<sup>st</sup> October 2023, was a momentous occasion dedicated to Rashtriya Ekta. The event designed to foster a deeper understanding of the Indian Constitution and its principles, was well-attended by twenty students. The program was led by Dr. Shobhna Jeet, an Associate Professor at the School of Legal Studies, who served as the expert speaker.

Education. Prof. Jena set the tone for the program, emphasizing the significance of constitutional awareness and the importance of upholding the principles enshrined in the Indian Constitution. Dr. Shobhna Jeet's comprehensive presentation delved into the constitutional obligations of Indian citizens, shedding light on the

The event commenced with a warm welcome address by Prof. P.C. Jena, the School Coordinator of the School of

fundamental rights and duties outlined in the Constitution. Her expertise and engaging presentation style made the complex subject matter accessible to the students.

## ACADEMIC EVENTS

### SOBAS in collaboration with NSS conducted an Extension Activity entitled Empowering Futures through Career Counselling

School of Basic and applied Sciences, in collaboration with NSS, KRMU conducted an extension activity entitled "Empowering Futures through Career Counselling" at Aakarshan Kaushal Kendra in Village Bhondsi on 3<sup>rd</sup> November 2023. The event aimed at school and college students shed light on the myriad career paths available after higher secondary and senior secondary education, in both traditional and talent based settings. The session was conducted by Ms. Kirti Sharma and Dr. Pardeep Kumar. The session provided

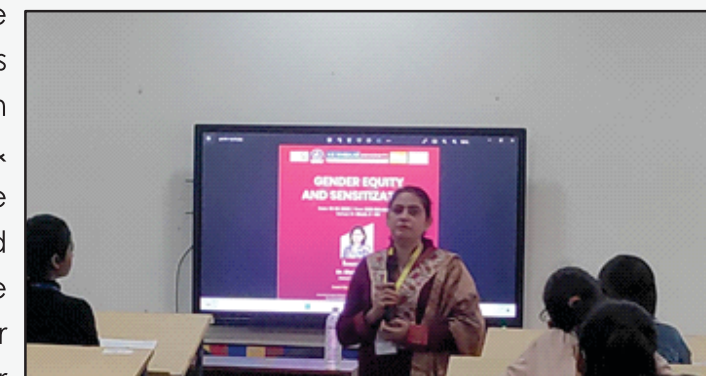

invaluable insights and guidance on choosing the right career path, equipping the youth with the knowledge and tools needed to make informed decisions about their future. With the fast-changing landscape of education and careers,

this event served as a compass for the students, helping them navigate through myriad options available. The interactive session was followed by a doubt-clearing segment where students had the opportunity to seek clarification on their queries and concerns. This personalized approach ensured that each student received guidance tailored to their unique needs. The event left an indelible mark on the students, empowering them to shape their future with confidence and purpose.

### SOAD has organized a Session on "Gender Equity & sensitization "with the Gender Sensitization and Safety Committee

School of Architecture and Design has organized a Session on "Gender Equity & sensitization "with the Gender Sensitization and Safety Committee to raise awareness of gender equality, and equity for

the fundamental rights of women to break the stereotype thoughts of society. Speaker and expert in the field: Dr. Shobhna Jeet, (Chairperson of gender sensitization) Associate Professor in the school of legal studies, with event coordinator Ar. Gulnaz (Assistant Professor) in the School of Architecture & Design. Delved into the complexities of gender-based violence, emphasizing the need for support, resources, and awareness. The session covered a range of areas, including the importance of promoting a safe and inclusive environment for all genders,

challenging stereotypes and biases, and advocating for equal opportunities in education, the workplace, and society. Attendees were encouraged to reflect on their roles as allies and champions for gender equity. Dr. Shobhna Jeet discussed the critical role that education plays in breaking the cycles of violence and fostering respect among individuals of all genders. Importantly the session highlighted the significance of involving men and boys in the conversation, recognizing the true gender requires collective effort. The participants from different B.SC I.D, B.ID, B.ARCH engaged in the discussion, sharing experience and learning from one another.

