

K.R. MANGALAM UNIVERSITY
THE COMPLETE WORLD OF EDUCATION

SCHOOL OF BASIC AND APPLIED SCIENCES

MINOR STREAMS

MINOR STREAMS

Nanoscience

Artificial Intelligence & Machine Learning

Environmental Science

Data Sciences

- I Study of Materials
- II Elements of Nanosciences and Nanomaterials
- III Nanostructured Materials
- IV Crystallography
- V Crystallography Lab
- VI Synthesis of Nanomaterials-I
- VII Synthesis of Nanomaterials-II
- VIII Synthesis of Nanomaterials- Lab
- IX Characterisation Techniques of Nanomaterials

- I Data Analytics Using SQL
- II Data Analytics Using R
- III Python for Data Science
- IV Data Preprocessing & Visualization Using Python
- V Time Series Analysis and Forecasting Using Python
- VI Fundamentals of Machine Learning
- VII Data Driven Applications
- VIII Project and Case Study

- I Data Analytics using SQL
- II Data Analytics using R software
- III Python for Data Science
- IV Data Structures and Algorithms
- V Fundamentals of Artificial Intelligence
- VI Fundamentals of Machine Learning
- VII Neural Network and Deep Learning
- VIII Natural Language Processing and Generative AI

- I Earth and Earth Surface Processes
- II Hydrology and Hydrogeology
- III Natural Resources Management and Sustainability
- IV Natural and Anthropogenic Hazards
- V Environment Legislation Policies and ESG's
- VI Waste Management
- VII Environmental Impact Assessment and Risk Assessment
- VIII SDG's and Climate Change