## SJMC and Mediaverse organized Inter-University Vision Unveiled - A Visual Art Showcase & Competition

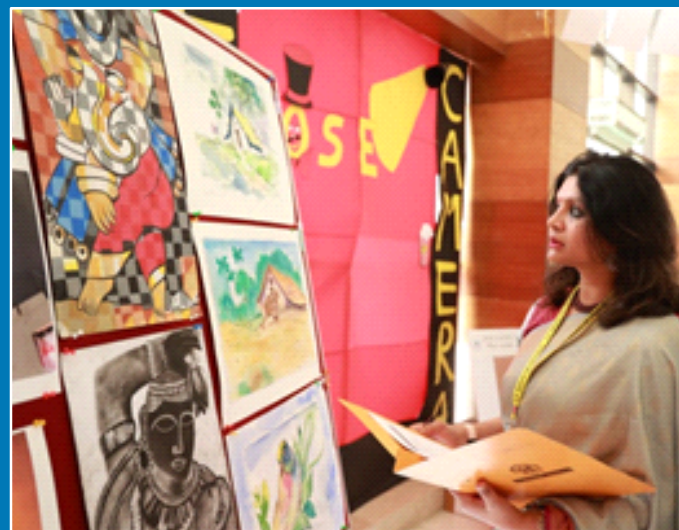

24<sup>th</sup> - 25<sup>th</sup> November "Vision Unveiled - A Visual Art Showcase & Competition" stood as a success to the creative prowess and hard work of budding artists, an event meticulously curated and organized by the School of Journalism and Mass Communication (SJMC), K R Mangalam University. With the objective of providing a platform for students from various universities, colleges, and educational institutions to exhibit their artistic talents, the event sought to foster a culture of artistic expression, visual communication, creativity and aesthetic appreciation. The methodology involved a competitive framework wherein participants

submitted their artworks across diverse mediums, spanning paintings, sketches, photographs to avant-garde digital creations. The competition was adjudicated by a panel of five judges, Mr. Vipin Gaur (Newspaper Association of India), Dr. N Mrinal (Professor, DU), Ms. Garima Mittal, Dr. Shweta Bansal, Dr. Kshama Sharma, ensuring a fair and insightful evaluation of the submissions. The exhibition also showcased Generative AI aided digital art NFTs produced by SJMC. This

innovative inclusion reflected the university's commitment to staying at the forefront of artistic trends and embracing the intersection of art and technology. The

outcome was a captivating display of creativity that captivated the senses and broadened the horizons of artistic exploration. The event drew a substantial audience, with approximately 150 visitors, creating a vibrant and dynamic atmosphere conducive to the exchange of ideas and artistic inspiration. The target group, primarily comprising students, found themselves immersed in a rich tapestry of artistic expression, contributing to the nurturing of a creative community within the academic realm. "Vision Unveiled" emerged not only as a showcase but as a catalyst for the ongoing dialogue between tradition and innovation in the world of visual arts.

## SOED in Collaboration with the Centre of Excellence for Sustainable Development Goal organized Training Programme on Self Defence for Women

27<sup>th</sup> October 2023, The School of Education, in collaboration with the Centre of Excellence for SDGs, organized a self-defence training program on that left a lasting impact on all who attended. The program commenced with Mr. Shihan Wasim Raja, the skilled trainer, emphasizing the critical importance of self-defence in today's world. He highlighted the need for personal safety and building self-confidence, setting the tone for the day. The session began with a vigorous warm-up exercise, creating a sense of unity and readiness among the participants. The energy was palpable as girls students and female faculty members actively engaged in the exercise. The core of the event consisted of the practical self-defence techniques, where Mr. Shihan Wasim Raja demonstrated and coached the participants on various

strategies to protect them. The room was filled with enthusiasm and determination as attendees learned valuable skills to enhance their safety. One of the most notable aspects of this event was the full attendance of all faculty members, demonstrating their commitment to personal

safety and empowerment. Their participation was not only encouraging but also set a positive example for the students.

The event concluded with heartfelt remarks from the School Coordinator, Prof. P C Jena, who extended a warm vote of thanks to the trainers and participants. It was a day of learning, empowerment, and unity, leaving a profound impact on the community and fostering a safer and more confident environment for all.

## Extension and Outreach Programme in Neighborhood Community on Enhancing Proficiency in Reading with Understanding and Numeracy

The School of Education, K R Mangalam University, Gurugram, Haryana, takes a pioneering stride towards community-centric education through its Extension and Outreach Programme. Focused on Enhanced reading comprehension, understanding, and numeracy skills, this initiative targets Government Primary School Ghamroj from September to December 2023. The program signifies the institution's commitment to elevating educational standards in the local community. Led by dedicated educators and enthusiastic student participants, this endeavour seeks to

revolutionize learning methodologies, fostering an environment conducive to enhanced proficiency in reading, understanding, and numeracy. By addressing

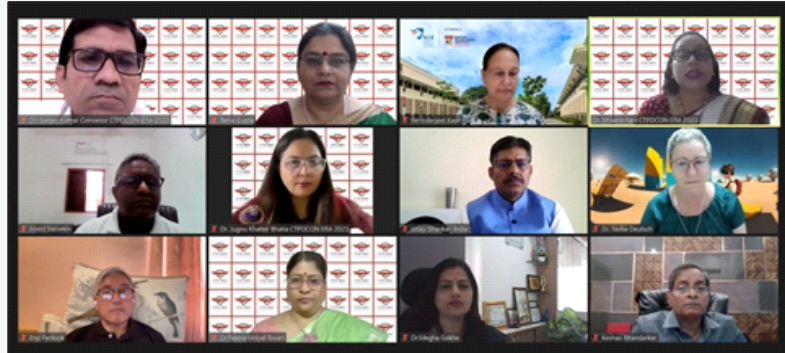

these fundamental skills, the School of Education endeavours to empower young learners, laying the foundation for their academic success and holistic development within the Ghamroj community.

## International Conference

### SOED jointly organized CTPDCON ERA 2023 with Council for Teachers Professional Development, India

School of Education, K.R Mangalam University in collaboration with Council for Teachers Professional Development (CTPD India) organized a two-day virtual International Conference CTPDCON ERA 2023 on the theme "Educational Reforms and Advancements" on 14-15 October 2023.

The Conference was inaugurated by Padma Shri Prof (Dr.) J.S Rajput Former Director, NCERT, New Delhi, India in the presence of several eminent guest speakers like Professor Gopal Krishna Thakur Dean, School of Education, MGAHV (Central University), Wardha, Maharashtra; Prof. (Dr.) Berinderjeet Kaur Professor of Mathematics Education, National Institute of Education, Nanyang Technological University, Singapore; Professor Sunil Kumar Singh Faculty of Education, B.H.U (Central University), Varanasi, Uttar Pradesh; Shri Uday Singh Shankar

Guest of Honour, respectively. Besides, eminent educationists like Prof. Marmar Mukhopadhyay Chairman, Educational Technology and Management Academy (ETMA), Prof. Shakuntala Nagpal (Retd.) Former Head,

CEO, Vishwa Yuvak Kendra, New Delhi; Professor Nellie Deutsch (Ed.D) Instructor in IMT M.Sc in Immersive Technologies, International Hellenic University, Kavala, Greece and Prof. (Dr.) Dwarika Prasad Uniyal Pro Vice-Chancellor, R. V. University, Bengaluru, Karnataka.

In the Valedictory Session, Prof. (Dr.) Sanjeev Sonawane Vice Chancellor, Yashwantrao Chavan Maharashtra Open University, Nashik, Maharashtra was invited as Chief Guest and Dr. Nilufar Khodjaeva Head of Department, Tashkent State University of Oriental Studies, Uzbekistan as

Department of Teacher Education, NCERT, New Delhi and Dr. K. M Bhandarkar President Council for Teacher Education Foundation (CTEF) India shared their valuable insights on the conference theme.

16 sessions were held during 4 conference tracks with 32 invited dignitaries of national and international repute as Chair and Co-Chair at the Conference. During the Conference 16 best paper presentation awards were given and 04 lifetime achievement awards were conferred upon distinguished academicians.

### Competitive Exam SOED started competitive examination preparation for CTET/STATE TET

School of Education started competitive examination preparation (CTET) coaching for B.El.Ed. Sem I, III & V and B.Ed. Semester I students from 9 August 2023 to 29 November 2023. This coaching is a great initiative to prepare prospective teachers. Experts from various subjects cleared concepts and trained for the upcoming CTET

exam so that they can crack the exam. The faculty members provided study materials, free mock tests, and quizzes in coaching classes. A wide variety of questions were shared by our experts to help them and prepare in the best manner. The schedule of the classes was provided in advance to the students.

## ACADEMIC EVENTS

### SOHS in Collaboration with NSS Organizes A Donation Drive at Old Age Home

29th November 2023, School of Humanities of K.R. Mangalam University in collaboration with NSS organized "A donation drive at old age". The aim of the session was to sensitize youth on being compassionate and responsible towards the elders of the family and in society. The students of

KRMU interacted with the elderly and disabled people, entertained them by playing games, narrating stories etc. The objective of this activity was to sensitize the students about the problems faced by the elderly, learn how to respect them, care for them and listen to their experiences and their advice. The students enjoyed their interactions with the senior citizens there and looked

forward to participating in this activity.

The objectives of the event were:

1. To foster the welfare and wellbeing of elderly destitute.
2. To create an awareness of biological phenomenon of ageing to the younger citizens

and to instill the sense of belongingness and ensure their full initiatives in helping and supporting our senior citizens.

3. Social action to prevent and reduce all forms of elder neglect, maltreatment and abuse, along with the creation of support services to address these problems, is another major objective.

### School of Architecture and Design lecture series for GATE/Competitive exam preparation

The lectures focused on GATE (Graduate Aptitude Test in Engineering), a competitive exam in the field of Architecture and planning to get grants for post-graduation in Govt. institutions.

13-09-2023: The first lecture was given by Ar. Gulnaz in which she introduced them to the Importance of the GATE Exam and briefed them about the syllabus to the students. Eight students was presented in the lecture.

27-09-2023: The second lecture was given by Ar. Neeru Gupta covered the topic "Landscape".in which a brief lecture was given by the faculty. She talked about landscape and types of trees, Names of trees, use of

trees in architecture design. Eight students was presented in the lecture.

04-10-2023: The third lecture was given by Ar. Praveen Gupta talked about the professional practices in brief. And he taught about the importance of this subject. Thirteen students was presented in the lecture.

20-10-2023: The fourth lecture was given by Ar. Nisha Sharma gave a detailed lecture on the topic of "Climatology". She taught about the

climate of different region and as per the climate what are the construction techniques architects can use in planning's. Six students was presented in the lecture.

22-11-2023: last lecture was given by Ar. Tulika Pahwa on the topic

of Planning Processes. In which she talked about the different planning styles and architects. Eight students was presented in the lecture. Updated and revised study material was provided to them the study material was compact, easy to understand, and effective. This helped the students to develop a strong grip on the basics and a clear understanding of the fundamental concepts of the GATE examination.

## ACADEMIC EVENTS

### Fashion Design (SOAD) conduct workshop on Active Wear: Exploring Patterns and Construction of Hoodie Jackets

On 6<sup>th</sup> & 7<sup>th</sup> November 2023, Department of Fashion Design, SOAD conduct two days' workshop on Active Wear: Exploring Patterns and Construction of Hoodie Jackets for the 3rd year students. The workshop aimed to impart knowledge of enhancing and creating patterns and garment construction. This workshop was conducted by Ms. Jyoti Singh (Assistant Prof. Devbhoomi University, Uttarakhand).

The students had the privilege of learning pattern-making and construction of the Jacket and made beautiful garments in a 2-day workshop. The activity was conducted by Ms.

Chandni Aggarwal, Ms. Yashasvi Rajawat and students of 3rd year participated in the workshop. The Live project will enable the students to participate in the design and prototype development at SVM INC, Noida as a continual process.

The Workshop achieved its objectives with participants gaining the following outcomes:

**Knowledge:** Participants acquired a comprehensive understanding of work and processes followed in industry.

**Skills:** Attendees developed practical skills and had the opportunity to understand and participate in processes and work practices followed by the Industry.

**Community Building:** The workshop fostered a sense of community among participants, enabling them to

connect with others who share their passion for garment and fashion industry.

The future workshop will keenly focus on the designing abilities of students of the department of Fashion design and provide them support to inculcate the work culture of the industry. It will also help them conceptualize the need of the industry aligned with current trends and prototype development process.

More of such workshop should be arranged with other varieties of garment and designs such as kids wear, men's wear and other Indian and western attires.

## ACADEMIC EVENTS

### SJMC collaboration with Mediaverse organized event Reel Making Competition

5<sup>th</sup> December 2023, The School of Journalism and Mass Communication collaboration with Mediaverse organized event on "Reel making competition". This event provided students with an experience of expressing their visual creativity through reel production, offering a platform to showcase their filmmaking talents. The competition not only added a layer of excitement but also contributed significantly to the educational journey of students. The Reel Making Competition encouraged participants to craft short Instagram reels that explored diverse themes. The participants were given the opportunity to express their creativity, experiment with storytelling techniques, and utilize the latest technology in short video production.

By providing a platform for creative expression and practical application of skills, the competition enriched the educational experience of participants. The hands-on

experience in filmmaking, collaboration, and storytelling will undoubtedly equip these students with the tools they need to thrive in the dynamic and ever-evolving landscape of digital media and communication.

### SJMC and Mediaverse Organized Poster Making event On Human Rights

4<sup>th</sup> December 2023, SJMC and Mediaverse Organized event on "Poster making on human rights" which showcased the creativity and hard work of the students. This event provided students with a unique opportunity to engage with issues of social justice, fostering a deeper understanding of human rights while promoting the creative exploration of this critical topic. The event not only served as a platform for self-expression but also contributed to the broader educational goals. The Poster Making on Human Rights event drew participants from various disciplines and departments, creating a diverse and inclusive space for students to come up with their expression, understanding and their perspectives on issues related to human rights. The posters, each a visual narrative in itself, addressed a spectrum of topics such as equality, justice, freedom, and the protection of basic human dignities.

The winners were Shreyashi Labh, Ishmeet Kaur Bains and Riya Singh, first, second and third respectively.

By addressing human rights issues through the medium of posters, participants not only enhanced their skills but also contributed to a culture of awareness, aligning with the core values of their academic pursuits.

## ACADEMIC EVENTS

### Fashion Design (SOAD) conducted a Workshop on Velvet Embroidery

Velvet embroidery is also known as "Galicha Work". The work is focused around creating a softer feel designs as surface ornamentation over the fabric. The work is known for its rich aspect and regal sensation. Embroidery is the work of art made to decorate the fabrics with materials like yarn, glass, beads, sequins etc. attached and stitching with a special needle. The workshop included hands-on practice sessions where participants applied the stitches and techniques they had learned to their velvet embroidery projects. The facilitator provided one-on-one guidance, addressing individual questions and concerns. Towards the end of the workshop, participants had the opportunity to showcase their completed or in-progress projects to the group. This provided a platform for sharing ideas, receiving feedback, and learning from each other's

experiences. The Velvet Embroidery Workshop achieved its objectives, with participants gaining the following outcomes:

**Knowledge:** Participants

acquired a comprehensive understanding of velvet embroidery, including its history, materials, and fundamental techniques.

**Skills:** Attendees developed practical embroidery skills and had the opportunity to practice various stitches on velvet fabric.

**Creativity:** Participants explored their creative potential by designing and embroidering their own patterns on velvet.

**Community Building:** The workshop

fostered a sense of community among participants, enabling them to connect with others who share their passion for embroidery.

**Inspiration:** Attendees left the workshop feeling inspired to continue their embroidery journey and explore more advanced techniques.

More of such workshops and sessions could be arranged with other varieties of hand work such as sequin work, mirror work and other Arts and craft styles of India.

### SOBAS in collaboration with KEIC conducted a Seminar entitled Unlocking Innovation: Exploring Intellectual Property Rights

School of Basic and Applied Science in collaboration with KEIC conducted a Seminar entitled "Unlocking Innovation: Exploring Intellectual Property Rights" on 23rd Nov. 2023. The objective of the seminar was to shed light on the crucial intersection of innovation and intellectual property. Dr. Tilottama, Assistant Professor at the School of Legal Studies, K.R. Mangalam University, Gurugram, served as the resource person, bringing her expertise in legal aspects

related to Intellectual Property Rights. The event coordinators were Dr. Sakshi Mehta, Mr. Nitin Tyagi and Dr. Divya of SBAS. The seminar commenced with an inaugural address by Dr. Sakshi Mehta (Event Coordinator) of the School of Basic and Applied Sciences, emphasizing the crucial role of intellectual property in the contemporary landscape. This was followed by keynote speech by Dr. Tilottama, shedding light on the importance of intellectual property in

unlocking the full potential of innovation. She gave an overview of Intellectual Property Rights, their legal frameworks, and the process of securing them. She also explained about the property right by giving some real-world case study examples where she explained how effective management of intellectual property has contributed to the success of businesses and individuals.

## ACADEMIC EVENTS

### SOAD conduct workshop Illustrate Your Imagination: A Journey into Adobe Illustrator

The workshop titled "Illustrate Your Imagination: A Journey into Adobe Illustrator," aimed to provide students with a comprehensive understanding of Adobe Illustrator's tools and functionalities to bring their creative ideas to life. The content was structured into several key modules:

#### 1. Introduction to Adobe Illustrator:

- Overview of the workspace, tools, and basic functionalities.

- Differentiating between raster and vector graphics.

#### 2. Fundamental Tools and Techniques:

- Exploration of essential tools including the Pen Tool, Shape Tools, and Selection Tools.

- Hands-on practice in creating and manipulating basic shapes and lines.

#### 3. Color Theory and Swatches:

- Understanding color theory principles.

- Application of the Color Picker, Swatches, and Gradients for vibrant illustrations.

#### 4. Typography and Text Effects:

- Introduction to the Text Tool and

various text effects.

- Integration of typography into illustrations

#### 5. Advanced Illustration Techniques:

- In-depth exploration of advanced techniques like blending, masking, and layer effects.

- Use of the Pathfinder panel for complex shape manipulation.

#### 6. Introduction to Illustrative Styles:

- Showcase of different illustrative styles with a focus on experimentation.

#### 7. Project-Based Learning:

- Guided hands-on project where participants applied learned techniques to create a unique illustration.

The session witnessed enthusiastic participation, with students actively asking questions and seeking clarification on various concepts.

#### Hands-On Skill Development:

Participants gained practical skills in Adobe Illustrator, allowing them to conceptualize and create their illustrations.

The workshop successfully achieved

its objectives by providing a solid foundation in Adobe Illustrator. The hands-on approach enabled students to immediately apply their newfound knowledge, fostering a creative and collaborative learning environment. Mr. Pritom Bario's expertise and engaging teaching style greatly contributed to the overall success of the session. Given the positive response from students, there is potential for future sessions to delve deeper into advanced Illustrator features or explore other graphic design tools. Continuous workshops and follow-up sessions could enhance participants' proficiency and encourage on-going creative exploration. This successful workshop lays the groundwork for further initiatives aimed at fostering digital design skills within the School of Architecture and Design.

### School of Architecture and Design lecture series for GATE/Competitive exam preparation

The lectures focused on GATE (Graduate Aptitude Test in Engineering), a competitive exam in the field of Architecture and planning to get grants for post-graduation in Govt. institutions.

13-09-2023: The first lecture was given by Ar. Gulnaz in which she introduced them to the Importance of the GATE Exam and briefed them about the syllabus to the students. Eight students was presented in the lecture.

## ACADEMIC EVENTS

### SOAD conducted a site visit to the Ganga Realty project

06th December 2023, School of Architecture and Design (SOAD) conducted a site visit to the Ganga Realty project, Sector 5, Sohna. Understanding the practical applications and nuances of modern construction techniques is imperative for our budding architects. The firsthand exposure to the innovative methodology of Mivan Technology has immensely benefitted our students by providing them with invaluable insights into contemporary construction practices. This visit provided a platform where our students can observe and learn about Mivan Technology under the guidance of experts on the site. This experience aligned perfectly with our educational objectives and enhanced the academic journey of our students by supplementing their theoretical knowledge with practical, real-world applications. This site visit offered a comprehensive understanding of Mivan technology, encompassing its practical application, efficiency, quality, challenges, and overall impact on construction processes. Witnessing Mivan technology on-site allowed

seeing its practical application firsthand. Students have observed the construction process, and materials used, and understand the techniques involved. Students have gained insights into how Mivan technology streamlines the construction process, leading to faster completion times compared to traditional methods. Observing the workflow can highlight its efficiency. By seeing the construction in progress, the students have assessed the quality standards achieved through Mivan technology. This firsthand experience helped in understanding the structural integrity and finishing quality. Site visits often involved discussions with experts who are experienced in using Mivan technology. This interaction allowed for asking questions and clarifying doubts directly from those involved in its implementation. Observing the resource management techniques employed on-site provided valuable information on cost-effectiveness and resource optimization. Witnessing safety measures implemented and understanding how Mivan technology aligns with sustainable construction practices was

enlightening for the students. Students were excited about witnessing a live construction site employing modern techniques. The hands-on experience grabbed their attention and engaged them more than traditional classroom learning. Being on-site provided a tangible understanding of how theoretical knowledge applied in real-world scenarios. Students could correlate what they learned in textbooks or lectures with actual construction practices. Interacting with engineers, site managers, and workers allowed students to ask questions, seek explanations, and gain practical knowledge beyond what books could offer. They appreciated the chance to engage with industry professionals. Students were impressed by the technological advancements seen in Mivan construction. Witnessing the speed, precision, and efficiency of the process left a lasting impression on many, inspiring them to explore innovative methods further. Observing safety protocols and sustainable construction practices firsthand raised awareness among students about the importance of these aspects in the construction industry. For those considering careers in construction-related fields, the site visit provided clarity on job roles, skills required, and the dynamic nature of the industry. It helped them envision themselves in similar roles in the future. Some students found the site visit stimulated their critical thinking abilities. Witnessing challenges faced during construction encouraged them to brainstorm solutions and think analytically. Understanding how Mivan technology contributes to eco-friendly construction practices resonated with students concerned about environmental issues. It sparked discussions on sustainable building methods and their significance.

## ACADEMIC EVENTS

### Fashion Design (SOAD)

### Guest lecture on Portfolio Development

The lecture began with an introduction to the concept of portfolio development, emphasizing its significance in various fields, including but not limited to design, photography, writing, and business. Participants gained a clear understanding of how a portfolio serves as a showcase of an individual's skills and work history with examples of the student's work from University of arts, London U.K.

Digital vs. Physical: Discussing the pros and cons of digital and physical portfolios, and how to choose the appropriate format.

Online Presence: Briefly exploring the role of online portfolios and personal websites in the digital age.

The guest lecturer provided guidance on tailoring portfolios to specific career goals, such as landing a job, securing freelance work, or gaining admission to an educational program. Participants received insights into customizing their portfolios to target their desired audience effectively.

The session also covered the essentials of portfolio development and presentation skills for portfolio development.

The lecture concluded with an interactive Q&A session, allowing participants to seek clarification on specific portfolio development challenges and gather personalized advice from the guest lecturer. The event provided an excellent opportunity for networking, with participants exchanging contact information and discussing potential collaborations.

Visual Design: Creating a cohesive and visually appealing layout using graphic design principles.

Storytelling: Narrating the story behind each portfolio item to provide context and engage the viewer.

### SOBAS organized an educational visit to Nehru Planetarium, New Delhi

Dr. A.P.J. Abdul Kalam Science Society (SBAS), K.R. Mangalam University organized an educational visit to the solar system. They also learned about the formation of stars and constellation. On the whole it was exciting and amusing study trip for the students. It gives very informative knowledge about the Universe/Space in a simple yet scientific manner.
